REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Management and Member of
ETFMG Financial LLC

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of ETFMG Financial LLC (the "Company"), as of December 31, 2019, and the related notes (collectively referred to as the "financial statement"). In our opinion, the financial statement presents fairly, in all material respects, the financial position of the Company as of December 31, 2019, in conformity with accounting principles generally accepted in the United States of America.

Legal Matters

As described in Note 1, the Parent of the Company is a party to two legal matters, the outcomes of which may have an adverse effect on the Company's ability to continue as a going concern. Our opinion is not modified with respect to this matter.

Basis for Opinion

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

We have served as the Company's auditor since 2017.

New York, New York

ETFMG FINANCIAL LLC

NOTES TO FINANCIAL STATEMENT

December 31, 2019

(See Report of Independent Registered Public Accounting Firm)

Note 1

Organization and nature of business

ETFMG Financial LLC (the “Company”) was formed on June 11, 2015 and is a Delaware limited liability company. The Company is a wholly-owned subsidiary of Exchange Traded Managers Group LLC (the “Parent”). The Company provides statutory distribution services for exchange traded funds sponsored by the Parent, in accordance with the membership agreement with the Financial Industry Regulatory Authority (“FINRA”). The Company is a registered broker under the Securities Exchange Act of 1934 as of February 27, 2017 and is a member of FINRA and the Securities Investor Protection Corporation (“SIPC”).

Legal matters

Samuel Masucci III, a principal of the Company, and Bernard Karol, a principal of the Company's parent, are defendants, along with certain affiliates of the Company, in an action filed May 2, 2017 in the Superior Court of New Jersey captioned PureShares, LLC d/b/a PureFunds et al. v. ETF Managers Group, LLC et al., Docket No. C-63-17 (the “PureShares Action”). The PureShares Action alleges claims based on disputes arising out of contractual relationships with ETF Managers Group LLC, an affiliate of the Company. The action seeks damages in unspecified amounts and injunctive relief based on breach of contract, wrongful termination, and several other theories.

Samuel Masucci III, a principal of the Company, was a defendant, along with certain affiliates of the Company, in a case filed on October 26, 2017 in the United States District Court for the Southern District of New York by NASDAQ, Inc. captioned Nasdaq, Inc. v. Exchange Traded Managers Group, LLC et al., Case 1:17-cv-08252 (the “Nasdaq Action”). This action arose out of the same facts and circumstances as the PureShares Action and asserts claims for breach of contract, conversion and certain other claims with respect to the same exchange traded funds as in the PureShares Action. Mr. Masucci was dismissed as a defendant pursuant to a motion to dismiss in August 2018. The matter was the subject of a bench trial in May 2019, and on December 20, 2019, the Court issued an Opinion and Order awarding compensatory damages to Plaintiff in the amount of \$78,403,172.36, plus prejudgment interest. The Court also denied Plaintiff's requests for punitive damages and equitable relief. The Adviser filed a notice of appeal from the judgment on January 19, 2020.

Following the notice of appeal, the parties to both litigations above reached a confidential letter agreement, which is conditioned upon the occurrence of certain events some of which are not within the control of the Company. If the events set forth in the letter agreement do not occur and a subsequent settlement is not reached, the resulting conditions will have an adverse effect on the Company's ability to continue as a going concern.

(See Report of Independent Registered Public Accounting Firm)

Note 2

Summary of significant accounting policies

Basis of presentation

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Cash and cash equivalents

The Company considers all money market accounts, time deposits and certificates of deposit purchased with original maturities of three months or less to be cash equivalents. At December 31, 2019, there were no cash equivalents.

Accounts receivable – related parties

The Company carries its accounts receivable at costs less an allowance for doubtful accounts. On a periodic basis, the Company evaluates its receivables and establishes an allowance for doubtful accounts based on history of past write-offs, collections and current credit conditions. As of December 31, 2019, no allowance for doubtful accounts was necessary.

Property and equipment

Property and equipment are stated at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. Asset lives range from three to five years for office automation equipment and furniture and fixtures. Leaseholds are amortized over the shorter of the asset life or the life of the lease. The Company follows the policy of capitalizing all major additions, renewals and betterments. Minor replacements, maintenance, and repairs are expensed currently.

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Income tax positions

The Financial Accounting Standards Board ("FASB") has issued a standard that clarifies the accounting and recognition of income tax positions taken or expected to be taken in the Company's income tax returns. The Company has analyzed tax positions taken for filing with the IRS and all state jurisdictions where it operates. The Company believes that income tax positions will be sustained upon examination and does not anticipate any adjustments that would result in a material adverse affect on the Company's financial condition, results of operations or cash flows. Accordingly, the Company has not recorded any reserves or related accruals for interest and penalties for uncertain income tax positions. If the Company incurs interest or penalties as a result of unrecognized tax positions the policy is to classify interest accrued with interest expense and penalties thereon with operating expenses. The Company is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

ETFMG FINANCIAL LLC

NOTES TO FINANCIAL STATEMENT (CONTINUED)

December 31, 2019

(See Report of Independent Registered Public Accounting Firm)

Note 2

Summary of significant accounting policies (continued)

Income taxes

The members of the Company have elected to have the Company taxed as a partnership for income tax purposes. Accordingly, the Company is not subject to federal or state income taxes. All taxable income/loss and tax credits are reflected on the income tax returns of the members.

Recently adopted accounting guidance

In February 2016, the FASB issued a new accounting pronouncement regarding lease accounting for reporting periods beginning after December 15, 2019. A leasee will be required to recognize on the balance sheet, the assets and liabilities for lease terms of more than 12 months. The Company evaluated ASU 2014-09 and determined there was no impact to the financial statements and related disclosures.

Note 3

Revenue recognition

The Company recognizes revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The guidance requires an entity to follow a five-step model to (a) identify the contract(s) with a customer, (b) identify the performance obligations in the contract, (c) determine the transaction price, (d) allocate the transaction price to the performance obligations in the contract, and (e) recognize revenue when (or as) the entity satisfies a performance obligation. In determining the transaction price, an entity may include variable consideration only to the extent that it is probable that a significant reversal in the amount of cumulative revenue recognized would not occur when the uncertainty associated with the variable consideration is resolved.

Revenue from contracts with customers includes distribution fees, which is the Company's only stream of revenue. The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgment is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measure of the Company's progress under the contract; and whether constraints on variable consideration should be applied due to uncertain future events.

The Company enters into arrangements with exchange traded funds (funds) to distribute shares to investors, including passing on related regulatory expenditures on the funds. The Company believes that its performance obligation is the sale of securities to investors and as such this is fulfilled on the trade date. Any fixed amounts are recognized on the trade date and variable amounts are recognized to the extent it is probable that a significant revenue reversal will not occur once the uncertainty is resolved.

ETFMG FINANCIAL LLC

NOTES TO FINANCIAL STATEMENT (CONTINUED)

December 31, 2019

(See Report of Independent Registered Public Accounting Firm)

Note 3

Revenue recognition (continued)

For variable amounts, as the uncertainty is dependent on the value of assets under management at future points in time as well as the length of time the investor remains in the fund, both of which are highly susceptible to factors outside the Company's influence, the Company does not believe that it can overcome this constraint until the value of assets under management of the fund and the investor activities are known, which are usually monthly or quarterly. Distribution fees recognized in the current period are primarily related to performance obligations that have been satisfied in prior periods.

Accounts receivable and contract balances

Accounts receivable arise when the Company has an unconditional right to receive payment under a contract with a customer and are derecognized when the cash is received. At December 31, 2019, there were accounts receivable of \$50,820 reported in the statement of financial condition. At January 1, 2019, there were accounts receivable of \$46,486. All accounts receivable balances are with related parties (see Note 7).

Contract assets arise when the revenue associated with the contract is recognized prior to the Company's unconditional right to receive payment under a contract with a customer (i.e., unbilled receivable) and are derecognized when either it becomes a receivable or the cash is received. Contract liabilities arise when customers remit contractual cash payments in advance of the Company satisfying its performance obligations under the contract and are derecognized when the revenue associated with the contract is recognized when the performance obligation is satisfied. There were no contract assets or contract liabilities as of January 1, 2019 and December 31, 2019.

Note 4

Property and equipment

Property and equipment consisted of the following as of December 31, 2019:

Computer equipment	\$ 10,734
Accumulated depreciation	<u>(5,367)</u>
Property and equipment, net	<u>\$ 5,367</u>

Depreciation expense for the year ended December 31, 2019 was \$3,578.

Note 4

Net capital requirements

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of a minimum net capital balance and requires that the Company's aggregate indebtedness to net capital, as defined, shall not exceed 8 to 1. At December 31, 2019 the Company's net capital was \$38,548 which was \$33,548 in excess of its required net capital of \$5,000. The Company's ratio of aggregate indebtedness to net capital was 0.51 to 1.

ETFMG FINANCIAL LLC
NOTES TO FINANCIAL STATEMENT (CONTINUED)
December 31, 2019
(See Report of Independent Registered Public Accounting Firm)

Note 5

Concentrations

The Company maintains its cash at financial institutions in bank deposits, which may exceed federally-insured limits. The Company has not experienced any losses in such accounts and the Company believes it is not exposed to any significant risk with respect to cash.

The Company earned 100% of its revenue from ETF Managers Capital and ETF Managers Group, affiliated entities.

Note 6

Exemption from Rule 15c3-3

The Company had no obligations under Rule 15c3-3 for the year ended December 31, 2019.

Note 7

Related party transactions

The Company's financial statements contain a substantial number of related party transactions with the Parent and affiliates. Therefore, the Company's financial statements may not be representative of the conditions that would have existed or the results of operations if the Company had been operated as an unaffiliated entity.

The Company entered into an expense sharing agreement with the Parent, in which the Parent provides office, compensation and additional services in exchange for reimbursement of a specified percentage of such expenses. For the year ended December 31, 2019, the Company incurred expenses of \$421,199 related to this agreement, which includes employee compensation, rent and other office expenses paid on the Company's behalf. At December 31, 2019, the Company prepaid its Parent \$34,500 for future services related to this expense sharing agreement, as shown on the statement of financial condition.

The Company has distribution agreements with ETF Managers Capital and ETF Managers Group, affiliate entities. For the year ended December 31, 2019, the Company earned revenues of \$31,040 from ETF Managers Capital and \$598,016 from ETF Managers Group. As of December 31, 2019, \$47,996 was due from ETF Managers Group and \$2,824 was due from ETF Managers Capital which are included in accounts receivable – related parties on the statement of financial condition.

Note 8

Commitments and contingencies

The Company does not have any commitments, guarantees or contingencies including arbitration or other litigation claims that may result in a loss or future obligation. The Company is not aware of any threats or other circumstances that may lead to the assertion of a claim at a future date.
