### 3D Printing vs 2D Printing

Jerry Ropelato

Published on LinkedIn

WhiteClouds just launched an equity crowdfunding campaign on Wefunder for our 3D Printing company: <https://wefunder.com/whiteclouds>. I was just asked this question from an investor about 3D Printing and my response is below: "When 2d printers first came out, big office supply companies did huge business because they had higher tech machines. Then as home machines evolved people were able to do a lot of that at home. What prevents...

December 11, 2010, Alex worked with Jerry but at different companies

Jerry is one of the most talented CEO's I've ever met. He leads a highly successful group of web properties that are truly world class. Why? Because Jerry really, truly, is an 'expert'. Many use the title, Jerry has earned it. He knows how to rapidly grow large scale businesses online. There aren't too many area... [See more](#)
