### **INDEPENDENT ACCOUNTANT'S REVIEW REPORT**

To the Board of Directors  
Revohloo, Inc.  
Las Vegas, Nevada

We have reviewed the accompanying financial statements of Revohloo, Inc., which comprise the balance sheets as of December 31, 2020 and 2019, and the related statements of income, statements of equity and statements of cash flows for the years then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

#### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement whether due to fraud or error.

#### ***Accountant's Responsibility***

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

#### ***Accountant's Conclusion***

Based on our review, we are not aware of any material modification that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

#### ***Going Concern***

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 6, certain conditions raise an uncertainty about the Company's ability to continue as a going concern. The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty. Our conclusion is not modified with respect to this matter.

**REVOHLOO, INC.**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**DECEMBER 31, 2020 AND 2019**  
**(unaudited)**

**1. Summary of Significant Accounting Policies**

***The Company***

Revohloo, Inc. (the “Company”) was incorporated in the State of Nevada on March 3, 2017. Previously the Company was formed as Revohloo Studios, Inc. in the State of Nevada on September 10, 2013 and converted to Revohloo, Inc. on March 3, 2017. The Company specializes in an interactive music video technology platform to assist artists in providing one-of-a-kind experiences for fans.

***Going Concern***

Since Inception, the Company has relied on funds from related party notes and issuance of common stock issued to fund its operations. As of December 31, 2020, the Company will likely incur losses prior to generating positive working capital. These matters raise substantial concern about the Company’s ability to continue as a going concern. As of December 31, 2020, the Company is still mostly in the developmental process, with very limited revenue. The Company’s ability to continue as a going concern is dependent on the Company’s ability to raise short term capital, as well as the Company’s ability to finish the development of the music platform.

***Fiscal Year***

The Company operates on a December 31st year-end.

***Basis of Presentation***

The accompanying financial statements have been prepared in accordance with U.S. generally accepted accounting principles (US GAAP).

***Use of Estimates***

The preparation of the financial statement in conformity with accounting principles generally accepted in the United States of America requires the use of management’s estimates. These estimates are subjective in nature and involve judgments that affect the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at fiscal year-end. Actual results could differ from those estimates.

***Cash and Cash Equivalents***

The Company considers all highly liquid financial instruments purchased with maturities of three months or less to be cash equivalents. As of December 31, 2020 and 2019, the Company held no cash equivalents.

***Risks and Uncertainties***

The Company has a limited operating history. The Company’s business and operations are sensitive to general business and economic conditions in the United States. A host of factors beyond the Company’s control could cause fluctuations in these conditions.

The Coronavirus Disease of 2019 (COVID-19) has recently affected global markets, supply chains, employees of companies, and our communities. Specific to the Company, COVID-19 may impact various parts of its 2021 operations and financial results including shelter in place orders, material supply chain interruption, economic hardships affecting funding for the Company’s operations, and affects the Company’s workforce. Management believes the Company is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated as of December 31, 2020.

*See independent accountant’s review report.*

**REVOHLOO, INC.**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**DECEMBER 31, 2020 AND 2019**  
**(unaudited)**

**1. Summary of Significant Accounting Policies (continued)**

***Intangible Assets***

The Company has recorded intangible assets at cost, which consist of patents. The Company evaluates intangible assets on an annual basis or more frequently if management believes indicators of impairment exist. Such indicators could include but are not limited to (1) a significant adverse change in legal factors or in business climate, (2) unanticipated competition, or (3) an adverse action or assessment by a regulator. The Company first assesses qualitative factors to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount. If management concludes that it is more likely than not that the fair value of a reporting unit is less than its carrying amount, management conducts a two-step quantitative impairment test. The first step of the impairment test involves comparing the fair value of the applicable reporting unit with its carrying value. The Company estimates the fair values of its reporting units using a combination of the income, or discounted cash flows, approach and the market approach, which utilizes comparable companies' data. If the carrying amount of a reporting unit exceeds the reporting unit's fair value, management performs the second step of the impairment test. The second step of the impairment test involves comparing the implied fair value of the affected reporting unit's asset with the carrying value of that asset. The amount, by which the carrying value of the asset exceeds its implied fair value, if any, is recognized as an impairment loss. The Company's evaluation of its intangible asset completed during the years ending December 31, 2020 and 2019, resulted in no impairment losses.

***Income Taxes***

The Company complies with FASB ASC 740 for accounting for uncertainty in income taxes recognized in a company's financial statements, which prescribes a recognition threshold and measurement process for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. FASB ASC 740 also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. Based on the Company's evaluation, it has been concluded that there are no significant uncertain tax positions requiring recognition in the Company's financial statements. The Company believes that its income tax positions would be sustained on audit and does not anticipate any adjustments that would result in a material change to its financial position.

The Company is subject to tax filing requirements as a corporation in the federal jurisdiction of the United States. The Company sustained net operating losses during fiscal year 2020. Net operating losses will be carried forward to reduce taxable income in future years. Due to management's uncertainty as to the timing and valuation of any benefits associated with the net operating loss carryforwards, the Company has elected to recognize an allowance to account for them in the financial statements but has fully reserved it. Under current law, net operating losses may be carried forward indefinitely.

The Company is subject to franchise and income tax filing requirements in the State of Nevada.

*See independent accountant's review report.*

**REVOHLOO, INC.**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**DECEMBER 31, 2020 AND 2019**  
**(unaudited)**

**1. Summary of Significant Accounting Policies (continued)**

***Fair Value of Financial Instruments***

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants as of the measurement date. Applicable accounting guidance provides an established hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs that market participants would use in valuing the asset or liability and are developed based on market data obtained from sources independent of the Company. Unobservable inputs are inputs that reflect the Company's assumptions about the factors that market participants would use in valuing the asset or liability. There are three levels of inputs that may be used to measure fair value:

- Level 1                   - Observable inputs that reflect quoted prices (unadjusted) for identical assets or liabilities in active markets.
  
- Level 2                   - Include other inputs that are directly or indirectly observable in the marketplace.
  
- Level 3                   - Unobservable inputs which are supported by little or no market activity.

The fair value hierarchy also requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

Fair-value estimates discussed herein are based upon certain market assumptions and pertinent information available to management as of Inception. Fair values were assumed to approximate carrying values because of their short term in nature or they are payable on demand.

***Concentrations of Credit Risk***

From time-to-time cash balances, held at a major financial institution may exceed federally insured limits of \$250,000. Management believes that the financial institution is financially sound, and the risk of loss is low.

***Revenue Recognition***

Effective January 1, 2019, the Company adopted Accounting Standards Codification 606, Revenue from Contracts with Customers ("ASC 606"). Revenue is recognized when performance obligations under the terms of the contracts with our customers are satisfied. Prior to the adoption of ASC 606, the Company recognized revenue when persuasive evidence of an arrangement existed, delivery of products had occurred, the sales price was fixed or determinable and collectability was reasonably assured. The Company generates revenues advertisements on the platform. The Company's payments are generally collected upfront. For years ending December 31, 2020 and 2019 the Company recognized nil in revenue.

***Advertising Expenses***

The Company expenses advertising costs as they are incurred.

*See independent accountant's review report.*

**REVOHLOO, INC.**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**DECEMBER 31, 2020 AND 2019**  
(unaudited)

**1. Summary of Significant Accounting Policies (continued)**

***Organizational Costs***

In accordance with FASB ASC 720, organizational costs, including accounting fees, legal fee, and costs of incorporation, are expensed as incurred.

***New Accounting Pronouncements***

From time to time, new accounting pronouncements are issued by the Financial Accounting Standards Board, or FASB, or other standard setting bodies and adopted by the Company as of the specified effective date. Unless otherwise discussed, the Company believes that the impact of recently issued standards that are not yet effective will not have a material impact on its financial position or results of operations upon adoption.

In November 2015, the FASB issued ASU (Accounting Standards Update) 2015-17, *Balance Sheet Classification of Deferred Taxes*, or ASU 2015-17. The guidance requires that all deferred tax assets and liabilities, along with any related valuation allowance, be classified as noncurrent on the balance sheet. For all entities other than public business entities, the guidance becomes effective for financial statements issued for annual periods beginning after December 15, 2017, and interim periods within annual periods beginning after December 15, 2018. Early adoption is permitted for all entities as of the beginning of an interim or annual reporting period. The adoption of ASU 2015-17 had no material impact on the Company's financial statements and related disclosures.

In November 2016, the FASB issued ASU 2016-18, *Statement of Cash Flows (Topic 230), Restricted Cash*, or ASU 2016-18. The amendments of ASU 2016-18 were issued to address the diversity in classification and presentation of changes in restricted cash and restricted cash equivalents on the statement of cash flows which is currently not addressed under Topic 230. ASU 2016-18 would require an entity to include amounts generally described as restricted cash and restricted cash equivalents with cash and cash equivalents when reconciling the beginning of period and end of period total amounts on the statement of cash flows. This guidance is effective for annual reporting periods, and interim periods within those years, beginning after December 15, 2018 for non-public entities. Early adoption is permitted, and the standard must be applied retrospectively. The adoption of ASU 2016-18 had no material impact on the Company's financial statements and related disclosures.

In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*, or ASU 2016-02, which supersedes the guidance in ASC 840, *Leases*. The new standard requires lessees to apply a dual approach, classifying leases as either finance or operating leases based on the principle of whether or not the lease is effectively a financed purchase by the lessee. This classification will determine whether lease expense is recognized based on an effective interest method or on a straight-line basis over the term of the lease. A lessee is also required to record a right-of-use asset and a lease liability for all leases with a term of greater than 12 months regardless of their classification. Leases with a term of 12 months or less will be accounted for similar to existing guidance for operating leases today. This guidance is effective for annual reporting periods beginning after December 15, 2021 for non-public entities. The adoption of ASU 2016-02 had no material impact on the Company's financial statements and related disclosures.

In March 2016, the FASB issued ASU 2016-09, *Improvements to Employee Share-based Payment Accounting*, or ASU 2016-09. ASU 2016-09 simplifies several aspects of the accounting for share-based payment transactions, including the income tax consequences, classification of awards

*See independent accountant's review report.*

**REVOHLOO, INC.**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**DECEMBER 31, 2020 AND 2019**  
(unaudited)

**1. Summary of Significant Accounting Policies (continued)**

***New Accounting Pronouncements (continued)***

as either equity or liabilities, and classification on the statement of cash flows. Some of the areas of simplification apply only to non-public companies. This guidance was effective on December 31, 2016 for public entities. For entities other than public business entities, the amendments are effective for annual periods beginning after December 15, 2017, and interim periods within annual periods beginning after December 15, 2018. Early adoption is permitted for an entity in any interim or annual period for which financial statements have not been issued or made available for issuance. An entity that elects early adoption must adopt all amendments in the same period. The adoption of ASU 2016-09 had no material impact on the Company's financial statements and related disclosures.

In May 2017, the FASB issued ASU 2017-09, *Compensation—Stock Compensation (Topic 718): Scope of Modification Accounting*, or ASU 2017-09, which clarifies when to account for a change to the terms or conditions of a share-based payment award as a modification. Under the new guidance, modification accounting is required only if the fair value, the vesting conditions, or the classification of the award (as equity or liability) changes as a result of the change in terms or conditions. This guidance is effective for annual reporting periods, and interim periods within those years, beginning after December 15, 2019, for both public entities and non-public entities. Early adoption is permitted. The adoption of ASU 2017-09 had no material impact on the Company's financial statements and related disclosures.

**2. Commitments and Contingencies**

The Company is not currently involved with and does not know of any pending or threatening litigation against the Company or its members.

**3. Notes Payable – Related Party**

Since inception, shareholders have provided loans to the Company valued at \$72,873 and \$72,873 as of December 31, 2020 and 2019, respectively. Interest is accrued annually at 0% per annum. There are no minimum monthly payments. Management does not intend to pay back the related party loan in the next year.

**4. Notes Payable**

Since inception, the Company entered into loans with friends of the majority shareholder of the Company in the amount of \$4,000. There are no interest or minimum monthly payments and no maturity date. The Company does not expect to repay this amount in the next year.

**5. Equity**

***Common Stock***

Under the articles of incorporation, the total number of common shares of stock that the Corporation shall have authority to issue is 75,000,000 shares, at \$0.001 par value per share. As of December 31, 2020, and 2019, 50,295,000 shares have been issued and are outstanding.

*See independent accountant's review report.*

**REVOHLOO, INC.**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**DECEMBER 31, 2020 AND 2019**  
**(unaudited)**

**6. Going Concern**

These financial statements are prepared on a going concern basis. The Company registered on March 3, 2017 and has established and presence and operations in the United States. The Company's ability to continue is dependent upon management's plan to raise additional funds and achieve and sustain profitable operations. The financial statements do not include any adjustments that might be necessary if the Company is not able to continue as a going concern.

**7. Subsequent Events**

***Crowdfunding Offering***

The Company is offering (the "Crowdfunded Offering") up to \$1,070,000 in sales of common stock. The Company is attempting to raise a minimum amount of \$10,000 in this offering and up to \$1,070,000 maximum. The Company must receive commitments from investors totaling the minimum amount by the offering deadline listed in the Form C, as amended in order to receive any funds.

The Crowdfunded Offering is being made through NetCapital Funding Portal Inc. (the "Intermediary" aka "NetCapital"). The Intermediary will be entitled to receive up to a 4.9% commission fee and a listing fee of \$5,000.

***Managements Evaluation***

The Company has evaluated subsequent events through May 25, 2021, the date through which the financial statement was available to be issued. It has been determined that no events require additional disclosure.

*See independent accountant's review report.*
