Registration Statement on Form F-1

Recent Developments

Preliminary estimated unaudited financial and operating results as of and for the fiscal year ended December 31, 2020, page 7

1. We note your proposed disclosure of preliminary financial results as of and for the year ended December 31, 2020, and the anticipated disclosure of a low and high range for cash and cash equivalents, long-term debt, income from voyages and related services, net income (loss), adjusted EBIT, adjusted EBITDA, TEUs carried, average freight per TEU carried and freight revenues from containerized cargo. Please note that when a range is presented for the foregoing financial data rather than a specific number, the range should be sufficiently narrow to be meaningful, and you should explain why you are not able to

disclose an exact number.

Your presentation of preliminary results should include sufficient narrative disclosure to provide appropriate context. In this regard, you should provide your analysis of the preliminary results so that investors can understand what they mean. For example, indicate whether the preliminary results are consistent with the trend disclosure in Management's Discussion and Analysis of Financial Condition and Results of Operations and whether other significant income statement line items reflect similar trends.

Risk factors

Our dividend policy is subject to change at the discretion of our Board of Directors, page 40

2. You disclose that your Board of Directors has adopted a dividend policy, which will be in effect following the offering, to distribute each year up to 50% of your annual net income as determined under IFRS, subject to applicable law and other factors. Please revise this risk factor to specifically disclose the limitations on your ability to pay dividends under your existing indebtedness, and any future indebtedness you may incur. We note your disclosure at page 46 which states that your existing indebtedness permits you to pay dividends (i) in an amount per year of up to 5% of the proceeds you receive from any public equity offering (not including this offering) and (ii) in an amount that does not exceed 50% of your cumulative net income, minus any amounts paid pursuant to clause (i). Additionally, please clarify that the distribution amount may be limited pursuant to the Companies Law.

Dividend Policy, page 46

3. Please disclose whether your dividend policy will be reflected in any written policies of the company.

Compensation of officers and directors, page 145

4. Please revise to provide your executive compensation disclosure for your most recent completed fiscal year. See Item 4 to Form F-1; Item 6.B. of Form 20-F.

We remind you that the company and its management are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or absence of action by the staff.

Refer to Rules 460 and 461 regarding requests for acceleration. Please allow adequate time for us to review any amendment prior to the requested effective date of the registration statement.
