1. The aggregate value of the consideration to be paid by OPES in the Business Combination (subject to reduction for indemnification claims and potential changes due to a working capital adjustment) of approximately \$100 million disclosed here appears to be inconsistent with the disclosure on page 117 which states the aggregate value of the consideration is \$194 million. Please clarify or revise.

Background of the Business Combination, page 47

3. According to your disclosure in the third paragraph from the top of page 48, you conducted due diligence and/or engaged in detailed discussions with approximately eight targets, but due to discrepancies in commercial terms and valuation expectations you discontinued discussions with seven targets. Please enhance your disclosure to further describe the nature of these companies, including their size and the industries in which they operate, the nature of your discussions with these companies, the nature of the discrepancies in commercial terms and valuation expectations, and the reasons that discussions were terminated.
4. Please expand the disclosure in this section to include a more detailed description of the negotiations surrounding the material terms of the Membership Interest Purchase Agreement and the other agreements related to the Business Combination. For example, please specify which of the parties recommended the initial consideration, explain how the amount was determined, and describe how the consideration changed over the course of the negotiations until the parties arrived at the final consideration. Please provide similar disclosure with the form and mix of consideration and the adjustments thereto. Please see Item 14(b)(7) of Schedule 14A.

OPES'S Board's Reasons for the Approval of the Business Combination, page 51

5. We note that your board "consulted with management and OPES's legal counsel as well as financial and other advisors," that you considered "research on the public trading values of comparable peer companies as well as private transaction precedents," and that due diligence was "conducted in conjunction with external advisors, including national accounting, legal, insurance, environmental, and regulatory firms, among others." Please provide the disclosure required by Item 14(a)(6) of Schedule 14A and Item 1015 of Regulation S-K, or advise. In addition, in this section please describe any uncertainties, risks and other potentially negative factors concerning the transaction that were considered by the board, as well as why these factors did not dissuade the board from approving the transaction.

General

11. Please provide the disclosure required by Items 102 and 103 of Regulation S-K. Refer to Item 14(c) of Schedule 14A and Form S-4.
12. With respect to the current and proposed restated charters and bylaws of the company:
- Please revise the disclosure throughout the filing, including in Use of Certain Terms, Proposal 2, and Description of Opes's Securities, to clarify whether it relates to Opes's current charter or the restated charter of the post-combination company. Please also explain when the restated charter will become effective.
 - We note references in your filing to restated bylaws. Please describe the terms of the bylaws, state whether their adoption requires shareholder approval, and tell us what consideration you have given to attaching to the filing the form of bylaws that will be in effect after the business combination.

- We note that certain descriptions in your filing of the restated charter of the post-combination company are not consistent with the terms of the restated charter attached as Annex B (as examples only, refer to the descriptions of the exclusive forum provision and ability to call special meetings). Please review and revise Annex B and the proxy disclosure to ensure accuracy and consistency.
- The disclosure in Proposal 2 does not appear to describe sufficiently all of the differences between Opes's current charter and the restated charter to be in effect after the business combination. Please revise this section to fully describe such differences, so that stockholders have an accurate understanding of what they are being asked to approve.
- Please note that we may have further comment upon review of your revised disclosure, including in connection with the exclusive forum provision of the restated charter.

We remind you that the company and its management are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or absence of action by the staff.
