Preliminary Proxy Statement

Proposals 4A-4E, page 13

1. With a view toward revised disclosure, please tell us how the board size will be increased from the current four members to the election of five nominees. Is there any board or shareholder action required pursuant to the company's organizational documents to effect such increase?
2. Please describe the effects of the removal of all of the company's directors without the election of any of your nominees on the management and operations of the company.
3. Please revise your disclosure to explain what you mean in the penultimate paragraph of this section by stating that you will take any action necessary so that four of your

nominees are appointed to the board in the event of a tie between nominees.

Proposal 5, page 17

4. State whether the elimination of bylaw 3.03 would result, under Nevada law, in the security holders having the ability to classify the board unilaterally.

Voting and Voting Procedures, page 19

5. We note that your proposals will only be voted upon after a quorum has been determined to be present by the inspector of elections. Thus, please revise your disclosure to describe the quorum required before a vote is taken on any proposal and explain how a vote on proposal 6 will have any effect on the quorum necessary for this special meeting.

Certain Effects of the Solicitation, page 27

6. Please revise your disclosure to describe any company obligations under the employment agreements for Mr. Spencer and Mr. Busshaus on the assumption that the removal of the company's entire board of directors and election of new individuals constitutes a change of control under those agreements.

We remind you that the filing persons are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or absence of action by the staff

Please direct any questions to me at (202) 551-3619.
