To the Member
GLM Securities, LLC:

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of GLM Securities, LLC (the Company) as of December 31, 2018, and the related notes (collectively, the financial statement). This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Notes to Statement of Financial Condition

December 31, 2018

(1) Organization and Nature of Business

GLM Securities, LLC (Company) was formed on February 9, 2016 and became a broker-dealer registered with the Securities and Exchange Commission (SEC), the Financial Industry Regulatory Authority (FINRA), and the Securities Investor Protection Corporation (SIPC) effective September 21, 2016. The Company is a wholly owned subsidiary of Links Holdings, LLC (Parent) whose ultimate parent is Guggenheim Capital, LLC (Guggenheim).

The Company was formed to engage in matched book activities using repurchase and reverse repurchase agreements collateralized by fixed-income securities. During the year ended December 31, 2018, the Company did not enter into repurchase or reverse repurchase agreements.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statement of the Company has been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP).

(b) Use of Estimates

The preparation of the financial statement in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the statement of financial condition. Actual results could differ from those estimates.

(c) Cash

At December 31, 2018, all cash is held at a major U.S. financial institution. Cash on deposit with financial institutions may, at times, exceed federal insurance limits.

(d) Income Taxes

The Company is organized as a Delaware single member limited liability company and treated as a disregarded entity for U.S. income tax purposes and has no federal tax liability. State tax liabilities are determined under individual state laws.

ASC 740-10, *Income Taxes – Overall*, requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Company's tax returns to determine whether the tax positions are "more-likely than-not" of being sustained by applicable tax authority based upon technical merits of the position. Tax benefits from tax positions not deemed to meet the more-likely than-not threshold should not be recognized in the year of determination. Management has reviewed the Company's tax positions for all open years and concluded that the Company has no material uncertain tax positions at December 31, 2018. Further, as of December 31, 2018, the Company has recorded no liability for net unrecognized tax benefits relating to uncertain tax positions it has taken or expect to take in future tax returns.

(e) Accounting Developments

In May 2014, the FASB issued Accounting Standards Update ASU 2014-09, “Revenue from Contracts with Customers (Topic 606).” This ASU, as amended, provides comprehensive guidance on the recognition of revenue from customers arising from the transfer of goods and services, guidance on accounting for certain contract costs, and new disclosures. This ASU superseded the revenue recognition requirements in ASC Topic 605, *Revenue Recognition*, and most industry-specific guidance. Although the guidance replaced most existing revenue recognition guidance in GAAP, the ASU is not applicable to financial instruments and, therefore, does not impact the Company’s trading revenues, including interest income.

(3) Related-Party Transactions

In June 2017, the Company entered into a Services Agreement with an affiliate whereby the Company pays a fee for accounting, compliance and Financial & Operations Principle (FINOP) services provided. At December 31, 2018, \$1 thousand is included in due to affiliate in the statement of financial condition.

(4) Regulatory Requirements

As a registered broker-dealer, the Company is subject to the SEC Uniform Net Capital Rule 15c3-1 (Rule 15c3-1), under the Securities Exchange Act of 1934, which requires the maintenance of minimum net capital and an additional minimum net capital requirement for reverse repurchase overcollateralization. At December 31, 2018, the Company had net capital of \$341 thousand, which was \$91 thousand in excess of its required net capital of \$250 thousand.

(5) Subsequent Events

Management has evaluated all subsequent events for the Company after the statement of financial condition date through February 15, 2019, the date the financial statement was available to be issued and has concluded there are no recognized or nonrecognized events that require financial statement disclosure.
