Form 10-K for the Fiscal Year Ended December 31, 2021

Management's Discussion and Analysis of Financial Condition and Results of Operations
Non-GAAP Financial Measures, page 79

1. We note your response to prior comment 2 and it remains unclear how your non-GAAP tax rate is consistent with the guidance in Question 102.11 of the Non-GAAP C&DIs. As previously noted, the tax adjustment should include tax expense commensurate with your non-GAAP measure of profitability. You appear to have reported cumulative non-GAAP net income before taxes in recent years, which suggests that from a non-GAAP perspective, loss carryforwards may not be available nor would a valuation allowance be warranted and therefore should not be considered in determining your non-GAAP income tax adjustment. Please further explain how your non-GAAP tax rate is consistent with Question 102.11 or revise.
