2. Ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for fiscal 2022.
3. Vote on an advisory resolution to approve the fiscal 2021 compensation of our named executive officers, commonly referred to as a "Say on Pay" vote.
4. Vote on a shareholder proposal regarding simple majority vote, if properly presented at the 2021 Annual Meeting.
5. Vote on a shareholder proposal regarding virtual shareholder meetings, if properly presented at the 2021 Annual Meeting.
6. Transact any other business properly brought before the meeting.

RECORD DATE

Shareholders of record as of the close of business on October 5, 2021 are entitled to notice of, and to vote at, the 2021 Annual Meeting of Shareholders ("2021 Annual Meeting") of Campbell Soup Company (the "Company").

FORMAT OF THE ANNUAL MEETING OF SHAREHOLDERS

In light of the ongoing developments related to the COVID-19 pandemic and to assist in protecting the health and well-being of our shareholders, employees and other participants, this year's Annual Meeting of Shareholders will be conducted solely via live webcast. We have designed the format of the 2021 Annual Meeting so that shareholders attending virtually have the same rights and opportunities as they would have at a physical meeting. Shareholders will be able to submit questions during the meeting using online tools, providing our shareholders with the opportunity for meaningful engagement with the Company.

Access to the Audio Webcast of the Annual Meeting: The live audio webcast of the 2021 Annual Meeting will begin at 9:00 a.m. Eastern Time. Online access to the audio webcast will be open prior to the start of the 2021 Annual Meeting to allow time for you to log in and test your device's audio system.

Attendance Instructions: Shareholders will be unable to physically attend the 2021 annual meeting. The 2021 Annual Meeting will be held virtually via a live webcast. To attend the virtual meeting, go to <https://meetnow.global/MNJ5GSX>. In order to vote and examine the Company's share list during the Annual Meeting, you will also need the 15-digit control number found on your Notice of Internet Availability, your proxy card or on the instructions that accompany your proxy materials.

PROXY VOTING

Your vote is extremely important. Even if you plan to attend the live webcast of the annual meeting, please vote as soon as possible using the internet, by telephone, or by completing, signing, dating and returning your proxy card.

Using the Internet and voting at the website listed on the proxy card or the e-proxy notice;

Using the toll-free phone number listed on the proxy card or voting instruction form; or

Signing, dating and mailing the proxy card or voting instruction form in the enclosed postage-paid envelope.

Submitting Questions at the Annual Meeting: An online portal is available to shareholders at <https://meetnow.global/MNJ5GSX> where you can view and download our proxy materials and our Annual Report on Form 10-K for the year ended August 1, 2021 and vote your shares. On the day of, and during, the 2021 Annual Meeting, you can view our agenda and meeting procedures and submit questions on <https://meetnow.global/MNJ5GSX>. Shareholders must have their 15-digit control number to submit questions. Shareholders will have an opportunity to raise questions about the items of business for the meeting. In addition, after the business portion of the 2021 Annual Meeting concludes and the meeting is adjourned, shareholders will have another opportunity to raise questions of a more general nature. We intend to answer all questions submitted that are pertinent to the Company and the items being voted on by shareholders during the 2021 Annual Meeting, as time permits and in accordance with our meeting procedures. Answers to questions not addressed during the 2021 Annual Meeting will be posted following the meeting on the investor relations section of our website. Questions and answers will be grouped by topic, and substantially similar questions will be answered only once. To promote fairness, efficient use of the Company's resources, and address all shareholder questions, we will respond to no more than two questions from any single shareholder.

Technical Assistance: Online access to the webcast will be open prior to the start of the 2021 Annual Meeting to allow time for you to log in and test your computer audio system. We encourage you to access the meeting prior to the start time. If you encounter any difficulties accessing the meeting in advance or during the meeting time, please call (888) 724-2416 (toll-free) or (781) 575-2748 (international).

Your vote is extremely important. Even if you plan to attend the 2021 Annual Meeting live via webcast, please vote as soon as possible using the internet, by telephone, or by completing, signing, dating and returning your proxy card or voting instruction form.

Thank you for your continued support, interest and investment in Campbell Soup Company.

By Order of the Board of Directors,

Charles A. Brawley, III
Vice President, Corporate Secretary and
Deputy General Counsel

October 18, 2021

IMPORTANT NOTICE REGARDING INTERNET AVAILABILITY OF PROXY MATERIALS

On or about October 18, 2021, we began mailing a Notice Regarding Internet Availability of Proxy Materials ("Notice") to our shareholders and mailing paper copies of the proxy statement and the accompanying proxy card and other proxy materials to those shareholders who specifically requested paper copies. The proxy materials were also posted to www.envisionreports/cpb on this date for access by registered shareholders. Shareholders who do not own shares in their own name, but own shares through a bank or broker, may access our proxy materials, including our annual report for the fiscal year ended August 1, 2021 at www.edocumentview.com/cpb.

VOTING MATTERS AND VOTE RECOMMENDATIONS

Item	Board Recommendation	Vote Standard	Reasons for Recommendation	More Information
1. Election of 13 Board-recommended director nominees to the Board of Directors for a one-year term	FOR EACH NOMINEE	Majority of the votes cast	The Board and the Governance Committee believe the individuals recommended by the Board possess the skills, experience and qualifications to effectively monitor performance, provide oversight and support management’s execution of Campbell’s long-term strategy.	Page 15
2. Ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for fiscal 2022	FOR	Majority of the votes cast	The Audit Committee believes that the re-appointment of PricewaterhouseCoopers LLP is in the best interests of Campbell and our shareholders.	Page 36
3. “Say on Pay” advisory resolution to approve fiscal 2021 executive compensation	FOR	Majority of the votes cast	The Board and the Compensation and Organization Committee believe our executive compensation program incorporates a number of compensation governance best practices and aligns to performance.	Page 39
4. Shareholder Proposal – Simple Majority Vote	AGAINST	Majority of the votes cast	The Board believes the current supermajority provisions in its governing documents are narrowly tailored to protect all shareholders and adoption of simple majority provisions would not enhance shareholder value. OUR STRATEGY

Our strategy is to deliver profitable growth by focusing on our core brands in two divisions within North America. This strategy is based on four pillars:

- Building a winning team and culture;
- Accelerating profitable growth;
- Fueling investments and margins with targeted cost savings; and
- Delivering on the promise of our purpose – *Connecting people through food they love.*

FISCAL 2021 PERFORMANCE

In fiscal 2021, we continued to adapt and evolve in a dynamic environment as we advanced our strategic plan. In the first part of the fiscal year, as the COVID-19 pandemic continued to challenge many areas across North America, our employees—particularly the front-line and supply chain teams—continued to rally to meet the elevated demand for our products, while keeping one another safe and supporting the communities we call home. We prioritized safety and communications, implementing enhanced protocols across the company and providing clear direction and regular updates. Our people are our greatest strength and competitive advantage—they drive our success. This approach served us well, and despite the unprecedented challenges of last year's operating environment, we made significant progress.

In the first half of the fiscal year, we posted strong growth across all key operating metrics while continuing to invest in our brands. We attracted and retained millions of new households with the most notable increase coming from younger consumers. Reflecting the sustained relevance of our brands, our in-market performance was strong across the board, with high single-digit consumption growth for the total company, as well as our U.S. soup and our Snacks power brands. Additionally, we increased household penetration and consumption across our Meals & Beverages division, including condensed soups, ready-to-serve soups, and broth, as well as in *Prego* pasta sauces and *V8* beverages. We made thoughtful decisions on promotions, and we flexed our supply chain capabilities as retailers rebuilt inventory levels after the initial COVID-19 surge.

In the second half of the fiscal year, we began to cycle, or wrap, our exceptional results from the same period of the prior year which were driven by the COVID-19 demand surge, amidst intense market volatility and supply chain challenges. We also navigated the pressures of a significant transformation agenda, especially in our Snacks division. While we anticipated the vast majority of these factors, the transitional costs associated with navigating the COVID-19 environment coupled with inflation required we take additional actions through pricing and cost productivity initiatives.

On September 1, 2021, we announced our fiscal 2021 financial results, which included:

- Net sales of \$8.476 billion, a decrease of 2% versus 2020
- Organic net sales of \$8.455 billion were flat versus 2020
- Earnings before interest and taxes ("EBIT") of \$1.545 billion, an increase of 40% versus 2020
- Adjusted EBIT of \$1.406 billion, a decrease of 3% versus 2020
- Earnings per share ("EPS") from continuing operations of \$3.30, an increase of 69% versus 2020
- Adjusted EPS from continuing operations of \$2.98, an increase of 1% versus 2020
- Cash flows from operations of \$1.035 billion

We encourage you to review our Annual Report to Shareholders that will accompany this Proxy Statement for additional information on our fiscal 2021 performance and our financial results.

FISCAL 2021 COMMUNITY & SUSTAINABILITY WINS

In fiscal 2021, we focused on strengthening and empowering healthy communities through our employee engagement and grantmaking programs, with a continued focus on COVID-19 relief and recovery. Our grantmaking enabled our nonprofit partners to adapt their programs to feed and support more people than ever before, and in new and evolving ways. As of August 1, 2021, we have contributed over \$9 million in food and financial support across North America. In fiscal 2021, we completed the final year of the Campbell's Healthy Communities program, a 10-year, \$10 million initiative to improve the health of young people in Camden, N.J. Building on this work, we spent a planning year setting the stage for our new signature community program focused on the school food environment – starting in Camden – with the long-term goal of fostering an environment where all students have access to the food they need to thrive at school and in life. Despite the pandemic, we increased employee engagement in community giving programs by 44%, finding new ways to involve people in giving and volunteering.

We also remain focused on sustainability. We publicly committed to setting a Science-Based Target to reduce greenhouse gas emissions across our supply chain. We further reinforced our commitment to reducing food loss and waste by 2030 by joining with retail partners and other food producers in the “10x20x30” initiative, which is committed to reducing food loss and waste by 50% by 2030. We continued to build out our sustainable agriculture programs in our tomato, wheat, potato, cashew and almond supply chains, all priority agricultural ingredients for Campbell. We launched a new environmental, social and governance (“ESG”) framework this year, which will help in embedding this work throughout the organization and advancing our collective ESG efforts. We report on our progress annually in our Corporate Responsibility Report at www.campbellcsr.com. See pages 28 through 30 for more information about our ESG activities.

ITEM 2 RATIFICATION OF AUDITORS

Based on the Audit Committee's assessment of PricewaterhouseCoopers LLP's performance, qualifications and independence, it believes their re-appointment for fiscal 2022 is in the best interests of Campbell and our shareholders. Shareholder ratification of the appointment is not required under the laws of the State of New Jersey or our Certificate of Incorporation or By-Laws, but as a matter of good corporate governance, the Board is submitting this proposal to shareholders. Even if the appointment is ratified, the Audit Committee may select a different audit firm at any time during the year if it determines that this would be in the best interests of Campbell and our shareholders.

ITEM 3 ADVISORY VOTE ON FISCAL 2021 EXECUTIVE COMPENSATION

We offer a total compensation package that is designed to attract, motivate and retain the caliber of talent needed to deliver successful business performance in absolute terms and relative to competition. Our compensation program is designed to link pay to Company, division and individual performance.

The objectives of our executive compensation program are to:

Align the financial interests of our named executive officers ("NEOs") with those of our shareholders, in both the short and long term

Provide incentives for achieving and exceeding our short- and long-term goals

Attract, motivate and retain key executives by providing total compensation that is competitive with compensation paid at other companies in the food, beverage and consumer products industries

Differentiate the level of compensation based on individual and business unit performance, leadership potential and level of responsibility within the organization

Our executive compensation program reflects the following best practices:

WE DO

- ✓ Maintain a strong alignment between corporate performance and compensation
- ✓ Annually review the risk profile of our compensation programs and maintain risk mitigators
- ✓ Use an independent compensation consultant retained directly by the Compensation and Organization Committee
- ✓ Use "double-trigger" change in control provisions in all change in control agreements with our NEOs
- ✓ Have a policy that allows for the clawback of incentive compensation upon a material financial restatement resulting from fraud or intentional misconduct and have performance share award agreements that allow for award clawback in the event of a breach of duty of loyalty
- ✓ Maintain robust stock ownership guidelines for all executive officers

WE DO NOT

- ✗ Have an employment agreement with our Chief Executive Officer or any other NEO
- ✗ Pay dividends or dividend equivalents to NEOs on unearned equity awards
- ✗ Reprice stock options without the approval of Campbell shareholders
- ✗ Provide tax-gross ups in any change in control agreement since January 1, 2011
- ✗ Allow any directors or officers to hedge Campbell common stock
- ✗ Allow any directors or executive officers to pledge Campbell common stock (subject to grandfathering)

Our pay mix places the greatest emphasis on performance-based incentives, which are not guaranteed. Approximately 87% of our Chief Executive Officer's fiscal 2021 target total direct compensation, and approximately 76% of the average fiscal 2021 target total direct compensation of our other NEOs, was at risk:

CEO

87% at-risk

Base Salary 13%	Bonus 20%	LTI 67%
----------------------------------	----------------------------	--------------------------

Other NEOs

76% at-risk

Base Salary 24%	Bonus 20%	LTI 56%
----------------------------------	----------------------------	--------------------------

Please see the Compensation Discussion and Analysis, beginning on page 40, for a more detailed discussion of our executive compensation program.

2021 ANNUAL MEETING INFORMATION

2021 Proxy Materials

Why am I receiving these proxy materials?

You received printed versions of these materials because you owned shares of Campbell common stock on October 5, 2021, the record date, and that entitles you to notice of, and to vote at, the 2021 Annual Meeting. This proxy statement describes the matters to be voted on at the meeting and provides information on those matters. The proxy materials (which include our annual report to shareholders for the fiscal year ended August 1, 2021) provide certain information about the Company that we must disclose to you when the Board of Directors solicits your proxy.

Why did I receive a Notice Regarding Internet Availability of Proxy Materials instead of printed proxy materials?

In accordance with SEC rules, instead of mailing a paper copy of our proxy materials to all of our shareholders, we have again decided to provide access to our proxy materials to many shareholders via the Internet. We believe this decision reduces both the amount of paper necessary to produce the materials and the costs associated with mailing the materials to all shareholders.

On or about October 18, 2021, we sent a Notice Regarding Internet Availability of Proxy Materials ("Notice") to most of our shareholders. These shareholders have the ability to access the proxy materials on a website referred to in the Notice, or request to receive a printed set of the proxy materials by calling the toll-free number found on the Notice. We encourage you to take advantage of the availability of the proxy materials on the Internet in order to help reduce the environmental impact of the Annual Meeting.

How can I get a paper copy of the proxy materials?

The Notice contains instructions on how to obtain a paper copy of all proxy materials – including this proxy statement, our 2021 Annual Report to Shareholders and a proxy card. If you would like to receive paper copies of our proxy materials, please follow the instructions on the Notice and submit your

request by November 21, 2021 to ensure that you receive the materials before the 2021 Annual Meeting. We encourage our shareholders to elect to receive future proxy materials electronically by e-mail to support our sustainability efforts.

How can I get electronic access to the proxy materials?

Shareholders may elect to receive future distributions of proxy materials by electronic delivery. To take advantage of this service you will need an email account and access to an Internet browser. To enroll, go to the Resources portion of our website at www.investor.campbellsoupcompany.com and click on "E-Delivery." Your enrollment for electronic delivery of proxy materials will remain in effect until you terminate it or for so long as the email address provided by you is valid.

Registered shareholders (your shares are registered in your own name with our transfer agent) may access the 2021 proxy materials at www.envisionreports.com/cpb. Shareholders who are the beneficial owners of shares held in street name (you hold your shares through a broker, bank or other holder of record) may access the 2021 proxy materials at: www.edocumentview.com/cpb. Our 2021 proxy materials are also available on our website at www.investor.campbellsoupcompany.com.

What is "householding"?

We are sending only one Notice or one copy of our proxy materials to shareholders who share the same last name and address, unless they have notified us that they want to receive multiple copies. This practice, known as "householding," is designed to reduce duplicate mailings and printing and postage costs. If any shareholder residing at such address wishes to receive a separate copy of our proxy materials in the future, or, if any shareholders sharing an address are receiving multiple copies of the Notice or proxy materials and would like to request delivery of a single copy, he or she may contact the Office of the Corporate Secretary, Campbell Soup Company, 1 Campbell Place, Camden, NJ 08103.

Voting Procedures

Who may vote at the 2021 Annual Meeting?

Only shareholders of record at the close of business on October 5, 2021, the record date for the meeting, are entitled to notice of, and to vote at, the 2021 Annual Meeting and any adjournment or postponement thereof.

How do I vote?

Whether you are a shareholder of record or a beneficial owner whose shares are held in street name, you can vote any one of four ways:

- **Via the Internet.** You may vote by visiting the website and entering the control number found in the Notice, proxy card or voting instruction form.

- **By Telephone.** You may vote by calling the toll-free number found in the Notice, proxy card or voting instruction form.
- **By Mail.** If you received or requested printed copies of the proxy materials by mail, you may vote by proxy by filling out the proxy card (if you are a shareholder of record) or voting instruction form (if you are a beneficial owner) and sending it back in the postage-paid envelope provided.

At the Annual Meeting. You are encouraged to vote beforehand by Internet, telephone or mail. You also may vote during the 2021 Annual Meeting even if you have already voted in advance. If you are a shareholder of record and you plan to attend the live audio webcast of the 2021 Annual Meeting, go to <https://meetnow.global/MNJ5GSX> on the day

of the meeting. You will also need the 15-digit control number found on your Notice of Internet Availability, your proxy card or the instructions that accompany your proxy materials to login and vote. If you are the beneficial owner of shares held for you by a broker and you would like to vote your shares electronically at the 2021 Annual Meeting, you must register in advance using the instructions below.

How do I register to attend the 2021 Annual Meeting via Live Webcast?

If you are a registered shareholder (your shares are registered in your own name with our transfer agent, Computershare), you do not need to register to attend the 2021 Annual Meeting via live webcast. Please follow the instructions on the notice or proxy card that you received.

If you hold your shares through an intermediary, such as a bank or broker, and you want to vote or ask a question at the 2021 Annual Meeting you must register in advance to attend the 2021 Annual Meeting via live webcast. Otherwise, you may enter the webcast as a guest. To register to attend the Annual Meeting via live webcast as a shareholder you must submit a legal proxy reflecting your Campbell Soup Company holdings along with your name and email address to our transfer agent, Computershare. Requests for registration must be labeled as "Legal Proxy" and be received no later than 5:00 p.m., Eastern Time, on November 24, 2021. You will receive a confirmation of your registration by email after we receive your registration materials. Requests for registration should be directed to us at the following:

What constitutes a quorum at the 2021 Annual Meeting?

A majority of all outstanding shares entitled to vote at the 2021 Annual Meeting will constitute a quorum, which is the minimum number of shares that must be present or represented by proxy at the meeting to transact business. Votes "for" and "against", "abstentions" and "broker non-votes" will all be counted as present to determine whether a quorum has been established. As of October 5, 2021, we had 302,108,446 shares of common stock issued, outstanding and entitled to vote at the 2021 Annual Meeting.

Once a share is counted as present at the meeting, it will be deemed present for quorum purposes for the entire meeting and for any adjournments of the meeting unless a new record date is set.

What is the voting requirement to approve each of the proposals?

Assuming a quorum is present, the affirmative vote of a majority of the votes cast is required to approve each proposal.

Can I revoke my proxy or change my vote after I vote by proxy?

Yes, you may revoke your proxy or change your vote at any time prior to the 2021 Annual Meeting by:

- voting again via the Internet or by telephone,
- completing, signing, dating and returning a new proxy card or voting instruction card with a later date, or
- notifying the Office of the Corporate Secretary in writing that you are revoking your vote and attending the Annual Meeting and voting in person.

How do abstentions, unmarked proxy cards and broker non-votes affect the voting results?

Abstentions: Abstentions will not count as votes cast "for" or "against" a matter, and therefore will not affect the voting results.

Unmarked proxy cards: If you sign and return a proxy card or voting instruction card but do not mark how your shares are to be voted, the individuals named as proxies will vote your shares, if permitted, in accordance with the Board's recommendations.

Broker Non-Votes: If you are the beneficial owner of shares held for you by a broker, your broker must vote those shares in accordance with your instructions. If you do not provide your broker with instructions as to how to vote such shares, your broker will only be able to vote your shares at its discretion on certain "routine" matters as permitted by NYSE rules. Item 2 – Ratification of Appointment of Independent Registered Public Accounting Firm is the only proposal considered a routine matter to be presented at the 2021 Annual Meeting. Brokers will not be permitted to vote your shares on any of the other matters presented at the 2021 Annual Meeting without your voting instructions. If you do not provide voting instructions on these matters, including the election of the director nominees named herein, the shares will be considered "broker non-votes" with respect to such matters. Broker non-votes are included in the number of shares considered to be present at the meeting for purposes of determining a quorum, but will not count as votes cast "for" or "against" any director nominee or other proposal.

How do I vote my 401(k) Plan shares?

To vote your Campbell Soup Company 401(k) Retirement Plan shares, you must sign and return the proxy card or vote via the Internet or telephone as instructed in the proxy materials. If you do not provide voting instructions by November 24, 2021, the trustee will vote your shares in the same proportion as the shares of other participants for which the trustee has received proper voting instructions.

Where can I find the voting results of the 2021 Annual Meeting?

We expect to announce preliminary voting results at the 2021 Annual Meeting. We will also disclose the voting results on a Form 8-K filed with the Securities and Exchange Commission ("SEC") on or before December 7, 2021.

How are proxies solicited and what is the cost?

This solicitation of proxies is authorized by, and made on behalf of, our Board of Directors, and we will bear the cost.

Proxy solicitation material will be distributed to shareholders and our directors, officers and employees may communicate with shareholders to solicit their proxies.

They will not receive any additional compensation for these activities. Brokers, banks and others holding stock in their names, or in names of nominees, may request and forward proxy solicitation material to beneficial owners and seek authority for execution of proxies, and we will reimburse them for their expenses in so doing at the rates approved by the NYSE.

Attending the 2021 Annual Meeting

How can I attend the 2021 Annual Meeting via Live Webcast?

In light of the ongoing developments related to the COVID-19 pandemic and to assist in protecting the health and well-being of our shareholders, employees and other participants, this year's Annual Meeting of Shareholders will be conducted solely via live webcast, and shareholders will not be able to physically attend the meeting.

The live webcast of the 2021 Annual Meeting will begin at 9:00 a.m. Eastern Time. Online access to the audio webcast will be open prior to the start of the 2021 Annual Meeting. To attend the virtual meeting, go to <https://meetnow.global/MNJ5GSX>. In order to vote and examine the Company's share list during the Annual Meeting, you will also need the 15-digit control number found on your Notice of Internet Availability, your proxy card or on the instructions that accompany your proxy materials.

ITEM 1 — ELECTION OF DIRECTORS

Our Board has general oversight responsibility for the Company's affairs pursuant to the New Jersey Business Corporation Act and the Company's Restated Certificate of Incorporation and By-Laws. In exercising its fiduciary duties, the Board represents and acts on behalf of the Company's shareholders and is committed to strong corporate governance, as reflected through its policies and practices. The Board is deeply involved in the Company's strategic planning process, leadership development, succession planning, and oversight of risk management.

The Campbell By-Laws give the Board the authority to determine the number of directors. The Board is currently comprised of 13 directors, all of whom have been nominated by the Board for re-election. As described in our Corporate Governance Standards, it is the policy of the Board that no person may stand for election to the Board after reaching age 72. However, upon recommendation of the Governance Committee, the Board may waive this policy if it determines that because of the individual's unique capabilities and/or due to special circumstances, such re-nomination is in the best

interests of the Company and its shareholders. Consistent with the last 3 years, the Governance Committee determined that although he is age 75, Mr. Dorrance's status as a descendant of the Company's founder and as a significant shareholder give him unique capabilities as a director. As a result, the Governance Committee recommended to the Board that it waive the retirement age policy to permit Mr. Dorrance to stand for re-election at the 2021 Annual Meeting. The Board concurred with the Governance Committee's recommendation, and the Board approved Mr. Dorrance's re-nomination. Mr. Dorrance and Ms. Malone recused themselves from all Committee and Board discussions of the waiver and abstained from both votes.

Directors are to be elected to hold office until the next Annual Meeting of Shareholders and until their successors are elected and shall have qualified, or until their earlier resignation, retirement or removal. Directors are elected by a majority of the votes cast; abstentions and broker non-votes will not be counted as votes cast on this proposal.

DIRECTOR QUALIFICATIONS AND BOARD COMPOSITION

The Governance Committee is responsible for investigating, reviewing and evaluating the qualifications of candidates for membership on the Board and for assessing the contributions and performance of directors eligible for re-election. It is also responsible for recommending director nominees for approval by the Board and nomination for election by shareholders.

Campbell is a manufacturer and marketer of high-quality, branded food and beverage products. A company of our size must have strong governance, as well as leaders who understand our diverse consumers and business needs. The Governance Committee strives to maintain an engaged, independent Board with broad and diverse experience and judgment that is committed to representing the long-term interests of our shareholders. The Governance Committee works with the Board to determine the composition of the Board as a whole and believes that the current composition

of the Board reflects an appropriate mix of tenure, skill sets, experience, and qualifications that are relevant to the business and governance of the Company.

The Governance Committee believes that all directors should be persons of the highest personal and professional ethics, integrity and values who abide by exemplary standards of business and professional conduct and demonstrate commitment to representing the long-term interests of the Company's shareholders. Directors should bring an inquisitive and objective perspective, practical wisdom and mature judgment to the Board and be committed to devoting the time and attention necessary to fulfill their duties and responsibilities. In furtherance of these objectives, the Governance Committee considers a wide range of factors when nominating candidates for election to the Board, including:

- **Skills, leadership experience and professional expertise.** The Governance Committee is committed to ensuring we have an experienced, qualified Board that has the collective skills, leadership experience and professional expertise gained through work experience and board service, in areas relevant to Campbell, such as:

- **Business Operations and Leadership** - Is or has been the Chief Executive Officer, Chief Operating Officer or other C-suite officer of a large public or private corporation. Directors with C-suite leadership experience demonstrate a practical understanding of strategy, risk management, talent management and how large organizations operate.
- **Food or Consumer Products Industry** - Has experience in the food or consumer products industry, or other complementary field, such as

retail. Directors with experience in dealing with consumers, particularly in the areas of producing and selling products or services to consumers, provide valuable market and consumer insights, as well as contribute a broad understanding of industry trends.

- **Marketing, Brand Management and Sales** - Has experience in marketing, brand management, marketing strategy and sales. Directors with experience identifying, developing and marketing new products, as well as identifying new areas for existing products, can positively impact the Company's operational results, including by helping the Company understand and anticipate evolving marketing practices.

- **Digital and e-Commerce** - Has experience in data analytics, digital marketing, new media or implementing new technologies to drive efficiencies and deliver commercial advantage. Directors who have experience in identifying and implementing digital platforms and new consumer channels will provide guidance and oversight for the Company's e-commerce, omni-channel and digital businesses.
 - **Strategic Transactions; Mergers & Acquisitions** - Has experience with complex strategic transactions, including mergers, acquisitions and divestitures, as well as the successful integration of acquired businesses. Directors who have experience leading organizations through significant strategic transactions, including acquisitions, divestitures and integration, will provide guidance and oversight as the Company implements its strategy.
 - **Finance / Capital Allocation** - Has experience allocating capital resources across a large, complex enterprise. Directors with experience allocating capital for large and complex enterprises is important to achieving our financial and strategic objectives, as these individuals provide valuable insights as the Company continues to reduce costs, optimize its manufacturing network and efficiently allocate capital.
 - **Financial Expertise / Accounting** - Has experience in and an understanding of financial reporting and accounting processes and complex financial transactions. Directors with an understanding of financial reporting and accounting processes, particularly in large, global businesses, are essential for ensuring effective oversight of the Company's financial measures and processes.
 - **Information Technology and Security** - Has experience with information technology and security. Directors with expertise in information technology and security provide helpful oversight with respect to cybersecurity matters and the use of technology and modernization of the Company's technology infrastructure to enhance the efficiency of our operations.
 - **Significant or Long-Term Shareholder** - Has the perspective of an investor who is interested in the long-term prospects of the Company. A director who is also a long-term, significant shareholder of the Company is aligned with our shareholders by being focused on the long-term health and vitality of the Company and establishing a solid foundation for future growth and profitability.
 - **Corporate Governance** - Has experience in the corporate governance of sophisticated public or private entities. Good corporate governance accompanies and greatly aids the Company's long-term business success and furthers the goals of greater transparency and accountability.
 - **Public Company Board Experience** - Has sufficient applicable experience to understand fully the legal and other responsibilities of an independent director of a U.S.-based public company. Directors with experience serving as directors of other U.S. public companies helps ensure the Board deeply understands its duties.
 - **Environmental and Social Responsibility** - Has experience in sustainability, social responsibility, and inclusion and diversity issues. Environmental stewardship, diversity, and equity and inclusion are values embedded in our culture and fundamental to our business. Directors with experience and exposure in identifying the risks and opportunities in these areas can help the Company identify value-creation strategies and creation of goals that will have the most impact in these areas.
- **Enhancing the Board's diversity.** Although the Board does not have a specific diversity policy, the Governance Committee takes into account a nominee's ability to contribute to the diversity of skills, backgrounds, perspectives and experience of the Board. It considers the race, ethnicity, gender, age, cultural background and professional experience of each nominee and of the Board as a whole. For this year's election, the Board has nominated 13 individuals who bring valuable diversity to the Board. Their collective experience covers a wide range of countries, geographies and industries. The Board's 13 director nominees range in age from 47 to 75. Four of these director nominees, or approximately 31%, are women. Three of these director nominees, or approximately 23%, are ethnically diverse with one identifying as Asian, one identifying as Hispanic and one identifying as African-American.
 - **Ensuring a balanced mix of tenures.** The Governance Committee believes it is important to maintain a mix of experienced directors with a deep understanding of our business and others who bring a fresh perspective. We have added eight new independent directors to our Board since the beginning of 2016, including four new independent directors since 2018. The average tenure of our independent director nominees is approximately 9.28 years.
 - **Complying with applicable independence standards and policies on conflicts.** The Governance Committee considers potential competitive restrictions, other positions the director has held or holds (including other board memberships) and director independence. It believes that any nominee for election to the Board should be willing and able to devote the proper time and attention to fulfill the responsibilities of a director and have no conflicts of interest arising from other relationships or obligations.

The Board has carefully considered whether the slate of director nominees, taken as a whole, fulfills the objectives for Board composition noted above. The director nominees collectively have a mix of various skills and qualifications, as set forth in the skills matrix below. These collective attributes enable the Board to provide insightful leadership as it strives to advance our strategies and deliver value to shareholders.

DIRECTOR NOMINEES

The Board has nominated the 13 individuals appearing below for election by shareholders at the 2021 Annual Meeting. All director nominees listed in this proxy statement, other than Grant H. Hill, were also nominated by the Board and elected by the shareholders at the 2020 Annual Meeting of Shareholders. Mr. Hill was identified and presented to the Governance Committee for consideration by a third-party search firm and was elected by the directors to the Board on January 28, 2021.

Each year, prior to recommending a slate of directors to the Board for nomination, the Governance Committee conducts an assessment of incumbent directors to review their qualifications and contributions to the Board. After reviewing the qualifications and performance of each director, the Governance Committee recommended each of the incumbent directors identified on pages 18 through 24 as a nominee for election at the 2021 Annual Meeting.

All of the nominees are independent directors, except Mr. Clouse. If a nominee becomes unable or unwilling to serve, proxies will be voted for the election of such person as shall be designated by the Board to replace such nominee, or, in lieu thereof, the Board may reduce its size. All nominees have consented to serve on the Board if elected. The Board knows of no reason why any nominee would be unable or unwilling to serve. Except as otherwise specified on your proxy card, proxies will be voted for election of the nominees named on pages 18 through 24.

Biographical information and Committee memberships as of the date of this proxy statement, including the specific experience, qualifications and skills of each of the director nominees is included below.

CORPORATE GOVERNANCE POLICIES AND PRACTICES

The Board of Directors is responsible for overseeing our business, and the competence and integrity of our management, to serve the long-term interests of our shareholders. The Board believes that sound corporate governance is essential to effective fulfillment of its oversight responsibilities. The Board has adopted Corporate Governance Standards, which are reviewed at least annually and updated as needed. The Corporate Governance Standards provide

a framework for effective corporate governance of the Company. You can find a copy of our Corporate Governance Standards, along with the charters of the four standing Board committees, our Certificate of Incorporation and By-Laws, and our Policy Concerning Transactions with Related Persons, in the governance section of our website at www.investor.campbellsoupcompany.com. Some highlights of our corporate governance include:

- 12 out of 13 director nominees are independent
- Diverse Board in terms of gender, ethnicity, tenure, and specific skills and qualifications
- Annual election of directors
- Majority voting standard in uncontested elections with resignation policy
- Independent Board Chair
- Independent directors regularly meet in executive session
- Audit, Compensation and Organization, Finance and Corporate Development and Governance Committees composed entirely of independent directors
- “Overboarding” limits
- Robust stock ownership guidelines for directors and executive officers
- Clawback policy for incentive compensation and clawback provisions in our performance share award agreements
- Shareholder ability to act by written consent and call a special meeting
- Annual shareholder ratification of independent auditors
- Board orientation and director education program
- Annual Board and committee self-evaluations, and individual director evaluations
- Policy against hedging applicable to all directors and officers
- Policy against pledging (subject to grandfathering) applicable to all directors and executive officers
- No shareholder rights plan or “poison pill”

BOARD LEADERSHIP STRUCTURE

We have a long-standing tradition of separating the roles of Board Chair and Chief Executive Officer. In fiscal 2019, when the Board hired Mr. Clouse to be our President and Chief Executive Officer, it considered whether to maintain the separation between the roles of Board Chair and Chief Executive Officer and it concluded that this leadership

structure continues to be the most appropriate one for the Company. The principal responsibility of the Chief Executive Officer is to manage the business. The principal responsibilities of the Board Chair are to manage the operations of the Board of Directors and its committees and provide counsel to the Chief Executive Officer on behalf of the Board.

DIRECTOR INDEPENDENCE

A statement of standards that the Board has adopted to assist it in evaluating the independence of the Campbell Board appears in the Corporate Governance Standards, which can be found in the governance section of our website at www.investor.campbellsoupcompany.com. The Standards for the Determination of Director Independence (the “Independence Standards”) describe various types of relationships that could potentially exist between a director and Campbell, and define the thresholds at which such relationships would be deemed material under the New York Stock Exchange (“NYSE”) Corporate Governance Standards. The Board will deem a director to be independent if (i) no relationship exists that would disqualify the director under the guidelines set forth in the Independence Standards, and (ii) the Board has determined, based on all relevant facts and circumstances, that any other relationship between the director and Campbell, not covered by the Independence Standards, is not material. In any case in which the Board makes the latter determination, the relationship will be disclosed in the proxy statement, along with the basis for the Board’s conclusion that it is not material.

The Board has affirmatively determined that each director and director nominee, other than Mr. Clouse, is independent under the NYSE Corporate Governance Standards and the Independence Standards.

Each member of the Audit, Compensation and Organization, Finance and Corporate Development, and Governance Committees is an independent director pursuant to all applicable NYSE Corporate Governance Standards and the Independence Standards. In addition, each member of the Audit Committee also meets the additional independence standards for audit committee members established by the SEC, and each member of the Compensation and Organization Committee also qualifies as a “Non-Employee Director” as defined in Rule 16b-3 of the Securities Exchange Act of 1934, as amended (“Exchange Act”).

MAJORITY VOTING

We have a majority vote standard in uncontested director elections. Under our By-Laws, in an uncontested election, each director shall be elected by an affirmative majority of the votes cast to hold office until the next annual meeting and until his or her successor is elected and has qualified. In contested elections (those where the number of nominees exceeds the number of directors to be elected), a plurality vote standard shall apply. Shareholders may vote “for” or “against” each nominee, or they may “abstain” from voting on a nominee; however, abstentions will have no effect in determining whether the required majority vote has been obtained.

In the event an incumbent director fails to receive an affirmative majority of the votes cast in an uncontested election, the Corporate Governance Standards provide that the director shall tender his or her resignation. The Governance Committee and the Board will then consider and take appropriate action on such offer of resignation in accordance with the Corporate Governance Standards. The resignation policy set forth in the Corporate Governance Standards does not apply to contested elections.

PROCESS FOR NOMINATION AND EVALUATION OF DIRECTOR CANDIDATES

The Governance Committee is responsible for evaluating the qualifications of director candidates and recommending director nominees for approval by the Board and nomination for election at the annual meeting of shareholders.

Nomination of Incumbent Directors. Our Corporate Governance Standards require the Governance Committee to assess the performance of each director eligible for election at the annual meeting. The Governance Committee conducts its assessment annually in advance of its recommendation of a slate of director nominees for approval by the Board. In fiscal 2021, each incumbent director standing for re-election was evaluated in light of the criteria in the Corporate Governance Standards and the factors described on pages 15 and 16 with respect to the qualification of directors and the composition of the Board. In fiscal 2021, the director review process was strengthened by having an independent third-party corporate governance consulting firm conduct an individual review of each incumbent director. In addition, the Governance Committee solicited an assessment of each director from the Board Chair and the Chief Executive Officer.

Evaluation of New Nominees. When identifying potential director candidates — whether to replace a director who has retired or resigned or to expand the Board to gain additional capabilities — the Governance Committee determines the skills, experience and other characteristics that a potential nominee should possess in light of the composition and needs of the Board and its committees. The Governance Committee also considers whether or not the nominee would be considered independent under the NYSE Corporate Governance Standards and the Independence Standards.

All candidates considered by the Governance Committee for recommendation to the Board as director nominees are evaluated in light of the criteria in the Corporate Governance Standards and the factors and objectives described on pages 15 and 16. The Governance Committee will also consider the assessment of any search firm it has retained and the background information such firm provides on any person it recommends for consideration. The Board Chair, the Chair of the Governance Committee and the Chief Executive Officer customarily interview leading candidates. Other directors may also interview these candidates.

Although not required to do so, the Committee may consider candidates proposed by our directors or our management and may also retain an outside firm to help identify and evaluate potential nominees. The Committee will also consider nominations from shareholders. The nominee evaluation process is the same whether the nomination comes from a Board member, management, a search firm or a shareholder. If the Committee recommends a candidate to the Board, the Board may — as with any nominee — either accept or reject the recommendation.

Shareholder Recommendations. Shareholders who wish to recommend candidates for nomination for election to the Board may do so by writing to the Corporate Secretary of Campbell Soup Company at 1 Campbell Place, Camden, New Jersey 08103. The recommendation must include the following information:

1. The candidate’s name and business address;
2. A resume or curriculum vitae, which describes the candidate’s background and demonstrates that he or she meets the qualifications set forth on pages 15 and 16;
3. A letter from the candidate stating that he or she is willing to serve on the Board if elected, and identifying any legal or regulatory proceedings in which he or she has been involved during the last ten years; and
4. A statement from the shareholder recommending the candidate, indicating that he or she is the registered owner of Campbell shares, or a written statement from the “record holder” of Campbell shares indicating that the shareholder is the beneficial owner of such shares.

Shareholders who wish to propose a director nominee at an annual meeting must follow the advance notice procedures contained in our By-Laws, which include notifying the Corporate Secretary at least 60 but not more than 90 days before the first anniversary of the prior year’s annual meeting. Based on this year’s annual meeting date of December 1, 2021, a notice will be considered timely for the 2022 Annual Meeting of Shareholders if our Corporate Secretary receives it no earlier than September 2, 2022, and no later than October 2, 2022. Please see “Submission of Shareholder Proposals for 2022 Annual Meeting” on page 75 for additional information.

EVALUATIONS OF BOARD PERFORMANCE

The Governance Committee leads annual evaluations of Board, committee and individual director performance. As a best practice, periodically, the Governance Committee engages a third-party corporate governance consulting firm to carry out the annual evaluations. The evaluation process is designed to facilitate ongoing, systematic examination of the Board's effectiveness and accountability, and to identify opportunities for improving its operations and procedures.

In fiscal 2021, the Governance Committee conducted an assessment of the individual directors. On an annual basis, individual director feedback is discussed in detail

with each director, as appropriate. In fiscal 2021, the Board also conducted a separate self-evaluation, and each of its standing committees conducted a separate evaluation of its own performance and of the adequacy of its charter, and reported on the results of its evaluation to the Board. In addition, in fiscal 2021, a third-party corporate governance consulting firm completed a Board culture survey to assess the Board's effectiveness and identify opportunities to improve performance.

TRANSACTIONS WITH RELATED PERSONS

Under our written Policy Concerning Transactions with Related Persons (the "Related Persons Policy"), the Governance Committee is required to review and, in appropriate circumstances, approve any transaction in which Campbell was or is to be a participant, and any related person had or will have a direct or indirect material interest, as well as any material amendment to or modification of such a transaction, unless the transaction falls into one of the categories deemed to have been approved in advance.

In determining whether to approve a transaction, the Governance Committee is directed to consider, among other factors it may deem appropriate, whether the transaction was or will be on terms no less favorable than those generally available to an unaffiliated third party under the same or similar circumstances. No director may participate in the

discussion or approval of a transaction in which he or she, or a member of his or her immediate family, has a direct or indirect interest. The Chair of the Governance Committee (or, if a transaction involves the Governance Committee Chair, the Board Chair) may approve a related person transaction in which the aggregate amount involved is less than \$1 million. Any transaction approved by the Governance Committee Chair or the Board Chair is to be reported to the Governance Committee at its next regularly scheduled meeting.

There were no transactions during the period from August 3, 2020 through the date of this proxy statement, and none are currently proposed, in which Campbell was or is to be a participant and any related person had or will have a direct or indirect material interest.

BOARD OVERSIGHT OF ENTERPRISE RISK

Enterprise risk management (ERM) is an integral part of our business processes. Senior management is primarily responsible for establishing policies and procedures designed to identify, assess and manage the Company's significant risks. We have an ERM steering committee, comprised of the members of our Campbell Leadership Team and supported by other executives with subject-matter expertise, that provides oversight of enterprise risks and our processes to identify, measure, monitor and manage these risks.

The Board oversees the ERM process, including reviews of the most significant risks the Company faces and the manner in which our executives manage these risks. In accordance with NYSE Corporate Governance Standards, the Audit

Committee charter assigns to that committee the responsibility to review our policies and procedures with respect to risk assessment and risk management. At the Audit Committee's recommendation, the Board adopted a framework pursuant to which it delegated oversight for certain categories of enterprise risks to each of its standing committees, as shown below. Each committee provides periodic reports to the Board regarding its oversight of these enterprise risks. This structure enables the Board and its Committees to coordinate the risk oversight role. We believe that the separation of the Board Chair and CEO roles further supports the Board's risk oversight role.

INFORMATION SECURITY

As indicated above, the Audit Committee oversees the overall review of our policies and procedures with respect to risk assessment and risk management, and has oversight of information technology and security matters, which includes information security strategies and risks, as well as data privacy, protection and risk mitigation strategies (“Information Security”). On a quarterly basis, the Company’s Chief Technology and Information Officer reports to the Audit Committee on the Information Security program and recent developments. The Chief Information Security Officer oversees the dedicated Information Security team, which works in partnership with the Company’s corporate audit department to review information technology-related internal controls with our external auditors as part of the overall internal controls process. Annual third-party audits are also conducted including

penetration testing and overall review of program maturity based on the NIST Cybersecurity Framework. We currently maintain a cyber insurance policy that provides coverage for security breaches.

Our Company’s Information Security program includes:

- Policies and security awareness training, including monthly employee phishing simulations;
- Identification and remediation of information security risks and vulnerabilities in our IT systems;
- Security operations training including logging, monitoring and response technologies and procedures;
- Due diligence of third-party vendors’ information security programs; and
- Testing of incident response procedures.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE

Rooted in the beliefs of our founders, we have been making food that we are proud to serve in our own homes since 1869. The work we do every day is guided by our values, as we strive to deliver on the promise of our purpose: *Connecting people through food they love*. We remain committed to environmental and social responsibility and it continues to be a critical part of our strategic plan. This past year, we launched

a new ESG framework that prioritizes trusted food, vibrant communities, thriving people and a healthy environment – and our governance and ethics practices support the overall framework. Strategic plans for each focus area have been built into the business which will help drive progress against our external ESG goals.

ESG Governance Structure

In fiscal 2021, oversight of ESG activities continued to be managed by the Governance Committee of the Board of Directors and is reflected in the Committee’s Charter. The Committee takes an active role in the continued evolution of Campbell’s ESG strategy and public reporting. To ensure that ESG is appropriately managed throughout the organization, we have designed the following governance structures:

- **Board of Directors:** Oversight of ESG activities is managed by the Governance Committee of the Board who oversees Campbell’s ESG strategy and reporting.
- **Chief Executive Officer:** Provides executive direction on ESG strategy.
- **Corporate Leadership Team:** With the primary focus of our Executive Vice President, General Counsel

and Chief Sustainability, Corporate Responsibility and Governance Officer who oversees ESG; Executive Vice President, Global Supply Chain who oversees supply chain sustainability; and Executive Vice President, Research and Development who oversees food innovation and packaging sustainability initiatives.

- **Corporate Responsibility and Sustainability Team:** Leads Campbell's ESG strategy.

- **Sustainability Steering Committee:** Senior leaders from operating divisions, supply chain, corporate responsibility and sustainability, manufacturing, and research and development who meet bi-monthly to drive decision making, accountability and ownership of specific ESG initiatives focused on operational and supply chain sustainability.

Our Key ESG Priorities

For years, we have been advancing our work around sustainable agriculture, responsible sourcing, sustainable operations and community support. To make an even greater impact, we are evolving our strategy to a more holistic approach with a focus on ESG opportunities. This approach will allow for increased engagement across the organization and help us to continue to meet the expectations of our consumers, customers, investors, and other stakeholders.

Our ESG strategy and commitments to trusted food, vibrant communities, thriving people and a healthy environment are among the ways we deliver on the promise of our purpose: *Connecting people through food they love*. Campbell plays an

integral role in society, from the food we make and the ways we make it to our longstanding commitments to serving our communities and promoting a healthy environment. We are committed to building a resilient food system, making food that improves the world. To advance this commitment, we have prioritized ESG areas that are important to us and our stakeholders, and where we can have a measurable impact and continue our legacy of lasting impact for all stakeholders. We will continue to report on our programs and progress in these areas on our corporate website and in our annual Corporate Responsibility Report.

Our ESG Framework

Our Fiscal Year 2021 Achievements

As noted above, in fiscal 2021 we launched a new holistic ESG framework which will help embed our ESG agenda throughout the organization. In addition, we publicly committed to setting a Science-Based Target to reduce greenhouse gas emissions across our supply chain. We further reinforced our commitment to reducing food loss and waste by 2030 by joining with retail partners and other food producers in the "10x20x30" initiative, which is committed to reducing food loss and waste by 50% by 2030. We continued to build out our sustainable agriculture programs in our tomato, wheat, potato, cashew and almond supply chains, all priority agricultural ingredients for Campbell. We have enabled food access throughout the country during the COVID-19 pandemic, increasing production to help meet demand and giving over \$9 million in cash and in-kind giving to community organizations in our Campbell hometowns since the start of the pandemic. In fiscal 2021, we completed the final year of

the Campbell's Healthy Communities program, a 10-year, \$10 million initiative to improve the health of young people in Camden, N.J. Building on this work, we spent a planning year setting the stage for our new signature community program focused on the school food environment – starting in Camden – with the long-term goal of fostering an environment where all students have access to the food they need to thrive at school and in life. Despite the pandemic, we increased employee engagement in community giving programs by 44%, finding new ways to involve people in giving and volunteering. In response to COVID-19, we enacted extensive safety and sanitation measures to help ensure employees' health and wellbeing, embraced work from home for those who were able, and introduced enhanced sanitation, mask use, temperature check and other protective equipment protocols and social distancing practices for our front-line workers.

SOCIAL IMPACT

Human Capital

The Board believes that effective talent development and human capital management are vital to Campbell’s continued success. The Board is involved in leadership development and oversees succession planning. The Board conducts at least one meeting each year at which the Board reviews the Company’s

talent strategies, leadership pipeline and succession plans for key executive positions. The Compensation and Organization Committee oversees the process of succession planning and implements programs to retain and motivate key talent.

Inclusion and Diversity

A core pillar of Campbell’s strategic plan is to build a winning team and culture. To do this, Campbell is committed to building a company where everyone can be real, and feel safe, valued and supported to do their best work. We believe that having an inclusive and diverse culture strengthens our ability to recruit talent and allows all employees to thrive and succeed. Diversity of input and perspectives is an essential part of our strategic plan to build a winning team and culture and we are committed to recruiting, retaining and developing a workforce that reflects the diversity of the consumers we serve. In 2021, we accelerated our inclusion and diversity efforts and elevated work in these areas on an enterprise-wide level. We continued to build out the actionable and holistic inclusion and diversity strategy we introduced in 2020 by focusing our refined strategy on three guiding pillars:

- Capabilities - providing resources and tools to employees to build capabilities to build a winning team a culture and to drive systemic change;
- Advocacy - strengthening ally networks by supporting our employees, our partners and the communities where we live and work; and
- Accountability - having individual, management and organizational accountability and transparency about our progress on building an inclusive culture.

We also continue to provide inclusion and diversity training for employees to highlight issues that impact underrepresented communities. Throughout 2021 the Board received regular updates from management on our inclusion and diversity efforts.

DIRECTOR ORIENTATION AND CONTINUING EDUCATION

All new directors participate in the Company’s director orientation program. This orientation program is designed to familiarize new directors, through a review of background material, meetings with senior management and plant and facility tours. The orientation allows new directors to become familiar with the Company’s business and strategic plans; significant financial matters; core values, including ethics, compliance programs and corporate governance practices; and other key policies and practices.

We maintain a formal program of continuing education for directors. The Governance Committee is responsible for the administration of the program, which expects each Director to complete a total of eight hours of director continuing education over the course of two years. Directors may meet this expectation through a combination of Company-sponsored courses or events, in-person or online director education programs sponsored by outside parties, online training courses offered as part of our compliance training program for employees, and certain other educational experiences as may be approved by the Governance Committee from time to time.

DIRECTOR SERVICE ON OTHER PUBLIC COMPANY BOARDS

The Board recognizes that service on other public company boards provides valuable governance and leadership experience that benefits Campbell. The Board also believes, however, that it is critical that directors dedicate sufficient time to their service on the Company's Board. Directors are expected to advise the Chair of the Governance Committee in advance of accepting an invitation to serve on another board of directors or become affiliated with another entity. The Governance Committee or its designee shall evaluate and advise the Board whether, by reason of conflicts in regular meeting schedules or business or competitive considerations, simultaneous service on another board or affiliation with another entity may impede the director's ability to fulfill his or her responsibilities to Campbell.

CODE OF ETHICS

The Company has a Code of Ethics and Business Conduct ("Code") for its directors, officers, and employees. The Code is reviewed regularly for appropriate updates, and employees, officers, and directors are asked to annually certify their understanding of, and compliance with, its requirements. Only the Board may grant a waiver of any provision for a

COMMUNICATING WITH THE BOARD

Interested persons may communicate with the full Board of Directors or the non-management directors by writing to the Board Chair or to the non-management directors as a group in care of the Office of the Corporate Secretary at the Company's headquarters, or by email to directors@campbells.com. Concerns communicated to the Board will be addressed through the Company's regular procedures for addressing such matters. Our Corporate Secretary receives and processes all communications and will refer relevant and appropriate communications to the Board Chair. Depending upon the nature of the concern, it may be referred to the Company's Corporate Audit Department, Legal Department or Finance Department, or other appropriate departments.

Any concerns about Campbell's governance, corporate conduct, business ethics or financial practices may also be communicated to the Board by calling the following toll-free Hotline telephone number in the U.S. and Canada: 1-800-210-2173. To place toll-free calls from other countries

Our Corporate Governance Standards provide that:

- A director who also serves as a CEO or equivalent position may not serve on more than one other public company board;
- Other directors may not serve on more than four other public company boards; and
- No member of the Audit Committee shall simultaneously serve on the audit committees of more than two other public companies.

All directors are in compliance with this policy.

where we have operations, please see the instructions listed in the "Resources" section under the "Contact the Board" tab of our website at www.investor.campbellsoupcompany.com. Any concern relating to accounting, internal accounting controls or auditing matters will be referred both to the Board Chair and to the Chair of the Audit Committee.

As they deem necessary or appropriate, the Board Chair or the Chair of the Audit Committee may direct that certain concerns communicated to them be presented to the Audit Committee or the full Board, or that they receive special treatment, including the retention of outside counsel or other outside advisors.

Campbell policy prohibits the Company and any of our employees from retaliating in any manner, or taking any adverse action, against anyone who raises a concern or helps to investigate or resolve it.

BOARD MEETINGS AND COMMITTEES

Director Attendance

Directors meet their responsibilities by preparing for and attending Board and committee meetings, and through communication with the Chair, the Chief Executive Officer and other members of management on matters affecting the Company. During fiscal 2021, the Board of Directors held

six regular meetings. All directors attended at least 78% of scheduled Board meetings and meetings held by committees of which they were members.

All of the directors who are nominated for election are expected to attend the 2021 Annual Meeting.

Board Committee Structure

The Board has established four standing committees as of the record date: the Audit Committee; the Compensation and Organization Committee; the Finance and Corporate Development Committee; and the Governance Committee. Each of the standing committees has a charter that is reviewed annually by that committee. Proposed changes to the charter of any standing committee are approved by the Board. The committee charters are available in the governance section of the Company's website at www.investor.campbellsoupcompany.com. Actions taken by

any of the standing committees are reported to the Board. All members of the Board receive copies of the minutes of all committee meetings and copies of the materials distributed in advance of the meetings for all of the committees.

Information regarding membership in the standing committees as of the last day of fiscal 2021 (August 1, 2021), the number of meetings held by each committee in fiscal 2021, the principal responsibilities of the standing committees, and other relevant information are described in the tables that follow.

GOVERNANCE COMMITTEE

Meetings in fiscal 2021: 6

Committee Members (at 2021 FYE):

Archbold D. van Beuren (Chair)
John P. Bilbrey
Bennett Dorrance
Grant H. Hill
Sarah Hofstetter
Kurt T. Schmidt

Primary Responsibilities

Review and make recommendations to the Board regarding:

- The organization and structure of the Board;
- Qualifications for director candidates;
- Candidates for election to the Board;
- Committee chairs and Board Committee assignments;
- Candidates for the position of Board Chair;
- Evaluation of the Board Chair's performance;
- Amount and design of compensation for non-employee directors, including stock ownership guidelines; and
- Oversight of ESG matters

The Governance Committee oversees the annual Board, committee and individual director evaluation processes and administers the director education program. The Committee also reviews any transaction with a related person in accordance with the Board's policy concerning such transactions, as further described on page 27.

COMPENSATION OF DIRECTORS

We strive to recruit and retain highly qualified non-employee directors who will best represent our shareholders' interests. Each year, the Governance Committee reviews the amount and design of the compensation program for non-employee directors to ensure that the compensation we offer supports our objectives and is consistent with non-employee director compensation within our Compensation Peer Group.

In fiscal 2021, the Governance Committee benchmarked our non-employee director compensation against our Compensation Peer Group and other large, public companies and assessed the appropriateness of the form and amount of our non-employee director compensation. In addition, the Governance Committee retained FW Cook, the independent compensation consultant to the Board, to benchmark the compensation for the Board Chair. Based on this review, the Governance Committee recommended to the Board and the Board approved increasing the equity portion of the 2021

retainers by \$7,500 to keep the retainer in the median range of director compensation. The Board concluded that increasing the equity portion of the retainer was appropriate to support its director recruitment and retention objectives. The Board believes that continuing to pay a larger proportion of the annual retainer in Company stock serves to further align director compensation and shareholders' interests.

Additionally, our 2015 Long-Term Incentive Plan, which was approved by our shareholders at the 2015 Annual Meeting of Shareholders, caps the maximum aggregate dollar value of equity awards that can be made to any individual non-employee director in a calendar year at \$500,000. All stock grants made in fiscal 2021 to non-employee directors were significantly below this amount. See the "2021 Director Compensation" table below for specific values.

The table below sets forth the components of non-employee director compensation for 2021:

Annual Cash Retainer:	\$119,000
Annual Stock Retainer:	\$144,500
Committee Chair Retainers:	\$25,000 for Audit Committee \$20,000 for Compensation and Organization Committee \$15,000 for Finance and Corporate Development Committee \$15,000 for Governance Committee
Audit Committee Member Retainer (excluding Chair):	\$7,500
Board Chair Annual Retainer:	\$350,000

All non-employee director compensation is paid in the arrears in four equal quarterly installments on or about March 31, June 30, September 30 and December 31.

The retainers for Committee chairs, Audit Committee members and the Board Chair are in addition to the annual cash and stock retainers paid to all non-employee directors. These additional retainers are delivered 50% in cash and 50% in shares of Campbell stock. Directors may elect to receive shares of Campbell stock in lieu of their cash retainers. There were no changes to these additional retainers in fiscal 2021.

We typically do not pay a Company employee who also serves as a director any additional compensation for serving as a director. Currently, Mr. Clouse is the only director who is also a Company employee.

Directors do not receive individual meeting fees. We pay for, provide or reimburse directors for expenses incurred to attend Board and Committee meetings and director education programs. Directors do not have a retirement plan or receive any benefits such as life or medical insurance. Directors do receive business travel and accident insurance coverage.

Stock Ownership Guidelines

Under our Corporate Governance Standards, each director is expected, within five years of first joining the Board, to own Campbell stock or hold deferred stock units that have a value

equal to five times the annual cash retainer. As of the date of this proxy statement, each of our directors has met or is on track to meet this guideline.

Policy on Hedging and Pledging

In September 2013, the Board adopted a policy that prohibits any director or executive officer from pledging any shares of Campbell common stock that he or she owns or controls, directly or indirectly, as security under any obligation on a prospective basis. Directors who had pledged shares as of September 25, 2013 are expected to reduce the number of shares pledged in a reasonable manner over time. See the footnotes following the Ownership of Directors and Executive

Officers table on page 73 for additional information regarding shares subject to pledge obligations and reductions in the number of shares pledged.

It is also our policy to prohibit all directors, officers and employees from hedging or offsetting the economic risk associated with a Campbell security. See page 53 for additional information regarding our policy prohibiting hedging.

Deferred Compensation Plan for Non-Employee Directors

Under our Supplemental Retirement Plan, a non-employee director may elect to defer payment of all or a portion of his or her fees until termination of his or her directorship. Directors

participate in the same plan as executives. See page 60 for a description of the material terms of the Supplemental Retirement Plan.

(1) Amounts reported represent quarterly director compensation payments made in fiscal 2021, on or about September 30, 2020, December 31, 2020, March 31, 2021 and June 30, 2021.

(2) Amounts reported represent the aggregate grant date fair value of shares issued to each director during fiscal 2021, calculated in accordance with FASB ASC Topic 718. The assumptions used in calculating these amounts are included in Note 17 to the Consolidated Financial Statements in our 2021 Form 10-K. Directors are fully vested in stock awards at the time of grant, therefore, there were no unvested stock awards at August 1, 2021.

(3) In 2021, Messrs. Averill, Bilbrey and Schmidt and Ms. Hilado elected to defer their cash payments. This amount was credited to each individual's notional account in the Supplemental Retirement Plan and invested in funds selected by each respective individual.

(4) In 2021, Messrs. Averill, Bilbrey, Dorrance, Lautenbach, McLoughlin and Schmidt and Ms. Hilado and Hofstetter elected to defer the value of their stock awards. This amount was credited to each individual's notional account in the Supplemental Retirement Plan and invested in the Campbell Stock Fund, which is indexed to Campbell common stock.

The aggregate perquisites to any individual non-employee director did not exceed the SEC reporting threshold amount of \$10,000.

ITEM 2 — RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the independent registered public accounting firm.

The Audit Committee has re-appointed PricewaterhouseCoopers LLP ("PwC") to serve as our independent registered public accounting firm for fiscal 2022. PwC or one of its predecessor firms has been retained as the Company's independent registered public accounting firm continuously since we went public in 1954. Representatives of PwC will attend the 2021 Annual Meeting to make a statement if they desire to do so and to answer appropriate questions from shareholders.

The Audit Committee evaluated PwC's performance, qualifications and independence in making its determination to reappoint PwC. The factors considered in the evaluation included:

- PwC's performance during fiscal 2021 and in previous fiscal years, including the results of a management survey measuring (i) the quality of PwC's services, (ii) the sufficiency of PwC's resources, (iii) PwC's communication skills and (iv) PwC's independence and objectivity;
- PwC's expertise and experience in the consumer-packaged goods industry;
- The experience, professional qualifications and education of the PwC engagement team;
- A review of PwC's independence program and the processes it uses to maintain independence;
- The scope of PwC's internal quality control program and the results of its most recent quality control reviews, including reviews by the Public Company Accounting Oversight Board and PwC's peers; and
- The appropriateness of PwC's fees for its professional services.

The Audit Committee has the sole authority to approve all engagement fees to be paid to PwC. The Audit Committee regularly meets with the lead audit partner without members of management present, and in executive session with only Audit Committee members present, which provides the opportunity for continuous assessment of the firm's effectiveness and independence and for consideration of rotating audit firms. In accordance with SEC rules and PwC policies, the firm's lead engagement partner rotates at least every five years. The Audit Committee and its Chair are involved in the selection of PwC's lead engagement partner.

The Audit Committee and the Board of Directors believe that the continued retention of PwC to serve as the Company's independent registered public accounting firm for fiscal 2022 is in the best interests of the Company and its shareholders. Shareholder ratification of the appointment is not required under the laws of the State of New Jersey or our Articles or By-Laws, but as a matter of good corporate governance, the Board is submitting this proposal to shareholders. The affirmative vote of a majority of the votes cast at the meeting is required for ratification. Abstentions will not be counted as votes cast on this proposal. If the appointment is not ratified, the Audit Committee will consider whether it is appropriate to select another audit firm. Even if the appointment is ratified, the Audit Committee may select a different audit firm at any time during the year if it determines that this would be in the best interests of Campbell and its shareholders.

Your Board of Directors Recommends a Vote "For" This Proposal

Audit Firm Fees and Services

The aggregate fees, including expenses, billed by PwC, for professional services in fiscal 2021 and 2020 were as follows:

Services Rendered	Fiscal 2021	Fiscal 2020
Audit Fees	\$ 4,173,000	\$ 4,808,000
Audit-Related Fees	\$ 25,000	\$ 39,000
Tax Fees	\$ 998,000	\$ 3,295,000
All Other Fees	\$ 6,000	\$ 5,000

The audit fees for the years ended August 1, 2021 and August 2, 2020 include fees for professional services rendered for the audits of our consolidated financial statements and the effectiveness of our internal control over financial reporting, quarterly reviews, statutory audits, SEC filings, accounting consultations, and other compliance services required to be performed by our auditor. Audit fees for the year ended August 2, 2020 also include fees related to the Company's debt offering and Campbell International divestiture process.

The audit-related fees for the year ended August 1, 2021 relate to a pension plan audit. Audit-related fees for the year ended August 2, 2020 relate to pre-implementation reviews and a pension plan audit.

Tax fees for the years ended August 1, 2021 and August 2, 2020 include fees for services related to tax compliance, including the preparation of tax returns, tax assistance with tax audits, transfer pricing, and tax consulting. Tax fees for the year ended August 2, 2020 also include tax planning related to the Campbell International divestiture.

Other fees for the years ended August 1, 2021 and August 2, 2020 include fees associated with the use of accounting, disclosure and technical research software.

All audit, audit-related, tax and other fees described above were pre-approved by the Audit Committee in accordance with its pre-approval policy.

Audit Committee Pre-Approval Policy

Our Audit Committee's policy is to pre-approve all audit and non-audit services provided by the independent registered public accountants. These services may include audit services, audit-related services, tax services and other permissible non-audit services. The pre-approval authority details the particular service or category of service that the independent registered public accountants will perform. Management reports to the Audit Committee on the actual fees charged by the independent registered public accountants for each category of service.

During the year, circumstances may arise when it becomes necessary to engage the independent registered public accountants for additional services not contemplated in the original pre-approval authority. In those instances, the Audit Committee approves the services before we engage the independent registered public accountants. In case approval is needed before a scheduled Audit Committee meeting, the Audit Committee has authority to delegate pre-approval authority to one of its members who must report on such pre-approval decisions at the Audit Committee's next regular meeting. During fiscal 2021, the Audit Committee delegated authority to its Chair to pre-approve additional audit and non-audit services in an amount not to exceed \$200,000.

Auditor Independence

Our Audit Committee discussed with PwC the firm's objectivity and independence and PwC advised the committee that PwC is an independent accountant with respect to Campbell, within the meaning of Public Accounting Oversight Board Rule 3520 and that the members of its firm are not aware of any relationships between PwC and Campbell that, in their professional judgment, may reasonably be thought to bear on their independence. Furthermore, PwC has advised us that neither it nor any member of its firm has any

financial interest, direct or indirect, in any capacity in us or our subsidiaries. We have made similar inquiries of our directors and executive officers, and we have identified no such direct or indirect interest in PwC. Our Audit Committee also considered whether the provision of non-audit services by PwC to Campbell for the most recent fiscal year and the fees and costs billed and expected to be billed by PwC for those services are compatible with maintaining its independence.

Audit Committee Report

Management has primary responsibility for Campbell's financial statements and the reporting process, including the system of internal control over financial reporting. Our role as the Audit Committee of Board of Directors is to oversee Campbell's accounting and financial reporting processes, including the system of internal control over financial reporting, and audits of its financial statements.

Our duties include overseeing Campbell's management, internal auditors and the independent registered public accounting firm in their performance of the following functions for which they are responsible:

Management

- Preparing Campbell's financial statements in accordance with U.S. GAAP;
- Establishing and assessing effective financial reporting systems and internal controls and procedures; and
- Reporting on the effectiveness of Campbell's internal control over financial reporting.

Internal Auditors

- Independently assessing management's system of internal controls and procedures; and
- Reporting on the effectiveness of that system.

Independent Auditors

- Auditing Campbell's financial statements;
- Issuing an opinion about the financial statements' conformity with U.S. GAAP; and
- Annually auditing the effectiveness of Campbell's internal control over financial reporting.

The Audit Committee discussed with the internal auditors and the independent registered public accounting firm the overall scope and plans for their respective audits. The Audit Committee reviewed with the internal auditors and independent registered public accounting firm, with and without members of management present, the results of their audits, their assessment of Campbell's internal control over financial reporting and the overall quality of Campbell's financial reporting.

Prior to Campbell's filing of its Annual Report on Form 10-K for the fiscal year ended August 1, 2021 with the SEC, the Audit Committee also during the year:

- Reviewed and discussed with management and the independent registered public accounting firm the audited financial statements;
- Reviewed and discussed with the independent registered public accounting firm the critical audit matters arising from the current period audit of the financial statements that were communicated or required to be communicated to the Audit Committee and that (1) relate to accounts or disclosures that are material to the consolidated financial statements, and (2) involved the auditor's especially challenging, subjective or complex judgments;
- Reviewed and discussed with management and the independent registered public accounting firm the assessment by management and the independent registered public accounting firm of the adequacy and effectiveness of Campbell's internal control over financial reporting;
- Discussed with the independent registered public accounting firm the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board and the SEC regarding the independent registered public accountants' communications with the Audit Committee;
- Received from the independent registered public accounting firm a written report stating that they are not aware of any relationships between the registered public accounting firm and Campbell that, in their professional judgment, may reasonably be thought to bear on their independence, as required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communication with the audit committee concerning independence;
- Discussed with the independent registered public accounting firm the firm's objectivity and independence; and
- Considered whether the provision of non-audit services by the independent registered public accounting firm to Campbell for the most recent fiscal year and the fees and costs billed and expected to be billed by the independent registered public accounting firm for those services are compatible with maintaining its independence.

Based on the review and discussions described in this report, and subject to the limitations of the Audit Committee's role and responsibilities outlined in this report, the Audit Committee recommended to the Board that Campbell's audited consolidated financial statements be included in Campbell's Annual Report on Form 10-K for the fiscal year ended August 1, 2021 for filing with the SEC.

ITEM 3 — ADVISORY VOTE ON FISCAL 2021 EXECUTIVE COMPENSATION

Section 14A of the Exchange Act requires that shareholders be given the opportunity to cast an advisory (non-binding) vote on executive compensation. This vote, commonly known as a “Say on Pay” vote, gives shareholders the opportunity to vote for or against named executive officer (“NEO”) compensation during a given fiscal year. Shareholders’ votes are not intended to address any specific item of the compensation program, but rather to address our overall approach to executive compensation as disclosed in this proxy statement in accordance with the SEC’s rules.

As described in detail in the Compensation Discussion and Analysis beginning on page 40, our compensation program is designed to link pay to Company, division and individual performance, and reward achievements in those areas accordingly. The objectives of the executive compensation program are to:

- Align the financial interests of our NEOs with those of our shareholders, in both the short and long term;
- Provide incentives for achieving and exceeding our short- and long-term goals;
- Attract, motivate and retain key executives by providing total compensation opportunities that are competitive with opportunities offered by other companies in the food, beverage and consumer products industries; and
- Differentiate the level of compensation based on individual and business unit performance, leadership potential and level of responsibility within the organization.

The Compensation and Organization Committee (“Compensation Committee”) of the Board of Directors annually reviews our compensation structure, including the apportionment of pay between fixed and at-risk compensation elements and the design of the incentive compensation programs, and reviews and approves the applicable performance metrics by which such at-risk compensation

is paid. The Compensation Committee believes that our executive compensation program effectively implements our compensation principles and policies, achieves our compensation objectives and aligns the interests of the NEOs and shareholders. Please read the entire Compensation Discussion and Analysis beginning on page 40 for additional details about our executive compensation programs, including detailed information about fiscal year 2021 compensation of the NEOs.

The Board of Directors is asking shareholders to support our fiscal 2021 executive compensation program, as disclosed in this proxy statement. The vote required for approval of this proposal is a majority of the votes cast. Abstentions and broker non-votes will not be counted as votes cast on this proposal. This vote on executive compensation is advisory, and therefore, will not be binding on Campbell Soup Company, the Compensation Committee or the Board of Directors, and it will not be construed as overruling any decision by the Company or the Board of Directors or creating or implying any change to, or additional fiduciary duties for, the Company or the Board of Directors.

Your Board of Directors Recommends a Vote “For” This Proposal and “For” the Following Resolution:

“RESOLVED, that the shareholders of Campbell Soup Company approve, on an advisory basis, the compensation paid to Campbell Soup Company’s named executive officers, as disclosed in the 2021 Proxy Statement pursuant to the Securities and Exchange Commission’s compensation disclosure rules, including the Compensation Discussion and Analysis, the 2021 executive compensation tables and related narrative discussion.”

COMPENSATION DISCUSSION AND ANALYSIS (“CD&A”)

This CD&A describes our executive compensation program for the Chief Executive Officer (“CEO”), the Chief Financial Officer (“CFO”), and the three other most highly compensated executive officers who were serving as executive officers at fiscal year end (August 1, 2021), (collectively with the CEO, and the CFO, “named executive officers” or “NEOs”). The

Compensation and Organization Committee (“Committee”) of the Board of Directors oversees all aspects of NEO compensation, including annual incentive compensation under our Annual Incentive Plan (“AIP”) and long-term incentive compensation under our Long-Term Incentive Program (“LTI Program”). The fiscal 2021 NEOs are:

▪ Mark A. Clouse	President and Chief Executive Officer
▪ Mick J. Beekhuizen	Executive Vice President and Chief Financial Officer
▪ Adam G. Ciongoli	Executive Vice President, General Counsel and Chief Sustainability, Corporate Responsibility and Governance Officer
▪ Christopher D. Foley	Executive Vice President and President, Meals & Beverages
▪ Valerie J. Oswalt	Executive Vice President and President, Snacks

1 WHAT HAPPENED IN 2021?

Strategy and 2021 Financial Results

Our strategy is to deliver profitable growth by focusing on our core brands in two divisions within North America. This strategy is based on four pillars:

- Building a winning team and culture;
- Accelerating profitable growth;
- Fueling investments and margins with targeted cost savings; and
- Delivering on the promise of our purpose – *Connecting people through food they love*.

In fiscal 2021, we continued to adapt and evolve in a dynamic environment as we advanced our strategic plan. In the first part of the fiscal year, as the COVID-19 pandemic continued to challenge many areas across North America, our employees—particularly the front-line and supply chain teams—continued to rally to meet the elevated demand for our products, while keeping one another safe and supporting the communities we call home. We prioritized safety and communications, implementing enhanced protocols across the company and providing clear direction and regular updates. Our people are our greatest strength and competitive advantage—they drive our success. This approach served us well, and despite the unprecedented challenges of last year's operating environment, we made significant progress.

In the first half of the fiscal year, we posted strong growth across all key operating metrics while continuing to invest in our brands. We attracted and retained millions of new households with the most notable increase coming from younger consumers. Reflecting the sustained relevance of our brands, our in-market performance was strong across the board, with high single-digit consumption growth for the total company, as well as our U.S. soup and our Snacks power brands. Additionally, we increased household penetration and consumption across our Meals & Beverages division, including condensed soups, ready-to-serve soups, and broth, as well as in *Prego* pasta sauces and *V8* beverages. We made thoughtful

decisions on promotions, and we flexed our supply chain capabilities as retailers rebuilt inventory levels after the initial COVID-19 surge.

In the second half of the fiscal year, we began to cycle, or wrap, our exceptional results from the same period of the prior year which were driven by the COVID-19 demand surge, amidst intense market volatility and supply chain challenges. We also navigated the pressures of a significant transformation agenda, especially in our Snacks division. While we anticipated the vast majority of these factors, the transitional costs associated with navigating the COVID-19 environment coupled with inflation required we take additional actions through pricing and cost productivity initiatives.

On September 1, 2021, we announced our fiscal 2021 financial results, which included:

- Net sales of \$ 8.476 billion, a decrease of 2% versus 2020
- Organic net sales of \$8.455 billion were flat versus 2020
- EBIT of \$1.545 billion, an increase of 40% versus 2020
- Adjusted EBIT of \$1.406 billion, a decrease of 3% versus 2020
- EPS from continuing operations of \$3.30, an increase of 69% versus 2020
- Adjusted EPS from continuing operations of \$2.98, an increase of 1% versus 2020
- Cash flows from operations of \$1.035 billion

More information on our business performance in fiscal 2021 is available in our 2021 Form 10-K, which is included in the 2021 Annual Report to Shareholders that accompanies this proxy statement. Information on items impacting comparability is available in Appendix A, which also provides a reconciliation of organic net sales, adjusted EBIT and adjusted EPS, which are non-GAAP measures, to their most comparable GAAP measures.

2021 Executive Compensation: New Developments and Payouts

In fiscal 2021, the Committee made a number of changes to the Company Annual Incentive Plan ("AIP")

- Adjusted the weightings of the metrics in the AIP to further align the AIP with the Company's strategic objectives;
- Approved target goals for fiscal 2021 that were below actual results from fiscal 2020 to account for the fact that the Company would be wrapping the unprecedented demand surge of fiscal 2020 caused by the onset of the COVID-19 pandemic and to reflect the expected impact on fiscal 2021 results. In recognition of this uncertain environment, the Committee also approved flatter payouts for achievement of target performance and widened the ranges applicable for each level of achievement.

Our financial performance in fiscal 2021 met the target metrics that were established by the Committee under the AIP, as discussed, beginning on page 47. Final payouts reflect the performance versus predetermined goals as well

as the Committee's judgment. Based on our results and the Committee's overall evaluation of Company performance in fiscal 2021 including the review of the quality of financial results as further described on pages 47 through 48, the Committee funded the AIP pool at 90% of target.

Our TSR performance over the three-year performance period ending in fiscal 2021 was ranked 7th in the 11-company Performance Peer Group, resulting in the TSR performance-restricted share units with a performance period ending in fiscal 2021 vesting at 75% of target. See pages 49 through 50 for additional information.

Our FCF performance-restricted share units granted in fiscal 2019 with a three-year performance period ending in fiscal 2021, vested at 167% of target, as a result of the averaging of the three annual performance scores. See page 50 for additional information.

2 WHAT ARE OUR COMPENSATION PRACTICES?

Compensation Objectives

The objectives of our executive compensation program are to:

- Align the financial interests of the NEOs with those of our shareholders, in both the short and long term;
- Provide incentives for achieving and exceeding our short-term and long-term goals;
- Attract, motivate and retain our key executives by providing total compensation opportunities that are competitive with opportunities offered by other companies in the food, beverage and consumer products industries; and
- Differentiate the level of compensation based on individual and business unit performance, leadership potential and level of responsibility within the organization. Individual performance is rated based upon demonstrated leadership skills, accomplishment of objectives, business unit or functional accountabilities and personal contributions.

Compensation Principles and Policies

The Compensation and Organization Committee annually reviews and approves the principles and policies for executive compensation. In fiscal 2021, the Committee reviewed the compensation principles and policies and determined that no changes were required. The current compensation principles and policies are:

- Campbell offers a total compensation package that is designed to link pay to Company, business unit and individual performance and attract, motivate and retain the caliber of talent needed to deliver successful business performance in absolute terms and relative to competition;
- Compensation levels are set after comparing Campbell's pay levels and practices to the practices of the Compensation Peer Group (see page 44), which is reviewed annually by the Committee;
- Campbell targets total annual compensation, consisting of salary, annual incentives and long-term incentives, to approximate the regressed market median to enable the Company to recruit and retain executive talent. A regression analysis is performed to adjust the compensation data for the top executive positions to take into account differences in the total revenue of various peer companies compared to our total revenue. Our competitive position is reviewed annually by the Committee. An individual executive's salary, target annual incentive and target long-term incentives may be higher or lower than the regressed market median due to a number of factors including the scope of the individual's job responsibilities, his or her individual contributions and experience, business performance and job market conditions;
- Annual incentive payments are based on our performance compared to the goals established at the beginning of the fiscal year in designated measurement areas relating to our financial and enterprise priorities for that year. The Committee evaluates performance compared to the annual goals to establish the AIP pool and uses its judgment to make any adjustments, which for fiscal 2021 was downward;
- Long-term incentive grants are delivered in a combination of performance-restricted share units and time-lapse restricted share units, with the mix varying by level of responsibility within the organization; and
- Senior executives have a substantial portion of their compensation at risk, based upon the achievement of the performance goals for annual incentive payments and the performance goals for long-term incentives. To further align the interests of our senior executives with those of shareholders, a higher proportion of the incentive compensation delivered to senior executives is through performance-based long-term incentives that are paid out depending upon our financial performance (see pages 49 through 50 for a description of the LTI Program).

Compensation Governance

Our executive compensation program reflects the following best practices:

WE DO	WE DO NOT
✓ Maintain a strong alignment between corporate performance and compensation	✗ Have an employment agreement with our CEO or any other executive officers
✓ Annually review the risk profile of our compensation programs and maintain risk mitigators	✗ Pay dividends or dividend equivalents to NEOs on unearned equity awards
✓ Use an independent compensation consultant retained directly by the Compensation and Organization Committee	✗ Reprice stock options without the approval of Campbell shareholders
✓ Use "double-trigger" change in control provisions in all change in control agreements with our NEOs	✗ Provide tax gross ups in any change in control agreement since January 1, 2011

WE DO

- ✓ Have a policy that allows for the clawback of incentive compensation upon a material financial restatement resulting from fraud or intentional misconduct and have performance share award agreements that allow for award clawback in the event of a breach of duty of loyalty
- ✓ Maintain robust stock ownership guidelines for all executive officers

WE DO NOT

- ✗ Allow any directors or officers to hedge Campbell common stock
- ✗ Allow any directors or executive officers to pledge Campbell common stock (subject to grandfathering)

Results of 2020 Say on Pay Vote

At the 2020 Annual Meeting of Shareholders, we held our annual shareholder advisory vote on executive compensation, or “Say on Pay” vote. Approximately ninety-six percent (96%) of the votes cast were in favor of the “Say on Pay” proposal.

As the Committee evaluated our compensation principles and policies during fiscal 2021, it was mindful of this favorable outcome and our shareholders’ strong support of our

compensation objectives and compensation programs. The Committee has maintained its general approach to executive compensation and made no material changes in fiscal 2021 to the compensation principles and policies or the objectives of our compensation program in response to the results of the “Say on Pay” vote.

3 HOW ARE COMPENSATION DECISIONS MADE?

Role of the Compensation and Organization Committee

The Committee has overall responsibility for our executive compensation program. The Committee annually reviews compensation strategy, principles and policies, including the apportionment of pay between fixed compensation and incentive compensation elements, and the design of incentive compensation programs. The Committee approves all compensation and benefits for our executive officers (including current executive officers who are NEOs) and Company executives with base salaries in excess of \$500,000 per year, authorizes the aggregate amount of annual incentive awards for all eligible participants under the AIP and the LTI Program, and authorizes the CEO to allocate awards to other participants under the AIP and the LTI Program, up to an aggregate amount. Pursuant to the terms of its charter, the Committee is authorized to delegate any of its responsibilities to subcommittees as it deems appropriate, subject to the requirements of applicable laws, regulations and shareholder approved plans. The Committee has delegated to the Chair of the Committee the authority to approve compensation actions for executive officers between Committee meetings when absolutely necessary for business continuity purposes.

A subcommittee consisting of the Chair of the Committee and either the independent Board Chair or another independent director must jointly approve any equity grants made to executive officers between meetings.

Following the completion of the fiscal year, the Committee reviews the performance of the NEOs and approves each executive’s annual incentive payment for the just-completed fiscal year and certifies the vesting of long-term incentive awards for performance periods ending as of the just-completed fiscal year. The Committee also reviews and approves the base salary, annual incentive target and long-term incentive grant for the current fiscal year. This review of all major elements of executive compensation at one time provides the Committee with a comprehensive analysis of the target dollar amount of compensation that would be delivered by each element of compensation, assuming that the required performance goals are attained.

The Committee also reviews major organizational changes and reviews our succession planning and leadership development processes.

Role of Management

It is our customary practice for the CEO and the Executive Vice President and Chief Human Resources Officer to provide recommendations to the Committee on compensation actions for our executive officers (except for actions related to their own compensation) and on potential changes in the design of executive compensation programs, which the Committee then reviews with its independent compensation consultant. In September 2020, Mr. Clouse and the Executive Vice President and Chief Human Resources Officer recommended to the Committee compensation actions for all of the Company’s executive officers (other than their own positions), including

the NEOs, as well as Company executives with base salaries over \$500,000. The recommendations included fiscal 2020 AIP awards and base salaries and LTI grants for fiscal 2021. In September 2021, Mr. Clouse and the Executive Vice President and Chief Human Resources Officer recommended to the Committee fiscal 2021 AIP awards and base salaries and LTI grants for fiscal 2022 for the Company’s executive officers (other than their own positions), including the NEOs.

Role of Independent Compensation Consultant

Pursuant to its charter, the Committee is authorized to engage an outside advisor to assist in the design and evaluation of our executive compensation program, as well as to approve the fees paid to such advisor and other terms of the engagement. Prior to the retention of an outside advisor, the Committee assesses the prospective advisor's independence, taking into consideration all relevant factors, including those factors specified in the NYSE listing standards.

FW Cook has been the Committee's independent compensation consultant since fiscal 2014. Each year the Committee reviews the performance of FW Cook. FW Cook does not provide us with any services other than advising the Committee on executive compensation and advising the Governance Committee on non-employee director compensation. The Committee did not engage any other compensation advisor in fiscal 2021. At the direction of the Committee, FW Cook provided advice on CEO compensation, compensation

trends, governance issues and other matters of interest to the Committee during fiscal 2021. The Committee assessed FW Cook's independence, taking into account a number of factors such as: (1) the provision of other services to Campbell by FW Cook; (2) the amount of fees received from Campbell by FW Cook as a percentage of the total revenue of FW Cook; (3) FW Cook's policies and procedures to prevent conflicts of interest; (4) any business or personal relationship between FW Cook and the members of the Committee; (5) any ownership of Campbell stock by the individuals at FW Cook performing consulting services for the Committee; and (6) any business or personal relationship between FW Cook and any Campbell executive officer. FW Cook provided the Committee with appropriate assurances regarding its independence. Based on this analysis, the Committee has concluded that FW Cook has been independent throughout its service to the Committee and that there are no conflicts of interest.

Peer Groups

The Committee identifies both a Compensation Peer Group and a Performance Peer Group (which is a subset of the Compensation Peer Group) in designing and determining executive compensation. The Committee uses the Compensation Peer Group to evaluate the competitiveness of executive compensation and uses the Performance Peer Group to measure our relative TSR performance.

The Compensation Peer Group consists of companies in the food, beverage and consumer products industries with whom we primarily compete for executive talent. The Performance Peer Group includes the companies in the Standard & Poor's Packaged Foods Group, which are independently selected by Standard & Poor's ("S&P") based upon the similarities of the companies' businesses in the packaged foods industry.

The composition of the Compensation Peer Group is reviewed and approved by the Committee each fiscal year after obtaining advice from its independent compensation consultant. For fiscal 2021, following its review, the Committee replaced Diageo North America, Inc. with Treehouse Foods, Inc. in the Compensation Peer Group as benchmark information was not readily available for Diageo North America, Inc. and it is not considered an active competitor for our talent while Treehouse Foods, Inc. was identified as a competitive peer for our talent.

In fiscal 2021, the Committee compared our target total compensation levels with levels at the companies in the Compensation Peer Group identified in the table below. Given

our relatively small size in relation to many of the companies in the Compensation Peer Group, a regression analysis was performed to adjust the compensation data for the top positions for differences in the total revenues of the various companies compared to our total revenue. The Committee believes that use of the Compensation Peer Group is the most effective method to evaluate and set the compensation needed to attract, motivate and retain the executive talent needed to manage our businesses and operations successfully, because these are the primary companies with which we compete for senior executives. Use of this peer group also provides a broad database that allows Campbell to obtain accurate, representative survey information for a majority of its positions.

The Committee also reviewed the Performance Peer Group in fiscal 2021 and continues to believe that it is the appropriate group in Campbell's industry against which to measure our TSR performance. TSR performance of the companies in the Compensation Peer Group that are not in the packaged foods industry is more likely to be affected by economic developments that do not affect the packaged foods industry. Companies that are added to and deleted from the S&P Packaged Foods Group are automatically added to, or deleted from, the Performance Peer Group. The companies currently in the S&P Packaged Foods Group are noted in the table below; this list is also readily available through S&P.

4 HOW DO WE COMPENSATE OUR NEOs?

Compensation Elements

The primary components of our executive compensation and benefits programs are summarized in the following table:

Element		Purpose/Objective	Additional Info
Fixed	Base Salary	<ul style="list-style-type: none"> Provide a base level of compensation that is competitive in relation to the responsibilities of each executive's position to attract the talent needed to successfully manage our business and execute our strategies 	Page 46

	Post-Termination Compensation and Benefits	<ul style="list-style-type: none"> Provide market-competitive benefits to attract the talent needed to successfully manage our business and execute our strategies Provide a reasonable measure of financial stability in the event of involuntary termination or change in control 	Pages 51-52
	Benefits and Perquisites	<ul style="list-style-type: none"> Provide market-competitive benefits and perquisites to attract the talent needed to successfully manage our business and execute our strategies 	Page 51

The proportion of compensation delivered in each of these elements is designed to:

- put more compensation at risk based upon Company or business unit and individual performance for NEOs, whose performance is more likely to influence the results of the executive's business unit or function, or the results of the Company as a whole;
- align NEO compensation with shareholder value creation through long-term incentives based on relative and absolute total shareholder return;
- provide consistency over time in the proportion of compensation opportunity among the elements, while varying actual pay based upon Company, business unit and individual performance; and
- be competitive with the practices of the Compensation Peer Group in order to attract, motivate and retain key executives.

Our NEOs have a substantial portion of their target compensation at risk:

CEO

87% at-risk

Base Salary 13%	Bonus 20%	LTI 67%
---------------------------	---------------------	-------------------

Other NEOs

76% at-risk

Base Salary 24%	Bonus 20%	LTI 56%
---------------------------	---------------------	-------------------

Base Salary

The Committee considers a number of factors in determining individual base salaries for the NEOs, including the scope of an individual's job responsibilities, his or her individual contributions and experience, business performance, job market conditions, the salary budget guidelines, and the individual's current base salary as compared with those of persons in similar positions at other companies in the Compensation Peer Group, as well as within the Company. Targets for annual incentive payments and long-term incentive grants are a percentage of base salary.

Individual salaries for NEOs are reviewed each September by the Committee when it conducts its annual review of executive performance. Merit increases are generally based on the CEO's (for executives other than the CEO) and the Committee's assessment of individual performance.

In September 2020, the Committee reviewed the base salaries for all of the NEOs. The Committee decided to increase the fiscal 2021 base salaries for Messrs. Clouse, Beekhuizen, Ciongoli and Foley and Ms. Oswalt by 3%, 5%, 3%, 3% and 5% respectively, generally in line with the average 2.9% base salary increases for our U.S.-based salaried employees. In the case of each of Mr. Beekhuizen and Ms. Oswalt, the additional merit increases were intended to better align each individual's base salary to a comparable position within the Compensation Peer Group. Mr. Clouse's base salary was increased to be competitive with the CEO benchmark within the Compensation Peer Group.

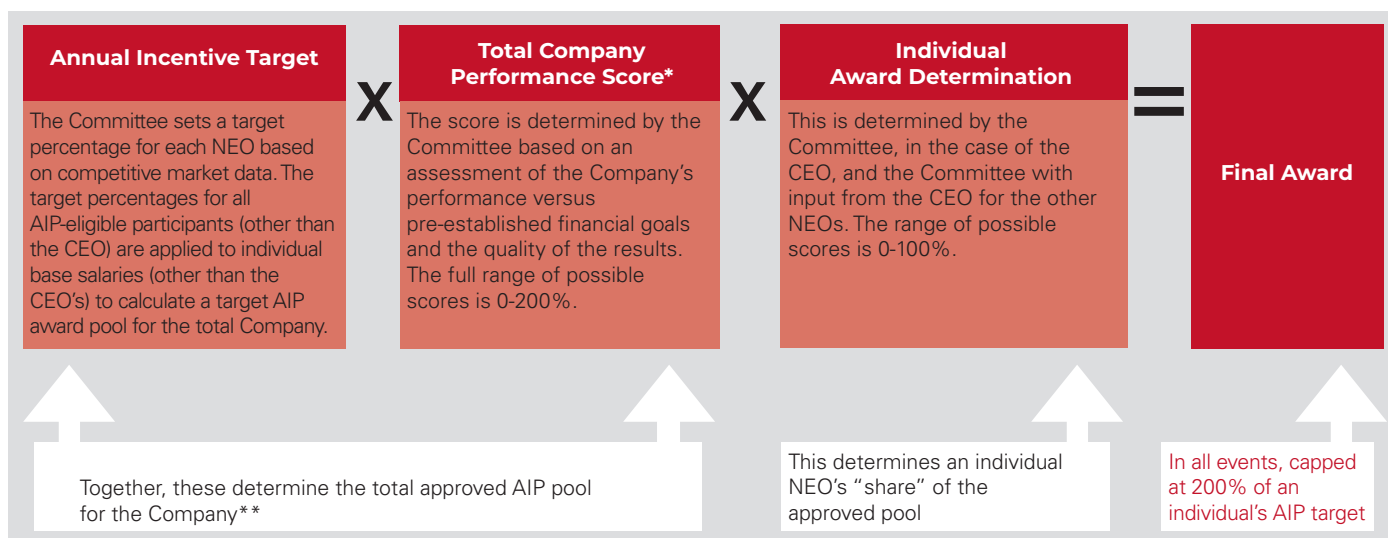

The amount of base salary paid to each of the NEOs in fiscal 2021 is presented in the 2021 Summary Compensation Table on page 54.

Annual Incentive Compensation

In fiscal 2021, all NEOs were eligible to receive an annual incentive award under the Campbell Soup Company Annual Incentive Plan ("AIP"). Awards to NEOs under the AIP are determined based on Company and/or division performance (as applicable) and individual performance, as illustrated in the table below.

In fiscal 2021, the Compensation Committee increased the top of the Company Performance Score payout range from 175% to 200% and decreased the top of the payout range for a NEO's Individual Award Score from 150% to 100% to ensure that the application of an Individual Award Score would never result in an individual payout that exceeded the maximum Company Performance Score.

A narrative discussion of each component follows.

* AIP awards for NEOs who are division leaders are determined using a score that is weighted 30% on the assessment of total Company performance and 70% on the assessment of the division's performance.

** The total approved AIP pool for the Company as described above does not include payments to the CEO. The CEO's AIP payment comes from a separate pool, but is calculated in the same manner as described above (i.e., CEO's annual incentive target multiplied by the Total Company Performance Score multiplied by the CEO's Individual Performance Score, capped in all events at 200% of the CEO's annual incentive target).

Annual Incentive Target

Each year, the Committee establishes a competitive annual incentive target under the AIP, expressed as a percentage of base salary, for each NEO. The AIP target percentages are at or near the size-adjusted median for similar executive positions at companies in the Compensation Peer Group. The sum of the individual incentive targets for all AIP participants (approximately 1,765 executives, managers and professionals) comprises the target AIP award pool. The maximum payout under the AIP for any individual is 200% of his or her target.

The Committee reviewed the fiscal 2021 AIP targets for Messrs. Beekhuizen, Ciongoli, and Foley and Ms. Oswalt and determined that no changes were warranted to the targets for fiscal 2021. The Committee increased Mr. Clouse's target from 140% to 160% in recognition of his strong performance during his tenure as CEO and overall market competitive rates.

The fiscal 2021 annual incentive targets for the NEOs were:

Name	Fiscal 2021 Annual Incentive Target (% of Base Salary)	Fiscal 2021 Annual Incentive Target (\$)
Mark A. Clouse	160%	\$ 1,812,800
Mick J. Beekhuizen	90%	\$ 661,500
Adam G. Ciongoli	80%	\$ 609,120
Christopher D. Foley	80%	\$ 506,760
Valerie J. Oswalt	80%	\$ 504,000

Fiscal 2021 Total Company Performance Score

Fiscal 2021 was a year in which we planned to continue to execute against our strategy by focusing on the growth of our snacks business while also continuing to invest in U.S. soup and other core brands, to continue pursuing our multi-year cost saving initiatives and to deliver on market share growth within both divisions.

Considering the foregoing, the Committee chose to base the fiscal 2021 Total Company Performance Score for the AIP on three financial metrics – net sales, adjusted EPS and free cash flow – and established the performance targets set forth in the table below (dollars in millions, except per share amounts).

Metric Weighting	Performance Targets			
	Threshold	Target	Over-Achievement	Exceptional
Net Sales (40%)*	\$ 7,855	\$ 8,227 – \$ 8,309	\$ 8,847	\$ 9,011
Adjusted EPS (40%)*	\$ 2.84	\$ 2.98 – \$ 3.01	\$ 3.11	\$ 3.14
Free Cash Flow (20%)	\$ 608	\$ 701 – \$ 729	\$ 822	\$ 858

* Performance targets include adjustments to account for the impact of the divestment of the Plum baby foods and snacks business in the fourth quarter 2021.

The performance targets set forth above align with the Company's internal operating plan and externally provided net sales and adjusted EPS guidance that we shared for fiscal 2021 and were designed to be challenging to achieve. For each of the Net Sales and Adjusted EPS metrics, threshold performance results in a 50% payout of target funding, for the Free Cash Flow Metric, threshold performance results in 25% funding, and for all metrics, performance within the target range results in a 100% payout of target funding, over achievement results in a 175% payout of target funding, and exceptional performance results in 200% funding; straight-line interpolation will be used between points to determine the actual payout.

In establishing the metrics, performance targets and payout ranges for the fiscal 2021 Total Company Performance Score at the beginning of the fiscal year, the Committee recognized that the economic uncertainty caused by the COVID-19 pandemic would likely continue to have broad macro-economic impacts throughout fiscal 2021. Specifically, the Committee approved target goals for fiscal 2021 that were below actual results from fiscal 2020 to account for the fact that the Company would be wrapping the unprecedented demand surge caused by the onset of the COVID-19 pandemic in fiscal 2020 and to reflect

the expected impact on fiscal 2021 results. In recognition of this uncertain environment, the Committee also approved reduced leverage for a given level of performance versus target and widened the ranges applicable for each level of achievement.

The Committee believed that linking the fiscal 2021 AIP to net sales, adjusted EPS from continuing operations and free cash flow would appropriately incent the management team to take the necessary steps to continue brand growth in Snacks, invest in our Meals & Beverages business and continue to deliver cost savings and network optimization. It established the performance targets and payout ranges described above to incent management to deliver its external outlook, which the Committee believed would help the Company establish a solid foundation for future business growth.

The table below summarizes our fiscal 2021 performance for AIP purposes. Adjusted EPS from continuing operations is a non-GAAP measure and excludes certain items impacting comparability as set forth in Appendix A. Free cash flow is an internal metric that measures net cash provided by operating activities less capital expenditures and certain investing and financing activities (dollars in millions, except per share amounts).

	Fiscal 2021 AIP Performance	Performance Assessment	Score	Weighting	Weighted Contribution to Total Company Performance Score
Net Sales	\$8,476	Overachievement	120%	40%	48%
Adjusted EPS	\$ 2.98	Target	100%	40%	40%
Free Cash Flow	\$ 767	Overachievement	131%	20%	26%

Formulaically, the Total Company Performance Score provided for a payout equal to 114% of target. However, the Committee retains discretion to adjust the Total Company Performance Score for quality of results and other factors as it deems appropriate and exercised such discretion in fiscal 2021. Once the performance metrics review was complete, the Committee performed a review of the quality of the fiscal 2021 results to

determine if any adjustments were necessary to the overall payout. In evaluating the quality of results the Committee considered a number of factors, including the impacts of COVID-19 on the Company's performance, and the Committee decided to exercise negative discretion and reduced the approved payout from 114% of target to 90% of target for fiscal 2021.

Fiscal 2021 CEO and NEO Annual Incentive Compensation

Mark A. Clouse

In September 2021, the Committee evaluated Mr. Clouse's fiscal 2021 performance, taking into account the Company's performance in fiscal 2021 against the metrics established for the AIP, for which Mr. Clouse, as our CEO, has ultimate oversight and responsibility. The Committee also evaluated Mr. Clouse's individual performance, as assessed by all independent directors on the Board through the CEO evaluation process, which among other things, noted

Mr. Clouse's continued leadership in managing through a global pandemic; delivery of financial results in line with external guidance; clear and transparent communication with the Board and other stakeholders; and implementation of a strategy to build a winning team and culture. Based on this review, the Committee established Mr. Clouse's fiscal 2021 AIP award as shown in the table below.

Name	Fiscal 2021 Annual Incentive Target	Fiscal 2021 Company Performance Score	Fiscal 2021 Individual Performance Score	Fiscal 2021 Annual Incentive Award
Mark A. Clouse	\$1,812,800	x	90%	x 100% = \$1,631,520

Other NEOs

Each NEO has individual performance goals for fiscal 2021 against which his or her individual performance was assessed. Mr. Clouse provided the Committee with his assessment of each NEO's fiscal 2021 performance and achievement relative to his or her individual performance goals. In providing the Committee with his assessment, Mr. Clouse made note of the following individual accomplishments for each NEO: Mr. Beekhuizen's leadership in the areas of capital structure management (including liquidity management), cash flow management and cost savings and his leadership in advancing key strategic initiatives to stabilize and optimize the business; Mr. Ciongoli's leadership in the management of risks relating

to the COVID-19 pandemic, and his oversight of legal, ESG, compliance and government relations functions; Mr. Foley's leadership in advancing the Company's strategic agenda and the performance of the overall Meals & Beverages division under his leadership in fiscal 2021; and Ms. Oswalt's leadership in advancing the Company's strategic agenda and efforts on brand growth and innovations within the Snacks division. Based on the individual performance of Mr. Beekhuizen, Mr. Ciongoli, Mr. Foley and Ms. Oswalt, Mr. Clouse recommended, and the Committee reviewed and approved, the AIP payouts as shown in the table below.

Name	Fiscal 2021 Annual Incentive Target	Fiscal 2021 Company Performance Score	Fiscal 2021 Individual Performance Score	Fiscal 2021 Annual Incentive Award
Mick J. Beekhuizen	\$ 661,500	x	90%	x 100% = \$595,350
Adam G. Ciongoli	\$ 609,120	x	90%	x 100% = \$548,208
Christopher D. Foley	\$ 506,760	x	104%*	x 100% = \$ 527,030
Valerie J. Oswalt	\$504,000	x	73%*	x 100% = \$365,400

* For purposes of determining the fiscal 2021 AIP award for Mr. Foley and Ms. Oswalt, the Committee used a score that was weighted 30% on its assessment of total Company performance, and 70% on the CEO's assessment of the performance of the Meals & Beverages division and the Snacks division, respectively.

Long-Term Incentive Compensation

Long-term incentives are typically equity awards, although cash-based awards may be made in limited circumstances. Equity grants are typically approved by the Committee each September, which is near the beginning of our fiscal year. Individual grants are based on the executive's level of responsibility, possession of critical skills, individual performance and future leadership potential as assessed in our human resources organization planning process. The

components of the LTI Program have evolved over time and are modified periodically to further the goals of the program. In fiscal 2020, the Committee decided to stop issuing stock options to the executive officers to simplify the design of the LTI program, while believing that the mix of performance and time-lapse restricted units provided strong shareholder alignment. All shares paid out under our LTI Program are treasury shares that were previously issued and outstanding.

Fiscal 2021 Long-Term Incentive Program

Each NEO employed at the time of the LTI grants has a long-term incentive target that is expressed as a percentage of his or her base salary. These targets, on average, are designed to deliver total direct compensation that approximates the regressed market median, in accordance with our Compensation Principles and

Policies. The Committee reviews the LTI targets for each NEO annually. The Committee did not make any changes to the fiscal 2021 LTI targets for our NEOs when it reviewed these targets in March 2020. The fiscal 2021 long-term incentive targets for our NEOs are set forth in the table below:

Name	Fiscal 2021 LTI Target (% of Base Salary)	Fiscal 2021 LTI Target (\$)
Mark A. Clouse	525%	\$5,775,000
Mick J. Beekhuizen	250%	\$1,750,000
Adam G. Ciongoli	220%	\$1,626,240
Christopher D. Foley	220%	\$1,353,000
Valerie J. Oswald	220%	\$1,320,000

Awards granted under our long-term incentive program in fiscal 2021 to our NEOs consisted of a combination of performance-restricted share units and time-lapse restricted share units, as follows:

- TSR performance-restricted share units, which are earned based upon our TSR performance over the three-year performance period compared to the TSRs of the other companies in the Performance Peer Group; and
- Time-lapse restricted share units, which vest ratably over three years based on continuous service with the Company.

In fiscal 2021, each NEO who participated in the LTI Program received 60% of their long-term incentive opportunity in TSR performance-restricted share units and 40% in time-lapse restricted share units. There is no payment of dividends on restricted share units during the restriction period; instead, accumulated dividend equivalents will be paid in cash at the end of the restriction period on the units that ultimately vest. The long-term incentive awards that were granted to our NEOs during fiscal 2021 appear in the table below, and a description of each component that was granted in fiscal 2021 or that vested in whole or in part based on our fiscal 2021 performance appears in the narrative discussion following the table.

Name	TSR Performance- Restricted Share Units	Time-Lapse Restricted Share Units	LTI Grant Value on Date of Grant*
Mark A. Clouse	67,073	44,715	\$5,775,000
Mick J. Beekhuizen	24,390	16,260	\$2,100,000
Adam G. Ciongoli	21,905	14,603	\$1,886,000
Christopher D. Foley	18,862	12,575	\$1,624,000
Valerie J. Oswald	17,631	11,754	\$1,518,000

* Value for grants made on October 1, 2020 is based on a stock price of \$51.66, which was the average closing price of Campbell common stock over the final 20 trading days in August 2020. The grant date fair value of share units, as shown in the 2021 Summary Compensation Table on page 54 and the 2021 Grants of Plan-Based Awards table on page 56, is different than the value in the table above because the grant date fair value is based on a Monte Carlo valuation in the case of the TSR performance-restricted share units and the closing share price on the date of the grant for time-lapse restricted share units.

The fiscal 2021 long-term incentive awards to Mr. Clouse were granted at target. Messrs. Beekhuizen, Ciongoli, and Foley and Ms. Oswald were granted awards in excess of their target amount based on the recommendation of the CEO and the Committee's evaluation of their performance. Mr. Beekhuizen was granted an award at 120% of his target, Mr. Ciongoli was granted an award at 116% of his target, Mr. Foley was granted an award at 120% of his target and Ms. Oswald was granted an award at 115% of her target.

TSR Performance-Restricted Share Units

In fiscal 2021, the Committee granted 60% of long-term incentive awards to the NEOs in the form of TSR performance-restricted share units. The Committee believed that it was appropriate to include an element that compared our performance to an external peer group, and that linking a significant portion of long-term compensation to our TSR performance aligns the interests of NEOs with those of our shareholders. TSR performance-restricted share units are paid out based upon our TSR performance over a three-year period compared to the TSRs of the other companies in the Performance Peer Group over the same three-year

period. At the time of payment, the Committee can exercise negative discretion in determining our ranking under the TSR performance-restricted share unit portion of the program in the event of extraordinary circumstances.

The grants made in fiscal 2021 have a fiscal 2021-2023 performance period. Based on the current composition of the Performance Peer Group, which has 11 companies, including Campbell, the percentage of target TSR units granted in fiscal 2021 that will be paid out at the end of the performance period based upon our TSR performance ranking is illustrated in the chart below:

Campbell's TSR Performance Rank	1	2	3	4	5	6	7	8	9	10	11
Percentage Payout	200%	200%	175%	150%	125%	100%	75%	50%	0%	0%	0%

Time-Lapse Restricted Share Units

In fiscal 2021, the Committee granted long-term incentive awards to the NEOs in the form of time-lapse restricted share units. Time-lapse restricted share units will vest in equal installments on each of the first three anniversaries of the grant date and are paid out two months following the end of each fiscal year provided that the NEO meets the service requirements. The Committee intends for the time-lapse restricted share units to be a retention tool.

In addition to the grants that are made as part of the annual long-term incentive program, the Committee may also grant time-lapse restricted share units to NEOs in other limited circumstances, typically (1) at the start of their employment with us in recognition of their forfeiture of long-term incentive grants from their prior employer, (2) as additional compensation when an NEO is promoted into a new role or given additional responsibilities, or (3) as an additional retention tool.

For more information on these awards, see the 2021 Grants of Plan-Based Awards Table on page 56.

Awards with Performance Periods Ending in Fiscal 2021

TSR Performance-Restricted Share Units

TSR performance-restricted share units were granted in October 2018 and January 2019 as part of the fiscal 2019 LTI Program. These units had a fiscal 2019-2021 performance period. For the fiscal 2019-2021 performance period, the

percentage of target TSR performance-restricted share units that were paid out was based upon our TSR performance ranking as illustrated in the chart below.

Campbell's TSR Performance Rank	1	2	3	4	5	6	7	8	9	10	11
Percentage Payout	200%	200%	175%	150%	125%	100%	75%	50%	0%	0%	0%

- Our cumulative three-year TSR of 21.2% ranked 7th versus the peer group.
- Based on the above criteria and our TSR performance ranking, the payout for TSR performance-restricted share units for the fiscal 2019-2021 performance period was 75% of the target amount.

FCF Performance-Restricted Share Units

In fiscal 2019, the Committee granted long-term incentive awards to the NEOs in the form of free cash flow ("FCF") performance-restricted share units. Prior to last year's deleveraging of our balance sheet, the Committee believed that free cash flow was particularly important to the Company's long-term objectives. The grants made in fiscal 2019 have a 2019-2021 performance period. The Committee establishes a goal for free cash flow for each year of the performance period. Accordingly, the fiscal 2019 LTI Program included FCF performance-restricted share units that will vest based on free cash flow performance in fiscal 2019, 2020 and 2021. Fiscal 2019 free cash flow was \$1.022 billion, versus a target goal of \$730 million, resulting in a performance score for fiscal 2019 of 200%. Fiscal 2020 free cash flow was \$1.078 billion, versus a target goal of \$650 million, resulting in a performance score for fiscal 2020 of 200%. In each of fiscal 2019 and fiscal 2020

the Company produced strong cash flows in excess of targets due primarily to working capital improvements and higher cash earnings. Fiscal 2021 free cash flow was \$767 million, versus a target goal of \$715 million. In connection with the review of actual results for the Total Company Performance Score as described above, the Committee evaluated the quality of cash flows for fiscal 2021, including the impacts of COVID-19 on cash flows, and exercised negative discretion to approve a performance score for fiscal 2021 of 100%, which was within the performance payout range of 100% - 175%. Based on the average of the free cash flow performance scores for each of fiscal 2019 (200%), fiscal 2020 (200%) and fiscal 2021 (100%), the FCF performance-restricted share units with a performance period ending in fiscal 2021 vested at 167% of target.

Retirement Plans and Other Benefits

Pension Plans

Eligible NEOs participate in one qualified, defined benefit pension plan, the Campbell Soup Company Retirement and Pension Plan ("Qualified Plan") and in one non-qualified, defined benefit pension plan, the Campbell Soup Company Supplemental Employees' Retirement Plan ("SERP"). The Qualified Plan provides funded, tax-qualified benefits up to applicable annual limits allowed under the IRC for full-time U.S. employees who commenced employment with us prior to January 1, 2011. The SERP is an unfunded, non-qualified executive retirement plan which is intended to provide the benefits that are not payable under the Qualified Plan based on statutory compensation limits or due to the NEO's deferral of compensation. All defined benefit pension plans were closed to new participants, effective December 31, 2010. The only NEO who was eligible for the Qualified Plan and the SERP in fiscal 2021 was Mr. Foley.

Although closed to new participants, we maintain the Qualified Plan and the SERP as a means to retain eligible employees and to provide them with a competitive level of pension benefits. The retirement plans provide eligible employees, including the eligible NEOs, the opportunity to plan for future financial needs during retirement. Under the Qualified Plan, the actual pension benefit is calculated on the same basis for all participants, and is based upon the eligible NEO's:

- length of service;
- covered compensation (for example, base salary and annual incentive payments under the AIP); and

Deferred Compensation Plans

The Campbell Soup Company Deferred Compensation Plan and Supplemental Retirement Plan provide an opportunity for eligible U.S.-based participants, including the NEOs, to save for future financial needs. For a more detailed discussion of the

Perquisites

Our Personal Choice Program provides quarterly cash payments to certain NEOs in lieu of Company sponsored programs for items such as tax or estate planning services or financial planning services. The Committee believes that these payments are appropriate to reimburse executives for financial and tax planning services or other purposes so that the executives are not distracted from devoting their time and energy to their responsibilities to the Company. We also provide long-term disability protection to NEOs who were hired in 2015 and prior that is in addition to the standard long-term disability coverage provided for other employees. During fiscal 2021, we provided supplemental long-term disability coverage to Mr. Ciongoli.

Severance Plans

Each executive officer who reports to the CEO, including each of the NEOs are participants in the Campbell Soup Company Executive Severance Pay Plan (the "Executive Severance Plan"). The Executive Severance Plan provides a maximum payment of two times base salary if the executive is involuntarily terminated without cause. This payment and benefit level was determined primarily by reference to the amount of time customarily required for employees who are involuntarily terminated without cause to find other employment. We believe that, due to the relative scarcity of senior executive roles, employees at higher levels in the

- age at retirement.

Time-lapse restricted share units, performance-restricted share units and stock options, as well as any extraordinary remuneration, are not included in the calculation of the pension benefit under the Qualified Plan. For a more detailed discussion of the retirement plans and the accumulated benefits under these plans, see the 2021 Pension Benefits table and the accompanying narrative beginning on page 59.

NEOs who were hired or promoted into an eligible salary grade on or after January 1, 2011 may be eligible to receive an Executive Retirement Contribution. Messrs. Clouse, Beekhuizen, Ciongoli and Foley and Ms. Oswalt were eligible for the Executive Retirement Contribution in fiscal 2021. The Executive Retirement Contribution is a credit to the participant's Supplemental Retirement Plan account. The amount of the Executive Retirement Contribution is calculated on the same basis for all participants using covered compensation (for example, base salary and annual incentive payments under the AIP) and is subject to vesting criteria. The Executive Retirement Contribution is consistent with our objective to attract and retain experienced senior executives to execute our strategies and was adopted as a means to provide a competitive level of retirement benefits to executives. For a more detailed discussion of the Executive Retirement Contribution, see the narrative on page 60 following the 2021 Pension Benefits table and the 2021 Nonqualified Deferred Compensation table and accompanying narrative beginning on page 61.

deferred compensation arrangements relating to the NEOs, see the 2021 Nonqualified Deferred Compensation table and accompanying narrative beginning on page 61.

During fiscal 2021, we provided relocation benefits to each of Messrs. Clouse, Beekhuizen and Foley, consistent with the terms and conditions of our standard relocation policies for executives at each of their respective levels. The payments made in fiscal 2021 related to relocations made by each executive in fiscal 2020. In addition, we made tuition-reimbursement payments to Ms. Oswalt in 2021, which payments were offered in connection with her employment.

For additional information on all perquisites provided to the NEOs in fiscal 2021, please see the 2021 Summary Compensation Table and accompanying footnotes, which begin on page 54.

organization generally need more time to locate comparable positions elsewhere than employees at lower levels. Assurance of a reasonable measure of financial security in the event of involuntary termination is important to candidates for executive positions, and the extent of the severance benefits offered by Campbell in comparison with those available at other companies is sometimes a significant factor in their evaluations of the attractiveness of opportunities at Campbell.

See Potential Payments Upon Termination or Change in Control beginning on page 63.

Change in Control Benefits

We have entered into “double-trigger” Change in Control Severance Protection Agreements (“CIC Agreements”) with each of the NEOs. The CIC Agreements provide for severance pay and continuation of certain benefits should an applicable termination of employment occur in connection with and within two years following a change in control. The Committee believes that the CIC Agreements are necessary in order to retain stability in the senior executive team in the event there is a threatened or actual change in control.

The CIC Agreements’ double-trigger provisions require the occurrence of the following two events in order for an executive to receive payments and benefits: (1) a change in control; and (2) the executive’s employment must be

terminated involuntarily and without cause (or terminated voluntarily for good reason) within two years following a change in control.

None of our current CIC Agreements with the NEOs provides “gross-up” payments to cover any federal excise taxes owed on change in control-related severance payments and benefits.

For a more detailed discussion of these CIC Agreements, see Potential Payments Upon Termination or Change in Control, beginning on page 63.

We also have change in control provisions in our AIP, our long-term incentive plans and our U.S. retirement plans, and these provisions apply equally to all participants in the plans, including the NEOs.

HOW DO WE MANAGE RISKS RELATED TO OUR COMPENSATION PROGRAM?

Risk Assessment — Incentive Compensation Programs

Each year, the Committee reviews the risk profile of our compensation programs. Management completes, for review by the Committee, an assessment of our compensation programs on a global basis, with a focus on incentive compensation programs. The Committee believes that our compensation programs do not create risks that are likely to have a material adverse effect on the Company. The Committee’s assessment was based on numerous factors, including:

- the compensation governance process that we have established;
- the relative size of the potential payouts in the aggregate and for any individual;
- the inclusion of a “cap” on the maximum payouts to any individual;
- the appropriate balance of fixed versus variable and cash versus equity compensation
- the use of multiple metrics in the respective incentive programs; and
- the potential for incentive compensation to be recouped pursuant to the Company’s Clawback Policy, as described on page 53.

Executive Stock Ownership

We require NEOs to own shares to further align their interests with those of shareholders. It is our policy that NEOs achieve an ownership stake that represents a significant multiple of their base salaries. Until the ownership level is achieved, NEOs must retain at least half of the after-tax value of each equity award in shares of Campbell stock upon the vesting of restricted share units or exercise of options. All NEOs that are currently employed by the Company are compliant with the retention requirements, and all have either met or are

making meaningful progress toward their respective ownership standard. Progress toward a designated ownership standard is measured annually.

The share ownership requirements for NEOs are listed below. The ownership standard is expressed as a multiple of salary that is determined based on organization level or salary grade. Establishing ownership standards as a multiple of base salary links the program with pay actions (i.e., base salary increases), and ensures that ownership objectives remain competitive. The ownership multiples have been set at market median.

Stock Ownership Requirement as Multiple of Base Salary

Executives may count toward these requirements the value of shares beneficially owned and shares and share units that are deferred and fully vested in the 401(k) plan and other deferred compensation programs. Unvested restricted share units and unexercised stock options are not counted in calculating ownership.

Tax Implications

Until Congress amended IRC Section 162(m) under the Tax Cuts and Jobs Act of 2017 ("TCJA"), IRC Section 162(m) limited the deductibility of the compensation paid to an NEO (excluding the CFO) to \$1 million, except to the extent the compensation was qualified performance-based compensation. Historically, the Committee established performance goals for the AIP and LTI Program that were designed to qualify the annual and long-term incentives awarded to our NEOs as deductible under IRC Section 162(m).

Effective January 1, 2018, the TCJA made significant changes to IRC Section 162(m). As a result, compensation we pay to NEOs in excess of \$1.0 million will not be deductible for tax years beginning on or after January 1, 2018, subject to limited transition relief for arrangements in place as of November 2,

2017, the scope of which is uncertain. The Company intends to avail itself of this transition relief, to the extent applicable, for compensation paid pursuant to written, binding contracts that were in effect on November 2, 2017.

Now that the performance-based compensation exception is no longer available, the Company anticipates that it will no longer include IRC Section 162(m)-related limitations or provisions or request shareholder approval for this purpose and may not generally attempt to meet the requirements previously included in our plans related to the exception, however the Company intends to continue its pay for performance philosophy and will continue to provide that a significant portion of compensation paid to our NEOs is subject to performance criteria.

Policies Prohibiting Hedging or Pledging Company Securities

It is our policy to prohibit all directors, officers and employees from hedging or offsetting the economic risk associated with fully owned shares, restricted share units and unexercised stock options that are granted as compensation or held directly or indirectly by the director, officer or employee. The Campbell Soup Company Amended and Restated Insider Trading Policy ("Insider Trading Policy") provides that no director, officer (including any executive officer) or employee may purchase securities or other financial instruments that "hedge", or are designed to "hedge", the value of any security issued by Campbell, its subsidiaries or affiliates, including phantom stock or stock units. The Insider Trading Policy defines "hedge" as any security transaction that reduces the risk on an already existing investment position in a Campbell security, including the purchase or sale of options, puts, calls, straddles, equity swaps or other derivatives linked

to a Campbell security. In addition, in-and-out trading involving holding of securities for brief periods and other speculative transactions in Campbell securities are strictly prohibited by the Insider Trading Policy. Directors and officers of Campbell are prohibited by law from making any short sale (i.e., sale of securities not owned at the time of sale) of Campbell's stock.

We also have a policy that prohibits pledging of shares by directors and executive officers, with an exception for pledge arrangements that were established prior to September 25, 2013. No executive officers have any existing pledge agreements. One director currently has a grandfathered arrangement. See the footnotes following the Ownership of Directors and Executive Officers table on page 73 for further information.

Incentive Compensation Clawback Policy

In September 2017, the Board approved the Campbell Soup Company Incentive Compensation Clawback Policy ("Clawback Policy") to better align our compensation practices with our shareholders' interests and ensure that incentive compensation is based upon accurate financial information. Our Clawback Policy, which covers all executive officers (including the NEOs), allows for recovery of cash and equity incentive compensation in the event the Company is required to prepare a material financial restatement due to fraud or intentional misconduct. Beginning in fiscal 2022, we expanded the provisions in our long-term performance incentive award agreements to provide for a three-year clawback after vesting (and forfeiture of awards before vesting) if an executive breaches his or her duty of loyalty to the Company.

The Committee has sole discretion to determine whether and how to apply the Clawback Policy. In determining whether to recover compensation, the Committee will consider whether the executive officer received incentive compensation based on the original financial results that was in excess of the incentive compensation that should have been received based on the restated financial results. The Committee will also consider the accountability of the individual executive officer for the restatement, including whether the individual engaged in fraud or intentional misconduct.

COMPENSATION AND ORGANIZATION COMMITTEE REPORT

The Compensation and Organization Committee has reviewed and discussed the foregoing Compensation Discussion and Analysis with management, and based on such reviews and discussions, the Committee recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement.

EXECUTIVE COMPENSATION TABLES

2021 Summary Compensation Table

The following Summary Compensation Table provides information concerning the fiscal 2021 compensation of our Chief Executive Officer, Chief Financial Officer, and the three other most highly compensated executive officers who were serving as executive officers at fiscal year-end (August 1, 2021) ("named executive officers" or "NEOs"). Information is

only included for Messrs. Clouse, Beekhuizen and Foley and Ms. Oswalt for those years within the last three fiscal years in which the individual was a NEO. For a complete understanding of the table, please read the footnotes and narrative disclosures that follow the table.

(1) Mr. Beekhuizen and Ms. Oswalt joined the Company during fiscal 2020. The amounts reported in this column for fiscal 2020 for Mr. Beekhuizen and Ms. Oswalt represent one-time cash payments in recognition of the forfeiture of their respective annual bonuses from their prior employment.

(2) The amounts reported in this column represent the aggregate grant date fair value of all stock awards granted to each NEO, calculated in accordance with FASB ASC Topic 718, for the listed fiscal year. The assumptions we used in calculating these amounts are included in Note 17 to the Consolidated Financial Statements in our 2021 Form 10-K. With respect to the FCF performance-restricted share units, the amounts reported in this column represent the grant date fair value of that portion of each NEO's award that was tied to free cash flow performance in fiscal 2019, fiscal 2020 and fiscal 2021.

The amounts reported in the Summary Compensation Table for the performance-based awards assume a future payout at the target level, which we believe is the probable outcome of the performance conditions at the time of grant. However, this may not represent the amounts that the NEOs will actually realize from the awards. Whether and to what extent, a NEO realizes value with respect to these performance-based awards will depend on our actual free cash flow and TSR

performance and the NEO's continued employment. If our performance results in a future payout at the maximum level (200% of target), the aggregate grant date fair value of the performance-based stock awards granted in fiscal 2021 would have been as follows: Mr. Clouse, \$8,533,207; Mr. Beekhuizen \$2,679,554; Mr. Ciongoli, \$2,715,536; Mr. Foley, \$2,163,202; and Ms. Oswalt \$1,936,991.

The amounts reported in the Summary Compensation Table for time-lapse stock awards assume the service conditions will be met and the awards will vest. Whether, and to what extent, a NEO realizes value with respect to these time-lapse stock awards will depend on the NEO's continued employment.

For additional information on grant date fair value and estimated future payouts of stock awards, see the 2021 Grants of Plan-Based Awards table on page 56, and to see the value of stock awards actually realized by the NEOs in fiscal 2021, see the 2021 Option Exercises and Stock Vested table on page 58.

(3) The amounts reported in this column represent the grant date fair value of the option awards, calculated in accordance with FASB ASC Topic 718, for the listed fiscal year. The assumptions we used in calculating these amounts are included in Note 17 to the Consolidated Financial Statements in our 2021 Form 10-K. For additional

information on grant date fair value of option awards, see the 2021 Grants of Plan-Based Awards table on page 56.

- (4) The amounts reported in this column for each NEO reflect the amounts earned and paid under the AIP. Payments under the AIP were determined as described in the CD&A beginning on page 46.
- (5) The change in pension amounts reported for fiscal 2021 are comprised of changes between August 3, 2020 and August 1, 2021 in the actuarial present value of the accumulated pension benefits for eligible NEOs. Eligible NEOs receive pension benefits under the same formula applied to all eligible U.S.-based salaried employees. The only eligible NEO for these pension benefits in fiscal 2021 was Mr. Foley. The assumptions used in calculating the change in pension value are described on page 61.

The values reported in this column are theoretical, as those amounts are calculated pursuant to SEC requirements and are based on assumptions used in preparing our consolidated audited financial statements for the years ended August 1, 2021 and August 2, 2020. The Qualified Plan and SERP utilize different methods of calculating

actuarial present value for the purpose of determining a lump-sum payment, if any, to be paid under each pension plan. The change in pension value from year to year as reported in the table is subject to market volatility and may not represent the value that a NEO will actually accrue under the Qualified Plan and the SERP, as applicable, during any given year. The material provisions of our pension plans and deferred compensation plans are described on page 62.

No NEO received above-market earnings (as this term is defined by the SEC) on their nonqualified deferred compensation accounts during fiscal 2021.

- (6) The amounts reported in this column reflect, for each NEO, the sum of (i) the incremental cost to Campbell of all perquisites and other personal benefits; (ii) any amounts contributed by Campbell to the applicable 401(k) plan and any 401(k) supplemental program, which are part of our deferred compensation plans; (iii) Campbell's executive retirement contributions; (iv) any premiums paid by Campbell for executive long-term disability benefits; (v) relocation expenses paid by Campbell and (vi) any other amounts received by the NEO.

The following tables outline those (i) perquisites and other personal benefits and (ii) all other additional compensation required by the SEC rules to be separately quantified:

- (a) See page 51 for a description of the supplemental 401(k) program.
- (b) This amount is unvested and is subject to forfeiture if the vesting criteria are not met. See page 60 for a description of the Executive Retirement Contribution.
- (c) The amounts in this column represent tax reimbursements related to relocation assistance received by Messrs. Clouse, Beekhuizen and Foley.

- (d) The amounts in this column represent the perquisites provided to each NEO, including a \$34,448 payment paid to Ms. Oswalt for tuition reimbursement, \$6,750 in relocation expenses for Mr. Foley relating to the disposition of his home, \$48,000 in benefits paid to Mr. Clouse under our Personal Choice Program, \$32,000 in benefits paid to each of Messrs. Beekhuizen, Ciongoli and Foley under our Personal Choice Program, and \$16,000 in benefits paid to Ms. Oswalt under our Personal Choice Program. See page 51 for a description of our Personal Choice Program.

(1) The amounts listed under the Estimated Possible Payments under Non-Equity Incentive Plan Awards columns represent the minimum, target and maximum payouts for each executive for fiscal 2021 under the AIP.

(2) The Committee sets dollar targets for grants to NEOs under the LTI Program. The dollar targets may be expressed as a percentage of salary or as some other amount and converted to units based upon Campbell's average closing stock price during the last 20 trading days in August 2020, which was \$51.66 for the fiscal 2021 grants made on October 1, 2020. The performance period for TSR performance-restricted share units granted during fiscal 2021 is fiscal years 2021-2023, and this grant represents 60% of each NEO's fiscal 2021 LTI award. The target units were credited to the NEOs on the grant date. For units granted in fiscal 2021, dividend equivalents will not be paid on the units during the applicable performance period. Instead, accumulated dividend equivalents will be paid in cash on the restricted share units that vest at the end of the performance period when the grants are paid out.

The Committee certifies the attainment of performance goals, and any earned shares are distributed to participants following the end of the applicable performance period. See the description in the CD&A beginning on page 47 for information about targets, performance goals and payment of shares. The grants have specific rules related to the treatment of the units in the event of termination for cause, voluntary resignation, retirement, involuntary termination and change in control. These provisions are described under Potential Payments Upon Termination or Change in Control beginning on page 63.

(3) NEO's received 25% of their fiscal 2019 LTI awards in FCF performance-restricted share units. The performance period for the FCF performance-restricted share units issued during fiscal 2019 is fiscal years 2019-2021. The Committee established a goal for free cash flow for each year of the performance period. These units vested on September 30, 2021 based on the average of the three

performance scores achieved over the three-year period. The FCF performance-restricted share units shown in the table above represent the portion of the grant that was tied to fiscal 2021 cash flow performance. The target units were credited to the NEOs on the grant date but no vesting occurred until after the end of fiscal 2021. At the time of the grant of the units tied to fiscal 2021 cash flow, the performance scores for each of fiscal 2019 (200% performance) and fiscal 2020 (200% performance) had already been certified by the Committee. Accordingly, the threshold payout for final third of the target units shown in the above table was calculated by averaging the actual 200% performance for each of fiscal 2019 and 2020 and a theoretical 0% performance for fiscal 2021, resulting in a threshold payout of 133%.

The Committee certifies the attainment of performance goals, and any earned shares are distributed to participants following the end of the applicable performance period. See the description in the CD&A beginning on page 47 for information about targets, performance goals and payment of shares. The grants have specific rules related to the treatment of the units in the event of termination for cause, voluntary resignation, retirement, involuntary termination and change in control. These provisions are described under Potential Payments Upon Termination or Change in Control beginning on page 63.

(4) The amounts reported in this column represent the grant date fair value of the stock awards granted in fiscal 2021, calculated in accordance with FASB ASC Topic 718. The grant date is established once the performance target is defined and communicated to participants which, in the case of the TSR performance-restricted share units granted during fiscal 2021 was October 1, 2020 and in the case of the FCF performance-restricted share units received in fiscal 2019, but which were granted for accounting purposes during fiscal 2021, was September 28, 2020. The assumptions we used in calculating these amounts are included in Note 17 to the Consolidated Financial Statements in our 2021 Form 10-K.

2021 Outstanding Equity Awards at Fiscal Year-End

The following table provides information on the holdings of stock options and restricted share units by each of the NEOs at fiscal year-end.

This table includes exercisable and unexercisable stock options, unvested time-lapse restricted share units, unvested performance-restricted share units (TSR and FCF) and unvested equity incentive plan awards. Each equity grant is shown separately for each NEO. The market value of stock awards is based on the closing market price of our

common stock on July 30, 2021, which was \$43.72. The performance-restricted share units, which were initially granted on October 1, 2018, October 1, 2019 and October 1, 2020, are subject to specific goals during the applicable performance period as explained in the CD&A beginning on page 47. The footnotes below the table describe the vesting schedules.

For additional information about the awards, see the description of the LTI Program in the CD&A beginning on page 49.

- (1) The options vest ratably over a three-year period, with one-third vesting on each of the first three anniversaries of the grant date.
- (2) The options vest 100% on the third anniversary of the grant date.
- (3) These are TSR performance-restricted share units that were granted in fiscal 2019 with a fiscal 2019-2021 performance period. The Committee met on August 19, 2021 to evaluate our TSR performance over the 2019-2021 performance period. Based on our TSR performance over the fiscal 2019-2021 performance period, the Committee certified the payout of the fiscal 2019 TSR

performance-restricted share units at 75%. These awards will vest at 75% on their applicable vesting dates assuming the applicable service conditions are met.

- (4) These are TSR performance-restricted share units that were granted in fiscal 2020 with a fiscal 2020-2022 performance period. Because our TSR performance as of the end of fiscal 2021 failed to meet the performance measure required for payment at threshold, these awards are shown at threshold (50% of target). The extent to which these awards will vest and be paid out following the end of the fiscal 2020-2022 performance period will depend on our actual TSR performance over the full performance period. In addition, the grantee must remain employed through September 30, 2022 for the award to vest.

- (5) These are TSR performance-restricted share units that were granted in fiscal 2021 with a fiscal 2021-2023 performance period. Because our TSR performance as of the end of fiscal 2021 failed to meet the performance measure required for payment at threshold, these awards are shown at threshold (50% of target). The extent to which these awards will vest and be paid out following the end of the fiscal 2021-2023 performance period will depend on our actual TSR performance over the full performance period. In addition, the grantee must remain employed through September 30, 2023 for the award to vest.
- (6) These are FCF performance-restricted share units that were issued in fiscal 2019 with a fiscal 2019-2021 performance period. The Committee met on August 19, 2021 to evaluate our free cash flow performance for fiscal 2021 and our average free cash flow performance over the 2019-2021 performance period. Based upon the averaging of the three performance scores for fiscal 2019 (200%), fiscal 2020 (200%) and fiscal 2021 (100%), over the fiscal 2019-2021 performance period, the Committee certified the payout of the fiscal 2019 FCF performance-restricted share units at 167%. These awards will vest at 167% on their applicable vesting dates assuming the applicable service conditions are met.
- (7) These are time-lapse restricted share units which vest as follows:

2021 Pension Benefits

Eligible NEOs participate in the Qualified Plan or the SERP, as each is described below and on page 51. These plans were closed to new participants in 2010. The only NEO who was eligible for the Qualified Plan and the SERP in fiscal 2021 was Mr. Foley.

The Qualified Plan

The Qualified Plan was established and designed to provide funded, tax-qualified pension benefits for eligible U.S.-based employees up to the applicable annual limits allowed under the IRC. The Qualified Plan became a cash balance pension plan on May 1, 1999. Participants who had an accrued benefit as of April 30, 1999 are eligible to receive the greater of their pension benefit under the prior benefit formula, which is based on final average pay, or the cash balance benefit. Employees who became participants in the Qualified Plan on or after May 1, 1999 (including Mr. Foley) are instead eligible only for the cash balance benefit. The pension benefits calculated under the prior benefit formula based on final average pay were frozen on April 30, 2014.

In January 2010, the Board took action to close the Qualified Plan to new participants, effective December 31, 2010, and, instead, offer eligible employees new enhancements to our 401(k) plan. This action was consistent with our efforts to

move towards defined contribution plans as the vehicle for offering retirement benefits to its employees. As a result of this action, only Mr. Foley participated in the Qualified Plan.

A participant in the Qualified Plan receives a plan account consisting of an opening account balance, pay credits and interest credits.

- **Opening Account Balance:** If an employee was an active participant on April 30, 1999, he or she received an opening account balance consisting of an age 65 benefit accrued under the Qualified Plan as of December 31, 1998, converted to a lump-sum cash value using an interest rate of 5.25% and the 1983 unisex Group Annuity Mortality table. If an employee became a participant on or after May 1, 1999, the opening account balance is zero.
- **Pay Credits:** Pay credits equal a percentage of a participant's eligible compensation, which is limited by the IRC and described in more detail below in this section. Pay credits are credited as of the last day of each calendar year and made based upon the following formula:

Age as of December 31 of Prior Calendar Year	Pay Credit Rate
Less than 30	4.5%
30 but less than 40	5.5%
40 but less than 50	7.0%
50 but less than 60	8.0%
60 or more	9.0%

If a participant terminates employment before the end of a calendar year, he or she will be credited with pay credits as of the last day of the month in which employment ended.

Interest Credits: Interest is credited to a participant's cash balance account as of the last day of each calendar year and is based on the average annual yield on the 30-year U.S. Treasury securities for November of the prior calendar year. Interest credits will never be less than 2.5% or more than 10%.

Eligible compensation includes non-deferred base pay and AIP payments, and deferred compensation attributable to pre-tax contributions to the Company's applicable welfare cafeteria plan and 401(k) plan, respectively. Under the Qualified Plan,

participating NEOs are not eligible for unreduced benefits before attaining the normal retirement age of 65. In addition, we do not credit extra service beyond the actual years of an employee's participation in the plan. Qualified Plan participants are 100% vested in their accrued benefit after attaining three years of service. Lump-sum payments are available as a form of distribution under the Qualified Plan.

The Present Value of Accumulated Benefit is the lump-sum present value of the annual pension benefit that was earned as of August 1, 2021 and that would be payable at age 65. The Present Value of Accumulated Benefits for the Qualified Plan was determined in this manner for Mr. Foley.

The Supplemental Employees' Retirement Plan

Supplemental executive retirement plans are intended to restore benefits which cannot be provided under the qualified retirement plan typically due to legal limitations applicable to qualified plans. The SERP is a non-qualified executive retirement plan which is intended to provide the benefits that are not payable under the company's tax-qualified pension plan based on statutory compensation limits or due to the NEO's deferral of compensation.

Employees hired prior to January 1, 2011 are eligible for benefits under the SERP. The SERP follows the same formula and rules as the Qualified Plan but applies to compensation which is excluded for Qualified Plan purposes. Compensation which is excluded from the Qualified Plan in calculating benefits are:

Executive Retirement Contribution

The Committee implemented an Executive Retirement Contribution for eligible U.S.-based senior executives who were hired on or after January 1, 2011. The Executive Retirement Contribution is intended to attract experienced executives and provide retirement benefits to these executives. Executive Retirement Contributions are subject to a vesting schedule, which is designed to balance attraction and retention objectives.

- Annual Incentive Plan and sales incentive plan awards that are deferred, and
- Paid compensation in excess of the annual IRS compensation limit.

When a participant leaves the company, the lump sum value of the vested SERP benefit is calculated and credited to the Supplemental Retirement Plan. For more information about the Supplemental Retirement Plan, see the narrative on page 62. Once credited to the Supplemental Retirement Plan, the SERP benefit is treated as a non-elective contribution for Supplemental Retirement Plan purposes and paid according to the default distribution schedule unless changed by the participant. Mr. Foley was the only NEO who participated in the SERP in fiscal 2021.

We will credit an eligible participant's Supplemental Retirement Plan account with an Executive Retirement Contribution equal to 10% of the participant's base salary and annual incentive. The Executive Retirement Contributions are subject to an age-graded vesting schedule and do not begin to vest until the participant has attained age 55 and completed at least five years of service with Campbell. The table below provides details on the vesting criteria:

Vesting Percentage	Criteria
50%	Age 55 and at least 5 years of service
60%	Age 56 and at least 5 years of service
70%	Age 57 and at least 5 years of service
80%	Age 58 and at least 5 years of service
90%	Age 59 and at least 5 years of service
100%	Age 60 and at least 5 years of service

Messrs. Clouse, Beekhuizen, Ciongoli and Foley and Ms. Oswalt received an Executive Retirement Contribution in fiscal 2021, and the amounts credited to each of them are unvested. For additional information on the Executive Retirement Contribution, please see the 2021 Nonqualified Deferred Compensation Table and accompanying narrative beginning on page 61.

Assumptions

For purposes of determining the Present Value of Accumulated Benefits, the following assumptions were used:

Fiscal Year Ended	2021	2020	2019
ASC 715 Discount Rate	2.70% — Qualified Plan 2.19% SERP	2.51% — Qualified Plan 1.96% SERP	3.54% — Qualified Plan

Cash Balance Interest Rate	1.89% initial rate grading linearly to 4.00% ultimate rate over 5 years and subject to a minimum of 2.50%	1.20% initial rate grading linearly to 4.00% ultimate rate over 5 years and subject to a minimum of 2.50%	3.30% initial rate grading linearly to 4.00% ultimate rate over 5 years
Form of Payment	Lump sum using ASC 715 assumption methods	Lump sum using ASC 715 assumption methods	Lump sum using ASC 715 assumption methods

The accumulated benefit is calculated based on credited service and pay as of August 1, 2021. The values reported in the Present Value of Accumulated Benefit column are theoretical and are calculated and presented according to SEC requirements. These values are based on assumptions used in preparing the Company's consolidated audited financial statements for the year ended August 1, 2021. Our pension plans use a different method of calculating actuarial present value for the purpose of determining a lump sum payment, if any, under the plans.

Using applicable plan assumptions, the lump sum present value of the Qualified Plan and the SERP combined as of August 1, 2021 and payable as of September 1, 2021 to Mr. Foley was \$598,370. Messrs. Clouse, Beekhuizen and Ciongoli and Ms. Oswalt are not eligible to participate in the plans. All benefit calculations set forth in this narrative and in the Pension Benefit Table are estimates only; actual benefits will be based on data, applicable plan assumptions, pay and service at the time of retirement.

(1) The amounts listed above for each NEO are reported in the 2021 Summary Compensation Table under All Other Compensation. The amounts listed above include the following unvested Executive Retirement Contributions made in fiscal 2021: Mr. Clouse, \$382,165; Mr. Beekhuizen, \$165,003; Mr. Ciongoli, \$179,201; Mr. Foley, \$149,090; Ms. Oswalt, \$91,708.

(2) The amounts listed above include earnings on unvested Executive Retirement Contributions, which would be subject to forfeiture if the vesting conditions are not met. The amount of earnings on unvested Executive Retirement Contributions is as follows: Mr. Clouse, \$766; Mr. Beekhuizen, \$351; Mr. Ciongoli, \$3,092; Mr. Foley, \$52,548; Ms. Oswalt, \$411.

- (3) The amounts listed above for Messrs. Clouse and Ciongoli include amounts previously reported in summary compensation tables as all other compensation, including gains or losses on such amounts. Messrs. Beekhuizen and Foley and Ms. Oswalt did not appear in any summary compensation tables prior to fiscal 2020.
- (4) The amounts listed do not include unvested Executive Retirement Contributions. The unvested amounts are subject to forfeiture if vesting conditions are not met and are as follows: Mr. Clouse, \$655,333; Mr. Beekhuizen, \$223,375; Mr. Ciongoli, \$805,720; Mr. Foley, \$326,588; Ms. Oswalt, \$114,265. Amounts may not add due to rounding.

The Deferred Compensation Plan and the Supplemental Retirement Plan are unfunded nonqualified deferred compensation plans maintained for the purpose of providing our eligible U.S.-based executives and key managers the opportunity to defer a portion of their earned compensation. Currently, participants may defer up to 90% of their annual incentive compensation. The ability of executives to defer all or a portion of their long-term incentive awards was eliminated in fiscal 2009, and the ability to defer base salary was eliminated as of January 1, 2011.

For those individuals whose base salary and annual incentive compensation exceed the IRC indexed compensation limit for the 401(k) plan (\$285,000 and \$290,000 for calendar years 2020 and 2021, respectively) and who participate in the 401(k) plan, we credit such individual's Supplemental Retirement Plan account with an amount equal to the matching contribution we would have made to the 401(k) plan but for the compensation limit (supplemental 401(k) program). These contributions are fully vested.

We will also credit an eligible participant's Supplement Retirement Plan account with an Executive Retirement Contribution equal to 10% of the participant's base salary and annual incentive. Eligible participants are U.S.-based senior executives who were hired on or after January 1, 2011. The Executive Retirement Contributions do not begin to vest until

the participant has attained age 55 and completed at least five years of service with Campbell. For additional information on the Executive Retirement Contribution and vesting criteria, please see the description beginning on page 60.

Each participant's contributions to the plans are credited to a notional investment account in the participant's name. Gains and losses in the participant's account are based on the performance of the investment choices the participant has selected. For deferral accounts, seven investment choices are available, including the Campbell Stock Account. In addition to the Stock Account, participants have the opportunity to invest in: (i) Vanguard's Institutional Index Plus Fund; (ii) Vanguard's Extended Market Index Plus Fund; (iii) Vanguard's Total International Stock Index Fund; (iv) Vanguard's Total Bond Market Index Fund; (v) Vanguard's Short-Term Bond Index Fund and (vi) BlackRock's Short-Term Investment Fund. With the exception of the Campbell's Stock Account, these investment choices are also available to all participants in the Company's 401(k) plan, along with several additional investment choices. A participant may reallocate his or her investment account at any time among the seven investment choices, except that reallocations of the Stock Account must be made in compliance with our insider trading policy. Dividends on amounts invested in the Stock Account may be reallocated among the seven investment accounts.

Potential Payments Upon Termination or Change in Control

The following table describes potential incremental payments upon termination of a NEO's employment under various circumstances.

	Termination for Cause	Voluntary Resignation (prior to the vesting or payment date)	Retirement (age 55, 5 years of service)
AIP/Annual Incentive	Forfeited	Forfeited	Pro rata portion for the current fiscal year based upon length of employment during the fiscal year, paid out based on business unit/Company performance and individual performance
Unvested time-lapse RSUs	Forfeited	Forfeited	100%, provided that the NEO retires at least six months after the grant date and provided further that the grant documents don't require the NEO to be employed by us on the vesting date
Unvested TSR and FCF performance RSUs	Forfeited	Forfeited	Pro rata portion of any TSR or FCF performance-restricted share units based on length of employment during the applicable restriction period, provided the NEO retires at least six months after the grant date; the pro rata portion will be paid out at the end of the restriction period based upon the vesting criteria being met
Unvested stock options	Forfeited	Forfeited	Options will continue to vest according to original schedule, provided the NEO retires at least six months after the grant date
Vested, unexercised stock options	Forfeited	Exercise within 3 months, or expiration, whichever is earlier	Exercise until expiration date

Severance Policy

We maintain the Campbell Soup Company Executive Severance Plan, which provides severance benefits for the CEO and other executive officers who report to the CEO, including the NEOs. An NEO will receive severance benefits equal to two times the officer's base salary if the officer's employment is involuntarily terminated by the Company without cause (as such terms are defined in the Executive Severance Plan). The severance benefits include two years of medical benefits and life insurance unless the officer obtains medical benefits or life insurance from another employer. Change in control severance benefits, which are based on a separate written agreement with each NEO, are described below.

Change in Control

We have double-trigger CIC Agreements with Messrs. Clouse, Beekhuizen, Ciongoli and Foley, and with Ms. Oswalt. The double-trigger provisions require the occurrence of the following two events in order for an executive to receive payments and benefits:

- (1) a change in control; and
- (2) the executive's employment must be terminated involuntarily and without cause (or with respect to benefits provided under the CIC Agreements and the LTI Program, terminated voluntarily for good reason) within two years following the change in control.

Generally, a "Change in Control" will be deemed to have occurred in any of the following circumstances:

- (i) the acquisition of 25% or more of the outstanding voting stock of the Company by any person or entity, with certain exceptions for descendants of the Company's founder;
- (ii) the persons serving as directors of the Company as of a date specified in the agreement, and those replacements or additions subsequently approved by a two-thirds vote of the Board, cease to make up more than 50% of the Board;

In order to receive severance payments, NEOs must execute a severance agreement and general release that releases the Company from any claims brought by the officer, contains provisions prohibiting the officer from disparaging us, and incorporates provisions from the officer's non-competition agreement (signed by all officers at the time they are hired), which prohibits the officer from soliciting our employees to work elsewhere and from competing with us for a period of twelve months following termination. Severance payments are made bi-weekly over a two-year period in accordance with our normal payroll processes.

- (iii) a merger, consolidation or share exchange in which the shareholders of the Company prior to the merger wind up owning 50% or less of the surviving corporation; or
- (iv) a complete liquidation or dissolution of the Company or disposition of all or substantially all of the assets of the Company.

CIC Agreements entered into prior to January 1, 2011 provided a gross-up payment if the NEO's aggregate amount of CIC Payments was equal to, or more than, 3.10 times the amount of the NEO's applicable "base amount" under IRC Section 280G. None of the CIC Agreements with NEOs provide for gross-up payments.

We also have change in control provisions in our AIP, our long-term incentive plans and our U.S. retirement plans and these provisions apply equally to all participants in the plans, including the NEOs. Our long-term incentive plan contains an additional change in control provision that applies in the event of a change in control where the surviving entity does not assume outstanding long-term incentive awards or substitute equivalent equity for the outstanding long-term incentive awards. Under this provision, termination of employment within two years is not required for vesting.

The following table generally summarizes the treatment of various compensation elements for the NEOs in the event of a change in control and termination of employment within two years.

Compensation Element	Applicable Plan or Arrangement	Treatment
Base Salary	CIC Agreement	Lump sum payment equal to 2.5x base salary
Annual incentive compensation	CIC Agreement	Lump sum pro-rata payment of annual incentive for the fiscal year in which termination occurs, based on the number of days employed in the fiscal year. An additional lump sum payment equal to 2.5x annual incentive target, which is based on the higher of the NEO's target for the fiscal year or the average actual annual incentive payout over the prior two years
Medical benefits and life insurance	CIC Agreement	Provided at the employee rate for the lesser of (a) 30 months or (b) the number of months remaining until the NEO's 65th birthday
Pension, 401(k) benefits and Executive Retirement Contributions	CIC Agreement	Lump sum based on a straight life annuity, commencing at age 65, assuming the executive would have remained employed until the earlier of (a) 30 months or (b) age 65
Performance-restricted share units	Campbell Soup Company 2015 Long-Term Incentive Plan*	NEO would become vested in, and restrictions would lapse on, the greater of (i) fifty percent (50%) of any unvested performance-restricted share units or (ii) a pro rata portion of such unvested performance-restricted share units based on the portion of the performance period that has elapsed prior to the date of the change in control
Time-lapse restricted share units	Campbell Soup Company 2015 Long-Term Incentive Plan*	All restrictions lapse immediately and all such units would become fully vested
Non-qualified stock options	Campbell Soup Company 2015 Long-Term Incentive Plan*	All options would vest and become immediately exercisable

* Our long-term incentive plan contains an additional change in control provision that applies in the event of a change in control where the surviving entity does not assume outstanding long-term incentive awards or substitute equivalent equity for the outstanding long-term incentive awards. Under this provision, outstanding long-term incentive awards vest in the same manner as set forth in the table above; however, termination of employment within two years is not required for vesting.

Tables

The following tables display the incremental payments that would be made and the value of equity awards that would vest in the event of termination of employment of an NEO for the reasons listed. In addition to the amounts in the following tables, the NEOs would be entitled to any vested pension benefits and any vested amounts in deferred compensation accounts that are disclosed above in the 2021 Pension Benefits table and the 2021 Nonqualified Deferred Compensation table.

CEO Pay Ratio Disclosure

Under Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K, we are required to provide the ratio of the annual total compensation of our CEO to the annual total compensation of the median-paid employee of the Company ("Median Employee"). Our CEO to median employee pay ratio was calculated in accordance with Item 402(u) of Regulation S-K, and represents a reasonable estimate.

In fiscal 2021, we re-identified our Median Employee to accurately represent our current population. To identify our Median Employee, we determined the fiscal 2021 base salary, our consistently applied compensation measure, for each of our 14,219 full-time, part-time, temporary and seasonal employees, excluding our CEO, Mark A. Clouse, who were employed by us on July 1, 2021. No cost of living adjustments were applied. For an employee paid in a currency other than U.S. dollars, we converted annual base salary into U.S. dollars, using exchange rates as of July 1, 2021. Based on this data

and process, we determined that our Median Employee was an hourly employee with an annual base salary of \$52,541. We then calculated the annual total compensation for our Median Employee using the methodology established for disclosing NEO compensation in the Summary Compensation Table, which resulted in our median employee having annual total compensation of \$68,586.

The fiscal 2021 compensation for Mr. Clouse, was \$9,903,652, which equals Mr. Clouse's compensation as reported in the Summary Compensation Table. Therefore, the ratio of our CEO's annual total compensation to the Median Employee's annual total compensation was 144 to 1.

The pay ratio disclosure provided above is a reasonable estimate. Because the SEC rules for identifying the median employee and calculating the pay ratio allow companies to use different methodologies, exemptions, estimates and assumptions, the pay ratio disclosure may not be comparable to the pay ratio reported by other companies.

ITEM 4 — SHAREHOLDER PROPOSAL REGARDING SIMPLE MAJORITY VOTE

Kenneth Steiner, a beneficial owner of no less than 500 shares of our common stock, has notified us that he intends to present a proposal at the 2021 Annual Meeting. The proposal and supporting statement, for which the Board of Directors accepts no responsibility, is set forth below. The proposal is required to be voted on at the 2021 Annual Meeting only if properly presented by the shareholder or his qualified representative. The Board of Directors opposes the proposal for the reasons stated after the proposal.

Shareholder's Proposal

Proposal 4 - Simple Majority Vote

RESOLVED, Shareholders request that our board take each step necessary so that each voting requirement in our charter and bylaws (that is explicit or implicit due to default to state law) that calls for a greater than simple majority vote be eliminated, and replaced by a requirement for a majority of the votes cast for and against applicable proposals, or a simple majority in compliance with applicable laws. If necessary this means the closest standard to a majority of the votes cast for and against such proposals consistent with applicable laws.

Shareholders are willing to pay a premium for shares of companies that have excellent corporate governance. Supermajority voting requirements have been found to be one of 6 entrenching mechanisms that are negatively related to company performance according to "What Matters in Corporate Governance" by Lucien Bebchuk, Alma Cohen and Allen Ferrell of the Harvard Law School. Supermajority requirements are used to block initiatives supported by most shareowners but opposed by a status quo management.

This proposal topic won from 74% to 88% support at Weyerhaeuser, Alcoa, Waste Management, Goldman Sachs, FirstEnergy and Macy's. These votes would have been higher than 74% to 88% if more shareholders had access to independent proxy voting advice. The proponents of these proposals included Ray T. Chevedden and William Steiner. This proposal topic also received overwhelming 99%-support at the 2019 Fortive annual meeting.

Also a 67% supermajority can amount to 80% supermajority of the shares that normally cast ballots at the annual meeting. A competitive management has no need to hide behind an 80% type supermajority vote barrier.

In anticipation of overwhelming non-insider shareholder support for this proposal topic the Governance Committee Chair could expedite adoption of this proposal by giving shareholders an opportunity to vote on a binding management proposal on this topic at our 2021 annual meeting. Hence adoption could take place in 2021 instead of 2022.

Please vote yes:

Simple Majority Vote – Proposal 4

Board of Directors' Response

**Your Board of Directors Recommends a Vote
"AGAINST" This Proposal**

After careful consideration, the Board has determined that adopting this proposal would not serve to enhance shareholder value and, therefore, it is not in the best interests of the Company or its shareholders.

The proposal asks that the Company take action to eliminate the supermajority voting provisions in the Company's Restated Certificate of Incorporation ("Certificate") and replace them with simple majority vote requirements. While the inclusion of supermajority voting provisions in charters and bylaws are seen by some investors as designed to entrench management, the Board believes that the supermajority provisions in the Certificate are protective of shareholders and appropriate. These provisions are designed to provide minority shareholders with a measure of protection against fundamental corporate changes and other self-interested actions by one or more large shareholders. Additionally, these provisions are particularly protective of our shareholders given that our ownership structure includes significant holdings by the descendants of the Company's founder ("family shareholders"). The Board of Directors unanimously recommends that shareholders vote against this proposal for the following reasons:

Voting Thresholds

A majority of votes cast is already the voting standard for electing the Company's directors in uncontested director elections under the Company's existing By-Laws. The approval of two-thirds of outstanding shares is required under the Certificate only for certain fundamental changes to the Company's corporate governance, including amendments to Certificate and the approval of certain fundamental corporate changes such as a merger, consolidation, or sale of substantially all of the assets of the Company.

Benefit to Shareholders of Supermajority Provisions

New Jersey law permits companies to adopt supermajority voting requirements, and a number of publicly traded companies have adopted these provisions to preserve and maximize long-term value for all shareholders. Supermajority voting requirements on fundamental corporate matters help to protect shareholders against self-interested and potentially abusive transactions proposed by large shareholders, including family shareholders, who may seek to advance their interests over the interests of the majority of the Company's shareholders. If the shareholder proposal were implemented, the Certificate could conceivably be amended by less than half of our outstanding shareholders in situations of low voter turnout or significant abstentions. For example, if the simple majority voting standard were adopted as proposed and only 50.1% of the shares outstanding are present at an annual or special meeting, shareholders constituting as little as 25.1% of the outstanding voting power could approve significant, fundamental corporate changes. The Board believes that the current supermajority voting standard is preferable because it encourages our large long-term shareholders to take into account the interests of all of the Company's shareholders in a manner that does not sacrifice the long-term success of the Company for short-term benefits. Further, without the supermajority voting provision, it would be possible for a

group of short-term shareholders, who may own their shares only as of a voting date or may have hedged their economic exposure, to amend our Certificate or approve an extraordinary transaction (such as merger or consolidation), for reasons that may not be in the best long-term interests of the Company and our shareholders. The Board believes that the current supermajority voting standard, which is limited to a small number of critical matters, is preferable because it helps preserve and maximize long-term shareholder value.

Campbell has an Excellent Corporate Governance Structure

The Company's Board is firmly committed to good corporate governance and has adopted a wide range of practices and procedures that promote effective Board oversight and accountability. The Board believes that the corporate governance concerns raised by the proponent are misplaced. Some of the Company's robust governance policies and practices include the following:

- directors are elected annually by a majority of votes cast in uncontested elections;
- the Governance Committee evaluates each incumbent director annually and makes a recommendation to the Board on the nomination of each for re-election;
- the Board has appointed a non-executive chairman who presides over regular executive sessions and other meetings of the independent directors on the Board;
- all of our directors, other than the Company's CEO, are "independent" under the standards adopted by the Securities and Exchange Commission and the New York Stock Exchange, and only independent directors serve on the Board's four committees;
- the Company's By-Laws permit shareholders of record who hold a majority of the outstanding capital stock of the

Company to call a special meeting of shareholders and the presence (in person or by proxy) of the holders of record of a majority of the shares of capital stock constitute a quorum at any shareholder meeting; and

- the Board includes a range of tenures from directors who bring a balanced mix of fresh perspectives with in-depth experience and knowledge about the Company.

Consistent with its current practice, the Board will continue to evaluate the future implementation of appropriate corporate governance changes. However, for the reasons discussed above, the Board does not believe it is in the best interests of shareholders or the Company to implement the shareholder proponent's request for the elimination of supermajority voting provisions in the Company's governing documents. The supermajority voting provisions are intended to maximize long-term value for all shareholders and to protect the interests of all shareholders. The Board believes that in limited circumstances, higher voting requirements are appropriate because certain fundamental matters having a long-lasting effect on the Company should require the support of a broad consensus of the Company's shareholders, rather than a simple majority of the votes cast at a meeting.

It is important to note that shareholder approval of this proposal would not itself remove the supermajority vote standards. Under the Certificate, to change any supermajority vote standards, the Board must first authorize amendments to the Company's governance documents and shareholders would then have to approve the amendment with an affirmative vote of not less than two-thirds of the votes cast at an annual meeting.

For the foregoing reasons, the Board unanimously recommends that you vote AGAINST this proposal.

ITEM 5 — SHAREHOLDER PROPOSAL REGARDING VIRTUAL MEETINGS

The Humane Society of the United States, a beneficial owner of at least \$2,000 in market value of our common stock, proposes the adoption of the resolution set forth below and has furnished the statement set forth below in support of its proposal. The Board of Directors accepts no responsibility for the proposal or the supporting statement. The proposal is required to be voted on at the 2021 Annual Meeting only if properly presented by the shareholder or his qualified representative. The Board of Directors opposes the proposal for the reasons stated after the proposal.

Shareholder's Proposal Regarding Virtual Meetings

RESOLVED: Shareholders ask that Campbell Soup Co. develop and adopt a policy, and amend its governing documents as necessary, to ensure that moving forward, its annual and special shareholder meetings will be held either in whole or in part through virtual means (i.e., webinar or other on-line system) and that virtual attendance be allowed. This policy should be formally adopted within six months of the 2021 annual meeting and take effect immediately thereafter.

Supporting Statement

Campbell Soup held its 2020 annual shareholder meeting via virtual webcast. Shareholders support this format and seek to ensure virtual meetings and attendance continue into the future. Please consider the following:

The COVID-19 pandemic has highlighted for many companies the need to ensure continuity of business operations through virtual or remote means. Countless employees have been expected (or even required) to work remotely. Business travel has been dramatically curtailed as the U.S. Centers for Disease Control and Prevention (CDC) has issued health and safety warnings related to air travel. And meetings of all types have been held virtually in greater numbers than ever before.

Yet under its current by-laws, the company may choose to only hold its annual and special shareholder meetings in-person, requiring attendance to be physical, even in circumstances where the CDC recommends against, or when unexpected conditions prevent, travel.

To put it simply, this is unfair and unnecessary: it increases the health risks for any shareholder who may wish to present a proposal, ask a question, or even just attend such a meeting; for company executives and other employees who may be required to attend; for board members; and for support staff at meeting venues.

It also likely deters attendance by forcing shareholders to choose between protecting their health or risking illness in order to exercise their basic shareholder rights.

The advantages of virtual meetings are significant: they add convenience and reduce time and expenses for shareholders, management, and board members; and they promote wider engagement between the company and shareholders.

Further, virtual meetings contribute to various company social and sustainability policies. They further an inclusive company culture by enabling all shareholders an equal opportunity to participate in annual meetings, regardless of financial, physical, or other barriers. And removing the necessity of all shareholders to travel would provide an environmental benefit to the company's ESG practices.

The COVID-19 pandemic has fundamentally changed the way companies think about and hold meetings. In addition to the business advantages virtual meetings provide, it is fundamental that shareholders should be allowed to attend meetings and exercise their rights without putting themselves and others at increased risk. And corporate executives and employees, as well as board members, should be allowed to do the same. For this reason, you are encouraged to vote FOR this proposal.

Board of Directors' Response

Your Board of Directors Recommends a Vote "AGAINST" This Proposal

After careful consideration, the Board has determined that adopting this proposal would not serve to enhance shareholder value and, therefore, it is not in the best interests of the Company or its shareholders.

The proposal asks that the Company take action to ensure that its annual and special shareholder meetings be held either in whole or in part through virtual means. While the Board has determined that there are circumstances which may necessitate a virtual shareholder meeting, it is not appropriate to require that all shareholder meetings take place in whole or in part by virtual means.

The Board believes that the method and means by which the Company determines to communicate with its shareholders at its annual and special meetings is an ordinary business matter that should be determined by the analysis and judgment of the Board and management. The Company's existing By-Laws provide for communication with shareholders at the annual meeting through in person or remote communication or both. The decision of how to communicate with its shareholders is the product of the Company's complex consideration of, among other things, the effectiveness of the communication, the availability of appropriate technology, the likelihood that a shareholder would elect to communicate with management through remote communication vis-à-vis in-person communication, and various costs and benefits associated with the available means and mediums of communication – all of which the Board and management have a high degree of knowledge of and are able to consider thoroughly.

The Board understands that circumstances may arise from time to time which require a different format for a particular shareholder meeting, however, a change in the Company's policies and governing documents are not necessary to facilitate any such change. Article I, Section 2 of the Company's By-Laws already provide that annual meetings of stockholders may be held in part or solely by means of remote communication, to the extent permitted by law. This provision provides the Board with appropriate discretion to consider such circumstances when determining the location and format of shareholder meetings. For example, after assessing the continuing impact of the COVID-19 pandemic and related guidance and as well as developments in New Jersey corporate law, the Board utilized this discretion to hold the Company's 2020 and 2021 Annual Meetings virtually.

For the foregoing reasons, the Board unanimously recommends that you vote AGAINST this proposal.

APPENDIX A

NON-GAAP FINANCIAL MEASURES

Campbell Soup Company uses certain non-GAAP financial measures, as defined by the Securities and Exchange Commission, in this proxy statement. These non-GAAP financial measures are measures of performance not defined by accounting principles generally accepted in the United States and should be considered in addition to, not in lieu of, GAAP reported measures. Management believes that also presenting certain non-GAAP financial measures provides additional information to facilitate comparison of the Company's historical operating results and trends in our underlying operating results and provides transparency on how we evaluate our business. Management uses these non-GAAP financial measures in making financial, operating and planning decisions and in evaluating the Company's performance. Please see the Annual Report on Form 10-K for the fiscal year ended August 1, 2021 for a reporting of our financial results in accordance with GAAP. The non-GAAP measures included in this proxy statement that need to be reconciled are organic net sales, adjusted EBIT and adjusted EPS from continuing operations.

The following information is provided to reconcile the non-GAAP financial measures disclosed in this proxy statement to their most comparable GAAP measures.
