PANMURE GORDON SECURITIES LIMITED
Notes to Financial Statement
DECEMBER 31, 2021

Note 1 - Nature of Business and Summary of Significant Accounting Policies

Nature of Business:

Panmure Gordon Securities Limited (“the Company”, “the LLC”, “or “PGSL”) was organized in the United Kingdom on April 30, 2015. The Company commenced operations as a broker/dealer on July 5, 2016, the date it was approved as a registered broker/dealer with the Securities and Exchange Commission (“SEC”). The Company is a member of the Financial Industry Regulatory Authority (“FINRA”) and the Securities Investor Protection Corporation (“SIPC”). It is a wholly-owned subsidiary of Panmure Gordon & Co. P.L.C. (“the Parent”). PGSL provides chaperoning services to its affiliated company, Panmure Gordon (UK) Ltd., (“the Affiliate”) under an exclusive 15a-6 agreement under SEC Rule 15a-6 of the Securities Exchange Act of 1934 (the “15a-6 Agreement”) between the companies.

The Company operates pursuant to section (k)(2)(i) exemptive provisions of Rule 15c3-3 of the Securities Exchange Act of 1934, and accordingly, is exempt from the remaining provisions of that Rule. The Company does not hold customer funds or securities. Under these exemptive provisions, the Computation for Determination of Reserve Requirements and Information Relating to the Possession and Control Requirements are not required.

Significant Accounting Policies:

Basis of Presentation

The accompanying financial statements and related notes have been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of the assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash Equivalents

The Company has defined cash equivalents as highly liquid investments with original maturities of less than 90 days at the time of purchase which are not held for sale in the ordinary course of business. As of December 31, 2021 the Company had no cash equivalents.

Note 1 - Nature of Business and Summary of Significant Accounting Policies (continued)

Credit Risk

The Company's cash is placed with a highly rated financial institution and the Company conducts ongoing evaluations of the credit worthiness of the financial institution with which it does business. At certain times cash balances in the bank account may exceed insured limits in the United Kingdom of approximately \$115,022 (£85,000) of the Financial Services Compensation Scheme.

Income Taxes

The Company is a corporation incorporated under the Companies Act 2006 as a private company, is limited by shares and its registered office is in England and Wales. Pursuant to the United Kingdom/United States of America Double Taxation Convention profits are taxable on the United States as the Company maintains a permanent establishment in the United States of America, which means a fixed place of business through which the business of the enterprise is wholly or partly carried on.

ASC Topic 740 provides guidance for how uncertain tax positions should be recognized, measured, presented and disclosed in the financial statements. ASC 740 requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Company's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax benefit or expense in the current year.

Lease Accounting

The Company has elected the package of practical expedients permitted in Accounting Standards Update No. 2016-02, Leases (Topic 842) ("ASC Topic 842") Accordingly, the Company accounted for its existing operating lease as an operating lease under the new guidance, without reassessing (a) whether the contract contains a lease under ASC Topic 842, (b) whether classification of the operating lease would be different in accordance with ASC Topic 842, or (c) whether the unamortized initial direct costs before transition adjustments (as of December 31, 2019) would have met the definition of initial direct costs in ASC Topic 842 at lease commencement.

The Company defines a short-term lease as a lease that, at the commencement date, has a lease term of 12 months or less and does not contain an option to purchase the underlying asset that the lease is reasonably certain to exercise. The Company elected to recognize short-term lease payments as an expense on a straight-line basis over the lease term. Related variable lease payments are recognized in the period in which the obligation is incurred.

Note 1 - Nature of Business and Summary of Significant Accounting Policies (continued)

Credit Losses

The Company complies with ASC Topic 326, Financial Instruments – Credit Losses (“ASC 326”). ASC 326 impacts the impairment model for certain financial assets by requiring a current expected credit loss (“CECL”) methodology to estimate expected credit losses over the entire life of the financial asset. Under the accounting update, the Company has the ability to determine that there are no expected credit losses in certain circumstances (e.g., based on the credit quality of the customer).

The Company’s research fees and commissions (including but not limited to, receivables related to brokerage commissions) are impacted by the new guidance. The Company did not have any accounts receivable at December 31, 2020 and 2021.

Foreign Exchange

Translation of foreign currency assets and liabilities denominated in foreign currencies are translated at year-end rates of exchange.

Note 2 - Net Capital Requirements

The Company is registered with the Securities and Exchange Commission. The Company does not carry customer accounts and does not accept customer funds or securities.

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of a minimum amount of net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1.

For the year ended December 31, 2021, under an exclusive 15a-6 agreement the Company had revenues derived from commissions from its Affiliate which accounted for 100% of total revenue. As such the Company is dependent on its Parent as its sole source of capital and its Affiliate as its sole source of revenue. The Company believes that due to the nature of its business, this does not constitute a significant risk regarding its net capital requirement or otherwise.

At December 31, 2021, the Company had net capital of \$403,533 which was \$153,533 in excess of its net capital requirement of \$250,000. At December 31, 2021 the Company’s ratio of aggregate indebtedness to net capital is 0.46 to 1.

PANMURE GORDON SECURITIES LIMITED
Notes to Financial Statement

Note 3 - Related Party Transactions

The Company has entered into a short term expense sharing agreement with its affiliate whereby all expenses related to the business of the Company will be borne by the Company as follows:

All registration and filing fees incurred in connection with associated persons of the Company for registrations which may be required under (i) the Securities Exchange Act of 1934 (the "Exchange Act"); (ii) the By-Laws and Rules of Financial Industry Regulatory Authority ("FINRA"); and (iii) all applicable securities laws and regulations of those States and other jurisdictions in which such associated persons of the Company intend to conduct business.

All FINRA-related dues and assessment fees, annual independent auditor fees, fidelity bond premium fees will be borne by the Company.

All expenses related to the business of the Company and paid for by the affiliate will be reimbursed by the Company at cost including that for use of the professional staff, office space and certain other administrative services paid by the affiliate.

This expense sharing agreement shall be terminated upon the cessation of the Company's commercial operations.

The Company has a net due from affiliate at December 31, 2021 of \$1,417,334.

Note 5 - Commitments and Contingencies

In the normal course of its operations, the Company enters into contracts and agreements that contain indemnifications and warranties. The Company's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Company that have not yet occurred. However, the Company has not had prior claims or losses pursuant to these contracts and expects the risk of loss to be remote.

Note 6 - 401(k) Plan

The Company sponsors a 401(k) Plan which covers substantially all employees of the Company who meet the eligibility requirements as defined in the plan document. The participants may contribute a portion of their eligible compensation up to the maximum dollar amount allowed by law. The Company makes matching contributions for any plan year on behalf of each participant. The Company will determine the amount of each matching contribution to be made for any plan year. In addition, the Company may make discretionary contributions in an amount determined at its own discretion.

Note 7 - COVID-19

The World Health Organization characterized the outbreak of the novel coronavirus ("COVID-19") as a global pandemic on March 11, 2020. COVID-19 continues to adversely impact global and domestic commercial activity and has contributed to significant volatility in financial markets.

The Company's business operations and revenue sources have not been significantly impacted by COVID-19. However, if the financial markets and/or the overall economy are impacted for an extended period, the Company's future financial results may be materially adversely affected.

Note 8 - Subsequent Events

Management has evaluated the Company's events and transactions that occurred subsequent to December 31, 2021, through March 29, 2022 the date of issuance of this financial statement. There were no events or transactions that occurred during this period that materially impacted the amounts or disclosures in the Company's financial statement.
