Netcapital and Portal do not make investment recommendations and no communication, through this website or in any other medium, should be construed as a recommendation for any security offered on or off this investment platform. Equity crowdfunding investments in private placements, Regulation A, D and CF offerings, and start-up investments in particular are speculative and involve a high degree of risk and those investors who cannot afford to lose their entire investment should not invest in start-ups. Companies seeking startup investments through equity crowdfunding tend to be in earlier stages of development and their business model, products and services may not yet be fully developed, operational or tested in the public marketplace. There is no guarantee that the stated valuation and other terms are accurate or in agreement with the market or industry valuations. Additionally, investors may receive illiquid and/or restricted stock that may be subject to holding period requirements and/or liquidity concerns. In the most sensible investment strategy for start-up investing, start-ups should only be part of your overall investment portfolio. Further, the start-up portion of your portfolio may include a balanced portfolio of different start-ups. Investments in startups are highly illiquid and those investors who cannot hold an investment for the long term (at least 5-7 years) should not invest.

- Not a development stage company that (a) has no specific business plan or (b) has indicated that its business plan is to engage in a merger or acquisition with an unidentified company or companies.

3. Has the issuer or any of its predecessors previously failed to comply with the ongoing reporting requirements of Rule 202 of Regulation Crowdfunding?

No.

Directors, Officers and Promoters of the Company

4. The following individuals (or entities) represent the company as a director, officer or promoter of the offering:

Caleb graduated Cum Laude from Boston University's Questrom School of Business, where he studied Marketing and Strategy & Innovation. He has experience in startup marketing, business development, and business strategy from his work with Pinch, as a marketing and business development intern, stache media (Sony Music), as a marketing intern, and from his work with the Colleen Foundation, which he founded in 2015.

Jacob Dansey Chief Executive Officer BS, Boston University, Computer Engineering, Magna Cum Laude, 2017

Jacob Dansey has experience in application development and government contracting research. After getting recruited to Boston University to play lacrosse, he decided to pursue computer engineering in order to learn the necessary skills to develop Involved. He has worked as a developer for a government contracting company, CACI, and is currently undergoing TS/SCI security clearance. He has recently found his passion in entrepreneurship and business development and is a member of Tau Beta Pi and Eta Kappa Nu engineering honor societies.

John Knollmeyer Chief Technology Officer BS, Boston University, Computer Engineering, 2017

John is a software and web developer. His work experience includes software development for Amazon's Alexa AI, web development with MathWorks, and Cloud Computing research with a BU lab. He is very comfortable with web development, as well as usage of cloud computing and machine

learning. John is also familiar with the current political landscape, and has worked on side projects that draw from and analyze political news and speeches. He is one of the founding members of Boston University's BostonHacks and Make BU.

Chad Bell, a California native, graduated undergrad at Boston University in 2017 from the business school with a degree in Business Administration with a focus in finance. Currently, working at Lord, Abbet & Co as an Advisor Consultant. Before L.A., Chad worked for the Christie Group working in their finance department centered around the healthcare industry. Chad is also pursuing his CFA designation as a level 1 candidate and in the process of obtaining his series 7 and 66 licensing.

Rick E. Dansey is Senior Vice President of Department of Defense programs at TeraThink Corporation (www.terathink.com). In this role, he brings 29 years of leadership and business growth success to the TeraThink management team. His clients have spanned Commercial and Federal government agencies across multiple technology offerings.

Most recently, Rick ran his own firm that focused on Merger and Acquisition (M&A) integration, new technology launch and strategic growth with clients that included start-ups, private equity and Fortune 200 firms.

Previously, Rick was an Executive Vice President at CACI International. Rick's Business Group was critical to CACI's growth strategy as a \$630 million annual revenue organization with 3500 employees. He also played a key role in multiple CACI acquisitions. Prior to CACI, Rick launched a successful consulting practice in the competitive ERP space. The growth of this practice culminated in the successful acquisition of the company by CACI in 2001.

He earned an MBA from Northwestern's Kellogg Graduate School of Management and a Bachelor of Science from the United States Naval Academy. He also has a Masters in Legislative Affairs from The George Washington University.

Principal Security Holders

5. Provide the name and ownership level of each person, as of the most recent practicable date, who is the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power. To calculate total voting power, include all securities for which the person directly or indirectly has or shares the voting power, which includes the power to vote or to direct the voting of such securities. If the person has the right to acquire voting power of such securities within 60 days, including through the exercise of any option, warrant or right, the conversion of a security, or other arrangement, or if securities are held by a member of the family, through corporations or partnerships, or otherwise in a manner that would allow a person to direct or control the voting of the securities (or share in such direction or control — as, for example, a co-trustee) they should be included as being "beneficially owned." You should include an explanation of these circumstances in a footnote to the "Number of and Class of Securities Now Held." To calculate outstanding voting equity securities, assume all outstanding options are exercised and all outstanding convertible securities converted.

Business and Anticipated Business Plan

6. Describe in detail the business of the issuer and the anticipated business plan of the issuer.

Involved is developing an application to increase civic engagement through micro-polling. Most people fall into the 'silent majority' category where they vote on election day, but oftentimes have trouble keeping track of current issues or knowing who their representatives are. However, they still have opinions and care about what goes on in their community. Our application makes it as easy as possible to voice your opinion by allowing your elected officials to send quick thirty second questions as push notifications to everyone who is signed up in your district. Elected officials can instantly gather a consensus on a local issue, while you can feel validated that your voice is being heard in the time it takes to answer a text message. Your officials will then follow up on these questions to let you know exactly how your voice was used. Our revenue model is free for constituents and a subscription model for elected officials. We are also looking into selling the data to third parties such as news outlets, political parties and pollsters. We would never sell anyone's individual data, but the overall results of questions can be used as campaign or news analysis for different organizations.

Risk Factors

A crowdfunding investment involves risk. You should not invest any funds in this offering unless you can afford to lose your entire investment.

In making an investment decision, investors must rely on their own examination of the issuer and the terms of the offering, including the merits and risks involved. These securities have not been recommended or approved by any federal or state securities commission or regulatory authority. Furthermore, these authorities have not passed upon the accuracy or adequacy of this document.

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.

7. Material factors that make an investment in Involved, Inc. speculative or risky:

1. We are a young, bright team that recently graduated college which means we are relatively inexperienced. However, we believe we are balancing our lack of employment history through a strong network of mentors and advisors in the Boston startup ecosystem.
2. We have first mover's advantage with an application that relies heavily on network effects. The actual app can be imitated so we are looking for rapid growth and adoption upon launch. There are other political apps available that try to capture a two-way conversation, but are failing in terms of the appeal to a larger public.
3. There is a market risk associated with getting people to participate in an application such as this. Our value proposition is in appealing to a larger audience by making it easier to interact.
4. Our CTO, John Knollmeyer, is accepting a job at Amazon and will work on this part-time until we

can sustain another full-time employee. We anticipate that raising money on Netcapital will be helpful for us in obtaining appropriate employees.

5. Our future growth depends to a large extent on our ability to effectively anticipate and adapt to customer requirements and offer services that meet customer demands. If we are unable to attract new customers and/or retain new customers, our business, results of operations and financial condition may be materially adversely affected.
6. The market for cloud applications is subject to rapid technological change, and we depend on new product and service introductions in order to maintain and grow our business.
7. We operate in an emerging market that is characterized by rapid changes in customer requirements, frequent introductions of new and enhanced products, and continuing and rapid technological advancement.
8. Our ability to grow is also subject to the risk of future disruptive technologies. Access and use of our services is provided via the cloud, which, itself, has been disruptive to the previous premises-based model.
9. We are subject to the data privacy and protection laws and regulations adopted by federal and state governmental agencies. Data privacy and protection is highly regulated and may become the subject of additional regulation in the future. Privacy laws restrict our storage, use, processing, disclosure, transfer and protection of personal information, including credit card data, provided to us by our customers as well as data we collect from our customers and employees. We strive to comply with all applicable laws, regulations, policies and legal obligations relating to privacy and data protection. However, it is possible that these requirements may be interpreted and applied in a manner that is inconsistent from one jurisdiction to another and may conflict with other rules or our practices. Should this occur, we may be subject to fines, penalties and lawsuits, and our reputation may suffer. We may also be required to make modifications to our data practices that could have an adverse impact on our business.

The Offering

Involved, Inc. ("Company") is offering securities under Regulation CF, through Netcapital Funding Portal Inc. ("Portal"). Portal is a FINRA/SEC registered funding portal and will receive cash compensation equal to 4.9% of the value of the securities sold through Regulation CF. Investments made under Regulation CF involve a high degree of risk and those investors who cannot afford to lose their entire investment should not invest.

The Company plans to raise between \$10,000 and \$100,000 through an offering under Regulation CF. In the event the Company fails to reach their offering target of \$10,000, any investments made under offering will be cancelled and the investment funds will be returned to the investor.

8. What is the purpose of this offering?

The minimum amount raised will be used to allow Involved to continue operations full-time with two of their members for another six months and part-time (unpaid) from the the other two. We anticipate that this will allow us to launch the application fully by next year and validate the business model in a local setting.

If we raise the maximum amount, the money will be used for the same items noted above with the following allocations for a nine-month runway: \$36,000 for salaries of two full-time members, \$5,000 for design consulting, \$20,000 for hosting costs and additional development, \$30,000 for marketing, and the remaining \$4,000 for miscellaneous operational expenses.

9. How does the issuer intend to use the proceeds of this offering?

	If Target Offering Amount Sold	If Maximum Amount Sold
Total Proceeds	\$10,000	\$100,000
Less: Offering Expenses	\$490	\$4,900
Net Proceeds	\$9,510	\$95,100
Compensation for Directors, Officers, and Promoters	\$9,510	\$36,000
Working Capital	\$0	\$59,100
Total Use of Net Proceeds	\$9,510	\$95,100

10. How will the issuer complete the transaction and deliver securities to the investors?

In entering into an agreement on the Netcapital Funding Portal to purchase securities, both investors and Involved, Inc. must agree that a transfer agent, which keeps the records of all of our outstanding Common Stock, will issue digital securities in the investor's name (a paper stock certificate will not be printed). Similar to other online investment accounts, the transfer agent will give investors access to a web site to see the number of shares that they own in our company. These securities will be issued to investors after the deadline date for investing has passed, as long as the targeted offering amount has been reached. The transfer agent will record the issuance when we have received the purchase proceeds from the escrow agent who is holding your investment commitment.

11. How can an investor cancel an investment commitment?

You may cancel an investment commitment for any reason until 48 hours prior to the deadline identified in the offering by logging in to your account with Netcapital, browsing to the Investments screen, and click to cancel your investment commitment. Netcapital will notify investors when the target offering amount has been met. If the issuer reaches the target offering amount prior to the deadline identified in the offering materials, it may close the offering early if it provides notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment). If an investor does not cancel an investment commitment before the 48-hour period prior to the offering deadline, the funds will be released to the issuer upon closing of the offering and the investor will receive securities in exchange for his or her investment. If an investor does not reconfirm his or her investment commitment after a material change is made to the offering, the investor's investment commitment will be cancelled and the committed funds will be returned.

Ownership and Capital Structure

The Offering

12. Describe the terms of the securities being offered.

We are issuing Common Stock at an offering price of \$0.25 per share.

13. Do the securities offered have voting rights?

The Common Stock are being issued with voting rights. However, so that the crowdfunding community has the opportunity to act together and cast a vote as a group when a voting matter comes before the shareholders, a custodian will cast your vote for you. Please refer to the custodian

agreement that you sign before your purchase is complete.

14. Are there any limitations on any voting or other rights identified above?

You are giving your voting rights to the custodian, who will vote the shares on behalf of all shareholders who purchased shares on the Netcapital crowdfunding portal.

15. How may the terms of the securities being offered be modified?

We may choose to modify the terms of the securities before the offering is completed. However, if the terms are modified, and we deem it to be a material change, we need to contact you and you will be given the opportunity to reconfirm your investment. Your reconfirmation must be completed within five business days of receipt of the notice of a material change, and if you do not reconfirm, your investment will be canceled and your money will be returned to you.

Restrictions on Transfer of the Securities Offered

The securities being offered may not be transferred by any purchaser of such securities during the one-year period beginning when the securities were issued, unless such securities are transferred:

- to the issuer;
- to an accredited investor;
- as part of an offering registered with the U.S. Securities and Exchange Commission; or
- to a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance.

The term “accredited investor” means any person who comes within any of the categories set forth in Rule 501(a) of Regulation D, or who the seller reasonably believes comes within any of such categories, at the time of the sale of the securities to that person.

The term “member of the family of the purchaser or the equivalent” includes a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the purchaser, and includes adoptive relationships. The term “spousal equivalent” means a cohabitant occupying a relationship generally equivalent to that of a spouse.

Description of Issuer’s Securities

- 16. What other securities or classes of securities of the issuer are outstanding? Describe the material terms of any other outstanding securities or classes of securities of the issuer.**

Securities

Class of Security	Amount Authorized	Amount Outstanding	Voting Rights	Other Rights
Common Stock	10,000,000	4,454,944	Yes	

Options, Warrants and Other Rights

Not applicable.

- 17. How may the rights of the securities being offered be materially limited, diluted or qualified by the rights of any other class of security identified above?**

There are no additional outstanding securities that would limit, dilute or qualify the rights of the securities being sold in this offering.

18. **Are there any differences not reflected above between the securities being offered and each other class of security of the issuer?**

No.

19. **How could the exercise of rights held by the principal shareholders identified in Question 6 above affect the purchasers of the securities being offered?**

As the holder of a majority of the voting rights in the company, our majority shareholder may make decisions with which you disagree, or that negatively affect the value of your investment in the company, and you will have no recourse to change those decisions. Your interests may conflict with the interests of other investors, and there is no guarantee that the company will develop in a way that is advantageous to you. For example, the majority shareholder may decide to issue additional shares to new investors, sell convertible debt instruments with beneficial conversion features, or make decisions that affect the tax treatment of the company in ways that may be unfavorable to you. Based on the risks described above, you may lose all or part of your investment in the securities that you purchase, and you may never see positive returns.

The individuals who hold greater than 20% have large voting power with regard to the business, the business decisions made will affect the value of the securities being offered.

20. **How are the securities being offered being valued? Include examples of methods for how such securities may be valued by the issuer in the future, including during subsequent corporate actions.**

To determine the value of the company, we used a pre-money valuation report conducted by Gust that took into account factors such as team, traction and market opportunity

21. **What are the risks to purchasers of the securities relating to minority ownership in the issuer?**

As a minority owner of Involved, investors do not have a definitive say in terms of business decisions.

22. **What are the risks to purchasers associated with corporate actions including:**

- additional issuances of securities,
- issuer repurchases of securities,
- a sale of the issuer or of assets of the issuer or
- transactions with related parties?

If we issue additional securities, Netcapital investors are at a risk of dilution. As a result, if we achieve profitable operations in the future, our net income per share will be reduced because of dilution, and the market price of our common stock, if there is a market price, could decline as a result of the additional issuances of securities.

If we repurchase securities, so that the above risk is mitigated, we may not have enough cash available for marketing expenses, growth, or operating expenses to reach our goals. If we do not have enough cash to operate and grow, we anticipate the market price of our common stock, if any, would decline.

A sale of our company or of all the assets of our company may result in an entire loss of your investment. We cannot predict the market value of our company or our assets, and the proceeds of a sale may not be cash, but instead, unmarketable securities, or an assumption of liabilities.

We may need to negotiate with a related-party for additional capital. No assurance can be given that such funds will be available or, if available, will be on commercially reasonable terms satisfactory to us. We anticipate that if we have any transactions with related parties, that they will be on an arms-

length basis.

23. Describe the material terms of any indebtedness of the issuer:

Not applicable.

24. What other exempt offerings has Involved, Inc. conducted within the past three years?

None.

25. Was or is the issuer or any entities controlled by or under common control with the issuer a party to any transaction since the beginning of the issuer's last fiscal year, or any currently proposed transaction, where the amount involved exceeds five percent of the aggregate amount of capital raised by the issuer in reliance on Section 4(a)(6) of the Securities Act during the preceding 12-month period, including the amount the issuer seeks to raise in the current offering, in which any of the following persons had or is to have a direct or indirect material interest:

1. any director or officer of the issuer;
2. any person who is, as of the most recent practicable date, the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power;
3. if the issuer was incorporated or organized within the past three years, any promoter of the issuer; or
4. any immediate family member of any of the foregoing persons.

No.

Financial Condition of the Issuer

26. Does the issuer have an operating history?

No.

27. Describe the financial condition of the issuer, including, to the extent material, liquidity, capital resources and historical results of operations.

We are currently in a Boston University Summer Accelerator program, which has given us a grant of \$10,000 to work on developing the business over the summer. We are doing everything in-house in terms of development so our main costs are hosting and marketing expenses.

For the period from our inception on March 2, 2017 to June 30, 2017, we expended \$5,605 of the grant money received. We are seeking to raise additional capital to continue our development efforts.

Our plan is to allow constituents to use our app at no charge. We anticipate our revenue will come from elected officials that buy subscription services that will enable them to hear the voice of their constituents.

Financial Information

28. Include the financial information specified by regulation, covering the two most recently completed fiscal years or the period(s) since inception if shorter.

29. With respect to the issuer, any predecessor of the issuer, any affiliated issuer, any director, officer, general partner or managing member of the issuer, any beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated in the same form as described in Question 6 of this Question and Answer format, any promoter connected with the issuer in any capacity at the time of such sale, any person that has been or will be paid (directly or indirectly) remuneration for solicitation of purchasers in connection with such sale of securities, or any general partner, director, officer or managing member of any such solicitor, prior to May 16, 2016:
1. Has any such person been convicted, within 10 years (or five years, in the case of issuers, their predecessors and affiliated issuers) before the filing of this offering statement, of any felony or misdemeanor:
 1. in connection with the purchase or sale of any security?
 2. involving the making of any false filing with the Commission?
 3. arising out of the conduct of the business of an underwriter, broker, dealer, municipal securities dealer, investment adviser, funding portal or paid solicitor of purchasers of securities?
 2. Is any such person subject to any order, judgment or decree of any court of competent jurisdiction, entered within five years before the filing of the information required by Section 4A(b) of the Securities Act that, at the time of filing of this offering statement, restrains or enjoins such person from engaging or continuing to engage in any conduct or practice:
 1. in connection with the purchase or sale of any security?;
 2. involving the making of any false filing with the Commission?
 3. arising out of the conduct of the business of an underwriter, broker, dealer, municipal securities dealer, investment adviser, funding portal or paid solicitor of purchasers of securities?
 3. Is any such person subject to a final order of a state securities commission (or an agency or officer of a state performing like functions); a state authority that supervises or examines banks, savings associations or credit unions; a state insurance commission (or an agency or officer of a state performing like functions); an appropriate federal banking agency; the U.S. Commodity Futures Trading Commission; or the National Credit Union Administration that:
 1. at the time of the filing of this offering statement bars the person from:
 1. association with an entity regulated by such commission, authority, agency or officer?
 2. engaging in the business of securities, insurance or banking?
 3. engaging in savings association or credit union activities?
 2. constitutes a final order based on a violation of any law or regulation that prohibits fraudulent, manipulative or deceptive conduct and for which the order was entered within the 10-year period ending on the date of the filing of this offering statement?
 4. Is any such person subject to an order of the Commission entered pursuant to Section 15(b) or 15B(c) of the Exchange Act or Section 203(e) or (f) of the Investment Advisers Act of 1940 that, at the time of the filing of this offering statement:
 1. suspends or revokes such person's registration as a broker, dealer, municipal securities dealer, investment adviser or funding portal?
 2. places limitations on the activities, functions or operations of such person?
 3. bars such person from being associated with any entity or from participating in the offering of any penny stock?

If Yes to any of the above, explain:

5. Is any such person subject to any order of the Commission entered within five years before the filing of this offering statement that, at the time of the filing of this offering statement, orders the person to cease and desist from committing or causing a violation or future violation of:
 1. any scienter-based anti-fraud provision of the federal securities laws, including without limitation Section 17(a)(1) of the Securities Act, Section 10(b) of the Exchange Act, Section 15(c)(1) of the Exchange Act and Section 206(1) of the Investment Advisers Act of 1940 or any other rule or regulation thereunder?
 2. Section 5 of the Securities Act?
6. Is any such person suspended or expelled from membership in, or suspended or barred from association with a member of, a registered national securities exchange or a registered national or affiliated securities association for any act or omission to act constituting conduct inconsistent with just and equitable principles of trade?
7. Has any such person filed (as a registrant or issuer), or was any such person or was any such person named as an underwriter in, any registration statement or Regulation A offering statement filed with the Commission that, within five years before the filing of this offering statement, was the subject of a refusal order, stop order, or order suspending the Regulation A exemption, or is any such person, at the time of such filing, the subject of an investigation or proceeding to determine whether a stop order or suspension order should be issued?
8. Is any such person subject to a United States Postal Service false representation order entered within five years before the filing of the information required by Section 4A(b) of the Securities Act, or is any such person, at the time of filing of this offering statement, subject to a temporary restraining order or preliminary injunction with respect to conduct alleged by the United States Postal Service to constitute a scheme or device for obtaining money or property through the mail by means of false representations?

Involved, Inc. answers 'NO' to all of the above questions.

Ongoing Reporting

31. The issuer will file a report electronically with the Securities & Exchange Commission annually and post the report on its web site, no later than 120 days after the end of each fiscal year covered by the report:

Once posted, the annual report may be found on the issuer's web site at: involved.mobi

The issuer must continue to comply with the ongoing reporting requirements until:

- the issuer is required to file reports under Section 13(a) or Section 15(d) of the Exchange Act;
- the issuer has filed at least one annual report pursuant to Regulation Crowdfunding and has fewer than 300 holders of record and has total assets that do not exceed \$10,000,000;
- the issuer has filed at least three annual reports pursuant to Regulation Crowdfunding;
- the issuer or another party repurchases all of the securities issued in reliance on Section 4(a)(6) of the Securities Act, including any payment in full of debt securities or any complete redemption of redeemable securities; or
- the issuer liquidates or dissolves its business in accordance with state law.
