I began my yoga practice over a decade ago, to recover from a serious back injury. As I explored self-healing alternatives, I integrated stretches along the Chinese meridians (energy channels). I wanted a better way to visualize those channels. So I traced them on my leggings with a magic marker.

I found this to be a powerful way to visualize the body's energy network. I set out to create an activewear brand that would help other women discover the power of Chinese medicine.
