REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of
Securitize Markets, LLC

Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of Securitize Markets, LLC (the “Company”) as of December 31, 2022, and the related notes (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2022, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

We have served as Securitize Markets, LLC’s auditor since 2021.

Member's equity	1,337,903
Total Liabilities and Member's Equity	<u>\$ 1,388,924</u>

The accompanying notes are an integral part of this financial statement.

SECURITIZE MARKETS, LLC

Notes to the Statement of Financial Condition

As of December 31, 2022

1. Organization

Securitize Markets, LLC (the “Company”) was incorporated in the state of Delaware on December 10, 2015 as Orchard Marketplace, LLC which name was subsequently changed to Orchard Platform Markets, LLC and then Distributed Technology Markets, LLC. On November 16, 2020 the Company and a sister company, Velocity Platform, LLC were purchased by Securitize, Inc. Pursuant to the transaction, the Company became a wholly owned single member LLC subsidiary of Securitize, Inc. (the “Parent”) and changed its name to Securitize Markets, LLC.

On September 28, 2016, the Company became registered with the Securities and Exchange Commission (“SEC”) as a broker-dealer and is a member of the Financial Industry Regulatory Authority, Inc. (“FINRA”). The Company has been approved by FINRA to engage in private placement of securities including those in digital form, broker whole loans and loan portfolios, refer prospective customers to unaffiliated broker-dealers in return for a finder’s fee or percentage of commission generated, and operate an alternative trading system (“ATS”) for secondary transactions in securities, including those in digital form.

2. Summary of Significant Accounting Policies

Basis of Presentation

These financial statements were prepared in conformity with accounting principles generally accepted in the United States of America which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Going Concern Consideration

To date the Company has experienced operating losses and negative cash flows from operations. Whether and when the Company can attain profitability and positive cash flows from operations is uncertain. Support has been provided by the Parent, who has stated to the Company that this support will continue for the foreseeable future.

Having considered the above and having made due inquiries, management of the Company continues using the going concern basis in preparing the financial statements which assumes that the Company will continue in operation for the foreseeable future

Revenue Recognition

Revenue from Contracts with Customers

Revenue from contracts with customers includes fees earned for placement services pursuant to the terms of individual Placement agreements with issuers. The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgment is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measure of the Company’s progress under the contract; whether revenue should be presented gross or net of certain costs; and whether constraints on variable consideration should be applied due to uncertain future events.

SECURITIZE MARKETS, LLC

Notes to the Statement of Financial Condition

As of December 31, 2022

ATS commissions

The Company operates an ATS providing a platform for its subscribers to buy and sell digital securities. Every subscriber has equal and fair access to the platform, its features and price. The Company charges commissions for its ATS transactions. The Company earns a commission at the time the trade is executed. The Company believes the performance obligation for commissions earned from the ATS is satisfied at the time the trade is executed.

Placement fees

The Company is contracted to be a placement agent in connection with the private placement of securities. Fee terms for placement fees are stated in the Private Placement Agreement entered into with the Issuer. The Company records placement revenues at the point in time when the closing of the private placement occurs and the services for the transactions are completed under the terms of each engagement.

Recent Accounting Pronouncements

Effective January 1, 2021, the Company adopted ASC Topic 326, Financial Instruments – Credit Losses (“ASC 326”). ASC 326 impacts the impairment model for certain financial assets measured at amortized cost by requiring a current expected credit loss (“CECL”) methodology to estimate expected credit losses over the entire life of the financial asset, recorded at inception or purchase. Under the accounting update, the Company has the ability to determine there are no expected credit losses in certain circumstances.

Fees Receivable

Fees receivable are carried at the amounts billed to customers, net of an allowance for credit losses, which is an estimate for credit losses based on a review of all outstanding amounts.

Allowance for Credit Losses

The Company identified fees receivable carried at amortized cost as impacted by the new guidance. ASC 326 specifies that the Company adopt the new guidance prospectively by means of a cumulative-effect adjustment to the opening retained earnings as of the beginning of the first reporting period effective. The Company believes there is no impact to opening member’s equity upon adoption of ASC 326.

The allowance for credit losses is based on the Company’s expectation of the collectability of financial instruments carried at amortized cost, including fees receivable utilizing the CECL framework. The Company considers factors such as historical experience, credit quality, age of balances and current and future economic conditions that may affect the Company’s expectation of the collectability in determining the allowance for credit losses. The Company’s expectation is that the credit risk associated with fees receivables is not significant until they are 90 days past due on the contractual arrangement and expectation of collection in accordance with industry standards. Management does not believe that an allowance is required as of December 31, 2022.

SECURITIZE MARKETS, LLC

Notes to the Statement of Financial Condition

As of December 31, 2022

Cash

All cash deposits are held by one financial institution and therefore are subject to the credit risk at that financial institution. The Company has not experienced any losses in such accounts and does not believe there to be any significant credit risk with respect to these deposits.

Income Taxes

The Company is a single member limited liability company, and is treated as a disregarded entity for federal income tax reporting purposes. The Internal Revenue Code ("IRC") provides that any income or loss is passed through to the ultimate beneficial individual member for federal, state and certain local income taxes. Accordingly, the Company has not provided for income taxes. Management confirms that no election was made as of the date of the financial statements for the Company to be taxed as a corporation. The Parent is taxed as a partnership and files a consolidated tax return.

The Company is a single member limited liability company and accordingly, no provision has been made in the accompanying financial statement for any federal, state, or city income taxes. The Company's sole member is subject to New York City Unincorporated Business Tax ("UBT"), but the Company is a disregarded entity for tax purposes. All revenue and expenses retain their character and pass directly to the Parent's income tax returns. Based on an analysis of the operations of the Broker Dealer there was no UBT tax provision required.

At December 31, 2022, management has determined that the Company had no uncertain tax positions that would require financial statement recognition. This determination will always be subject to ongoing reevaluation as facts and circumstances may require. The Company's tax preparers reviewed the Company's tax position and the results from operations and as a result of this review, the Company has determined there were no uncertain tax positions.

3. Transactions with Related Parties

In March 2020, the Company entered into an Expense Sharing Agreement ("ESA") with its Parent whereby the Parent is to provide payroll, office and administrative services to the Company. The ESA shall remain in force until such time as either Party provides notice to the other that such Party wished to terminate the agreement. There is no amount Due to Parent on the accompanying Statement of Financial Condition. The settlement of this balance is at management discretion.

For the year ended December 31, 2022, the Company recorded \$3,220,397 in capital contributions representing forgiveness of the intercompany payable to the Parent. The Company made cash distributions to the Parent of \$61,715.

4. Concentrations

Cash held by financial institutions which exceed the Federal Deposit Insurance Corporation ("FDIC") limits of \$250,000 expose the Company to concentrations of credit risk. Balances throughout the year usually exceed the maximum coverage provided by the FDIC on insured depositor accounts.

SECURITIZE MARKETS, LLC

Notes to the Statement of Financial Condition

As of December 31, 2022

5. Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of a minimum amount of net capital and requires that the ratio of aggregate indebtedness to net capital shall not exceed 15 to 1. Under Rule 15c3-1, the Company is required to maintain a minimum net capital, equal to the greater of \$250,000 or 6 2/3% of aggregate indebtedness. At December 31, 2022, the Company had regulatory net capital of \$1,167,238 which was \$917,238 above the required net capital of \$250,000. The Company's ratio of aggregate indebtedness to regulatory net capital was 0.04 to 1 at December 31, 2022.

6. Commitments and Contingencies

As of December 31, 2022, there were no claims or lawsuits brought by or against the Company.

7. Guarantees

FASB ASC 460, Guarantees, requires the Company to disclose information about its obligations under certain guarantee arrangements. FASB ASC 460 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying factor (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or nonoccurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. This guidance also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement as well as indirect guarantees of the indebtedness of others.

The Company has issued no guarantees at December 31, 2022 or during the year then ended.

8. Subsequent Events

In response to the deteriorating financial condition of Silicon Valley Bank (SVB), because of a bank run, and to mitigate risk and exposure for the broker-dealer, on March 9, 2023, the firm took measured action by withdrawing its capital from SVB and moving it to its parent company Securitize, Inc., overnight. The broker-dealer's capital was swiftly returned to Securitize Markets in its new account with Signature Bank on March 10, 2023. Management of the Company evaluated and noted no additional subsequent events or transactions that occurred from January 1, 2023 through the date these financial statements were issued, that would require recognition or disclosure in the financial statements.
