**1. ORGANIZATION AND DESCRIPTION OF BUSINESS**

LSH Partners Securities, LLC (the "Company") is wholly-owned by LSH Partners, LLC (the "Member"). The Company was organized on May 31, 2016 as a Delaware limited liability company and is registered to do business in New York as a foreign limited liability company. The Company is a registered broker-dealer under the Securities Exchange Act of 1934 and is a member of both the Financial Industry Regulatory Authority, Inc. ("FINRA") and the Securities Investors Protection Corporation ("SIPC") as of November 15, 2016. The operating agreement provides for the limited liability company to exist in perpetuity. The member's limit on liability is based on the relevant state law. The Company renders financial advisory services to selected clients with respect to capital raising, business restructurings and other financial services.

The Company operates under the exemptive provisions of paragraph (k)(2)(i) of Rule 15c3-3 of the Securities Exchange Act of 1934 which provides that the Company carries no margin accounts, promptly transmits all customers' funds and delivers all securities received in connection with the Company's activities as a broker or dealer, and does not otherwise hold funds or securities for, or owe money or securities to customers.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***Basis of presentation***

The accompanying financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

***Use of estimates***

The preparation of financial statements in conformity with U.S. GAAP, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

***Revenue recognition***

Advisory fee revenues are recognized when earned at the time the transaction is completed, the income is reasonably determinable and the collection is probable. Certain advisory fees are earned prior to the closing of transactions for services rendered to date.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** *(continued)*

***Valuation of Investments at Fair Value***

The Company applies the provisions of ASC 820, Fair Value Measurements, which, among other matters, requires disclosures about investments that are measured and reported at fair value. ASC 820 establishes a hierarchical disclosure framework which prioritizes and ranks the level of market price observability used in measuring investments at fair value. Market price observability is affected by a number of factors, including the type of investment and the characteristics specific to the investment. Investments with readily available active quoted prices or for which fair value can be measured from actively quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value. Investments measured and reported at fair value are classified and disclosed in one of the following categories:

***Level 1*** - Unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access.

***Level 2*** - Observable inputs other than quoted prices in level 1 that are observable for the asset or liability either directly or indirectly.

These inputs may include quoted prices for the prices for similar assets and liabilities and other observable information that can be corroborated by market data.

***Level 3*** - Unobservable inputs for the asset or liability to the extent that relevant observable inputs are not available, representing the management's own assumptions about the assumptions that a market participant would use in valuing the asset or liability, and that would be based on the best information available.

The Company's investment in securities at December 31, 2017 consists of preferred stock shares held in a privately held company. The fair value of the privately held company was determined based on the last known transaction price that occurred for the investment, which occurred in November, 2017.

***Income taxes***

As a wholly-owned limited liability company, the Company is considered to be a disregarded entity for tax reporting purposes and is thus not subject to Federal, state or local income taxes and does not file income tax returns in any jurisdiction. All items of income, expense, gains and losses are reportable by the Member for tax purposes. The Company has no unrecognized tax benefits at December 31, 2017. However, the Company may be liable to the Member for its share of the allocable income subject to New York City unincorporated business tax.

***Uncertain tax positions***

The Company applies the provisions of ASC 740 "Income Taxes" as they relate to uncertain tax positions. The Company was not required to recognize any amounts from uncertain tax positions as of December 31, 2017.

The Company's conclusions regarding uncertain tax positions may be subject to review and adjustment at a later date based upon ongoing analyses of tax laws, regulations and interpretations thereof as well as other factors. In the event that tax authorities assess interest and penalties on unrecognized tax benefits, the Company will reflect such amounts in tax expense and income taxes payable.

***Recent accounting pronouncements***

In May 2014, the FASB issued ASU No. 2014-09, "Revenue from contracts with Customers (Topic 606)." This ASU, as amended, provides comprehensive guidance on the recognition of revenue from customers arising from the transfer of goods and services, guidance on accounting for certain contract costs, and new disclosures.

The ASU is effective for the firm in January 2018 under a modified retrospective approach or retrospectively to all periods presented. The firm's implementation efforts include identifying revenues and costs within the scope of the ASU, reviewing contracts, and analyzing any changes to its existing revenue recognition policies. The firm will adopt this ASU in January 2018 using a modified retrospective approach. The firm does not currently expect that the ASU will have a material impact on its financial condition, results of operations or cash flows on the date of adoption.

The cash balance in excess of the FDIC limit was \$1,142,583 as of December 31, 2017. The Company has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risk on cash.
