Welcome to the World of Salon de Lingerie.

03:24

Salon de Lingerie is a next-generation restaurant concept incorporating the diverse elements of private label retail luxury lingerie, an upscale restaurant, and a high-end lounge experience in a technologically advanced environment.

The very nature of the Salon concept lends itself to high-impact public relations and social media visibility, serving to drive traffic, revenues, and global brand awareness – all for the purpose of building our global franchise business.

Introduction from our CEO

Alfonso J. Cervantes, CEO

I'd like to welcome you to the world of Salon de Lingerie.

Demi-couture lingerie modeled by stunningly beautiful, exquisitely styled servers, bartenders and DJs. Hand crafted cocktails. Curated champagne selections. Creative cuisine. Luxury boutique shopping. And the extraordinary, ground-floor potential of an emerging-growth company. Salon de Lingerie brings these and more together in a state-of-the-art, high energy environment with great music and ambiance.

The Salon's management team, comprised of accomplished financial professionals and dynamic, fashion-forward and culinary-minded creatives, has invested significant time and capital to deliver the unforgettable experience of a Fashion Week event every single night. Our vision is intended to capture the next generation of progressive aesthetics, cutting-edge fashion, outstanding financial metrics, and solid returns for our franchisees and investors alike.

We've planned for the Salon de Lingerie global franchise business model to be highly scalable and international in its potential audience, with a well-engineered, low-cost structure and sophisticated products supporting higher-than-average margins. With its buzz-worthy nature, Salon de Lingerie is a natural fit for high-impact public relations visibility, driving traffic, revenues, and the effective marketing of franchises.

Finally, for those who are contemplating an investment in Salon de Lingerie, we anticipate that our investors will benefit from our hard work, experience, vision, and proven operational know-how.

Thank you for taking a moment review our offering – I look forward to having you as a fellow investor.

Sincerely,

Alfonso J. Cervantes, CEO

Investing in Salon de Lingerie

Salon de Lingerie's Revenue Participation Notes

Salon de Lingerie is issuing corporate notes bearing 12.5% annual interest but has added a feature of "revenue participation" whereby the investor can receive a percentage of the sales (which is based on 6%, in the aggregate, of gross revenue assuming the sale of \$1,000,000 of notes either through this offering or through a separate offering where each \$250 in principal amount of note provides a 0.0015% participation) if that percentage is greater than the 12.5% annual interest. If our revenues grow, the Salon revenue participation payments increase. For example, if an investor buys a note having an outstanding principal amount of \$100,000, the revenue percentage would be 0.6%.

Your investment of **\$250** 
could potentially yield:

CALCULATION IS BASED ON AN AGGREGATE OF \$1,000,000 IN REVENUE PARTICIPATION NOTES. RETURN IS BASED ON A 3 YEAR HOLDING PERIOD. REPRESENTS THE TOTAL HOLDING PERIOD RETURN. DOES NOT GIVE EFFECT TO LOUNGE AND APPAREL CREDITS PURSUANT TO NOTE AGREEMENT.

Why consider a Revenue Participation Note?

In the case of many startups, a company issues equity in the form of common stock. If the company never goes public or the management never sells the company, the investor may not see a return on their investment. In the case of the Salon Revenue Participation Notes, the investor gets what Salon management believes to be a higher than market annual interest rate (12.5%) while we build the company. If we are successful in substantially increasing revenues, each note holder can see returns higher than the 12.5%, something which might not happen as an equity investor. In the case of the Salon Revenue Participation Note, the investor receives the greater of 0.002% of revenue or 12.5% annual interest for each \$500 note. In the case of the Salon de Lingerie Revenue Participation Notes, the interest or participation is paid annually based on an annual audit by a third party accounting firm which will issue audited financial statements to all investors.

The Salon de Lingerie Experience

Showroom

We expect the Salon to be comprised of two distinct areas: the main bar and seating area, reached when one enters the Salon from the street, and the “Showroom,” reached when one enters the back of the main area of the Salon. The Showroom is essentially a micro version of a Victoria’s Secret or Agent Provocateur retail store, but with leather couches and large easy chairs where customers will be able to enjoy the same food and libations as the “front of the house” while perusing the wall displays of lingerie apparel with a champagne in hand or waiting for a partner who is trying on lingerie in one of the several dressing rooms.

The Salon will be launched with high-end “retail” visibility—that is, large glass windows that draw in prospective customers. Attractive people, great music, and high-impact theatrical lighting will make this a compelling and unique experience and visually accessible from the street. The strong street visibility will be a major component of Salon de Lingerie’s marketability.

Product Offerings

Salon de Lingerie will essentially have three primary products:

- Private-label high-end **lingerie**
- **Food** in the form of high-margin gourmet small plates
- **Liquor** with an emphasis on high-margin craft cocktails, premium wines, and champagne

Private Label Lingerie

All lingerie products will be 100% proprietary and will be labeled Salon de Lingerie. While we expect that the look and feel of the lingerie will be high-end luxury with correspondingly higher price points, we intend that all products will be private labeled from a U.S.-based manufacturer. We intend to appeal to our customers' desire for uniqueness and quality craftsmanship which we believe will be reflected in the handwork and craftsmanship involved from hand-embellished crystals and quality fabrics to accessories and packaging reflecting the demi-couture nature of our future exclusive products.

Liquor

Our focus will be on premium wines, champagne, and craft cocktails with fresh ingredients, homemade mixers, and premium liquors. Margins can be substantial with the end result being the creation of premium libations with high retail price points.

Food

While Salon de Lingerie's food offerings will not be labeled as tapas or dim sum, the concept is similar. The Salon will serve high-end gourmet smaller portion edibles or small plates.

Technology

Every table at the Salon will have an iPad-type tablet that is always online. Our guests will be able to browse the drinks and food selection as well as order lingerie items, either those in stock or those available online at the Salon's internet storefront.

The Salon de Lingerie Brand

Brands have personalities. We believe that the upscale fun and “sexy” personality of Salon de Lingerie is defined, programmed and utterly unique in the world of food and drink, and that our brand promise is a sophisticated, upscale and exciting experience. In fact, we don’t merely want to be considered the best of the best – we want to be considered the only one that does what we do. As the “only,” we become a sole-source provider with a unique brand and can dominate an international market with an early-mover advantage.

The Salon’s “uniforms” will be the very product that the Company sells. The servers will effectively be the “demo models” who model lingerie available to our customers on a real-time basis. From elegant corsets to garter belt and stockings, the customer will simply have to ask the server or tap on the screen for his/her selections. The servers and employees will be the ambassadors of the brand. The uniform is an extension of the brand of our overall restaurant design process.

Launch Location: Miami

We intend to launch our first property in the fourth quarter of 2016 in Miami. This property will serve as our “beta launch” or prototype, which we expect will not only generate profit, but also validate the concept for a world-wide franchising strategy targeting the top 50 global markets, including New York (the Meat Packing District), Los Angeles (West Hollywood or Beverly Hills), London (Mayfair), Paris (Montparnasse), Las Vegas, Berlin, Hong Kong (Central), Madrid (the Art District), Moscow (Tretyakovsky Proezd) and other capital markets.

The Salon: A Global Franchise Business Model

The essence of any successful franchise business model is the marketability of the right to use its brand. In our case, we expect that the franchisee will pay one-time franchise fee plus a percentage of sales revenue as royalty. We believe that as we begin to launch various franchise locations, the Salon franchisee will gain immediate name recognition, a tried and tested concept, standard space design and design décor protocols, detailed systems and strategies for strategically marketing the business, training of employees, and ongoing support from the franchisor in promoting and upgrading of the products. We expect that we will be able to offer to the Salon franchisee the ability to gain the ability to expand business and earnings with a relatively low amount of capital outlay. As the franchisor, we benefit through a one-time payment for the rights, an on-going royalty and the sale of the Salon's private label apparel at a reduced price point. While the financial data points are still being developed, management anticipates the following:

1. **One time franchise fee: \$100,000 to \$200,000**
2. **Royalty fee: 5% of gross revenues**
3. **Apparel sales at a price point to the franchisee between cost and 50% of retail.**

From an investor's perspective, we believe that the maximum return to be generated by the Salon is through franchising the concept internationally, thereby opening new markets while commercially capitalizing on the existing awareness of the Salon de Lingerie brand.

Our Low Cost, High Margin Approach

We expect that our costs on a per-square-foot basis will be similar to those of a fast-casual concept pop-up rather than a fine dining restaurant, but we expect to generate a higher than average revenue-per-square-foot. Our capital expenditure is expected to essentially “plug and play”— that is, we will move in, plug in the refrigeration and convection ovens (which require no venting or special wiring, thus eliminating numerous issues around permitting), modify existing non-bearing walls, install lighting, sound systems, clothing fixtures, tables and a bar, and commence the generation of revenue with shortened time frames and minimal capital investment in infrastructure. While that description may sound overly simplistic, it is the threshold philosophy of Salon de Lingerie.

Salon de Lingerie will employ two significant food and food preparation strategies. First, we anticipate that we will not have a full service kitchen. That is to say there will be no full time chef or sous chef. Our objective will be to have the bulk of all food offerings prepared off-premises by a high- end commercial kitchen and will generally be delivered to the Salon on the day of preparation, where they will be refrigerated until ordered. In the quick-serve restaurant world, new technologies allow for rapid heating and cooking (where required) in a highly efficient and non-invasive manner. These technologies are not traditional residential microwaves. Companies such as Subway and Starbucks as well as higher-end elegant cuisine facilities rely on a brand of products called TurboChef, which is one of the brands that we expect to utilize. The ability to deliver high-end quality food which has not been prepared on-premises is, in part, technology-driven.

COMMONLY ASKED QUESTIONS

//

What is a Revenue Participation Note?

We are issuing corporate notes bearing 12.5% annual interest. In addition, the notes have the added feature of "revenue participation." The investor receives the greater of 12.5% in interest annually or a percentage of the revenues of our company based on 0.0015% of gross revenues from all sources for each \$250 principal amount of note acquired or 3.6% of gross revenues for the entire \$600,000 in principal amount of notes being offered in this offering. **This type of note is sometimes also called a "Royalty Note." If our gross revenues grow, the Salon revenue participation payments increase. Please see the proforma numbers below. If we achieve the success that we expect to achieve, the potential returns to the investor can be higher than 12.5%.**

//

Why would an investor consider a Revenue Participation Note?

In the case of many startups, a company issues equity in the form of common stock. If the company never goes public or the management never sells the company, the investor may not see a return on their

investment for years or at all. In the case of our revenue participation notes, you receive what we believe to be a higher than market annual interest rate in cash of 12.5% while we build the company and potentially roll out franchises worldwide. If we are successful in substantially increasing revenues, you may achieve returns higher than the 12.5%, something which might not happen with an equity investor. Under the notes being offered you will be entitled to receive the greater of 0.0015% of gross revenue or 12.5% annual interest for each \$250 note. The interest or participation is paid annually based on an annual review by a third party accounting firm which will issue its review report on our financial statements to all investors.

//

Has Salon de Lingerie engaged the outside accounting firm?

Yes, the firm is **Morrison, Brown, Argiz & Farra, LLC**, Certified Public Accountants and Advisors, 225 N.E. Mizner Blvd, Suite 685, Boca Raton, FL 33432. www.mbafe.com. The Salon will deliver reviewed financial statements within 90 days at the close of each annual period.

//

Do the Revenue Participation Notes allow the investor to participate in all revenue generated by the Salon worldwide or just in the Miami operation?

The notes give you the opportunity to participation in ALL revenue from ALL sources including the sale of any franchise globally (anticipated cost of franchises is at \$100,000 to \$150,000 – see chart) as well as all royalties received, if any, from each franchisee. In addition, you will participate in all apparel sales worldwide whether at a future bricks and mortar location or through online sales.

//

Has the Salon engaged franchise legal counsel to prepare the franchise legal documents?

Yes, we have engaged Robert F. Salkowski, Esq. from the law firm of Zarco, Einhorn, Salkowski & Brito, P.A., 100 S.E. 2nd Street, 27th Floor, Miami, FL 33131, www.zarcolaw.com. Mr. Salkowski specializes in franchise law.

//

Has the company registered the trademark “Salon de Lingerie”?

Yes, Demetrios Pavlou, Esq, Boca Law, LLC, is trademark counsel to the company and filed for trademark protection on May 16, 2016.

//

Has Trilogy Capital Group, LLC completed its investment of \$100,000 in Salon de Lingerie?

Yes, to date, Trilogy has invested more than \$100,000 into Salon de Lingerie and we will provide documentation to that effect upon request.

//

Will my Salon credit apply to purchase of apparel online or just food and beverage in the Salon?

The Salon credit of \$50 per \$250 note, can be used for apparel sales (including online purchases) and in any Salon location worldwide.
