NOTE A- ORGANIZATION AND NATURE OF ACTIVITIES

Kookaburra Sustainable Solutions, Inc. ("the Company") is a corporation organized under the laws of the State of Delaware. The Company intends to manufacture and distribute organic and natural products for odor removal, pet care products, houseware and household repairs, and aquaponic and water filtration systems.

The Company will conduct an equity crowdfund offering during the third quarter of 2017 for the purpose of raising operating capital. NOTE B- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. The value of expenses recognized as "Organizational Costs" is the only significant estimate contained in the financial statements.

Cash and Cash Equivalents

Cash and cash equivalents include all cash balances, and highly liquid investments with maturities of three months or less when purchased.

Income Taxes

The Company is subject to tax filing requirements in the federal jurisdiction of the United States, and the State of Delaware.

NOTE C- CONCENTRATIONS OF RISK

Financial instruments that potentially subject the Company to credit risk consist of cash and cash equivalents. The Company places its cash and cash equivalents with a limited number of high quality financial institutions and at times may exceed the amount of insurance provided on such deposits.
