NOTES TO THE FINANCIAL STATEMENT, DECEMBER 31, 2019

Summary of Significant Accounting Policies

The Company

PointerTop, Inc is a Delaware C-Corp incorporated November 16th, 2015 and with its headquarters located in Tempe, AZ.

Herein are the financial statements for PointerTop for the calendar year 2019.

PointerTop is the creator and patent-holder of CrozTop, a Software-as-a-Service platform that turns regular websites into cross-interactive communications portals between company agents and website users. CrozTop represents a new paradigm for corporate websites, evolving them from traditionally self-navigational tools to now being full-bore communications channels in parallel with face-to-face meetings and phone call centers.

PointerTop also sells a white-labeled, unified-communications product called VozTop, as well as digital marketing services such as web development and Social Media marketing. These products and services are sold for the purposes of (i) facilitating sales of CrozTop with complementary products and services, and (ii) increasing average revenue per customer through bundling.

PointerTop was originally established as a brand subsidiary of Telexa, Inc, but became an independent organization with its incorporation in 2015. Telexa continues to support PointerTop via direct loans and sales partnerships.

Fiscal Year

PointerTop operates financially based on a December 31st year-end.

Principles and Basis of Accounting

The financial statements included herein have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (“GAAP”) as determined by the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”).

Use of Estimates

The financial statements found herein have been prepared using management’s estimates according to the accounting principles generally accepted in the United States. These estimates are used in reporting assets and liabilities as well as the disclosures of contingent assets and liabilities at year-end. Actual results could vary from those estimates since they are subjective in nature and are created using management’s judgment.

Risks and Uncertainties

PointerTop has a limited history of sales and operations. PointerTop could experience fluctuations and changes to its revenues and costs from many possible factors outside of its control, including changes in general business and economic conditions both nationally and internationally. PointerTop is sensitive to adverse conditions including recessions, competition, changes to partner agreements, changes in international

trade, changes in client tastes, or changes in the technological landscape and technological innovations. PointerTop's financial and operational status and condition could change from any combination of adverse effect and causations.

Intellectual Property Assets

PointerTop's Other Intellectual Property assets consist of patents, while R&D Intellectual Property consist of development investments into the CrozTop software platform via third-party contract programmers. Both assets are recorded at cost, and amortized over the useful life of the I.P.

Income Taxes

PointerTop is subject to filing corporate taxes within the federal jurisdiction of the United States and states within which it operates, namely Delaware and Arizona. The company has sustained net operating losses for each year it has operated as an independently incorporated entity, including fiscal year 2019. These accumulated net operating losses have been and will continue to carry forward into future years as a means of reducing future taxable income, and are listed in the Balance Sheet as such.

Revenue Recognition

PointerTop recognizes revenue once (i) a customer has signed an order form or accepted any contingent terms and conditions of use; (ii) any contingent work has been delivered on PointerTop's part; (iii) and any contingent revenue has been collected from customer. PointerTop recorded \$22,671 in revenue in 2019.

Advertising Expenses

PointerTop expenses the costs of advertising as they are incurred.

Foreign Currency

PointerTop's reporting and functional currency is the United States Dollars ("USD"), and all financial statements are stated in those terms. Any foreign revenue and expenses were translated from the foreign currency into USD by the transactional institutions of use and according to the prevailing exchanges rates at that time.

Mexico Operations

PointerTop outsources all its sales operations in Mexico to a US-based, third-party contractor on a purely commission basis, paid in USD. Those sales operations include sales and marketing personnel for the purposes of generating sales in Mexico.

Key Partnerships

PointerTop outsources all its R&D operations to a third-party, US-based contractor with operations in Colombia. Work contracts are built according to a product delivery schedule and paid in USD.

PointerTop offers a Unified Communications solution called VozTop on a white-label basis from a US-based provider. Product activations and maintenance are handled using the partner's platform, while customer accounts are billed and serviced directly by PointerTop.

Equity Based Compensation

PointerTop does not currently offer an equity-based compensation.

Commitments and Contingencies

PointerTop is not aware of any current, pending, or threatening litigation against the company or its members.

Equity

PointerTop has been authorized to issue one thousand (1,000) common shares of stock according to its articles of incorporation, all consisting of Class A shares with a par value of \$0.001. PointerTop has issued and has outstanding 765 shares as of December 31st, 2019.

Subsequent Events

In fiscal year 2020, the Company has taken out \$72,875 in additional loans from Telexa Inc. These loans have an annual interest rate of 10% and flexible payback terms.

The Company has evaluated subsequent events through October 15, 2020, the date through which the financial statement was available to be issued. It has been determined that no events require additional disclosure.
