Company Description

Intero Ristorante will be a contemporary, Italian-inspired restaurant located in popular East Austin. Taking over the iconic Bud's motorcycle building on Cesar Chavez Street, the restaurant will boast an 84-seat dining area, a beautiful outdoor garden and wait area, and ample parking for guests.

The Italian word "intero" translates to "whole" or "complete," embracing the full concept of the restaurant through its unique utilization of locally raised whole animals and locally grown whole produce. The restaurant will offer a dynamic, seasonally changing menu that will include dishes such as smoked ricotta with semolina crackers, pumpkin risotto, chestnut pappardelle, and spiced goat.

The interior of Intero will reflect a modern sensibility, infused with the warmth of reclaimed materials. The fact that the whole—whether plant, animal, or material—will be used and fabricated by hand ensures that Intero will be sustainable and of the highest quality.

Intero will also feature a versatile chocolate program, pulling from the team's unique expertise. Inspired by authentic café experiences found throughout Italy, the restaurant will display a prominent artisan chocolate counter in the front space. The business's chocolates will range from Italian and classic flavors to sipping chocolates.

Intero will highlight a versatile beverage selection, including wines, beers, and coffees.

Husband and wife duo Ian Thurwachter (formerly chef at Vespaio and Jeffrey's) and Krystal Craig (owner of Crave Artisan Chocolate) are launching Intero with a strong foundation in the culinary scene in Austin. [Read More](#)

Business Model

Intero has constructed a business model that pulls from the management team's varied experience, on-going revenue streams, and strong relationships marketing programs.

The restaurant will be open six days a week, serving dinner on weekdays with late night dining on weekends. Intero's primary source of revenue will be its dine-in customers. Additionally, the team will host special events on off-days and times. These events will encourage further community and clientele participation beyond general dining and will be held one to two times a month to generate additional revenue. With 84 seats for dinner, Intero anticipates serving an average of 165 covers a night and generate approximately \$40,000 per week in gross revenue.

([//cdn-eos.nextseed.co/app/uploads/inr-bm-04a.jpg](http://cdn-eos.nextseed.co/app/uploads/inr-bm-04a.jpg))

([//cdn-eos.nextseed.co/app/uploads/inr-bm-04b.jpg](http://cdn-eos.nextseed.co/app/uploads/inr-bm-04b.jpg))

The Intero team has created a series of pop-ups to refine its menu and build a following.

Intero's smaller, changing menu creates an experience for its patrons that is both intimate and consistently unique. This approach lends to the restaurant's ability to fully utilize ingredients with minimal waste, a true focus on sustainability that also helps to control operational costs.

Co-founder Krystal Craig's current business, Crave Artisan Chocolates, currently services many established wholesale chocolate accounts. Clients include top Austin establishments such as Jeffrey's, Hotel Van Zandt & Geraldine's, The Archer Hotel, The Armadillo Christmas Bazaar and

more. This on-going revenue stream will be transferred to Intero once the restaurant is open. This arm of the business will continue to be developed and expanded with new chocolate-based accounts. During the holiday season (from October through February), chocolate sales dramatically increase, as will their contribution to Intero's revenue.

([//cdn-eos.nextseed.co/app/uploads/inr-bm-05.jpg](https://cdn-eos.nextseed.co/app/uploads/inr-bm-05.jpg))

With the team's combined experience, Intero will feature additional specialty programs, including a unique chocolate and Italian beverage program other restaurants do not offer. Its advantage in having both an in-house butcher and a chocolatier, gives Intero the ability to produce specialties beyond the reach of most other restaurants.

Location Analysis

Intero Ristorante will open 3 miles east of downtown Austin (2612 East Cesar Chavez Street, Austin, TX) in the Creative District.

Austin is the 11th largest city in America with over 2 million inhabitants in the metropolitan area (931,830 in city limits). Also known as the “music capital of the world,” Moviemaker Magazine named Austin as the #3 City to Live and Work in 2016. Zilker Park, a 360-acre community venue in the middle of the city, is one of over 300 parks throughout the city. The city plays host to a variety of industry conferences, tradeshow, and festivals, including the annual SXSW conference which attracts the world’s leading creative professionals. SXSW injects hundreds of millions of dollars into the local economy, including more than \$325.3 million in economic impact from the 343,800 in attendance (2016).

Intero will open its doors in the historic Bud’s building. Bud’s is well-known to the city as the first Harley Davidson dealership in Austin, and its history makes this a standout location. This prime space has high visibility and is in a part of the East Side that is increasingly popular and is considered a destination for great food options. Strong vehicle traffic on the street was measured in the range of 15,000 - 40,000 vehicles per 24 hours in 2010 (as measured by the Texas Department of Transportation). These numbers have increased significantly in the past five to seven years, as the area has grown rapidly.

Within a one-mile radius of the location, the population is steadily increasing with median income approximately 129% greater than the national average. The median age of 33 is youthful and independent, with average expenditures that are in line with the national average. (Piinpoint)

The diverse local demographics have the means to enjoy a weekly or bi-weekly dining experience, and Intero is well-suited to serve this target market in Austin. Residents value original quality dining through great food, service and setting, and the city is very supportive of its moderately priced casual restaurants. Sustainable practices and the use of locally grown and raised produce, meats and ingredients are a growing trend still not fully utilized by all Austin establishments. Intero will help drive and promote these practices in its concept.

There is currently only one other Italian restaurant (Juniper) in the immediate vicinity. Downtown Austin supports a few others, including La Traviata, Quattro and Carmelo’s Italian.
