Form 10-K for the Fiscal Year Ended December 31, 2019

Risk Factors, page 7

1. We note that your forum selection provision identifies the Court of Chancery in the State of Delaware as the exclusive forum for certain litigation, including any “derivative action.” In a risk factor, please disclose whether this provision applies to actions arising under the Securities Act or Exchange Act. If so, please also state that there is uncertainty as to whether a court would enforce such provision. If the provision applies to Securities Act claims, please also state that investors cannot waive compliance with the federal securities laws and the rules and regulations thereunder. In that regard, we note that Section 22 of the Securities Act creates concurrent jurisdiction for federal and state courts over all suits brought to enforce any duty or liability created by the Securities Act or the rules and regulations thereunder.

2. We note your measure of Adjusted Gross Profit. Please revise your disclosures to explain in detail how you use this measure and why you believe the measure is useful to investors. In this regard, the amortization of your internally developed software would appear to be directly related to the generation of your revenues. In addition, reconcile this measure to the most directly comparable GAAP measure of gross profit and include a balanced discussion of gross profit on a GAAP basis. Refer to Item 10(e)(i)(1)(A) and (B) of Regulation S-K and Question 102.10 of the non-GAAP C&DIs. In your response please provide a draft of the revised disclosures you intend to include in future filings.

3. If two or more factors contribute to material changes in revenue, please provide disclosure demonstrating the relative magnitude of each factor, such as the percentage or dollar increase in revenue due to onboarding of new customers versus usage from existing customers. In this regard, it appears from your most recent earnings releases that such information is readily available. Refer to Item 303(a)(3)(iii) 303(a)(3)(iii) of Regulation S-K and Section III.D of SEC Release No. 33-6835.

4. You use the term customers as it relates to your idiCORE product and users as it relates to your FOREWARN product. Please revise to define these terms and discuss how each are calculated. Also, please disclose these metrics for the comparable prior period. Refer to Section III.B.1 of SEC Release No. 33-8350.

We remind you that the company and its management are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or absence of action by the staff.
