**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2023**

---

**NOTE 1 – Organization and Nature of Business**

Speyside Advisors, LLC (the "Company"), was formed on May 11, 2017. The Company is a broker-dealer registered with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority, Inc. and Securities Investor Protection Corporation ("SIPC"). The Company operates as a Texas Limited Liability Company ("LLC") and is wholly-owned by a member. The Company is primarily engaged in providing advisory services on mergers and acquisitions. It is intended that all offerings will be exempt from registration under the provisions of either Regulation D or Rule 144A. The Company is considered a Non-Covered Firm exempt from 17 C.F.R. § 240.15c3-3 relying on Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. § 240.17-5.

Cash

The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. At December 31, 2023, the Company had no such investments. The Company maintains its operating cash at a financial institution. At times, the amount on deposit at this institution may exceed amounts covered by insurance provided by the U.S. Federal Deposit Insurance Corporation ("FDIC"). The Company has not experienced any losses related to amounts in excess of FDIC limits.

Accounts Receivable

As of December 31, 2023, the Company had \$575 of accounts receivables. Receivables consist of uncollateralized customer obligations due under normal trade terms. Payments on trade receivables are applied to the earliest unpaid invoices. Management reviews trade receivables periodically and reduces the carrying amount by a valuation allowance that reflects management's best estimate of the amount that may or may not be collectible. As of December 31, 2023, there was no allowance for doubtful accounts.

Current Expected Credit Losses

The Company accounts for estimated credit losses on financial assets measured at an amortized cost basis and certain off-balance sheet credit exposures in accordance with FASB ASC 326-20, Financial Instruments -Credit Losses. FASB ASC 326-20 requires the Company to estimate expected credit losses over the life of its financial assets and certain off-balance sheet exposures as of the reporting date based on relevant information about past events, current conditions, and reasonable and supportable forecasts. The Company records the estimate of expected credit losses as an allowance for credit losses. For financial assets measured at an amortized cost basis the allowance for credit losses is reported as a valuation account on the balance sheet that adjusts the asset's amortized cost basis. Changes in the allowance for credit losses are reported in Credit Loss expense. In management's opinion, any potential allowance for credit losses would not be material to the financial statements as of December 31, 2023.

Revenue Recognition

The Company provides advisory services on mergers and acquisitions. Advisory fees represent 100% of revenue earned by the Company for the year ended December 31, 2023. Revenue for advisory arrangements is generally recognized at the point in time that performance under the arrangement is completed (the closing date of the transaction) or the contract is cancelled.

**SPEYSIDE ADVISORS, LLC**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2022**

---

**NOTE 1 – Organization and Nature of Business (Cont.)**

Revenue Recognition (Continued)

However, for certain contracts, revenue is recognized over time for advisory arrangements in which the performance obligations are simultaneously provided by the Company and consumed by the customer. Significant judgment is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measure of the Company's progress under the contract; whether revenue should be presented gross or net of certain costs; and whether constraints on variable consideration should be applied due to uncertain future events. Retainers and other fees received from customers prior to recognizing revenue are reported in the accompanying statement of financial condition in deferred revenue. The Company receives reimbursements of operating expenses incurred by the Company on behalf of the customers who are receiving advisory services. Reimbursement of expenses are recorded on a net basis as the Company is acting as an agent, and recognize reimbursement of such expenses are incurred, as these costs are related to performance obligations that are satisfied over time.

Use of Estimates

The Company's financial statements are presented in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The Financial Accounting Standards Board ("FASB") Accounting Standards Codification (the Codification) is the single source of U.S. GAAP. The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes

The Company is a single member limited liability company and is therefore treated as a disregarded entity for federal income tax purposes. Accordingly, income will be taxed at the member level rather than at the corporate level for federal income tax purposes. The Company is subject to state income taxes.

Any potential interest and penalty associated with a tax contingency, should one arise, would be included as a component of income tax expense in the period in which the assessment arises.

**NOTE 2 – Net Capital Requirements**

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities and Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. Net capital and the related net capital ratio may fluctuate on a daily basis.

At December 31, 2023, the Company had net capital of \$14,420, which was \$9,420 in excess of minimum net capital requirement of \$5,000. The Company's ratio of aggregate indebtedness to net capital was 8.3 to 1. The Securities and Exchange Commission permits a ratio of no greater than 15 to 1.

**SPEYSIDE ADVISORS, LLC**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2023**

---

**NOTE 2 – Net Capital Requirements (Continued)**

In February 2023, the Company paid expenses and did not have any income. Because of this, from February 15, 2023, to March 21, 2023, the Company had net capital less than 100% of the requirement in accordance with SEA Rule 17a-11(b). The Company filed notification under SEA rule 17a-11 with FINRA on March 23, 2023. The Company's managing member on March 22, 2023, contributed capital of \$12,000 to increase the Company's net capital above 100% of its requirement. There were no securities transactions during this period.

In May 2023, the Company booked \$83,283 retainer and expense fees which increased aggregated indebtedness greater than 1,200% of net capital in accordance with SEA Rule 17a-11(c)(1) from May 31, 2023, to June 21, 2023. The Company filed notification under SEA rule 17a-11 with FINRA on June 21, 2023. On June 21, 2023, the Company received in full payment of the accrued retainer and expense fees from the client which increased the Company's net capital and removed the balance of the aggregated indebtedness. There were no securities transactions during this period.

**NOTE 3 – Concentration Risk and Revenue**

The Company may at various times during the year have cash balances in excess of federally insured limits. The Company believes that it is not exposed to any significant risk related to cash. Approximately 81% of the Company's revenue is derived from one customer.

**NOTE 4 – Related Party Transactions**

The sole member of the Company, a registered securities representative, generates most of the Company's revenues and receives most of the related compensation expense. The Company is economically dependent upon the sole member due to the concentration of services he provides. The Company and various entities are under common control and the existence of that control may create operating results and financial position significantly different than if the companies were autonomous.

**NOTE 5 – Recent Accounting Pronouncements**

Recently issued accounting standards that have been issued or proposed by the FASB or other standards-setting bodies are not expected to have a material impact on the Company's financial position or results of operations. The Company plans to adopt any new standards in accordance with the standards.

**NOTE 6 – Commitments and Contingencies**

There are currently no asserted claims or legal proceedings against the Company, however, the nature of the Company's business subjects it to various claims, regulatory examinations, and other proceedings in the ordinary course of business. The ultimate outcome of any such future action against the Company could have an adverse impact on the financial condition, results of operations, or cash flows of the Company.

**NOTE 7 – Subsequent Events**

After February 28, 2024, the date which the financial statements were available to be issued. There have been no material subsequent events that occurred during such period that would require disclosure in this report or would be required to be recognized in the financial statements as of December 31, 2023.
