Obsess over our customers' problems.

We wake up every day and obsess about how to remove the hassle out of our customers' lives. We start with the customer and work backwards.

Be an owner, not a renter.

We own our actions, and don't make excuses or accept them. We're good stewards of our energy and resources. We set high standards and hold ourselves and each other accountable.

Be transparent, build trust.

Transparency builds trust, where strong teams and great ideas are born and freely shared. We treat others with respect and win together. We check egos at the door, and have no place for politics or personal agendas.

Do great things every day.

We give our best and work with integrity and purpose. We believe a diversity of people, talent and ideas makes us stronger. We're inquisitive and innovative, never satisfied with the status quo. We solve problems, make lives better, and enjoy what we do.

PROPOSAL 1

Election of Class II and Class III Directors

Our Board of Directors is currently divided into three classes, with members of each class holding office for staggered terms (in all cases subject to the election and qualification of their successors or until the earlier of their death, resignation or removal).

Our Board of Directors is in the process of declassifying. Commencing with the 2020 Annual Meeting of Stockholders, our directors are elected for one-year terms. Each director will be elected in the year in which the term for his or her current class expires, and thereafter each director will serve for a term of one year and until his or her successor is duly elected and qualified, or until his or her earlier resignation or removal. Consequently, by 2022, all of the Company's directors will stand for election each year for one-year terms, and at the conclusion of the 2022 Annual Meeting of Stockholders (the declassification date), the Board will no longer be divided into three classes.

The current membership, terms and dates of last election of each of Classes I, II and III are indicated in the table below.

Class II Directors (term expiring in 2021; last elected May 2020)	Class III Directors (term expiring in 2021; last elected October 2018)	Class I Directors (term expiring in 2022; last elected April 2019)
Richard P. Fox	Anna C. Catalano	Peter L. Cella
Brian P. McAndrews	William C. Cobb	Liane J. Pelletier
Rexford J. Tibbens		

The Board of Directors, upon the recommendation of the Nominating and Corporate Governance Committee of the Board of Directors (the "Nominating and Corporate Governance Committee"), has nominated for election at the 2021 Annual Meeting as Class II and Class III directors, to serve until the 2022 Annual Meeting of Stockholders and until their successors have been duly elected and qualified, the following slate of nominees in the same classes as identified above: Richard P. Fox, Brian P. McAndrews, Rexford J. Tibbens, Anna C. Catalano and William C. Cobb. Each of the Class II and Class III director nominees is currently serving as a director of the Company.

The Board of Directors knows of no reason why these nominees should be unable or unwilling to serve, but if that should be the case, proxies will be voted for the election of such substitutes as the Board of Directors may designate.

Background information about each of the director nominees can be found below under "*— Directors of the Company.*".

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE ELECTION OF EACH OF THE CLASS II AND CLASS III DIRECTOR NOMINEES.

Director Compensation

The Company uses a combination of cash and equity-based compensation to attract and retain qualified candidates to serve on our Board of Directors. In setting director compensation for non-employee directors, our Board considers the significant amount of time that directors expend in fulfilling their duties to the Company, as well as the skill level required by the Company of members of our Board. Directors who are employees of the Company receive no compensation for their service as directors.

Compensation and Stock Paid to Directors

Members of our Board of Directors who are not employees of the Company receive an annual retainer of \$200,000, of which \$80,000 is payable quarterly in cash (i.e., \$20,000 per quarter) and \$120,000 is payable annually at the time of the Annual Meeting of Stockholders in shares of fully vested Common Stock. Each director may elect to defer the receipt of the shares of Common Stock as deferred share equivalents to a point in the future. The shares are issued pursuant to the 2018 Omnibus Incentive Plan (the “2018 Plan”), and the number of shares of the Company’s Common Stock granted as part of the annual retainer is determined by using the grant date fair value, as defined in the 2018 Plan as the closing price of the Company’s Common Stock on the Nasdaq Global Select Market (“Nasdaq”) on the trading day that immediately precedes the grant date. This value is then used to determine the number of shares required to satisfy the share portion of the director’s annual retainer, rounded up for the avoidance of fractional shares.

In addition to the amounts described above, the non-employee Chairman of the Board of Directors receives an additional annual cash retainer of \$50,000, paid quarterly (i.e., \$12,500 per quarter), and an additional \$100,000 award of fully vested Common Stock payable annually at the time of the Annual Meeting of the Stockholders. The chairs of the Audit Committee of the Board of Directors (the “Audit Committee”) and the Compensation Committee of the Board of Directors (the “Compensation Committee”) each receive an additional annual cash retainer of \$20,000, paid quarterly (i.e., \$5,000 per quarter), and the chair of the Nominating and Corporate Governance Committee receives an additional cash retainer of \$10,000, paid quarterly (i.e., \$2,500 per quarter).

All of our directors are reimbursed for reasonable expenses incurred in connection with attending Board meetings and committee meetings. The Company will also reimburse certain expenses incurred by directors in connection with attending director education programs as well as memberships in director organizations.

In October 2020, after consultation with Meridian Compensation Partners, LLC (“Meridian”), its independent compensation consultant, the Compensation Committee reviewed the director compensation program and decided not to make any changes at that time.

Composition of the Board of Directors

Our business and affairs are managed under the direction of our Board of Directors. Our Board is composed of a majority of independent directors. Our Charter provides for a classified board of directors, with members of each class serving staggered terms that commenced in 2018 for each director as indicated below. We currently have two directors in Class I, three directors in Class II and two directors in Class III. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the directors. The current terms of directors in Classes I, II and III end at the Annual Meetings in 2022 and 2021, as indicated below:

Class I:

Mr. Cella and Ms. Pelletier serve as Class I directors of the Board whose term expires at our 2022 Annual Meeting of Stockholders;

Class II:

Mr. Fox, Mr. McAndrews and Mr. Tibbens serve as Class II directors of the Board whose term expires at the 2021 Annual Meeting; and

Class III:

Ms. Catalano and Mr. Cobb serve as Class III directors of the Board whose term expires at the 2021 Annual Meeting.

Our Board of Directors is in the process of declassifying. Commencing with the 2020 Annual Meeting of Stockholders, our directors are elected for one-year terms. Each director will be elected in the year in which the term for his or her current class expires, and thereafter each director will serve for a term of one year and until his or her successor is duly elected and qualified, or until his or her earlier resignation or removal. Consequently, by 2022, all of our directors will stand for election each year for one-year terms, and at the conclusion of the 2022 Annual Meeting of Stockholders (the declassification date), our Board will no longer be divided into three classes.

At any meeting of stockholders for the election of directors at which a quorum is present, the election will be determined by a majority of the votes cast by the stockholders entitled to vote in the election, with directors not receiving a majority of the votes cast required to tender their resignations for consideration by the Board of Directors, except that in the case of a contested election, the election will be determined by a plurality of the votes cast by the stockholders entitled to vote in the election.

The number of members on our Board of Directors may be fixed by resolution adopted from time to time by the Board. Any vacancies or newly created directorships may be filled only by the affirmative vote of a majority of directors then in office, even if less than a quorum, or by a sole remaining director. Each director shall hold office until his or her successor has been duly elected and qualified, or until his or her earlier death, resignation or removal.

The names and certain information with respect to each of our current directors is set forth above in the section entitled “*Proposal I Election of Class II and Class III Directors—Directors of the Company.*”

The Board of Directors held 8 meetings during fiscal 2020. In fiscal 2020, each director attended our 2020 Annual Meeting of Stockholders and each director attended 100% of the meetings of the Board and committees on which he or she served as a member.

Director Independence

A majority of our Board of Directors is composed of directors who are “independent” as defined by the rules of the Nasdaq and the Corporate Governance Guidelines adopted by our Board. We seek to have all of our non-management directors qualify as “independent” under these standards. Our Board has established guidelines to assist it in making its determination of director independence. These guidelines provide that no director qualifies as “independent” unless the Board affirmatively determines that the director has no material relationship with our Company or our subsidiaries (either directly or as a partner, stockholder or officer of an organization that has a relationship with our Company or any of our subsidiaries).

Our Board of Directors has determined that each of Messrs.Cella, Cobb, Fox and McAndrews and each of Meses. Catalano and Pelletier were independent under the director independence standards described above. Our Board will assess on a regular basis, and at least annually, the independence of directors and, based on the recommendation of the Nominating and Corporate Governance Committee, will make a determination as to which members are independent.

Committees of the Board of Directors

Our Board of Directors has the following standing committees: an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee.

Audit Committee

We have an Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), the rules and regulations of the Securities and Exchange Commission (the “SEC”) and the Nasdaq listing standards.

Our Audit Committee is primarily responsible, among its other duties and responsibilities, for oversight of the following:

- the independence, qualifications and performance of our independent registered public accounting firm;
- the effectiveness of our internal control over financial reporting and the performance of our internal audit function;
- our system of disclosure controls and procedures;
- the administration of our enterprise risk management program and monitoring of the risks assigned to it by our Board of Directors;
- the policies for hiring employees or former employees of our independent registered public accounting firm;
- the review of the Company’s earnings press release as well as financial information and earnings guidance provided therein;
- the review of the annual audited financial statements or quarterly financial statements, as applicable, and the “Management’s Discussion and Analysis of Financial Condition and Results of Operations” contained therein;

The current members of the Audit Committee are Richard P. Fox (Chair), Peter L. Cella and Liane J. Pelletier. Our Board of Directors has designated each member as an “audit committee financial expert” and has determined that each member is “financially literate” under the Nasdaq listing standards. Our Board also has determined that each member of the Audit Committee is “independent” as defined under the Nasdaq listing standards and Exchange Act rules and regulations.

The Audit Committee held 6 meetings during fiscal 2020. Each member of the Audit Committee attended 100% of the Audit Committee’s meetings during fiscal 2020.

Our Compensation Committee is primarily responsible, among its other duties and responsibilities, for the following:

- reviewing and approving all forms of compensation to be provided to, and employment agreements with, the executive officers of our Company and its subsidiaries (including the CEO) and to make recommendations to our Board of Directors regarding non-management director compensation;
- reviewing and approving the “*Compensation Discussion and Analysis*” and “*Compensation Committee Report*” required to be included in this Proxy Statement;
- establishing and overseeing the general compensation philosophy, structure, policies and compliance of our Company and its subsidiaries and reviewing, approving and overseeing the administration of the employee benefits plans of our Company and its subsidiaries; and
- taking such other actions relating to the compensation and benefits structure, succession planning, talent review and diversity and inclusion initiatives of the Company as the Committee deems necessary or appropriate.

The Compensation Committee also periodically reviews management development and succession plans. The charter of our Compensation Committee is available without charge on our website.

For additional information on the Compensation Committee's activities, its use of outside advisors and its consideration and determination of executive compensation, as well as the role of our CEO in recommending the amount or form of compensation paid to the other named executive officers, see "*Compensation Discussion and Analysis*."

The current members of the Compensation Committee are William C. Cobb (Chair), Anna C. Catalano and Liane J. Pelletier. Our Board of Directors has determined that each member of the Compensation Committee is "independent" as defined under the Nasdaq listing standards. The Compensation Committee has the authority to retain compensation consultants, outside counsel and other advisers.

The Compensation Committee held 6 meetings during fiscal 2020. Each member of the Compensation Committee attended 100% of the meetings of the Compensation Committee during fiscal 2020.

Compensation Committee Interlocks and Insider Participation

During 2020, no member of the Compensation Committee was at any time an officer or employee of our Company or any of our subsidiaries, nor was any such person a former officer of our Company or any one of our subsidiaries. During 2020, there were no related person transactions between our Company and any of our Compensation Committee members that require disclosure under SEC rules.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee is primarily responsible, among its other duties and responsibilities, for the following:

- identifying and recommending candidates to the Board of Directors for election to our Board, consistent with criteria approved by our Board;
- overseeing the system of corporate governance of the Company, including recommending to the Board of Directors corporate governance guidelines that are applicable to us;
- reviewing the composition of the Board of Directors and its committees;
- reviewing and evaluating current directors for re-nomination to the Board or re-appointment to any Board committee;
- overseeing the self-evaluation of the Board and its committees; and
- overseeing the Company's environmental, social and governance ("ESG") initiatives.

The charter of our Nominating and Corporate Governance Committee is available without charge on our website.

The current members of the Nominating and Corporate Governance Committee are Peter L. Cella (Chair), Richard P. Fox and Brian P. McAndrews. Our Board of Directors has determined that each member of the Nominating and Corporate Governance Committee is "independent" as defined under the Nasdaq listing standards.

The Nominating and Corporate Governance Committee held 5 meetings during fiscal 2020. Each member of the Nominating and Corporate Governance Committee attended 100% of the meetings of the Nominating and Corporate Governance Committee during fiscal 2020.

Corporate Governance Practices and Policies

Board Leadership Structure

Our Board of Directors is currently led by our Chairman, William C. Cobb. As stated in our Corporate Governance Guidelines, the Board has no policy with respect to the separation of the offices of Chairman of the Board and CEO. The Board believes it is important to retain its flexibility to allocate the responsibilities of the offices of the Chairman and CEO in any way that is in the best interests of the Company at a given point in time. The Board believes this governance structure currently promotes a balance between the Board's independent authority to oversee our business and the CEO and his management team who manage the business on a day-to-day basis. The Board expects to review its leadership structure annually to ensure that it continues to meet our needs.

Executive Sessions

Our Board of Directors holds regular and special meetings throughout each calendar year. In conjunction with those meetings, executive sessions, which are meetings of the independent directors, are regularly scheduled throughout the year. Our non-executive Chairman will preside over the executive sessions of the Board. The committees of the Board, as described more fully above, also meet regularly in executive sessions.

Selection of Nominees for Election to the Board

Our Corporate Governance Guidelines provide that the Nominating and Corporate Governance Committee will identify and select, or recommend that the Board of Directors select, Board candidates who the Nominating and Corporate Governance Committee believes are qualified and suitable to become members of the Board, consistent with the criteria for selection of new directors adopted from time to time by the Board. The Nominating and Corporate Governance Committee will consider, among other things, the Board's current composition, including expertise, diversity, and balance of inside, outside and independent directors, and the general qualifications of the potential nominees in light of director qualification criteria established by our Board, as described further below under “—Director Qualification Standards.”

In identifying candidates for election to the Board of Directors, the Nominating and Corporate Governance Committee will consider nominees recommended by directors, stockholders and other sources. The Nominating and Corporate Governance Committee will review each candidate's qualifications, including whether a candidate possesses any of the specific qualities and skills desirable in certain members of the Board. Evaluations of candidates generally involve a review of background materials, internal discussions and interviews with selected candidates as appropriate. Upon selection of a qualified candidate, the Nominating and Corporate Governance Committee will recommend the candidate for consideration by the full Board. The Nominating and Corporate Governance Committee has engaged a third-party search firm to assist it in identifying, evaluating and recommending potential nominees.

The Nominating and Corporate Governance Committee will consider director candidates proposed by stockholders on the same basis as recommendations from other sources. Any stockholder who wishes to recommend a prospective candidate for the Board of Directors for consideration by the Nominating and Corporate Governance Committee may do so by submitting the name and qualifications of the prospective candidate in writing to the following address: c/o Corporate Secretary, frontdoor, inc., 150 Peabody Place, Memphis, Tennessee 38103. Any such submission should also describe the experience, qualifications, attributes and skills that make the prospective candidate a suitable nominee for the Board. Our Bylaws set forth the requirements for direct nomination by a stockholder of persons for election to the Board.

Director Qualification Standards

The Nominating and Corporate Governance Committee charter sets forth certain criteria for the committee to consider in evaluating potential director nominees. In addition to evaluating a potential director's independence, the committee will consider whether director candidates satisfy criteria established by the Board of Directors in order to assure that our Board will have the necessary breadth and depth to perform its oversight function effectively, such as: integrity, honesty and adherence to high ethical standards; demonstrated business acumen, experience and ability to exercise sound judgments and willingness to contribute positively to the decision-making process of the Company; skills and expertise in one or more areas relevant to us; willingness and capability to take the time to actively participate in Board and committee meetings and related activities; ability to understand the interests of our various constituencies; and the ability to satisfy independence standards with no conflicts of interest. Our Board values diversity on the Board, including gender, racial and ethnic diversity, as well as a range of different experiences, educations, backgrounds, perspectives, skills and knowledge. Our Board is committed to seeking women and individuals from minority groups to achieve a Board composition that reflects the stakeholders we serve. To that end, the Nominating and Corporate Governance Committee will endeavor to include women and individuals from minority groups in the pool from which new nominees are chosen. The committee may reevaluate and recommend for Board approval the relevant criteria for Board membership from time to time in response to changing business factors or regulatory requirements. Our full Board will be responsible for selecting candidates for election as directors based on the recommendation of the Nominating and Corporate Governance Committee.

Corporate Governance Guidelines

Our Board of Directors has adopted Corporate Governance Guidelines to address significant corporate governance issues. A copy of these guidelines is available on our website. These guidelines provide a framework for our corporate governance initiatives and cover topics including, but not limited to, director qualification and responsibilities, Board composition, director orientation and continuing education, ethics and conflict of interest, Board access to management and advisers, director compensation, Board and committee self-evaluation, Board meetings and administration and succession planning. The Nominating and Corporate Governance Committee is responsible for overseeing and reviewing the guidelines and reporting and recommending to our Board any changes to the guidelines.

Stockholder Engagement

We expect all of our directors to attend our annual meetings of stockholders and be available to answer questions from stockholders at the meetings. Between meetings, we expect Rexford J. Tibbens, our President and CEO, and/or Brian K. Turcotte, our Senior Vice President and Chief Financial Officer (“CFO”), to engage with stockholders on a regular basis at industry and financial conferences, road shows, and one-on-one meetings. In addition, we are committed to engaging in stockholder outreach to better understand our stockholders’ perspectives and to better understand their priorities and concerns on the topics of our corporate governance and executive compensation, as well as broader ESG practices. We believe that ongoing engagement builds mutual trust and understanding with our stockholders.

During 2020, we reached out to more than 25 of our largest stockholders—representing over 70% of our outstanding shares—and were able to engage with a majority of these firms. The feedback we have received from our major stockholders has been supportive, and included suggestions to increase disclosure of ESG efforts and to consider a performance-based component to our long-term equity compensation. See the sections below entitled “*Environmental, Social and Governance*” and “*Compensation Discussion and Analysis—Determination of Executive Compensation—Fiscal 2021 Executive Compensation*” for more information on how we have addressed these comments.

Communicating with the Board of Directors

Any stockholder or interested party who wishes to communicate with our Board of Directors as a whole, the independent directors, or any individual member of the Board or any committee of the Board may write to or email the Company at: c/o General Counsel, frontdoor, inc., 150 Peabody Place, Memphis, Tennessee 38103 or Board_of_Directors@frontdoorhome.com.

Our Board of Directors has designated our General Counsel or his or her designee as its agent to receive and review written communications addressed to the Board, any of its committees, or any Board member or group of members. The General Counsel may communicate with the sender for any clarification. The General Counsel will promptly forward to the chairman of the Board all communications, other than ordinary business communications, and in consultation with the chairman of the Board and our CEO, will determine the next steps. The General Counsel will also forward to the appropriate committee chair any communication alleging financial, legal, ethical or compliance issues or any other matter deemed by the General Counsel to be potentially material to us. As an initial matter, the General Counsel will determine whether the communication is a proper communication for the Board. The General Counsel will not forward to the Board, any committee or any director communications of a personal nature or not related to the duties and responsibilities of the Board, including, without limitation, junk mail and mass mailings, business or employment solicitations, routine customer service complaints, new product or service suggestions, opinion survey polls or any other communications deemed by the General Counsel to be insignificant to the Company, or ordinary business communications.

Risk Oversight

Our Board of Directors as a whole has responsibility for overseeing our risk management. The Board exercises this oversight responsibility directly and through its committees. The oversight responsibility of the Board and its committees is informed by reports from our management team and from our internal audit department that are designed to provide visibility to the Board into the identification and assessment of key risks and our risk mitigation strategies. The full Board has primary responsibility for evaluating strategic and operational risk management, including cybersecurity risk and succession planning. Our Audit Committee is responsible for overseeing our major financial and accounting risk exposures and the steps our management has taken to monitor and control these exposures, including policies and procedures for assessing and managing risk, and for overseeing compliance related to legal and regulatory exposure, and meets regularly with our chief legal and compliance officer. Our Audit Committee also undertakes responsibility for assisting the Board in overseeing cybersecurity risk, including policies and procedures for assessing and managing that risk, and meets with appropriate members of our management team regarding such risk at least quarterly. Our Compensation Committee evaluates risks arising from our compensation policies and practices, as more fully described below. The Nominating and Corporate Governance Committee oversees risks associated with ESG issues as more fully described below, including the assessment and development of plans to address risks arising from ESG issues. Each of these committees provide reports to the full Board regarding these and other matters.

Code of Conduct and Financial Code of Ethics

Our Board of Directors has adopted a Code of Conduct that applies to all of our directors, officers and employees, as well as a Financial Code of Ethics that applies to the CEO, CFO, Controller, and other designated officers and employees, including our financial employees. The Code of Conduct and Financial Code of Ethics each address matters such as acting with integrity, conflicts of interest, confidentiality and compliance with laws and regulations. The Company takes seriously allegations of non-compliance with the Code of Conduct, other Company policies and applicable laws and regulations. The Company maintains the confidentiality of information and individuals related to reports of violations required by law or when needed to properly examine or adequately respond to the matter. Employees may submit concerns and other complaints, including with respect to accounting, internal accounting control or auditing matters, fraud or other non-compliance anonymously through our Ethics Helpline or website. The Code of Conduct and the Financial Code of Ethics are available without charge on our website.

We will promptly disclose any substantive changes in or waiver of, together with reasons for any waiver of, either of these codes granted to our executive officers or our directors, by posting such information on our website.

Environmental, Social and Governance

In 2020, we established the foundation of our ESG program based on existing governance and an oversight structure, adopted new policies and initial goals and gathered data. In early 2021, we began publicly reporting on our ESG efforts on our website at <https://www.frontdoorhome.com/about/sustainability>. Please check our website periodically for highlights of our progress.

Governance and ESG Oversight

We strengthened our governance in 2020 by, among other things:

- Continuing to update numerous corporate policies to support the Company's values as embodied in our guiding principles (our House Rules) while also ensuring risk management. Key policy updates were our Code of Conduct and Financial Code of Ethics;
- Adopting a Political Activity Policy to guide our Company's political activities to help ensure compliance with law and appropriate oversight from our Board of Directors and the Nominating and Corporate Governance Committee;
- Completing an additional third-party audit of our cybersecurity, developing plans for future enhancements, under the oversight of our Audit Committee and continuing to implement information security training across our employee population; and
- Implementing new employee policy training, including for our updated Code of Conduct.

Our ESG program is managed by a committee comprised of senior management and other employees, with oversight from our CEO. The ESG committee met multiple times in 2020 to approve initial goals and priorities, advise on policies and review data and communications. Our Company's efforts related to COVID-19 were an additional focus in 2020 that was managed across multiple teams within the Company. Management regularly reports on ESG issues and progress to the Nominating and Corporate Governance Committee, which has oversight responsibility for our ESG efforts. Our oversight structure helps ensure that our ESG initiatives take into consideration the potential materiality to our business, as well as our potential to positively impact our employees, supply chain, customers and communities.

Environmental Commitments

We recognize that changes in our environment, such as climate change, are a risk to our business and communities, and believe that efficiency in the use of resources is important. Following are some of the ways we lived our environmental commitments in 2020.

- We adopted our Environmental Policy—a framework for our environmental commitments that helps us to identify and prioritize our focus areas and holds us accountable.
- Our Stroom technology allows service contractors to engage remotely with customers for diagnostic work, which in turn, reduces the need for in-home visits. Not only does this reduce exposure to health concerns such as COVID-19, it also eliminates carbon emissions from service vehicles that are not on the road.
- We began tracking and estimating how replacement, repair and refurbishment of major appliances, water heaters and HVAC systems by our service contractors contributes to significantly reduced consumption of natural resources over standard energy efficient models and avoidance of waste.

Social Responsibility

COVID-19 Response

As a leader in our industry and communities, we took unprecedented steps to protect the health and well-being of our employees, customers and contractors, and continued to respond in real-time to the needs of the business, even as we were just beginning to build the social aspects of our ESG program.

- We were deemed to be an essential service and continued to provide essential home services to our customers.
- We transitioned all of employees and our contact center agents to work remotely from their homes, ensuring uninterrupted customer service, and provided personal protective equipment to our service contractors.
- We also provided free of charge for a limited time, our Stroom remote video communication platform to service providers and real estate professionals to transform how they provide services to customers and clients.

Diversity and Inclusion

We also led through action, furthering our House Rules, by affirming our commitment to and belief in the empowerment of diversity and inclusion. Among other things, we:

- Published our Diversity and Inclusion statement and an open letter affirming our commitment to drive lasting change by combating racism and biases;
- Further expanded on diversity and inclusion in our Code of Conduct;
- Appointed a senior director of diversity and inclusion to help build an inclusive environment that fosters innovation and transformation;
- Conducted multiple diversity and inclusion panels and focus groups to encourage discussion and understanding within our company; and
- Launched our first unconscious bias training.

Supporting Our Employees

The wellbeing of our employees has been an ongoing priority for the Company.

- We seek to offer competitive pay and benefits to all employees in each country in which we operate, including paid time off, leave and work from home policies.
- We also enhanced benefits to support employees in their caregiving responsibilities.
- We also expanded telehealth offerings, introduced mental health teleservices, and provided regular access to content to support employees' financial, physical and emotional wellness during a challenging 2020.

- Our ongoing talent development program encourages regular conversations between employees and their managers, and we offer both instructor-led and online learning opportunities.
- In 2020 we introduced free online courses from over 200 leading universities and companies, and we continued to offer tuition reimbursement for U.S.-based full-time employees.

Our Human Rights Policy

In early 2021, we adopted a Human Rights Policy to further set forth our beliefs and commitments related to diversity and inclusion, employee health and safety, and forced and child labor, among other issues, as well as our expectations for our vendors, suppliers and business partners.

Community Support

We are a tech-enabled, people-powered business, that is built on a commitment to service, and we represent the communities that we serve.

- In October—the second anniversary of the Spin-off—we launched our “Bring the Good” community service campaign virtually and expanded it to the entire month. Each day we showcased new opportunities to support worthwhile organizations, celebrated the good work of employees making a difference in their communities, and hosted our inaugural Race for Good. Through Bring the Good month and other activities throughout the year, we made donations to more than 50 non-profit organizations in 2020.
- Also, in 2020, our American Home Shield brand and our other home service plan brands joined Feeding America in the fight to end hunger – a situation that grew more urgent throughout 2020. In all, our donations helped bring nearly 7.8 million meals to families across the United States.
- In early 2020, we donated equipment that was in good working condition, but no longer meeting our needs to a well-deserving organization: Tech for Troops, which is the nation’s fastest-growing veterans organization focused on bridging the digital divide for veterans and their families.

Support for the Trades

Support for the trades and trade school programs continues to be a priority for our ESG efforts. In response to challenges due to COVID-19 in 2020, we provided our service contractors with over 200,000 items of personal protection equipment for their protection and the protection of our customers.

Procedures for Treatment of Complaints Regarding Accounting Controls and Auditing Matters

In accordance with the Sarbanes-Oxley Act, our Board of Directors has adopted procedures for the receipt, retention and treatment of complaints regarding accounting controls or auditing matters and to allow for the confidential, anonymous submission by employees and others of concerns regarding questionable accounting or auditing matters. These procedures for the receipt, retention and treatment of complaints are also available for use by employees who would like to raise other concerns, such as concerns related to harassment, conflicts of interest or other matters discussed in our Code of Conduct.

Certain Securities Transactions

Short Selling

Our Board of Directors has adopted a policy that prohibits our directors, officers and employees from short sales and transactions in puts and calls of our equity securities. Short sales of our securities evidence an expectation on the part of the seller that such securities will decline in value and signal to the market an absence of confidence in our short-term prospects. Short sales may also reduce the seller's incentive to improve our performance.

Pledges and Hedges

In addition, the policy prohibits any of our directors, officers and employees from pledging our equity securities or engaging in hedging transactions in our equity securities. Certain forms of hedging or monetization transactions (such as zero-cost collars, equity swaps, exchange funds and forward sale contracts) allow a person to lock in much of the value of his or her stock holdings, often in exchange for all or part of the potential appreciation in the stock. These transactions allow the person to continue to own the stock, but without the full risks and rewards of ownership. When that occurs, the person may no longer have the same objectives as our other stockholders.

PROPOSAL 2

Ratification of The Selection of Independent Registered Public Accounting Firm

The Audit Committee has selected Deloitte & Touche LLP (“Deloitte”) to serve as the Company’s independent registered public accounting firm for fiscal 2021. The Audit Committee first retained Deloitte as our independent registered public accounting firm in October 2018 immediately following the Spin-off, and Deloitte has continued to serve in that capacity through fiscal 2020.

The Audit Committee annually evaluates the independence and performance of our independent registered public accounting firm and determines whether to retain the current firm or consider other firms. In addition, in conjunction with the mandated rotation of our external auditor’s lead engagement partner, the Audit Committee and its chair are directly involved in the selection of the external auditor’s new lead engagement partner.

In selecting Deloitte as our independent registered public accounting firm for fiscal 2021, the Audit Committee considered carefully Deloitte’s performance as the Company’s independent registered public accounting firm in fiscal 2020, its independence with respect to the services to be performed, its technical expertise and knowledge of the Company’s industry and operations, the reasonableness of its fees, and its general reputation for adherence to professional auditing standards. The Audit Committee and the Board of Directors believe that the continued retention of Deloitte as our independent registered public accounting firm is in the best interests of the Company and our stockholders. Representatives of Deloitte are expected to participate in the 2021 Annual Meeting, will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Ratification by the stockholders of the selection of the independent registered public accounting firm is not required, but the Board of Directors believes that it is desirable to submit this matter to the stockholders. If the selection of Deloitte is not ratified at the 2021 Annual Meeting, the Audit Committee will investigate the reason for the rejection and reconsider the appointment. Even in the event our stockholders ratify the appointment, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during fiscal 2021 if the committee determines that such a change would be in the Company’s and its stockholders’ best interests.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE “FOR” THE RATIFICATION OF THE SELECTION OF DELOITTE & TOUCHE LLP AS THE COMPANY’S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL 2021.

Pre-Approval Policy

The Audit Committee's Policy Regarding Pre-Approval of Services of the Independent Auditor of Frontdoor provides for pre-approval of audit, audit-related, tax and other services specifically described in the policy. Requests for services that require the specific approval by the Audit Committee must be submitted to the Audit Committee by both our independent registered public accounting firm and our CFO or other appropriately designated officer, and must include a joint statement stating that the performance of such services will not impair the independence of the independent auditor and whether, in their view, the request is consistent with the SEC's rules on auditor independence. The policy authorizes the Audit Committee to delegate to one or more of its members pre-approval authority with respect to permitted services, provided that such authority shall not include the approval of services for which the associated fees exceed \$150,000. Pursuant to this delegation, the committee member to whom such authority is delegated must report any pre-approval decision to the Audit Committee at its next scheduled meeting. The Audit Committee has delegated specific pre-approval authority to its chair, subject to and in accordance with the terms of the policy.

All of the services described above were pre-approved by the Audit Committee in accordance with the policy.

PROPOSAL 3

Advisory Vote to Approve Named Executive Officer Compensation

As required by Section 14A of the Exchange Act, the Company is seeking advisory stockholder approval of the compensation of its named executive officers as disclosed in this Proxy Statement pursuant to the SEC's compensation disclosure rules. Stockholders are being asked to vote on the following advisory resolution:

"RESOLVED, that the compensation paid to the Company's named executive officers as disclosed in this Proxy Statement pursuant to the rules of the SEC, including the Compensation Discussion and Analysis, compensation tables, and any related narrative discussion, is hereby APPROVED."

As described more fully in the "*Compensation Discussion and Analysis*" section of this Proxy Statement, the 2020 executive compensation program of the Company was designed to achieve the following key objectives:

- Align executive interests with those of stockholders by focusing management on the attainment of the Company's strategic objectives, rewarding long-term, value-creating growth and encouraging stock ownership;
- Support the building of a highly engaged, high performance culture with a strong shared talent mindset in support of a one company philosophy as measured through the Company's employee engagement survey, and succession plans for key positions;
- Attract, retain, focus, and reward highly motivated talent with strong team orientation and sense of accountability;
- Be performance-based, with variable pay constituting a significant portion of total compensation, with differentiated awards based on an executive's individual performance;
- Encourage equity ownership among executives;
- Encourage appropriate, and not excessive, risk taking;
- Be simple to understand and administer; and
- Target total direct compensation consisting of salary, annual cash incentive and long-term equity-based incentive awards to be competitive with our peer group to encourage growth and scale, while recognizing key competitive, fairness and performance considerations.

The Compensation Committee and the Board of Directors believe that the design of the 2020 executive compensation program, and hence the compensation awarded to named executive officers under the program, fulfilled these objectives. In particular, a significant portion of the compensation of the named executive officers consisted of long-term equity incentive compensation that aligns their compensation with the interests of stockholders over the long term.

Stockholders are urged to read the "*Compensation Discussion and Analysis*" section of this Proxy Statement, which discusses in detail how the Company's compensation approach implements the Company's compensation objectives.

While the results of the vote are non-binding and advisory in nature, the Compensation Committee and the Board of Directors intend to review and consider the results of the vote. The next vote to approve the compensation of our named executive officers is expected to be held at the Company's 2022 Annual Meeting of Stockholders.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE ADVISORY APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

- Align executive interests with those of stockholders by focusing management on the attainment of the Company’s strategic objectives, rewarding long-term, value-creating growth and encouraging stock ownership;
- Support the building of a highly engaged, high performance culture with a strong shared talent mindset in support of a one company philosophy as measured through the Company’s employee engagement survey, and succession plans for key positions;

We believe that our pay actions for 2020 and the programs we have established fully reflect these objectives.

Elements of Executive Compensation, Including for NEOs

The following chart describes in detail the individual pay components of our executive compensation program, the role of each component and the key characteristics and considerations of each component.

Pay Component	Role	Key Characteristics and Considerations

Each of these elements, discussed in more detail below, plays an integral role in our balancing of executive rewards over short- and long-term periods and our ability to attract and retain key executives. We believe the design of our executive compensation program creates alignment between performance achieved and compensation awarded and motivates achievement of both annual goals and sustainable long-term performance.

We believe it is necessary for our executive compensation program to be attractive to compete in the national market for executive talent and that our program must support our growth strategy and business objectives. As a result of this focus, we rely on competitive pay practices, and individual and business performance in determining the compensation of our executives. In making these compensation determinations, we also consider historical individual compensation levels and historical Company payout levels for annual cash incentives. The executive compensation program and underlying philosophy are reviewed at least annually to determine what, if any, modifications should be considered.

Determination of Executive Compensation

Role of the Compensation Committee and Management

The role of our Compensation Committee is to assist our Board of Directors in the discharge of its responsibilities relating to our executive compensation program. The Compensation Committee is responsible for establishing, administering and monitoring our policies governing the compensation for our executive officers, including determining salaries and short- and long-term incentive awards.

The Compensation Committee will determine the CEO's compensation and report and discuss the approved compensation with our Board of Directors. Our CEO will recommend to the Compensation Committee compensation for our other executive officers based on his assessment of each executive officer's area of responsibility, individual performance, overall contribution and prevailing marketplace conditions. Our CEO provides input to the Compensation Committee regarding compensation mix, incentive plan design, pay levels and inducement packages pertaining to the recruitment of new executives. These items were assessed by the Compensation Committee, with input from the Compensation Committee's independent compensation consultants, and considered by the Compensation Committee as part of its evaluation of our executive compensation program design. Our CEO will continue to play an active role in evaluating our executive leadership team and determining their compensation in support of the Compensation Committee's activities. However, the CEO does not play a role in determining his own compensation.

Role of the Independent Compensation Consultant

The Compensation Committee engaged Meridian as its independent compensation consultant in July 2020. Farient Advisors LLC ("Farient") served as an independent compensation consultant to the Compensation Committee until June 2020. During the compensation planning process, the Compensation Committee expects its compensation consultant to provide analysis, recommendations, and advice that will inform the Compensation Committee's decisions. Each compensation consultant's services include, but are not limited to: (i) providing market pay comparisons pertaining to the Company's executives; (ii) assisting in the design and implementation of executive incentive plans to ensure appropriate linkage to stockholder value creation; (iii) updating the Compensation Committee on governance trends relating to executive compensation; and (iv) reviewing various proposals presented by management to the Compensation Committee on executive compensation matters. Pursuant to SEC rules, the Compensation Committee has assessed the independence of each of Meridian and Farient and has concluded that Meridian and Farient, and the individual compensation advisers employed by Meridian and Farient, are independent and have no conflicts of interests that would prevent Meridian or Farient from independently providing services to the Compensation Committee.

Peer Group

Our peer group for 2020 was established by our Compensation Committee with input from its independent compensation consultant and reflects a group of companies with similar or adjacent business models and who source talent from the same labor pools as the Company. In determining the peer group, the size and performance of the companies were taken into consideration, with preference given to companies having revenues generally ranging from 0.25 to 4.0 times the revenue of the Company.

2020 Peer Group	
ADT Inc.	HomeServe plc
Alarm.com Holdings, Inc.	LendingTree, Inc.
ANGI Homeservices Inc.	Redfin Corporation
Cars.com Inc.	WW International, Inc.
FirstService Corporation	Yelp Inc.
Grubhub Inc.	Zillow Group, Inc.
H&R Block, Inc.	

The Compensation Committee has used the peer group as a reference point when reviewing the competitiveness of our executive compensation program, making executive compensation decisions, and assisting with the design and operation of our annual incentive plan and long-term incentive awards.

In September 2020, the Compensation Committee completed a review of our peer group. The Compensation Committee considered a number of factors, beginning with company size, performance and industry. The Compensation Committee further examined potential peer companies for similarities in operations, including profitable growth;

recurring revenue; home or real estate services; and transformational, local network-related, technology enabled and platform enabled businesses, and also included core and emerging peer companies based on the application of financial, industry, competitive and qualitative filters. Based on these factors and in order to better align the peer group to our current business and market for talent, the Compensation Committee adjusted our peer group for 2021 compensation to be comprised of the companies in the following table.

2021 Peer Group	
ADT Inc.	KAR Auction Services, Inc.
Alarm.com Holdings, Inc.	Realogy Holdings Corp.
ANGI Homeservices Inc.	Redfin Corporation
Cars.com Inc.	Vivint Smart Home, Inc.
FirstService Corporation	WW International, Inc.
H&R Block, Inc.	Yelp Inc.
HomeServe plc	Zillow Group, Inc.
IAA, Inc.	

The appropriateness of the companies comprising the peer group will be reassessed annually, and any changes to the composition of the group will be subject to approval by the Compensation Committee.

Say on Pay Vote

In 2020, the Compensation Committee considered the outcome of the stockholder advisory vote on 2019 executive compensation when making decisions relating to the compensation of our NEOs and our executive compensation program and policies. Our stockholders voted at our 2020 Annual Meeting of Stockholders, in a non-binding, advisory vote, on the 2019 compensation paid to our NEOs. Over 80% of the votes were cast in favor of the Company's 2019 compensation decisions. See *"Corporate Governance—Corporate Governance Practices and Policies—Stockholder Engagement"* and *"—Determination of Executive Compensation—Fiscal 2021 Executive Compensation"* for additional information about our stockholder engagement during 2020 and the executive compensation program approved by the Compensation Committee for our 2021 fiscal year.

Components of 2020 Compensation

A significant portion of the 2020 total direct compensation for our executives consisted of variable, at-risk compensation. Variable, at-risk total direct compensation includes the 2020 annual cash incentive plan ("AIP") award at target and long-term equity incentive award dollar value at target. The following charts illustrate the proportional components of 2020 compensation for our CEO, and the average proportional components of 2020 compensation for our other NEOs, as well as a percentage of overall, variable, at risk compensation.

In February 2020, the Compensation Committee determined the salary and incentive compensation opportunities for our executives for 2020. The Compensation Committee considered data regarding compensation for the Company's 2020 Peer Group, as well as third-party salary survey information and the Company's business strategy, and then adjusted the proportion of the pay components for each executive's compensation, primarily to increase the focus on equity-based compensation.

Salary

The Compensation Committee will annually review the salaries of our executives, which includes our executive officers and other members of the senior leadership team. The Compensation Committee may take into account various factors when considering annual merit increases, including:

- Competitive practice among the Company's peer group, as well as general industry practice;
- The Company's financial performance in the prior year and expectations for the coming year;
- The impact that increased fixed costs will have on the ability to meet the Company's annual operating plan;
- Individual proficiency and experience; and
- Internal equity.

The following table sets forth information regarding the 2020 salaries for our NEOs.

Named Executive Officer	Salary as of December 31, 2020
Mr. Tibbens	\$ 800,000
Mr. Turcotte	\$ 460,100
Mr. Fiarman	\$ 450,000

The Compensation Committee determined not to increase the salaries of Messrs. Tibbens, Turcotte and Fiarman in 2020, making no change to the salaries in effect as of December 31, 2019.

Annual Cash Incentive Awards

2020 Annual Incentive Plan Design

The Compensation Committee approved an annual incentive plan for 2020 that was designed to reward the achievement of specific pre-set financial and strategic results measured over a fiscal year. The Compensation Committee determined that AIP awards for 2020 would be calculated based on the NEO's eligible earnings, or base salary paid to the NEO, during fiscal 2020. The Compensation Committee considered that eligible earnings more accurately represents pay earned during the fiscal year than salary in effect at fiscal year-end.

The target bonus approved by the Compensation Committee for each NEO for 2020 is listed in the table below.

Named Executive Officer	AIP Annual Incentive Target as a Percentage of Eligible Earnings
Rexford J. Tibbens, President and CEO	100%
Brian K. Turcotte, Senior Vice President and CFO	75%
Jeffrey A. Fiarman, Senior Vice President, General Counsel and Corporate Secretary	60%

The Compensation Committee made no change to the annual incentive targets for our NEOs for fiscal 2020 except Mr. Turcotte's 2020 AIP target bonus increased from the 60% initially provided in his offer letter to 75%.

The Compensation Committee determined that incentives for our NEOs under the 2020 AIP would be based on our performance with respect to the following performance goals with the following weightings: (1) two financial performance goals consisting of Adjusted EBITDA (35%) and Revenue (35%); and (2) two strategic performance goals consisting of customer retention (20%) and the satisfaction of strategic objectives related to our emerging businesses (10%); for a total combined weighting of 100%. The weighted achievement factor for each of the performance measures is determined by multiplying the weight attributed to each performance measure by the applicable achievement factor for each measure based on the Company's fiscal 2020 performance. The Compensation Committee adjusted the weightings of the performance goals to increase focus on customer retention, which the Committee viewed as critical to the Company's success and necessary to facilitate achievement of the Company's long-term goals related to customer retention. For the performance measures, the achievement factor will generally be determined by measuring actual performance against the target goal based on a pre-established scale that provides for 25% for threshold performance, 100% for target performance and 175% for maximum performance. For actual performance between the specified threshold, target and maximum levels, the resulting achievement factor is adjusted on a linear interpolation basis.

The following table sets forth the financial performance goals, including threshold, target and maximum performance levels, and the respective weightings of the financial performance goals under the 2020 AIP.

Financial Performance Goal	Threshold (25%)	Target (100%)	Maximum (175%)	Weighting
Adjusted EBITDA	\$ 297 million	\$ 311 million	\$ 332 million	35%
Revenue	\$ 1.365 billion	\$ 1.486 billion	\$ 1.565 billion	35%

Actual amounts paid under the 2020 AIP are calculated by multiplying each NEO's 2020 eligible earnings by (i) his 2020 AIP target annual cash incentive opportunity (which is reflected as a percentage of eligible earnings) and (ii) the executive's weighted achievement factor.

2020 Annual Incentive Plan Determinations

The Compensation Committee assessed our performance against the 2020 AIP financial performance goals set in February 2020 and initially determined the Company achieved \$1.474 billion (or 99.2% of target) and \$270 million (or 86.2% of target) under its Revenue and Adjusted EBITDA financial performance goals for fiscal 2020, respectively. The Compensation Committee then exercised its discretion to adjust the Company's actual Adjusted EBITDA results for fiscal 2020 in recognition of the significant efforts made by management in delivering strong performance despite the unforeseen challenges of COVID-19, taking unprecedented action to protect the Company's customers, employees, contractors and other key stakeholders, and achieving a balance of investing in future growth opportunities and focusing on short-term cost-savings measures. This discretionary adjustment excluded an estimated \$36 million of unfavorable expense from higher service request incidence in the appliance and plumbing trades due to COVID-19 as previously reported in our Annual Report on Form 10-K from Adjusted EBITDA, resulting in the Company achieving results of \$306 million (or 98.4% of target) under its Adjusted EBITDA financial performance goal for fiscal 2020. The Compensation Committee did not apply any discretion with respect to the Revenue financial performance goal in 2020.

The levels of achievement attained, payout percentages and the weighted achievement factors for the financial performance goals are listed in the table below.

Financial Performance Goal	2020 Results	2020 Results as a % of Target	2020 Payout Percentage	2020 Weighted Achievement Factor
Adjusted EBITDA ⁽¹⁾	\$ 306 million	98.4%	73.2%	25.6%
Revenue	\$ 1.474 billion	99.2%	92.6%	32.4%

(1) Adjusted EBITDA under the 2020 AIP is calculated in the same manner as described in the Part II, Item 6 section of our Annual Report on Form 10-K for fiscal year ended December 31, 2020 except for the exclusion of certain expenses incurred by the Company in response to COVID-19 as discussed above.

The Compensation Committee additionally determined, with respect to the customer retention strategic performance goal, that we achieved 2020 actual results as a percentage of target of 99.9%, resulting in a weighted achievement factor of 19% for this goal. With respect to the satisfaction of the strategic objectives goal, which focused on growth and deployment of our on-demand and Streem emerging businesses, the Compensation Committee determined that we achieved 2020 actual results as a percentage of target of 50%, resulting in a weighted achievement factor of 5% for this goal.

The Compensation Committee then determined that Company performance under the 2020 AIP was 82% in the aggregate in accordance with application of the weightings applicable to each of the financial and strategic performance goals.

2020 Annual Incentive Plan Payout

Accordingly, in February 2021, the Compensation Committee awarded Messrs. Tibbens, Turcotte and Fiarman bonuses as set forth in the following table.

Named Executive Officer	2020 AIP Eligible Compensation	AIP Annual Incentive Target as of Percentage of Eligible Earnings	2020 AIP Eligible Bonus Payout Factor	2020 AIP Bonus Payout
Mr. Tibbens	\$ 800,000	100%	82%	\$ 656,000
Mr. Turcotte	\$ 460,100	75%	82%	\$ 282,962
Mr. Fiarman	\$ 450,000	60%	82%	\$ 221,400

Long-Term Equity Incentive Awards

2020 Awards

The primary vehicles for delivering long-term incentives during 2020 were time-vested stock options and RSUs. The Compensation Committee believes that stock options create strong alignment with stockholder interests, since value is delivered only in the event of share price appreciation. Meanwhile, time-vested RSUs balanced the appreciation orientation of stock options with the objectives of real ownership and retention.

In February 2020, the Compensation Committee approved long-term equity incentive awards based on the fair value of our Common Stock on the trading day that immediately precedes the grant date. The Compensation Committee restructured the methodology for determining the aggregate values for the 2020 long-term equity incentive awards by uncoupling these awards from the executive's salary in order to increase the focus on equity-based compensation and retain more flexibility to determine awards in consideration of the executive's contributions.

The table below summarizes the awards that were granted to each of the NEOs in 2020.

Named Executive Officer	Total Annual Equity Award Dollar Values	Stock Option Dollar Values	Number of Company Stock Options	RSU Dollar Values	Number of Company RSUs
Mr. Tibbens	\$ 3,800,000	\$ 1,900,000	112,160	\$ 1,900,000	53,430
Mr. Turcotte	\$ 1,000,000	\$ 500,000	29,515	\$ 500,000	14,060
Mr. Fiarman	\$ 620,000	\$ 310,000	18,299	\$ 310,000	8,717

The stock options vest over four years at a rate of 25% on the first anniversary of the grant date and 6.25% on each quarterly anniversary thereafter, in each case, subject to the executive's continued employment through the applicable vesting date. The RSUs vest over three years in equal annual installments on the first three anniversaries of the grant date, subject to the executive's continued employment through the applicable vesting date. The post-termination vesting and exercise rights will be substantially the same as the rights that apply to the stock options and RSUs granted in fiscal 2019 to the NEOs and described below under the heading "Executive Compensation Tables—Potential Payments Upon Termination or Change in Control—Equity Awards."

Fiscal 2021 Executive Compensation

In February 2021, the Compensation Committee determined the salary and incentive compensation opportunities for our executives for 2021. The Compensation Committee considered data regarding compensation for the Company's 2021 Peer Group, as well as third-party salary survey information, the Company's business strategy and feedback from stockholders received in connection with the Company's executive compensation program.

Addition of Performance-Vesting RSUs to 2021 Long-Term Incentive Program

In consideration of feedback from stockholders in connection with the Company's executive compensation program, and to reinforce the Company's performance and growth agenda, in February 2021, the Compensation Committee determined that it was appropriate to change the type of long-term equity incentive awards by granting new PSUs rather than stock options, for 50% of the long-term equity incentive awards for Mr. Tibbens, Mr. Turcotte and Mr. Fiarman. The target PSU dollar values will be converted into a number of PSUs based on the closing price of the Company's Common Stock on the Nasdaq on the trading day that immediately precedes the grant date. The terms and conditions of the new PSUs will provide that the PSUs will generally vest and be payable on the third anniversary of the grant date if the Company achieves certain specified revenue performance goals measured during the third year of a three-year performance period, subject to the executive's continued employment through the applicable vesting date. The total number of PSUs that vest will range from 0% to 200% of target as determined by measuring actual performance at the end of the performance period against the performance goal based on a pre-established scale.

The remaining 50% of the long-term equity incentive awards for Mr. Tibbens, Mr. Turcotte and Mr. Fiarman will remain unchanged and will be comprised of RSUs. The target RSU dollar values will be converted into a number of RSUs based on the closing price of the Company's Common Stock on the Nasdaq on the trading day that immediately precedes the grant date. The RSUs will vest in equal annual installments on the first three anniversaries of the grant date, subject to the executive's continued employment through the applicable vesting date.

2021 NEO Compensation Opportunities

Effective April 2021, the Compensation Committee determined that the salaries for Mr. Turcotte and Mr. Fiarman should be increased to \$505,000 and \$470,000, respectively, to reflect competitive practice among the Company's peer group, as well as general industry practice, and individual proficiency and experience. The Compensation Committee additionally increased the annual incentive plan targets as a percentage of salary for Mr. Tibbens and Mr. Turcotte to 120% and 80%, respectively. The Compensation Committee approved long-term equity incentive awards, as described above, having grant date fair values of \$4,560,000, \$1,250,000 and \$775,000 for Mr. Tibbens, Mr. Turcotte and Mr. Fiarman, respectively, to be granted in March 2021.

Sign-on, Retention and Discretionary Bonuses

From time to time, we may award sign-on, retention and discretionary bonuses to attract or retain executive talent. Generally, sign-on bonuses are used to incentivize candidates to leave their current employers or may be used to offset the loss of unvested compensation they may forfeit as a result of leaving their current employers. No sign-on, retention or discretionary bonuses were awarded to our NEOs in fiscal 2020.

Employment Agreements

Other than Mr. Tibbens, none of our NEOs has an employment agreement relating to his employment with the Company. Mr. Tibbens was hired to serve as our President and CEO pursuant to an employment agreement with us, effective May 15, 2018. Mr. Turcotte became our Senior Vice President and CFO effective July 25, 2018, pursuant to an offer letter dated July 17, 2018. Mr. Fiarman was offered the position of Senior Vice President, General Counsel and Secretary pursuant to an offer letter dated July 5, 2018, and commenced employment on August 27, 2018. The material terms of Mr. Tibbens's employment agreement are described below under *"Executive Compensation Tables—Grants of Plan-Based Awards for Fiscal 2020—Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table—Employment Agreement."*

Retirement Benefits

Our employees, including the NEOs, are generally eligible to participate in the Frontdoor, Inc. 401(k) Plan (the "Frontdoor 401(k) Plan"), as it may be amended from time to time. The Frontdoor 401(k) Plan is a tax qualified 401(k) defined contribution plan. We made a "safe harbor" matching contribution for our employees who contributed during the 2020 plan year.

Employee Benefits and Executive Perquisites

We offer a variety of health and welfare programs to all eligible employees, including the NEOs. The NEOs are eligible for the same health and welfare benefit programs on the same basis as the rest of our employees, including medical and dental care coverage, life insurance coverage and short- and long-term disability. In addition, pursuant to our 2019 Employee Stock Purchase Plan ("ESPP"), eligible employees, including the NEOs, may purchase Common Stock, subject to Internal Revenue Service limits, during pre-specified offering periods at a purchase price equal to 85% of the closing price per share on the day preceding the last day of the applicable offering period.

We limit the use of perquisites as a method of compensation and provide executive officers with only those perquisites that we believe are reasonable and consistent with our compensation goal of enabling us to attract and retain superior executives for key positions.

Pursuant to the terms of Mr. Fiarman's offer letter, the Company covers reasonable commuting expenses from Connecticut to Memphis, Tennessee up to a maximum of 50 round trips per year, including both airfare and ground transportation, consistent with the business travel policies applicable to the Company's executive team members. Perquisites relating to reasonable commuting expenses for Mr. Fiarman declined in 2020 due to restrictions on travel during the COVID-19 pandemic.

Post-Termination Compensation

Messrs. Tibbens and Fiarman each have a severance arrangement with us, either as part of their employment agreement, in the case of Mr. Tibbens, or offer letter, in the case of Mr. Fiarman. The severance benefits that Messrs. Tibbens and Fiarman are entitled to pursuant to the terms of their respective employment agreement or offer letter, as applicable, are described in detail below under the heading *"Executive Compensation Tables—Potential Payments Upon Termination or Change in Control—Severance Benefits—Employment Arrangements."* For a description of the potential vesting of outstanding equity awards that may occur in connection with certain termination events, see *"Executive Compensation Tables—Potential Payments Upon Termination or Change in Control—Equity Awards"* below.

Clawback Policy

Our Board of Directors has adopted a clawback policy that provides the Compensation Committee with the discretion to claw back certain performance-based compensation and associated stock transaction proceeds earned, vested or otherwise received (i) during the three years preceding the Company's conclusion that the financial statements contained a material error or the date a court, regulator, or other legally authorized body directs the Company to restate its financial statements to correct a material error if the executive's misconduct caused or materially contributed to the restatement; or (ii) during the 12 months prior to the Compensation Committee's determination that even if a financial restatement has not occurred, the executive engaged in willful and serious misconduct that was injurious to us or our subsidiaries.

Stock Ownership Guidelines

Our Board of Directors has adopted stock ownership guidelines for members of the Board and for NEOs and certain other executives of the Company in order to further align the interests of our directors and such executives with our stockholders. Under these guidelines, such executives and non-employee directors are expected to own shares of our Common Stock in the amounts set forth below.

Role	Multiple
CEO	6 times annual salary
Other NEO and Specified Executives	3 times annual salary
Non-Employee Directors	5 times annual cash retainer

Under these guidelines, unless otherwise approved by the Board of Directors, such executives and non-employee directors are required to retain 100% of any shares of our Common Stock they acquire until the ownership requirements are satisfied and, thereafter, must remain in compliance with such requirements upon completion of any disposition of shares.

Prohibitions on Short Sales, Hedges and Pledges

We prohibit short sales, hedging and pledging in our equity securities by our directors, officers and employees. See "*Corporate Governance—Corporate Governance Practices and Policies—Certain Securities Transactions*" for more information.

- (2) PSUs vest according to weighted average market capitalization ("WAMC") (50%) and revenue (50%) performance targets over a five-year performance period. The actual number of units that will be distributed is not yet determinable. These performance milestones will be measured quarterly commencing on April 1, 2019 and ending March 31, 2024. The revenue performance milestone will be deemed satisfied if the aggregate revenue of a period of four (4) consecutive fiscal quarters is sufficient to satisfy the revenue performance goal (representing 50% of the total award); and the WAMC milestone will be deemed satisfied if the WAMC in each of four consecutive fiscal quarters is sufficient to satisfy the WAMC goal (representing 50% of the total award). In the table above, the number and market value of PSUs reported reflect threshold achievement based on the Company's performance as of December 31, 2020. The actual number of PSUs that will be distributed is not yet determinable.
- (3) Time-vesting stock options that vest and become exercisable 25% on the first anniversary of the grant date, and thereafter vest 6.25% quarterly over the next three years on the quarterly anniversary of the grant date, such that all stock options will have vested on the fourth anniversary of the grant date, subject to continued employment with the Company.
- (4) Time-vesting stock options that vest and become exercisable in equal annual installments on February 18, 2020, 2021 and 2022, subject to continued employment with the Company.
- (5) Time-vesting stock options that vest and become exercisable in four equal annual installments beginning on each anniversary of the original grant date, subject to continued employment with the Company.
- (6) Time-vesting RSUs that vest in three equal installments beginning on each anniversary of the original grant date, subject to continued employment with the Company.
- (7) Time-vesting RSUs that vest in equal installments on February 18, 2020 and 2021, subject to continued employment with the Company.
- (8) Time-vesting stock options that vested and became exercisable in four equal annual installments beginning on each anniversary of the original grant date, subject to continued employment with the Company.
- (9) Time-vesting stock options that were fully vested and exercisable prior to the Spin-off.

Potential Payments Upon Termination or Change in Control

The following summaries and table describe and quantify the potential payments and benefits that we would provide to our NEOs in connection with their termination of employment and/or change in control of our Company. In determining amounts payable, we have assumed in all cases that the terms of the executive's current employment and equity award agreements with us were in effect on, and the termination of employment and/or change in control occurred on, December 31, 2020, the last business day of fiscal 2020.

Severance Benefits—Employment Arrangements

Mr. Tibbens

Pursuant to Mr. Tibbens's employment agreement, if Mr. Tibbens's employment is terminated without "cause" by the Company or by him for "good reason" (in each case, as defined in Mr. Tibbens's employment agreement), Mr. Tibbens will be entitled to receive: (1) continuation of his salary for a period of 12 months; (2) a lump sum payment equal to his target bonus; (3) reimbursement of COBRA health insurance premiums paid by him for 12 months following the date of termination; (4) payment for any accrued but unused vacation days; and (5) the bonus that he would have been paid in respect of the fiscal year in which the date of termination occurs had his employment not terminated, prorated for the portion of the fiscal year during which he was employed, based on actual performance.

In the event Mr. Tibbens's employment is terminated by reason of death or disability prior to May 15, 2022, Mr. Tibbens (or his executors or legal representatives) will be entitled to receive (1) the bonus that he would have been paid in respect of the fiscal year in which the date of termination occurs had his employment not terminated, prorated for the portion of the fiscal year during which he was employed, based on actual performance and (2) payment for any accrued but unused vacation days.

Payments of Mr. Tibbens's severance benefits are subject to him signing a general release of claims and continued compliance with certain restrictive covenants, including confidentiality of information and non-competition, non-solicitation and non-disparagement covenants. The confidentiality covenant has an indefinite term, and the non-competition, non-solicitation and non-disparagement covenants each have terms effective both during the term of his employment and for one year following any termination of employment. In addition, payments and benefits are reduced in connection with a change in control (within the meaning of Section 280G of the Internal Revenue Code (the "Code")) to the highest amount that may be paid to Mr. Tibbens without subjecting any payment to the excise tax, so long as he would retain a greater net after-tax payment if the payments are reduced.

Mr. Fiarman

Mr. Fiarman's offer letter provides that if his employment is terminated by the Company without "cause" or by him for "good reason" (in each case, as defined in his offer letter), Mr. Fiarman will be entitled to receive: (1) an amount equal to 12 times his monthly salary in effect on the date of termination, paid in 12 equal monthly installments; (2) an amount equal to his target bonus during the year of termination, paid in 12 equal monthly installments; (3) if the termination occurs after June 30 of any year, the bonus that he would have been paid in respect of the fiscal year in which the date of termination occurs had his employment not terminated, prorated for the portion of the fiscal year during which he was employed, based on actual performance; and (4) payment for any accrued but unused vacation days.

Equity Awards

Termination without "Cause" or by Executive for "Good Reason"

If an NEO's employment is terminated by us without cause or if the executive voluntarily terminates his employment for any reason, all unvested stock options and RSUs (other than Mr. Tibbens's sign-on RSUs) immediately terminate. Upon such a termination, the NEO may exercise vested options before the first to occur of (1) the three-month anniversary of the NEO's termination of employment, (2) the expiration of the options' normal term, after which date such options are cancelled, or (3) the cancellation of the options in the event of a change in control in exchange for a cash payment. Unvested PSUs granted to a NEO in 2019 will remain eligible to vest following a termination of the NEO by us without "cause" or by the NEO for "good reason" (in each case as defined in the applicable award agreement) until the earlier of (x) the final determination date with respect to the performance period and (y) the determination date in respect of the end of the second fiscal quarter after such termination occurs. If Mr. Tibbens's employment is terminated by us without "cause" or by him for "good reason" (in each case, as defined in Mr. Tibbens's employment agreement), all of his unvested sign-on RSUs will immediately vest.

Death or Disability

If an NEO's employment terminates by reason of death or disability, all unvested options will vest, and all options will remain exercisable until the first to occur of (1) the one-year anniversary of the executive's date of termination, (2) the expiration of the options' normal term, after which date such options are cancelled, or (3) the cancellation of the options in the event of a change in control in exchange for a cash payment. With respect to RSUs, the portion of unvested RSUs that would vest on the next vesting date following the termination will vest on a pro-rata basis. Unvested PSUs granted in 2019 will remain eligible to vest until the end of the performance period based on actual achievement of performance milestones if an NEO's employment terminates by reason of death or disability.

Change in Control

Upon a change in control during the performance period, the PSUs granted in 2019 will immediately vest in full.

Termination in Connection with a Change in Control

Pursuant to the 2018 Plan, upon a change in control, no cancellation, acceleration of vesting or other payment shall occur with respect to any stock option or RSU if our Board of Directors reasonably determines prior to the change in control that the executive shall receive an “alternative award” meeting the requirements of the plan; provided, however, if within two years following a change in control, the NEO’s employment is terminated by us without “cause” or by the NEO for “good reason” (in each case as defined in the applicable award agreement), at a time when any portion of the alternative award is unvested, the unvested portion of such alternative award shall immediately vest in full and such executive shall be provided with either cash or marketable stock equal to the fair market value of the stock subject to the alternative award on the date of termination.

Restrictive Covenants

As a condition of receiving their 2020 and 2019 equity awards, each of Messrs. Tibbens, Turcotte and Fiarman agreed to certain restrictive covenants, including non-competition and non-solicitation covenants. The non-competition and non-solicitation covenants each have terms effective both during the term of the executive’s employment with the Company and for 12 months following any termination of employment. In addition, as a condition to receiving his sign-on and annual equity awards, Mr. Tibbens agreed to be subject to the same restrictive covenants contained in his employment agreement as described above, including confidentiality of information and non-competition, non-solicitation and non-disparagement covenants; provided, however, that in the case of his stock options the post-termination restriction period is extended to 24 months.

Estimated Payments and Benefits Upon Termination

The following table describes the potential benefits that would have been payable to our NEOs under existing contractual arrangements assuming a termination occurred on December 31, 2020, the last business day of fiscal 2020. The amounts shown in the table do not include payments and benefits to the extent they are provided generally to all salaried employees upon termination of employment and do not discriminate in scope, terms or operation in favor of the NEOs. The amounts reported below related to the acceleration of outstanding equity awards assume a share price equal to \$50.21, the closing market price of our Common Stock on the Nasdaq on December 31, 2020, the last trading day of fiscal 2020.

(1) Amounts reported reflect a cash severance payment which includes the following:

- Mr. Tibbens: continuation of his salary for 12 months (\$800,000) and a lump sum payment equal to his target 2020 bonus (\$800,000).
- Mr. Fiarman: salary in effect on the date of termination (\$450,000) and an amount equal to his target 2020 bonus (\$270,000).

(2) Amounts reported reflect annual bonuses earned based on actual performance that were awarded to Messrs. Tibbens and Fiarman for 2020.

(3) Amounts reported reflect costs of COBRA health insurance premiums for 12 months assuming 2020 rates.

(4) Amount reported reflects the accelerated vesting of Mr. Tibbens's sign-on RSUs pursuant to the terms of his employment agreement. Unvested PSUs granted to Messrs. Tibbens, Turcotte and Fiarman will remain eligible to vest until the earlier of (x) the final determination date with respect to the performance period and (y) the determination date in respect of the end of the second fiscal quarter after which such termination occurs. Therefore, because there is no acceleration of vesting, values for the PSU awards are excluded for purposes of calculating this amount.

(5) In addition to the amounts reflected, upon death each NEO's estate would receive a life insurance payout of \$300,000; and upon disability as defined in the Company's disability benefit plan, Messrs. Turcotte and Fiarman, each of whom elected to participate in the plan, would receive \$15,000 per month.

Potential Payments Upon Termination or Change in Control

- (6) Amounts reported reflect the value of the full accelerated vesting of the NEO's outstanding stock option awards and the prorated portion of unvested RSUs that would vest on the next vesting date following a termination by reason of death or disability. The amounts reported reflect the "spread" value for stock options representing the difference between the applicable exercise price and \$50.21, the closing market price of our Common Stock on the Nasdaq on December 31, 2020, the last trading day of fiscal 2020. Unvested PSUs granted to the NEOs in 2019 will remain eligible to vest until the end of the performance period based on actual achievement of performance milestones. Therefore, because there is no acceleration of vesting, values for the PSU awards are excluded for purposes of calculating this amount.
- (7) Amounts reported reflect the full accelerated value of the NEO's outstanding PSUs that would immediately vest upon a change in control.
- (8) Amounts reported reflect a cash severance payment which includes the following:
- Mr. Tibbens: continuation of his salary in effect on the date of termination for 12 months (\$800,000) and a lump sum payment equal to his target 2020 bonus (\$800,000).
 - Mr. Fiarman: continuation of his salary in effect on the date of termination for 12 months (\$450,000) paid out in 12 equal installments over a 12-month period, and an amount equal to his target 2020 bonus (\$270,000).
- (9) Amounts reported reflect the value of the full accelerated vesting of the NEO's outstanding stock option and RSU awards, as applicable, following a termination in connection with a change in control, as well as the full accelerated value of the NEO's outstanding 2019 PSUs that would immediately vest upon a change in control, including a termination upon change in control.

Pay Ratio Disclosure

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K of the Exchange Act, we are providing the following information regarding the ratio of the annual total compensation for our principal executive officer to the median of the annual total compensation of all our employees (other than our principal executive officer) (the “CEO Pay Ratio”). Our CEO Pay Ratio is a reasonable estimate calculated in a manner consistent with Item 402(u). However, due to the flexibility afforded by Item 402(u) in calculating the CEO Pay Ratio, our CEO Pay Ratio may not be comparable to the CEO pay ratios presented by other companies.

Our employee population was initially evaluated as of December 31, 2019 to be 2,288. As is permitted under the SEC rules, to determine our median employee, we used annual salary and bonus earned for 2019 as our consistently applied compensation measure. We annualized this number for those full- and part-time employees who did not work the full fiscal 2019 year. We believe this consistently applied compensation measure reasonably reflects annualized compensation across our employee base. Using a determination date of December 31, 2019, we determined our median employee from our total employee workforce.

As there were no significant changes in our employee population or employee compensation arrangements during fiscal 2020 that we believe would significantly change our CEO Pay Ratio disclosure, as permitted by SEC rules, we elected to use the same median employee identified in fiscal 2019 to compute the fiscal 2020 CEO Pay Ratio. Our median employee’s annual total compensation for fiscal 2020 was \$51,170, which includes, among other things, the value of non-discriminatory employer paid health benefits. For fiscal 2020, the annual total compensation for our President and CEO, Mr. Tibbens, was \$5,290,577, which amount varies from his total compensation amount as reflected in the *Summary Compensation Table* because it includes the value of non-discriminatory employer paid health benefits. Accordingly, our CEO Pay Ratio for fiscal 2020 was 103:1.

(1) We have two active equity compensation plans, both of which have been approved by our stockholders: the 2018 Plan and our ESPP. The ESPP is a tax-qualified Code Section 423 stock purchase plan under which eligible employees are permitted to purchase shares of our Common Stock at a 15% discount.

(2) Consists of 1,207,710 shares of our Common Stock issuable upon the exercise of outstanding stock options; 693,517 shares of our Common Stock issuable upon the settlement of RSUs, and deferred share equivalents, or DSEs; and 149,654 shares of our Common Stock issuable upon the vesting of PSUs, awarded under the 2018 Plan. For purposes of this table, the number of shares to be issued in respect of PSUs has been calculated based on the assumption that the maximum level of performance applicable to the PSUs will be achieved (i.e. 100%).

(3) Reflects the weighted average exercise price of outstanding stock options of \$34.03. Does not reflect RSUs or PSUs because these awards have no exercise price.

(4) Consists of shares of our Common Stock available for future issuance under our 2018 Plan, pursuant to various awards the Compensation Committee may make, including non-qualified stock options, incentive stock options, stock appreciation rights, RSUs, restricted stock, performance-based awards and other equity-based awards.

Security Ownership of Certain Beneficial Owners, Directors and Management

The following table sets forth information regarding the beneficial ownership of our Common Stock as of March 1, 2021 (unless otherwise indicated below) by (i) beneficial owners known to us to own more than 5% of our Common Stock, (ii) each of our NEOs, as such term is defined in Item 402(a)(3) of Regulation S-K under the Exchange Act, (iii) each of our directors and (iv) all of our current directors and executive officers as a group.

Beneficial ownership is determined in accordance with the rules of the SEC. As to beneficial owners known to us to own more than 5% of our Common Stock, the information set forth in this table is based solely on our review of filings made by such persons under Sections 13(d) and 13(g) of the Exchange Act. Percentage ownership for such beneficial owners is calculated by dividing the number of shares beneficially owned by such persons, as reflected in the most recent filing by such persons of statements of beneficial ownership, by the 85,516,337 shares of our Common Stock outstanding on March 1, 2021. Therefore, the percentage ownership may differ from the percentage ownership reported in such statements of beneficial ownership, which may reflect ownership as of a different date. With respect to each of our directors and NEOs, in computing the number of shares beneficially owned by such person and the percentage ownership of such person, any shares of our Common Stock (i) subject to options held by that person that are currently exercisable or exercisable within 60 days of March 1, 2021, or (ii) issuable upon the settlement of RSUs and deferred share equivalents held by that person within 60 days of March 1, 2021, are deemed issued and outstanding. These shares, however, are not deemed issued and outstanding for purposes of computing percentage ownership of each other individual stockholder.

Our capital consists of our Common Stock and our preferred stock. The percent of class calculations are based on the 85,516,337 shares of our Common Stock outstanding and zero shares of our preferred stock outstanding as of March 1, 2021. None of the shares held by our directors or executive officers has been pledged as security as of March 1, 2021.

Except as otherwise indicated in the footnotes, each of the beneficial owners listed has, to our knowledge, sole voting and investment power with respect to the indicated shares of Common Stock.

Procedures for Approval of Related Person Transactions

Our Board of Directors has adopted a written policy on related person transactions. The policy covers transactions involving us in excess of \$120,000 in which any director, director nominee, executive officer or greater than five percent beneficial owner of Frontdoor, or any of their respective immediate family members, has or had a direct or indirect material interest, subject to certain exceptions set forth in the policy.

Under this policy, the General Counsel must advise the Audit Committee of any related person transaction of which the General Counsel becomes aware. The Audit Committee must then either approve or reject the transaction in accordance with the terms of the policy. In the course of making this determination, the Audit Committee will consider all relevant facts and circumstances available to it, including, but not limited to, the benefits to the Company; the impact on a director's independence in the event the related person is a director, an immediate family member of a director or an entity in which a director is a partner, stockholder or executive officer; the availability of other sources for comparable products or services; the terms of the transaction; the terms available to unrelated third parties or to employees generally; whether the transaction would be undertaken in the ordinary course of business; who initiated the transaction; the approximate dollar value of the transaction; and any other information that the Audit Committee or Chair of the Audit Committee considers to be material to investors in light of the circumstances of the particular transaction.

Delinquent Section 16(a) Reports

Section 16(a) of the Exchange Act requires our directors, officers and beneficial owners of more than 10% of our Common Stock (collectively, "Reporting Persons") to file with the SEC initial reports of ownership and reports of changes in ownership of our Common Stock. Such persons are required by regulations of the SEC to furnish us with copies of all such filings. Based on our records and written representations from our directors and officers, we believe that all such Reporting Persons complied with all Section 16(a) filing requirements in fiscal 2020.

PROPOSAL 4

Approval of Amendments to the Company's Amended and Restated Certificate of Incorporation

The Company's Board of Directors, upon the recommendation of the Nominating and Corporate Governance Committee, has approved and recommends that stockholders approve proposed amendments to our Charter to: (1) eliminate certain supermajority voting requirements effective at the conclusion of the 2022 Annual Meeting of Stockholders and (2) clarify the availability of advancement of expenses in the event of an indemnification event for our officers, directors or others entitled to indemnification under our Charter.

Amendments to Supermajority Vote Requirements

Our Charter currently requires that certain amendments of the Charter be approved by a vote of 66 2/3% of the voting power of all outstanding shares of capital stock then entitled to vote generally in the election of directors, voting together as a single class. The Charter also provides that stockholders may amend, alter or repeal the Corporation's Bylaws upon the vote of 66 2/3% of the voting power of all outstanding shares of capital stock then entitled to vote generally in the election of directors, voting together as a single class. The requirement to obtain a vote greater than a majority is commonly referred to as a "supermajority vote requirement."

These supermajority vote requirements were based on historical practice at the time of the Spin-off, including the certificate of incorporation of our former parent company. Supermajority voting provisions are intended to facilitate corporate governance stability by requiring broad stockholder consensus to effect changes. However, many investors and others view supermajority voting provisions as conflicting with principles of good corporate governance because the provisions may impede accountability to stockholders and limit the ability of stockholders to participate in the corporate governance of a company.

As part of its ongoing consideration of appropriate corporate governance structures and after taking into consideration best practices and stockholder feedback, the Board of Directors determined to recommend that these supermajority vote requirements be eliminated, coincident with the declassification of the Board that will be fully realized at the conclusion of the 2022 Annual Meeting of Stockholders (the "Declassification Time"). The Board concluded that a "majority of outstanding shares" standard for stockholder approval of amendments to the Charter and Bylaws more appropriately balances the opportunity for stockholders to participate meaningfully in the corporate governance of the Company with the desire to protect the interests of all stockholders from action that may only be in the interest of a small percentage of stockholders.

In recommending that the supermajority vote requirement be eliminated as at the Declassification Time, our Board of Directors considered that the Company's limited history as an independent public company and the need for the management team to continue to focus on executing the Company's strategic plans. The Board believes that the supermajority vote requirements could continue to provide protection against proposals that could be harmful to stockholders and might otherwise be driven by special interests, and as a result, balanced these concerns with the removal of the supermajority vote requirements and stockholder feedback. If the amendment is approved, following our 2022 Annual Meeting of Stockholders, the affirmative vote of a majority of all outstanding shares of capital stock then-entitled to vote generally in the election of directors, voting together as a single class, will be required to amend, alter or repeal our Charter or for our stockholders to amend, alter or repeal our Bylaws.

In connection with the proposed amendment, the Board of Directors has approved, contingent upon stockholder approval of this Proposal 4, amendments to the Company's Bylaws to eliminate the supermajority vote requirement to amend the Bylaws.

Amendment Related to Advancement of Expenses

Article Fifth of the Charter provides for mandatory indemnification and the opportunity for advancement of expenses for officers, directors and certain other persons affiliated with the Company. Article Fifth further provides that the right to indemnification is a contract right and that the repeal or modification of provisions related to indemnification shall not diminish the rights of officers or directors arising prior to the repeal or modification. The proposed amendments would confirm that, as with the indemnification rights, the right to advancement of expenses is a contract right and that the repeal or modification of provisions related to advancement of expenses shall not diminish the rights of officers or directors arising prior to the repeal or modification. This amendment would be consistent with other terms of Article Fifth that provide for similar treatment of indemnification and advancement rights.

Effect of the Vote

If Proposal 4 is approved, the amendment would become effective upon the filing of a Certificate of Amendment with the Secretary of State of the State of Delaware, which would be effected promptly after stockholder approval is obtained. If this Proposal 4 is not approved, the existing supermajority vote requirements will remain in effect.

The text of the proposed amendments is set forth in Appendix A.

Vote Required

The affirmative vote of the holders of at least 66 2/3% of the outstanding capital stock entitled to vote at the 2021 Annual Meeting will be required to approve this proposal. For purposes of determining approval of this proposal, abstentions and broker non-votes will have the same effect as an "AGAINST" vote.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE APPROVAL OF THE AMENDMENT OF THE COMPANY'S CERTIFICATE OF INCORPORATION

Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

In accordance with rules adopted by the SEC, we are permitted to furnish proxy materials, including this Proxy Statement and our 2020 Annual Report, to our stockholders by providing access to such documents on the Internet instead of mailing printed copies. If you received a Notice by mail, you will not receive a printed copy of the proxy materials. Most stockholders will not receive printed copies of the proxy materials unless they request them. Instead, the Notice, which was mailed to our stockholders, will instruct you as to how you may access and review all of the proxy materials on the Internet. The Notice also instructs you as to how you may submit your proxy on the Internet or by telephone. If you would like to receive a paper copy of our proxy materials, you should follow the instructions for requesting such materials in the Notice. If you vote by Internet or telephone, please do not also mail your proxy card.

If I am a stockholder of record, how do I vote?

As a stockholder of record, you may vote over the Internet during the 2021 Annual Meeting or by proxy. We recommend that you submit a proxy even if you plan to participate in the 2021 Annual Meeting. This will ensure that your vote will be counted if you are unable to, or later decide not to, participate in the 2021 Annual Meeting. You can revoke your proxy and change your vote during the 2021 Annual Meeting in one of the ways described under *"How can I revoke my proxy or change my vote?"* in this section of the Proxy Statement.

If you do not wish to vote during the 2021 Annual Meeting, you may vote as follows:

1. Over the Internet: go to www.proxyvote.com;
2. By telephone: call 1-800-690-6903 (toll-free within the United States, U.S. territories and Canada); or
3. By mail: complete, sign and date and promptly mail a paper proxy card, if you have received a paper copy of the proxy materials.

If I am a beneficial owner of shares held in street name, how do I vote?

As the beneficial owner of shares held in street name, you have the right to direct your bank, broker, trustee, or other nominee on how to vote and are also invited to participate in the 2021 Annual Meeting. Your bank, broker, trustee or other nominee is obligated to provide you with voting instructions for use in instructing the bank, broker, trustee or other nominee how to vote these shares.

If you do not wish to vote during the 2021 Annual Meeting, you may vote by providing voting instructions to your bank, broker, trustee or other nominee. Subject to and in accordance with the instructions provided by your bank, broker, trustee or other nominee, you may vote in accordance with the instructions provided with your proxy materials in one of the following manners: over the Internet, by telephone or by mail.

How can I get access to the proxy materials over the Internet?

Pursuant to rules adopted by the SEC, we provided access to our proxy materials over the Internet. You can view our proxy materials for the 2021 Annual Meeting on the Internet on our corporate website at <https://investors.frontdoorhome.com/annual-reports>.

How can I vote my shares during the virtual meeting?

The Company will be hosting the 2021 Annual Meeting via live audio webcast. You can participate in the 2021 Annual Meeting live audio webcast at www.virtualshareholdermeeting.com/FTDR2021. The webcast will start at 10:00 a.m. Central Daylight Time. You may vote and submit questions while attending the live audio webcast. You will need the sixteen-digit control number included on your Notice or your proxy card (if you received a printed copy of the proxy materials) in order to be able to enter the meeting.

Shares held in your name as the stockholder of record, or beneficially in street name, may be voted by you, while the polls remain open, at www.virtualshareholdermeeting.com/FTDR2021 during the meeting. You will need your control number found in the Notice, or, if you received a printed copy of the proxy materials, on your proxy card or the instructions that accompanied your proxy materials in order to be able to vote and enter the meeting.

Even if you plan to participate in the audio webcast meeting, we recommend that you also submit your proxy or voting instructions as described above so that your vote will be counted if you later decide not to participate in the audio webcast meeting.

What happens if I do not give specific voting instructions?

Stockholders of Record

If you are a stockholder of record and you indicate when voting on the Internet or by telephone that you wish to vote as recommended by our Board of Directors, or if you sign and return a paper proxy card without giving specific voting instructions, then the proxy holders will vote your shares in the manner recommended by our Board on all matters presented in this Proxy Statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the 2021 Annual Meeting.

Beneficial Owners of Shares Held in Street Name

If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, under the Nasdaq rules, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. We encourage you to provide voting instructions to the organization that holds your shares. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares will inform our Inspector of Election that it does not have the authority to vote on such matter with respect to your shares. This is generally referred to as a “broker non-vote.” Under current Nasdaq rules, Proposal 1 (Election of Class II and III Directors), Proposal 3 (Advisory Vote to Approve Named Executive Officer Compensation) and Proposal 4 (Approval of Amendments to Certificate of Incorporation) are considered non-routine matters.

How can I revoke my proxy or change my vote?

You may revoke your proxy or change your voting instructions before the proposals are voted on at the 2021 Annual Meeting as follows:

Stockholders of Record

If you are a stockholder of record, by (a) timely voting on the Internet or by telephone (only your latest Internet or telephone proxy submitted prior to the 2021 Annual Meeting will be counted), (b) timely delivering a written revocation or a valid, later-dated proxy to the Corporate Secretary of the Company at the address of the Company's corporate headquarters, or (c) voting over the Internet at the 2021 Annual Meeting (attendance at the 2021 Annual Meeting, by itself, will not itself revoke a proxy).

Beneficial Owners of Shares Held in Street Name

If you are a beneficial owner of shares held in street name, by submitting new voting instructions by contacting your bank, broker, trustee or other nominee, or as otherwise provided in the instructions provided to you by your bank, broker, trustee or other nominee.

How many shares must be present or represented to constitute a quorum for the 2020 Annual Meeting?

The presence in person or by proxy, of a majority of the outstanding shares of the Common Stock entitled to vote at the 2021 Annual Meeting constitutes a quorum. A quorum is necessary in order to conduct business at the 2021 Annual Meeting. Abstentions and broker shares that include broker non-votes that are present and entitled to vote are counted for purposes of determining a quorum. If a quorum is not present, the Company expects that the 2021 Annual Meeting will be rescheduled for a later date.

In accordance with the Company's Bylaws, stockholders and proxy holders attending the virtual 2021 Annual Meeting electronically will be deemed present “in person” for the purposes of satisfying the foregoing ownership requirements.

What is the voting requirement to approve each of the proposals?

Proposal 1—Election of Class II and Class III Directors

Each director nominee shall be elected by a majority of the votes cast, in person or by proxy, at the 2021 Annual Meeting, meaning that the number of votes cast, in person or by proxy, at the 2021 Annual Meeting “for” such director nominee must exceed the number of votes cast “against” such director nominee’s election. Neither an abstention nor a broker non-vote will affect the outcome of the election of directors.

Proposal 2—Ratification of the Selection of Independent Registered Public Accounting Firm

The affirmative vote of the holders of at least a majority in voting power of the outstanding shares of Common Stock present in person or represented by proxy at the 2021 Annual Meeting and entitled to vote on the proposal is required to ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal year 2021. Abstentions will have the same effect as a vote against this proposal.

Proposal 3—Advisory Vote to Approve Named Executive Officer Compensation

The affirmative vote of the holders of at least a majority in voting power of the outstanding shares of Common Stock present in person or represented by proxy at the 2021 Annual Meeting and entitled to vote on the proposal is required for the non-binding, advisory approval of the compensation of the Company’s named executive officers as disclosed in this Proxy Statement pursuant to the SEC’s compensation disclosure rules. Abstentions will have the same effect as a vote against this proposal. A broker non-vote will have no effect on the outcome of this proposal. Proposal 3 is an advisory vote and not binding on the Company.

Proposal 4—Approval of Amendments to the Company’s Amended and Restated Certificate of Incorporation to eliminate certain supermajority voting requirements and clarify provisions related to advancement of expenses

The affirmative vote of the holders of at least two-thirds (66 2/3%) in voting power of the outstanding shares of Common Stock entitled to vote generally in the election of directors, voting together as a single class, is required to approve the amendments to the Company’s Amended and Restated Certificate of Incorporation. Abstentions and broker non-votes will have the same effect as a vote against this proposal.

Other Matters

Any other matters that may properly come before the 2021 Annual Meeting will generally require the affirmative vote of the holders of at least a majority in voting power of the outstanding shares of Common Stock present in person or represented by proxy at the 2021 Annual Meeting and entitled to vote on the proposal in order to approve any such proposal. If any other matter not discussed in this Proxy Statement properly comes before the 2021 Annual Meeting upon which a vote may be taken, shares represented by all proxies received by the Company will be voted on that matter in accordance with the discretion of the persons named as proxies. Abstentions will have the same effect as a vote against any such proposal.

How does the Board of Directors recommend that I vote?

The Board of Directors recommends that you vote your shares “FOR” the election of each of the Class II and Class III director nominees to the Board of Directors (Proposal 1); “FOR” the ratification of the selection of Deloitte as our independent registered public accounting firm for fiscal 2021 (Proposal 2); “FOR” the non-binding, advisory approval of the compensation of our named executive officers (Proposal 3); and “FOR” the approval of the amendments to the Company’s Amended and Restated Certificate of Incorporation (Proposal 4).

How are votes counted?

An independent consultant engaged through Broadridge Financial Solutions, Inc. (“Broadridge”), our 2021 Annual Meeting host, will tabulate the vote and act as Inspector of Election. The vote will be certified by the independent Inspector of Election. Except as necessary to meet legal requirements, proxies and ballots that identify the vote of individual stockholders will be kept confidential in cases where stockholders write comments on their proxy cards or in a contested proxy solicitation. During the proxy solicitation period, the Company will receive vote tallies from time to time from the Inspector of Election or Broadridge, but such tallies will provide aggregate figures rather than names of stockholders.

How will proxies be solicited and who will bear the cost of soliciting votes for the 2021 Annual Meeting?

The Company will bear the entire cost of this proxy solicitation, including the preparation, printing and mailing of the Notice of Internet Availability of Proxy Materials, and any paper copies of this Proxy Statement, the proxy card and any additional soliciting materials sent by the Company to stockholders. The Company will reimburse brokerage firms and other persons representing beneficial owners of shares for reasonable expenses incurred by them in forwarding proxy-soliciting materials to such beneficial owners. Proxies may be solicited by mail and certain of the Company's directors, officers and regular employees, without additional remuneration, may solicit proxies on the Company's behalf by telephone, email, facsimile or personal interviews. In addition, the Company has engaged the services of Kingsdale Shareholder Services, U.S., Inc. ("Kingsdale"), 745 Fifth Avenue, 5th Floor, New York, New York 10151 to assist in the proxy solicitation. For these and related advisory services, the Company has agreed to pay Kingsdale a fee of \$12,000.

Procedures for Submitting Stockholder Proposals

The Company currently intends to hold its next Annual Meeting of Stockholders, the 2022 Annual Meeting, in May 2022.

Pursuant to Rule 14a-8 under the Exchange Act, stockholders may present proper proposals for inclusion in the Company's 2022 proxy statement by submitting their proposals to the Company on or before December 1, 2021. All stockholder proposals requested to be included in the Company's proxy statement and proxy card must also comply with the requirements set forth in the federal securities laws, including Rule 14a-8, in order to be included in the Company's proxy statement and proxy card for the 2022 Annual Meeting.

In addition, the Company's Bylaws establish an advance notice procedure with regard to certain matters, including nominations of persons for election as directors and stockholder proposals included in the Company's proxy statement, to be brought before an annual meeting of stockholders. In general, notice must be received by the Corporate Secretary of the Company not less than 90 days nor more than 120 days prior to the first anniversary of the immediately preceding annual meeting; provided, however, that in the event that (x) the date of the annual meeting is advanced by more than 30 days or delayed by more than 70 days from such anniversary date of the preceding year's annual meeting or (y) no annual meeting was held during the preceding year, notice by the stockholder to be timely must be so delivered not earlier than the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting and the close of business on the 10th day following the day on which public announcement of the date of such meeting is first made. To be in proper form, such notice must contain specified information concerning the matters to be brought before such meeting and concerning the stockholder proposing such matters, as described in the Bylaws. Therefore, to be presented at the 2022 Annual Meeting, such a proposal must be received by the Company on or after January 12, 2022 but no later than February 11, 2022. Copies of the Company's Bylaws may be obtained free of charge by contacting the Corporate Secretary at frontdoor, inc., 150 Peabody Place, Memphis, Tennessee 38103.

All notices of proposals by stockholders, whether or not to be included in the Company's proxy materials, should be sent to the attention of the Corporate Secretary at frontdoor, inc., 150 Peabody Place, Memphis, Tennessee 38103.

Stockholders of Record with Multiple Accounts

SEC rules permit a single set of annual reports and proxy statements to be sent to any household at which two or more stockholders reside. Each stockholder continues to receive a separate proxy card. This procedure is referred to as "householding." While the Company does not household its mailings to its stockholders of record, a number of brokerage firms with account holders who are Company stockholders have instituted householding. Once a stockholder has consented or receives notice from his or her broker that the broker will be householding materials to the stockholder's address, householding will continue until the stockholder is notified otherwise or until one or more of the stockholders revokes his or her consent.

If your Annual Report and Proxy Statement have been subject to householding and you wish to receive separate copies of these documents now and/or in the future, or if your household is receiving multiple copies of these documents and you wish to request that future deliveries be limited to a single copy, you may notify your broker. You can also request and the Company will promptly deliver a separate copy of the Annual Report and Proxy Statement by writing or calling us at the following address or telephone number:
