Re: Nuveen Unit Investment Trust, Series 150  
File No. 333-211563

Dear Mr. Warren:

On May 24, 2016, you filed a registration statement on Form S-6 for Nuveen Unit Investment Trust, Series 150, consisting of a unit investment trust, the Nuveen Formula Global 50 S&P Portfolio, 3Q 2016 (the "Trust"). We have reviewed the registration statement and have provided our comments below. For convenience, we generally organized our comments using headings and defined terms from the registration statement.

**Prospectus**

**Selection of Portfolio Securities (pp. 2-3)**

1. The disclosure states that the "top 50 dividend yielding stocks are selected for the recommended portfolio." Please describe the steps the Trust will take if the top 50 dividend yielding stocks results in a portfolio that does not comply with the Trust's policy to invest at least 40% of its total assets in the securities of non-U.S. companies.
2. Please explain in the filing what you mean by "current negative or material company events." Consider providing examples.
3. Please clarify in the filing what you mean by "universe." Do you mean the securities included in the S&P Global 1200 Index, or something broader?
4. Please clarify in the filing what you mean when you state that "[i]n addition, if a suitable liquid American Depositary Receipt ("ADR") or U.S.-listed security cannot be found in any of the domestic or foreign holdings, then the security will be replaced with the next highest

dividend yielding security in the universe.“ Does this mean that the Trust will only invest in securities in the S&P Global 1200 Index that are traded on a U.S. exchange? Or do you mean that if a suitable security cannot be found in the S&P Global 1200 Index, the investment adviser will look outside of the index? Please advise or revise.

### **Closing**

We note that portions of the filing are incomplete. We may have additional comments on such portions when you complete them in a pre-effective amendment, on disclosures made in response to this letter, on information provided supplementally, or on exhibits added in any pre-effective amendment.

Response to this letter should be in the form of a pre-effective amendment filed pursuant to Rule 472 under the Securities Act. Where no change will be made in the filing in response to a comment, please indicate that fact in a supplemental letter and briefly state the basis for your position.

Please inform the staff of the information the Trust proposes to omit from the final pre-effective amendment pursuant to Rule 430A under the Securities Act.

Please advise us if you have submitted or expect to submit an exemptive application or no-action request in connection with the registration statement.

You should review and comply with all applicable requirements of the federal securities laws in connection with the preparation and distribution of a preliminary prospectus.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in these filings reviewed by the staff to be certain that they have provided all information investors require for an informed decision. Since the Trust and its management are in possession of all facts relating to the Trust's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

Notwithstanding our comments, in the event the Trust requests acceleration of the effective date of the pending registration statement, it should furnish a letter, at the time of such request, acknowledging that:

- The Trust is responsible for the adequacy and accuracy of the disclosure in the filing;

- Should the Commission or the staff, acting pursuant to delegated authority, declare the filing effective, it does not foreclose the Commission from taking any action with respect to the filing;
- The action of the Commission or the staff, acting pursuant to delegated authority, in declaring the filing effective, does not relieve the Trust from its full responsibility for the adequacy and accuracy of the disclosure in the filing; and
- The Trust may not assert the action as a defense to any proceeding initiated by the Commission or any person under the federal securities laws of the United States.

In addition, please be advised that the Division of Enforcement has access to all information you provide to the staff of the Division of Investment Management in connection with our review of your filing or in response to our comments on your filing.

We will consider a written request for acceleration of the effective date of the registration statement as confirmation of the fact that those requesting acceleration are aware of their respective responsibilities.

Should you have any questions regarding this letter, please contact me at (202) 551-6751.

Sincerely,

/s/ Alison White
