Company Description

Vigilante is a full-service bar and restaurant for people who enjoy socializing over board games. We combine local craft beer and game culture with a quality-oriented experience featuring a contemporary bar atmosphere, custom furniture and fixtures, a 150+ title game library (<http://vigilantebar.com/vigilantes-game-library-and-access-policy/>) and a food menu of reimagined bar classics.

Vigilante is the latest evolution of the mainstreaming of nerd culture (http://www.nytimes.com/2014/09/14/sunday-review/were-all-nerds-now.html?_r=1). Formerly niche hobbies are becoming major profit centers: comic books are now movie blockbusters (<http://www.businessinsider.com/the-comic-book-industry-is-on-fire-2014-8>), video games outperform those blockbusters (<http://www.lazygamer.net/industry-2/the-video-game-industry-continues-to-outperform-hollywood/>), gadgets are ubiquitous

(<http://www.pewinternet.org/2015/10/29/technology-device-ownership-2015/>), geek chic is fashionable (<http://geekandsundry.com/nerd-girl-fashion-is-big-business-at-sdcc-2015/>) and (most pertinently) we are in the golden era (<https://www.theguardian.com/technology/2014/nov/25/board-games-internet-playstation-xbox>) of the board game (<http://www.economist.com/news/business/21669930-table-top-games-are-booming-video-game-age-not-twilight-sunrise>). Board game cafes have proliferated nationally (<http://www.theatlantic.com/entertainment/archive/2014/11/board-game-bars/382828/>) as hybrid game retailers/coffee shops. However, these concepts do not adequately serve craft beer and bar enthusiasts who prefer a well-designed atmosphere, full menu, wide beverage selection and tableside service.

The enthusiastic response we have received from potential customers indicates that there is huge unmet demand for the Vigilante concept. Engaged potential customers have submitted hundreds of responses (<http://vigilantebar.com/yourvoteisnowvoted-for-ideas-and-how-were-implementing-them/>) for exciting features, events and drinks. This response has given us the data we need to pre-test our ideas to ensure they resonate with future regulars; our team's unique blend of hospitality, marketing, and engineering expertise positions us to deliver the new bar and restaurant experience they have demanded.

We are proud to present NextSeed investors with the opportunity to provide Austinites a place to socialize over beer and board games.

We look forward to gaming with you
Preston, Flip and Zack

Business Model

Vigilante's 3800 square foot location will seat 148 patrons. With operating hours Monday to Sunday, 11 am to 2 am, we will be the first late night bar in our area. Located with convenient access to TX-183, IH-35, North Central Austin, The University of Texas and downtown via the

Austin Light Rail, Vigilante will be able to serve local Austin neighborhood residents as well as Cedar Park and Round Rock (each are among the fastest growing small cities in the country).

Vigilante's market differentiator is how we seamlessly combine a restaurant experience with a gaming experience through custom furniture, fixture and service solutions. We are elevating our patron's home game nights into a complete service package out on the town. This includes:

- A searchable digital menu to match you with the optimal choice from our 150+ rentable game library (<http://vigilantebar.com/vigilantes-game-library-and-access-policy/>)
- Large custom tables (<http://vigilantebar.com/9-things-to-love-about-vigilantes-custom-gaming-tables/>) with roll-out cupholders and food trays to separate the social gaming space from eating and drinking area
- A call for service button at each seat so we address customer needs as they arise, as opposed to interrupting their gameplay with check ins
- A "Join Us" signal at each table to help patrons team up and play together
- Custom lighting fixtures to light play surfaces while maintaining a darker bar atmosphere
- Food items designed to be cleanly eaten during play (eg. pub sliders vs. greasy burgers)

Library access will cost \$5 per patron for the entire evening, and Vigilante Secret Society members will enjoy free library access as part of their membership (\$14/month or \$120/year). Patrons will also have the opportunity to bring their own games if they so desire.

We will offer a highly focused, simple menu featuring quality food and locally sourced beer, gourmet sodas by the bottle, a well-rounded wine list, and a food menu featuring (<http://vigilantebar.com/11-badass-bullet-points-on-vigilantes-future-menu/>) such fare as:

- Hand held bar classics and street foods for clean eating while gaming: a selection of sliders, mini sandwiches, samosas, potato wedges and skewered meats (candied bacon, spicy chicken and others)
- Charcuterie boards, bar snacks and shareable plates to graze while gaming
- Mason jar milkshakes, cake pops, and s'mores in a jar

The Vigilante team regularly asks our customers what they want to experience, and engaged potential customers (http://vigilantebar.com/initial_survey_responses/) have submitted hundreds of responses (<http://vigilantebar.com/your-4-most-voted-for-ideas-and-how-were-implementing-them/>) for features, events and drinks. This campaign has given us the data we need to pre-test our ideas to ensure they resonate with future regulars.

Partnering with local conventions (<http://vigilantebar.com/plans-for-friday-meet-us-at-board-game-bash/>), Austin's largest local game retailer (<http://vigilantebar.com/we/>), and local game designers (<http://www.sjgames.com/ill/archive/2016-03-20>) as well as hosting events (<http://vigilantebar.com/international-tabletop-day-and-vigilantes-new-favorite-bar-game/>) is creating significant pre-opening interest. We will leverage our online presence post-opening by communicating a rotating set of weekly gaming events (based on feedback) to give patrons a reason to return week after week.

Location Analysis

Austin is the perfect starting location for this concept. Forbes has ranked Austin as the #1 fastest-growing city in the nation for the fourth straight year, and the #1 "City to Watch." The city has a large population of young professionals constantly seeking new and extraordinary experiences: over 600,000 people aged 25-50 live within a 15-minute drive of our location.

Vigilante has leased 3,800 square feet at 7010 Easy Wind Drive, in a mixed-use project called Midtown Commons. Located at the intersection of major Austin thoroughfares Airport and Lamar Blvd, we are the center of a heavy growth area in Austin. Including the Crestview Light Rail Station (<https://capmetroblog.com/2016/02/22/great-things-are-in-the-works-metrorail-undergoing-expansion/>), Justin Lane Transportation Oriented Development Zone (https://www.austintexas.gov/sites/default/files/files/Planning/Urban_Design/Lamar-Justin_Final_SAP_Lo_Res.pdf), the upcoming Highland Austin Community College Flagship Campus (https://www.austinchamber.com/public-policy/files/05_20_14_Urban_Rail_Corridor_ACC_Highland_Flagship_Campus_Redevelopment_and_blocks_away_from_the_exploding_Burnet_Corridor), and blocks away from the exploding Burnet Corridor (<http://buildingatx.com/2013/11/burnet-road-booming/>).

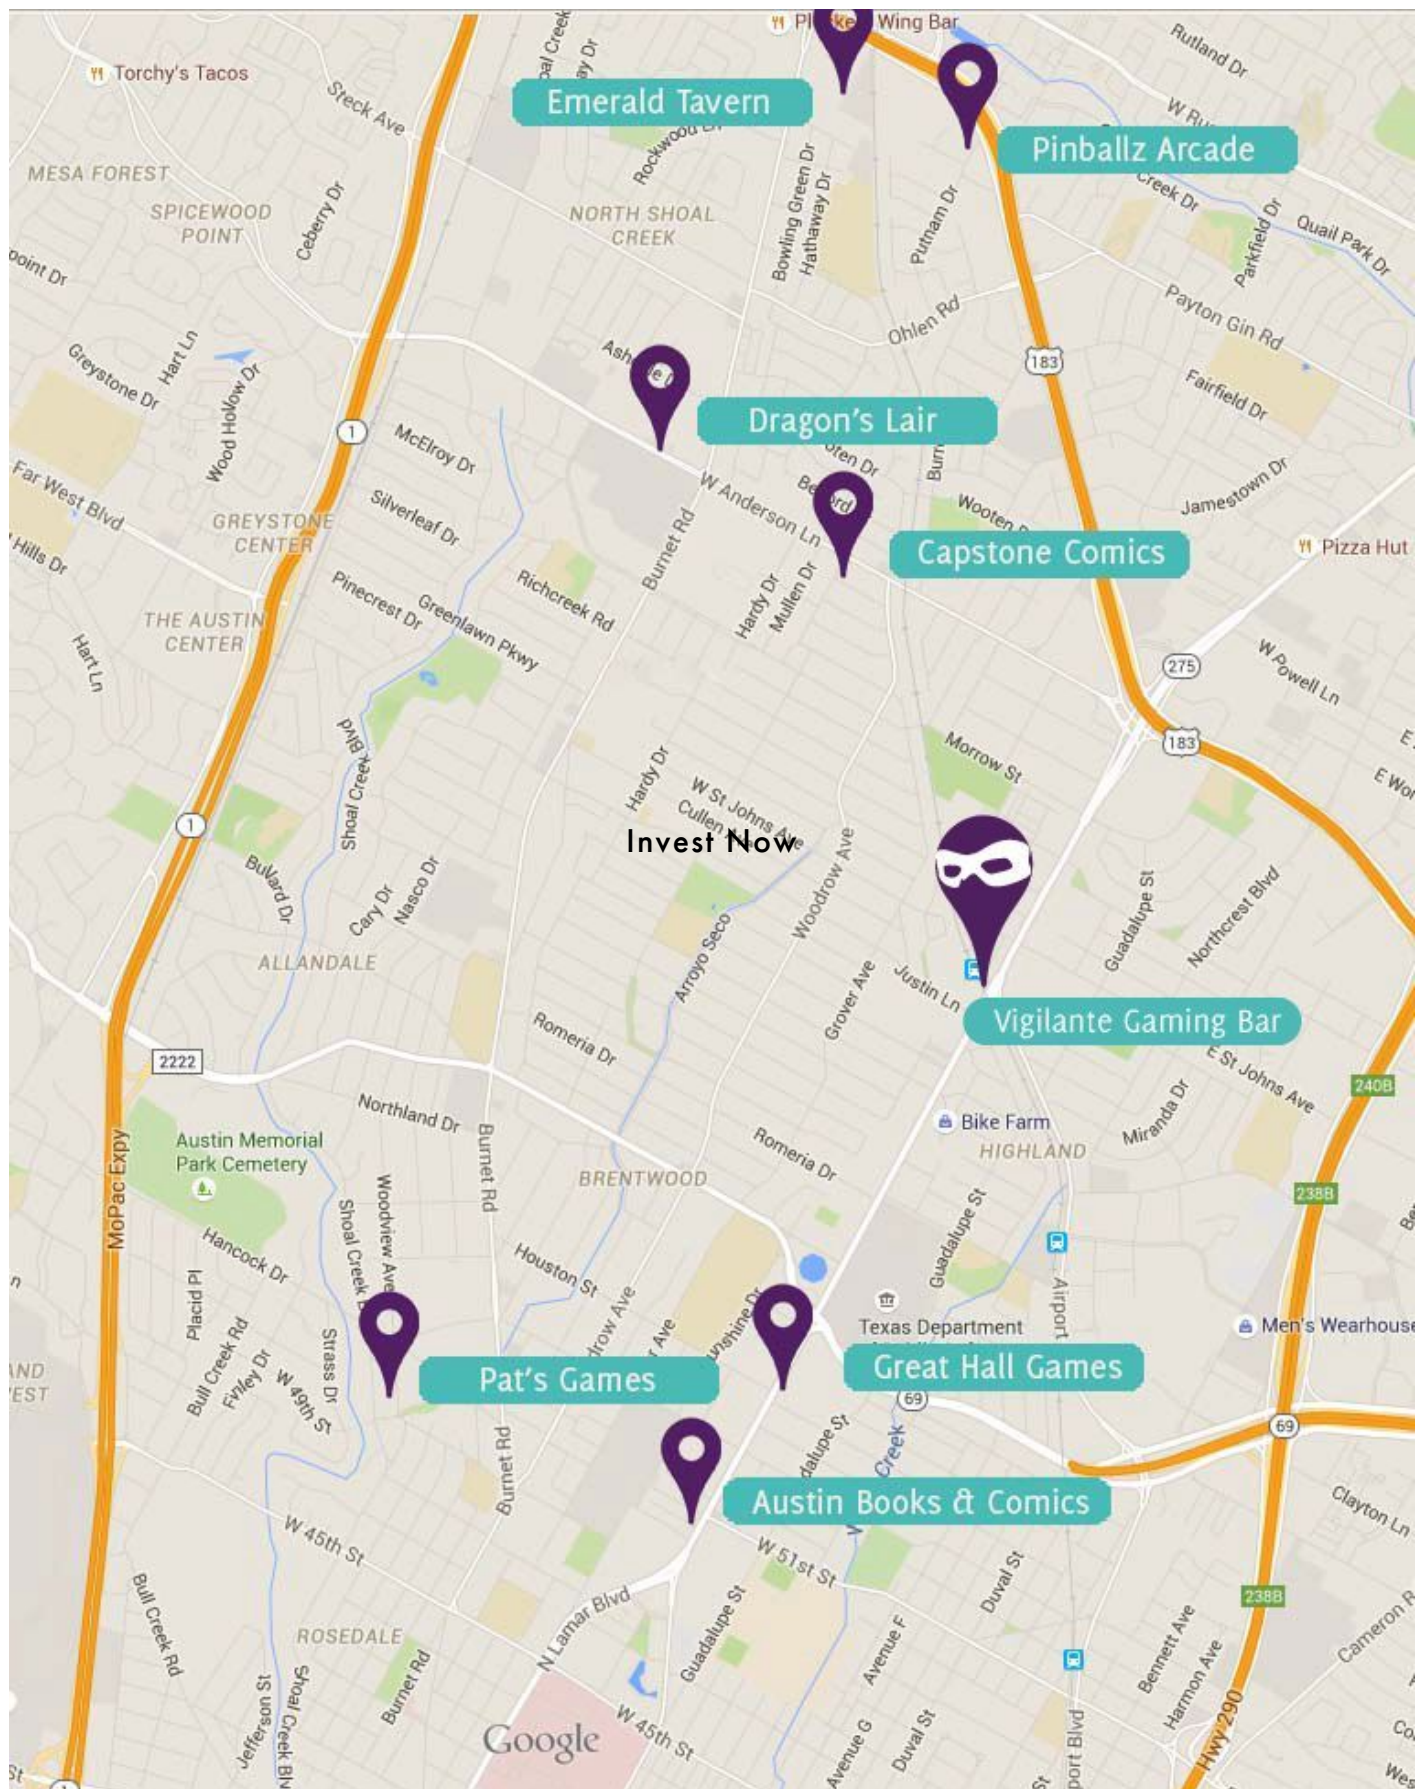

Furthermore, Midtown Commons is in what we affectionately call "The Austin Gamer Hub," which holds many long-established hallmarks of Austin's gaming culture: Dragon's Lair (<http://dlair.net/austin/>), Pat's Games (<http://www.patsgames.com/index.html>), Emerald Tavern (<http://www.emeraldtaverngames.com/>), Great Hall Games (<http://greathallgames.com/>), Austin Books & Comics (<http://www.austinbooks.com/>), Pinballz (<http://www.pinballzarcade.com/>), Capstone Comics (<http://www.capstonecomics.com/>), and the recently-opened Seventh Room (<http://www.theseventhroom.com/>). Each of these businesses has experienced exceptional success over the past decade: we are building where our core audience already exists.

Based on 600+ survey responses, we have a strong picture of where our patrons live:

- 83% live in North, Central, or Greater North Austin.
- 22% live in Cedar Park, Round Rock, or Pflugerville
- Only 12% live in south of Lake Austin

As a destination bar where patrons can spend an evening playing games, socializing and partaking in our events and menus, Vigilante is ideally located to provide simple and swift access to patrons across the city of Austin and its largest surrounding suburbs.

Leadership

Preston Swincher, *Chief Executive Officer*

Preston Swincher is the CEO and Founding Visionary of Vigilante. His obsessive attention to detail, deep commitment to the patron experience and passion for hospitality and gaming have defined and guided the Vigilante vision.

Mr. Swincher graduated from Texas Christian University with a BBA in Entrepreneurial Management and a BFA in Theatre. He was one of the inaugural Front of House Managers for the award winning AT&T Performing Arts Center in Dallas, Texas, a \$350 million dollar multi-venue facility. He helped design the customer service policies and procedures of the center, created the arts center Docent Program, hired and trained over 40 part time employees and 5000 volunteers, managed Front of House operations for a 2,200 seat opera house and 600 seat theatre, and transformed stressful customer service situations into positive, memorable experiences for million-dollar donors. Philip "Flip" Kromer, *President*

As President, Philip "Flip" Kromer leverages his professional background to provide invaluable insight into startup operations, fundraising, and investor relations. He is also designing the ingenious custom fixtures and furniture of Vigilante, elevating our patron's experience through

novel electronics, programs, and mechanical designs. Driven by a vision for practical magic on the restaurant floor, his work enables Vigilante to fully integrate gaming culture with bar culture.

Mr. Kromer was co-founder and CTO of Infochimps, a pioneering startup in the Big Data / Cloud Computing arena. He has spoken at many industry conferences including South by Southwest, Strata, Velocity, Hadoop World Europe, NIST and CloudCon. Following Infochimps' acquisition by CSC, Flip moved into the office of the CTO and was named one of CSC's inaugural Distinguished engineers. He wrote "Big Data for Chimps" (O'Reilly 2015), a guide to data science in practice, is a contributor to numerous open-source projects, and has led several projects to community adoption.
