

Thermal Vision image

Thermal vision images show heat signatures. The top image shows a building at night with a color scale from blue (cold) to red (hot). The bottom left image shows a street scene with a color scale from blue to red. The bottom right image shows a close-up of a building facade with a color scale from blue to red.

TARGET MARKET

The theatrical staging market is over \$1 billion. We also believe that the market will expand with a gradual but not new features and a lower price point.

The healthcare market at we are addressing is over \$1 billion worldwide and growing.

We estimate that the automation market for our safety sensor is greater than \$5 billion.
