

For Immediate Release: September 20, 2016

ViVA Consulting Group Inc. (DBA ViVA International or “ViVA”) is pleased to announce the planned offering of up to 50,000 preferred share units of the Company priced at \$100 per share, for a maximum gross dollar value of five million dollars (\$5,000,000). The offering proceeds will be used to fund the completion and operation of a land owner registration and land transaction management system in the Kingdom of Buganda, within the country of Uganda. The shares and this offering have been submitted under Regulation A+ with the SEC, and are pending qualification for official release. ViVA is soliciting indications of interest under the SEC’s “test the waters” provision of Regulation A+.

The system implementation began in January of 2016 and is scheduled to complete in December of 2016. ViVA holds the exclusive right under a 10-year concession agreement to operate the land transaction management system, and to share fees for all transactions with the Buganda Land Board. The system provides biometric registration of landowners and secure land transaction management for the estimated 1+ million landowners in the Kingdom. The system implementation completed the first major milestone on schedule in July of 2016 with the launch of the first service center in Kampala and the successful registration of the first 30 landowners. The volume rollout to complete three additional service centers and support multiple land management transactions is in process and on track for a December 2016 completion. The system is projected to be operationally profitable in early 2017.

The minimum purchase is 100 units. Each preferred share unit will pay a fixed 10% dividend for four years, and at the end of four years the company will repurchase the shares at face value. After repurchase of the shares, the investor will retain a coupon granting the right to a share in project dividends for the 10+ year life of the project. The coupons are projected to return up to an additional \$100 **per share** over the life of the coupon.
