NOTES TO THE FINANCIAL STATEMENTS

NOTE A – ORGANIZATION AND NATURE OF ACTIVITIES

Tampon Tribe, Inc. (“the Company”) is a corporation formed under the laws of the State of California. The Company derives revenue from the sale of organic cotton feminine hygiene products.

The Company is conducting an equity funding for the purposes of raising capital. The Company’s ability to continue as a going concern or to achieve management’s objectives may be dependent on the outcome of the offering or management’s other efforts to raise capital.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“US GAAP”).

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include all cash balances, and highly liquid investments with maturities of three months or less when purchased.

Account Receivables

Accounts receivable consists of amounts billed to customers for products for which payment has not yet been received. Management’s experience suggests that losses on account are likely to be infrequent. Therefore, no amount has been recognized in the statements as a reserve for losses on accounts receivables.

Inventory

The Company's inventory includes items that are held for sale. Management's experience suggests that losses due to obsolescence or spoilage of inventory items are likely to be infrequent. Therefore, no amount has been recognized in the statements as a reserve for losses on inventory.

Marketing Costs

The Company expenses direct marketing costs as they are incurred.

NOTE C – LEASES

The Company currently leases garage space and a work space for \$275 per month and \$375 per month, respectively. The Company has not entered into any lease obligations, and thus these lease payments are on a month to month basis. Management does not anticipate any material changes or adjustments to these terms over the near short term.

NOTE D – INCOME TAXES

The Company is subject to tax filing requirements in the federal jurisdiction of the United States and the state of California. The Company recorded a net operating loss in 2017. Due to management's uncertainty as to the valuation of the timing of the benefits associated with the loss, no amount has been recognized in the statements to account for it. The net operating loss carry forward associated with 2017 will expire if unused after the tax year 2037. The Company's 2017 federal tax filing will be subject to inspection by the Internal Revenue Service until 2021.

The Company is subject to the Income Tax filing requirements of the State of California. The Company's California tax filings are subject to review by the State until the expiration of the statutory period in 2021.

NOTE E – NOTES PAYABLE

The Company has a convertible notes obligation on its balance sheet as of December 31, 2017. The Note accrues interest at a rate of 3% per annum and has a maturity date of September 30, 2018.

NOTE F – CONCENTRATION OF RISK

Financial instruments that potentially subject the Company to credit risk consist of cash and cash equivalents. The Company places its cash and cash equivalents with a limited number of high quality financial institutions and at times may exceed the amount of insurance provided on such deposits.
