MIDDLEMARCH SECURITIES, LLC
NOTES TO STATEMENT OF FINANCIAL CONDITION
DECEMBER 31, 2018

NOTE 1 - ORGANIZATION AND BASIS OF PRESENTATION

Middlemarch Securities LLC (the "Company") is a broker-dealer registered with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority, Inc. ("FINRA"). The Company provides investment banking and private placement services for its clients. The Company is a single member limited liability company; the single member (the "Member") is Middlemarch Partners LLC, a Delaware limited liability company. The Company was organized under the laws of the State of Delaware on February 8, 2016. The Company became a registered broker-dealer with the SEC and a member of FINRA on March 24, 2017. The Company has a perpetual existence and exists as a separate legal entity, unless dissolved in accordance with the provisions of the operating agreement and the laws of Delaware. To the fullest legal extent possible, the Member shall not have any liability for the losses, liabilities, or claims against the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investment Banking and Consulting:

Fees are earned from advisory services including merger-and-acquisition advisory services, strategic advisory services, private placements of debt and equities, public offering planning services, and financial restructuring advisory services. Investment banking management fees are generated primarily from monthly retainer payments and transaction-based success fees which are paid in cash and/or securities upon the successful completion of a transaction.

Revenue Recognition:

Revenue from contracts with customers are composed of both fixed monthly charges and success-based investment banking fees. Success-based fees are recognized at the point in time when the Company's performance under the terms of the contractual arrangement is completed, which is typically at the closing of the transaction. Reimbursed expenses related to these transactions are recorded as revenue and are included in investment banking fees.

In certain instances, for advisory contracts, the Company will receive amounts in advance of the deal's closing. These are typically monthly fixed fees. In these instances, revenue is recognized over the time in which the performance obligations are simultaneously provided by the Company and consumed by the customer. If the Company receives amounts in advance of providing services, the amounts are booked as a liability until the service is provided. At December 31, 2018, there were advances to the Company totaling \$9,977.

Income Taxes:

The Company is a single member LLC and therefore is treated as a disregarded entity for income tax purposes.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Use of Estimates:

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

NOTE 3 - CASH AND CASH EQUIVALENTS

All cash deposits of the Company are held by one financial institution and therefore are subject to the credit risk of this financial institution. The Company has not experienced any losses in such accounts and does not believe there to be any significant credit risk with respect to these deposits.

For purposes of reporting the statement of cash flows, The Company considers all cash accounts which are not subject to withdrawal restrictions or penalties, and all highly liquid debt instruments with a maturity of three months or less to be cash equivalents. Cash balances in excess of FDIC and similar insurance coverage are subject to the usual banking risks associated with funds in excess of those limits. At December 31, 2018, the Company's cash balance was within FDIC insured limits.

NOTE 4 - COMMITMENTS AND CONTINGENCIES

The Company is a plaintiff in an arbitration seeking payment of fees due. The Company's management believes the arbitration, which was heard in October 2018, will result in a favorable outcome. If the arbitration ruling is unfavorable, the Company's liabilities are limited to legal fees incurred by the defendant. The amount of legal expense cannot be determined. If necessary, the Company's Member will fund such expenses through capital contributions.

In November 2018, the Company renewed an operating lease for office space that expires in October 2019. The approximate future minimum payments due under this lease for the ten months subsequent to December 31, 2018, are approximately \$14,850.

The office lease requires a deposit with the landlord in amount of \$2,227. This amount is reflected in "Other assets" in the accompanying statement of financial condition.

NOTE 5 – NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital, and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn if the resulting net capital ratio would exceed 10 to 1). At December 31, 2018, the Company had net capital of \$39,025, which was \$25,063 in excess of its required minimum net capital of \$13,962. The Company's net capital ratio was 5.36 to 1.

NOTE 6 - RELATED-PARTY TRANSACTIONS

The Company has an expense sharing agreement with the Member whereby certain overhead expenses are allocated to the Company. The Company has a net receivable balance from the Member of \$21,730 at December 31, 2018.

NOTE 7 – RECENTLY ADOPTED ACCOUNTING GUIDANCE

Effective January 1, 2018, the Company adopted ASU 2014-09, which provides guidance on the recognition of revenues from contracts and requires gross presentation on certain contract costs. This change was applied prospectively from January 1, 2018 and there was no impact on our previously presented results. The adoption of the new revenue standard resulted in no change to beginning member's equity. The adoption of the new revenue standard did not have a material effect on 2018 revenue recognition.

NOTE 8 – SUBSEQUENT EVENTS

Management has evaluated subsequent events through March 14, 2019, the date on which the financial statements were available to be issued.

On January 31 the Member made capital additions totaling \$50,000.

On February 15, 2019, the Company was named as a defendant in a Class Action Complaint. The Complaint alleges that the Company furnished investment banking services to the principal defendant, whom the Complaint alleges operated an unjust payday lending business. The Company believes that the Complaint is without merit and will file a motion to dismiss these claims. The Company is indemnified against legal expenses by the principal defendant. The total legal expenses and financial exposure, if any, cannot be estimated at this time.

There were no other subsequent events that require adjustment or disclosure in the financial statements.
