Drumroll please...! **Carbon Collective** now manages over \$100 million in assets! (it's now actually \$109m)

Thanks to the rapid growth of our Better Together 401(k) program, we've doubled our AUM in the past year. It's a big deal for us. Crossing \$100m adds a big fat digit behind our our mission to get \$1 trillion invested into public climate solutions (just 4 more to go! 🤪)

And we're pairing it with a unique opportunity.

CC is backed by VCs. And we have a policy that whenever we raise from them, we open up the opportunity to invest alongside them to our community. This is the first time we're doing it formally as a "community round" on **Wefunder** where anyone can join and more formally be a part of our journey.

If you're interested in learning more and/or just curious to see our overall vision, check out the campaign.
