## **RISK FACTORS**

### **Risks Related to the Company's Business and Industry**

***In order for the Company to compete and grow, it must attract, recruit, retain and develop the necessary personnel who have the needed experience.***

Recruiting and retaining highly qualified personnel is critical to our success. These demands may require us to hire additional personnel and will require our existing management personnel to develop additional expertise. We face intense competition for personnel. The failure to attract and retain personnel or to develop such expertise could delay or halt the development and commercialization of our product candidates. If we experience difficulties in hiring and retaining personnel in key positions, we could suffer from delays in product development, loss of customers and sales and diversion of management resources, which could adversely affect operating results. Our consultants and advisors may be employed by third parties and may have commitments under consulting or advisory contracts with third parties that may limit their availability to us.

***The development and commercialization of our products is highly competitive.***

We face competition with respect to any products that we may seek to develop or commercialize in the future. Our competitors include major companies worldwide. Many of our competitors have significantly greater financial, technical and human resources than we have and superior expertise in research and development and marketing approved products and thus may be better equipped than us to develop and commercialize products. These competitors also compete with us in recruiting and retaining qualified personnel and acquiring technologies. Smaller or early stage companies may also prove to be significant competitors, particularly through collaborative arrangements with large and established companies. Accordingly, our competitors may commercialize products more rapidly or effectively than we are able to, which would adversely affect our competitive position, the likelihood that our products will achieve initial market acceptance and our ability to generate meaningful additional revenues from our products.

***We rely on other companies to provide raw materials, major components, and basic ingredients.***

We depend on these suppliers and subcontractors to meet our contractual obligations to our customers and conduct our operations. Our ability to meet our obligations to our customers may be adversely affected if suppliers or subcontractors do not provide the agreed-upon supplies or perform the agreed-upon services in compliance with customer requirements and in a timely and cost-effective manner. Likewise, the quality of our products may be adversely impacted if companies to whom we delegate manufacture of major components or subsystems for our products, or from whom we acquire such items, do not provide raw materials, major components, and basic ingredients which meet required specifications and perform to our and our customers' expectations. Our suppliers may be less likely than us to be able to quickly recover from natural disasters and other events beyond their control and may be subject to additional risks such as financial problems that limit their ability to conduct their operations. The risk of these adverse effects may be greater in circumstances where we rely on only one or two subcontractors or suppliers for a particular raw materials, major components, and basic ingredients.

***We depend on third-party service providers and outsource providers for a variety of services and we outsource a number of our non-core functions and operations.***

In certain instances, we rely on single or limited service providers and outsourcing vendors because the relationship is advantageous due to quality, price, or lack of alternative sources. If production or service was interrupted and we were not able to find alternate third-party providers, we could experience disruptions in manufacturing and operations including product shortages, higher freight costs and re-engineering costs. If outsourcing services are interrupted or not performed or the performance is poor, this could impact our ability to process, record and report transactions with our customers and other constituents. Such interruptions in the provision of supplies and/or services could result in our inability to meet customer demand, damage our reputation and customer relationships and adversely affect our business.

***The Company's success depends on the experience and skill of the board of directors, its executive officers and key employees.***

In particular, the Company is dependent on Emily Hines (CFO, May 1, 2015), Leslie Osborne Lewis (CMO, January 1, 2017), Taryn Hemmings (COO, October 1, 2016), and Courtney Jones Louks (CEO, January 1, 2015). The Company has or intends to enter into employment agreements with Emily Hines, Leslie Osborne Lewis, Taryn Hemmings, and Courtney Jones Louks although there can be no assurance that it will do so or that they will continue to be employed by the Company for a particular period of time. The loss of Emily Hines, Leslie Osborne Lewis, Taryn Hemmings, and Courtney Jones Louks or any member of the board of directors or executive officer could harm the Company's business, financial condition, cash flow and results of operations.

***Although dependent on certain key personnel, the Company does not have any key man life insurance policies on any such people.***

The Company is dependent on Emily Hines, Leslie Osborne Lewis, Taryn Hemmings, and Courtney Jones Louks in order to conduct its operations and execute its business plan, however, the Company has not purchased any insurance policies with respect to those individuals in the event of their death or disability. Therefore, if any of Emily Hines, Leslie Osborne Lewis, Taryn Hemmings, and Courtney Jones Louks die or become disabled, the Company will not receive any compensation to assist with such person's absence. The loss of such person could negatively affect the Company and its operations.

***We are subject to income taxes as well as non-income based taxes, such as payroll, sales, use, value-added, net worth, property and goods and services taxes, in the U.S.***

Significant judgment is required in determining our provision for income taxes and other tax liabilities. In the ordinary course of our business, there are many transactions and calculations where the ultimate tax determination is uncertain. Although we believe that our tax estimates are reasonable: (i) there is no assurance that the final determination of tax audits or tax disputes will not be different from what is reflected in our income tax provisions, expense amounts for non-income based taxes and accruals and (ii) any material differences could have an adverse effect on our financial position and results of operations in the period or periods for which determination is made.

***We are not subject to Sarbanes-Oxley regulations and lack the financial controls and safeguards required of public companies.***

We do not have the internal infrastructure necessary, and are not required, to complete an attestation about our financial controls that would be required under Section 404 of the Sarbanes-Oxley Act of 2002. There can be no assurance that there are no significant deficiencies or material weaknesses in the quality of our financial controls. We expect to incur additional expenses and diversion of management's time if and when it becomes necessary to perform the system and process evaluation, testing and remediation required in order to comply with the management certification and auditor attestation requirements.

***Changes in employment laws or regulation could harm our performance.***

Various federal and state labor laws govern our relationship with our employees and affect operating costs. These laws include minimum wage requirements, overtime pay, healthcare reform and the implementation of the Patient Protection and Affordable Care Act, unemployment tax rates, workers' compensation rates, citizenship requirements, union membership and sales taxes. A number of factors could adversely affect our operating results, including additional government-imposed increases in minimum wages, overtime pay, paid leaves of absence and mandated health benefits, mandated training for employees, increased tax reporting and tax payment, changing regulations from the National Labor Relations Board and increased employee litigation including claims relating to the Fair Labor Standards Act.

***Maintaining, extending and expanding our reputation and brand image are essential to our business success.***

We seek to maintain, extend, and expand our brand image through marketing investments, including advertising and consumer promotions, and product innovation. Increasing attention on marketing could adversely affect our brand image. It could also lead to stricter regulations and greater scrutiny of marketing practices. Existing or increased legal or regulatory restrictions on our advertising, consumer promotions and marketing, or our response to those restrictions, could limit our efforts to maintain, extend and expand our brands. Moreover, adverse publicity about regulatory or legal action against us could damage our reputation and brand image, undermine our customers' confidence and reduce long-term demand for our products, even if the regulatory or legal action is unfounded or not material to our operations.

In addition, our success in maintaining, extending, and expanding our brand image depends on our ability to adapt to a rapidly changing media environment. We increasingly rely on social media and online dissemination of advertising campaigns. The growing use of social and digital media increases the speed and extent that information or misinformation and opinions can be shared. Negative posts or comments about us, our brands or our products on social or digital media, whether or not valid, could seriously damage our brands and reputation. If we do not

establish, maintain, extend and expand our brand image, then our product sales, financial condition and results of operations could be adversely affected.

***Product safety and quality concerns, including concerns related to perceived quality of ingredients, could negatively affect the Company's business.***

The Company's success depends in large part on its ability to maintain consumer confidence in the safety and quality of all its products. The Company has rigorous product safety and quality standards. However, if products taken to market are or become contaminated or adulterated, the Company may be required to conduct costly product recalls and may become subject to product liability claims and negative publicity, which would cause its business to suffer. In addition, regulatory actions, activities by nongovernmental organizations and public debate and concerns about perceived negative safety and quality consequences of certain ingredients in our products may erode consumers' confidence in the safety and quality issues, whether or not justified, and could result in additional governmental regulations concerning the marketing and labeling of the Company's products, negative publicity, or actual or threatened legal actions, all of which could damage the reputation of the Company's products and may reduce demand for the Company's products.

***We must correctly predict, identify, and interpret changes in consumer preferences and demand, offer new products to meet those changes, and respond to competitive innovation.***

Our success depends on our ability to predict, identify, and interpret the tastes and habits of consumers and to offer products that appeal to consumer preferences. If we do not offer products that appeal to consumers, our sales and market share will decrease. We must distinguish between short-term fads, mid-term trends, and long-term changes in consumer preferences. If we do not accurately predict which shifts in consumer preferences will be long-term, or if we fail to introduce new and improved products to satisfy those preferences, our sales could decline. In addition, because of our varied customer base, we must offer an array of products that satisfy the broad spectrum of consumer preferences. If we fail to expand our product offerings successfully across product categories, or if we do not rapidly develop products in faster growing and more profitable categories, demand for our products could decrease, which could materially and adversely affect our product sales, financial condition, and results of operations.

In addition, achieving growth depends on our successful development, introduction, and marketing of innovative new products and line extensions. Successful innovation depends on our ability to correctly anticipate customer and consumer acceptance, to obtain, protect and maintain necessary intellectual property rights, and to avoid infringing the intellectual property rights of others and failure to do so could compromise our competitive position and adversely impact our business.

***We are vulnerable to fluctuations in the price and supply of ingredients, packaging materials, and freight.***

The prices of the ingredients, packaging materials and freight are subject to fluctuations in price attributable to, among other things, changes in supply and demand of ingredients, raw materials, crops or other commodities, fuel prices and. The sales prices to our customers are a delivered price. Therefore, changes in our input costs could impact our gross margins. Our ability to pass along higher costs through price increases to our customers is dependent upon competitive conditions and pricing methodologies employed in the various markets in which we compete. To the extent competitors do not also increase their prices, customers and consumers may choose to purchase competing products or may shift purchases to lower-priced private label or other value offerings which may adversely affect our results of operations.

We use significant quantities of raw materials and ingredients as well as plastic packaging materials and cardboard boxes provided by third-party suppliers. We buy from a variety of producers and manufacturers, and alternate sources of supply are generally available. However, the supply and price are subject to market conditions and are influenced by other factors beyond our control. We do not have long-term contracts with many of our suppliers, and, as a result, they could increase prices or fail to deliver. The occurrence of any of the foregoing could increase our costs and disrupt our operations.

***Substantial disruption to production at our manufacturing and distribution facilities could occur.***

A disruption in production at our third-party manufacturing facilities could have an adverse effect on our business. In addition, a disruption could occur at the facilities of our suppliers or distributors. The disruption could occur for many reasons, including fire, natural disasters, weather, water scarcity, manufacturing problems, disease, strikes, transportation or supply interruption, government regulation, cybersecurity attacks or terrorism. Alternative facilities with sufficient capacity or capabilities may not be available, may cost substantially more or may take a significant time to start production, each of which could negatively affect our business and results of operations.

***Future product recalls or safety concerns could adversely impact our results of operations.***

We may be required to recall certain of our products should they be mislabeled, contaminated, spoiled, tampered with or damaged. We also may become involved in lawsuits and legal proceedings if it is alleged that the consumption or use of any of our products causes injury, illness or death. A product recall or an adverse result in any such litigation could have an adverse effect on our business, depending on the costs of the recall, the destruction of product inventory, competitive reaction and consumer attitudes. Even if a product liability or consumer fraud claim is unsuccessful or without merit, the negative publicity surrounding such assertions regarding our products could adversely affect our reputation and brand image. We also could be adversely affected if consumers in our principal markets lose confidence in the safety and quality of our products.

***The consolidation of retail customers could adversely affect us.***

Retail customers in our major markets, may consolidate, resulting in fewer customers for our business. Consolidation also produces larger retail customers that may seek to leverage their position to improve their profitability by demanding improved efficiency, lower pricing, increased promotional programs, or specifically tailored products. In addition, larger retailers have the scale to develop supply chains that permit them to operate with reduced inventories or to develop and market their own white-label brands. Retail consolidation and increasing retailer power could adversely affect our product sales and results of operations. Retail consolidation also increases the risk that adverse changes in our customers' business operations or financial performance will have a corresponding material and adverse effect on us. For example, if our customers cannot access sufficient funds or financing, then they may delay, decrease, or cancel purchases of our products, or delay or fail to pay us for previous purchases, which could materially and adversely affect our product sales, financial condition, and operating results.

***Evolving tax, environmental, food quality and safety or other regulations or failure to comply with existing licensing, labeling, trade, food quality and safety and other regulations and laws could have a material adverse effect on our consolidated financial condition.***

Our activities or products, both in and outside of the United States, are subject to regulation by various federal, state, provincial and local laws, regulations and government agencies, including the U.S. Food and Drug Administration, U.S. Federal Trade Commission, as well as similar and

other authorities outside of the United States, International Accords and Treaties and others, including voluntary regulation by other bodies. In addition, legal and regulatory systems in emerging and developing markets may be less developed, and less certain. These laws and regulations and interpretations thereof may change, sometimes dramatically, as a result of a variety of factors, including political, economic or social events. The manufacturing, marketing and distribution of cosmetic products are subject to governmental regulation that control such matters as cosmetic quality and safety, ingredients, advertising, product or production requirements, labeling, import or export of our products or ingredients, relations with distributors and retailers, health and safety, the environment, and restrictions on the use of government programs to purchase certain of our products. We are also regulated with respect to matters such as licensing requirements, trade and pricing practices, tax, anticorruption standards, advertising and claims, and environmental matters. The need to comply with new, evolving or revised tax, environmental, cosmetic quality and safety, labeling or other laws or regulations, or new, or changed interpretations or enforcement of existing laws or regulations, may have an adverse effect on our business and results of operations. Further, if we are found to be out of compliance with applicable laws and regulations in these areas, we could be subject to civil remedies, including fines, injunctions, termination of necessary licenses or permits, or recalls, as well as potential criminal sanctions, any of which could have an adverse effect on our business. Even if regulatory review does not result in these types of determinations, it could potentially create negative publicity or perceptions which could harm our business or reputation.

***Significant additional labeling or warning requirements may inhibit sales of affected products.***

Various jurisdictions may seek to adopt significant additional product labeling or warning requirements relating to the content or perceived adverse health consequences of our product(s). If these types of requirements become applicable to our product(s) under current or future environmental or health laws or regulations, they may inhibit sales of such products.

***Because our business is seasonal, with the highest volume of net sales during the fourth quarter, adverse events during the fourth quarter could materially affect our financial statements as a whole.***

We generally recognize our highest volume of net sales during the holiday selling season, which occurs in the fourth quarter of our fiscal year. In anticipation of this holiday, we purchase substantial amounts of seasonal inventory. Adverse events, such as deteriorating economic conditions, higher unemployment, higher gas prices, public transportation disruptions, or unanticipated adverse weather could result in lower-than-planned sales during the holiday season. An excess of seasonal merchandise inventory could result if our net sales during the holiday selling season fall below seasonal norms or expectations. If our fourth quarter sales results were substantially below expectations, our financial performance and operating results could be adversely affected by unanticipated markdowns, especially in seasonal merchandise.

***The seasonality of our business places increased strain on our operations.***

A disproportionate amount of our sales normally occur during our fourth quarter. If we do not stock or are otherwise unable to source products sufficient to meet customer demand, our business would be adversely affected. If we liquidate products, as we have in the past, we may be required to take significant inventory markdowns or write-offs, which could reduce profits. We may experience an increase in our shipping cost due to complimentary upgrades, split-shipments, and additional long-zone shipments necessary to ensure timely delivery for the holiday season. If too many customers access our Website within a short period of time due to increased holiday demand, we may experience system interruptions that make our Website unavailable or prevent us from efficiently fulfilling orders, which may reduce the volume of goods we sell and the attractiveness of our products and services. In addition, we may be unable to adequately staff our

fulfillment and customer service centers during peak periods, and delivery services and other fulfillment companies and customer service providers may be unable to meet the seasonal demand.

***Our profitability may be negatively affected by inventory shrinkage.***

We are subject to the risk of inventory loss and theft. We experience significant inventory shrinkage and cannot be sure that incidences of inventory loss and theft will decrease in the future or that the measures we are taking will effectively reduce the problem of inventory shrinkage. Although some level of inventory shrinkage is an unavoidable cost of doing business, if we were to experience higher rates of inventory shrinkage or incur increased security costs to combat inventory theft, our business and results of operations could be affected adversely.

***Failure to execute our opportunistic buying could adversely affect our business.***

We purchase the majority of our inventory opportunistically, with our buyers purchasing close to need. While opportunistic buying provides our buyers the ability to buy at desirable times and prices, in the quantities we need and into market trends, it places considerable discretion in our buyers, subjecting us to risks related to the pricing, quantity, nature and timing of inventory flowing to our stores. If we are unable to provide frequent replenishment of fresh, high quality, attractively priced product to our retail partners, it could adversely affect our sales and margins. We base our purchases of inventory, in part, on our sales forecasts. If our sales forecasts do not match customer demand, we may experience higher inventory levels and need to markdown excess or slow-moving inventory, leading to decreased profit margins, or we may have insufficient inventory to meet customer demand, leading to lost sales, either of which could adversely affect our financial performance.

We need to purchase inventory sufficiently below conventional retail to maintain our pricing differential to regular department and specialty store prices and to attract customers and sustain our margins, which we may not achieve at various times and which could adversely affect our results.

***Failure to execute our inventory management process could adversely affect our business.***

We must also properly execute our inventory management strategies by appropriately allocating merchandise among retail partners, timely and efficiently distributing inventory to stores, maintaining an appropriate mix and level of inventory in stores, and effectively managing pricing and markdowns, and there is no assurance we will be able to do so. Failure to effectively execute our inventory management strategies could adversely affect our performance and our relationship with our customers.

***Our business may be adversely affected by catastrophic events and extreme or unseasonable weather conditions.***

Unforeseen events, including war, terrorism and other international conflicts, public health issues and natural disasters such as earthquakes, hurricanes or tornadoes, whether occurring in the United States or abroad, could disrupt our supply chain operations, or result in political or economic instability. Any of the foregoing events could result in property losses, reduce demand for our products or make it difficult or impossible to obtain merchandise from our suppliers.

Extreme weather conditions in the areas in which our retail partners are located, particularly in markets where they have multiple stores, could adversely affect our business. For example, heavy snowfall, rainfall or other extreme weather conditions over a prolonged period might make it difficult for our customers to travel to stores and thereby reduce our sales and profitability. Our business is also susceptible to unseasonable weather conditions. For example, extended periods

of unseasonably warm temperatures during the winter season or cool weather during the summer season could render a portion of our inventory incompatible with those unseasonable conditions. Reduced sales from extreme or prolonged unseasonable weather conditions could adversely affect our business.

***We may not timely identify or effectively respond to consumer trends or preferences, whether involving physical retail, e-commerce retail or a combination of both retail offerings, which could negatively affect our relationship with our customers and the demand for our products and services.***

It is difficult to predict consistently and successfully the products and services our customers will demand. The success of our business depends in part on how accurately we predict consumer demand, availability of merchandise, the related impact on the demand for existing products and the competitive environment, whether for customers purchasing products, stores, through our e-commerce businesses or through the combination of both retail offerings. A critical piece of identifying consumer preferences involves price transparency, assortment of products, customer experience and convenience. These factors are of primary importance to customers and they continue to increase in importance, particularly as a result of digital tools and social media available to consumers and the choices available to consumers for purchasing products online, at physical locations or through a combination of both retail offerings. Failure to timely identify or effectively respond to changing consumer tastes, preferences (including the key factors described above) and spending patterns, whether for our physical retail offerings, e-commerce offerings or through a combination of these retail offerings, could negatively affect our relationship with our customers and the demand for our products and services.

***Decreases in discretionary consumer spending may have an adverse effect on us.***

A substantial portion of the products and services we offer are products or services that consumers may view as discretionary items rather than necessities. As a result, our results of operations are sensitive to changes in macroeconomic conditions that impact consumer spending, including discretionary spending. Difficult macroeconomic conditions, particularly high levels of unemployment, also impact our customers' ability to obtain consumer credit. Other factors, including consumer confidence, employment levels, interest rates, tax rates, consumer debt levels, and fuel and energy costs could reduce consumer spending or change consumer purchasing habits. Slowdowns in the U.S. or global economy, or an uncertain economic outlook, could adversely affect consumer spending habits and our results of operations.

***If we do not continue to source new products, our ability to compete will be undermined, and we may be unable to implement our business plan.***

Our ability to compete in the direct marketing industry and to expand into the traditional retail environment depends to a great extent on our ability to develop or acquire new innovative products under particular brands and to complement these products with related families of products under those brands. If we do not source new products as our existing products mature through their product life cycles, or if we do not develop related families of products under our brands, we will not be able to implement our business plan, and the value of your investment may decrease.

***Our business and results of operations may be adversely affected if we are unable to maintain our customer experience or provide high quality customer service.***

The success of our business largely depends on our ability to provide superior customer experience and high quality customer service, which in turn depends on a variety of factors, such as our ability to continue to provide a reliable and user-friendly website interface for our customers to browse and purchase our products, reliable and timely delivery of our products, and

superior after sales services. Our sales may decrease if our website services are severely interrupted or otherwise fail to meet our customer requests. Should we or our third-party delivery companies fail to provide our product delivery and return services in a convenient or reliable manner, or if our customers are not satisfied with our product quality, our reputation and customer loyalty could be negatively affected. As a result, if we are unable to continue to maintain our customer experience and provide high quality customer service, we may not be able to retain existing customers or attract new customers, which could have an adverse effect on our business and results of operations.

Jun

***Our advertising and marketing efforts may be costly and may not achieve desired results.***

We incur substantial expense in connection with our advertising and marketing efforts. Although we target our advertising and marketing efforts on current and potential customers who we believe are likely to be in the market for the products we sell, we cannot assure you that our advertising and marketing efforts will achieve our desired results. In addition, we periodically adjust our advertising expenditures in an effort to optimize the return on such expenditures. Any decrease in the level of our advertising expenditures, which may be made to optimize such return could adversely affect our sales.

***We may be required to collect sales tax on our direct marketing operations.***

With respect to the direct sales, sales or other similar taxes are collected primarily in states where we have retail stores, another physical presence or personal property. However, various states or foreign countries may seek to impose sales tax collection obligations on out-of-state direct mail companies. A successful assertion by one or more states that we or one or more of our subsidiaries should have collected or should be collecting sales taxes on the direct sale of our merchandise could have an adverse effect on our business.

***Government regulation is evolving and unfavorable changes could harm our business.***

We are subject to general business regulations and laws, as well as regulations and laws specifically governing the Internet, e-commerce, electronic devices, and other services. Existing and future laws and regulations may impede our growth. These regulations and laws may cover taxation, privacy, data protection, pricing, content, copyrights, distribution, mobile communications, electronic device certification, electronic waste, energy consumption, environmental regulation, electronic contracts and other communications, competition, consumer protection, web services, the provision of online payment services, information reporting requirements, unencumbered Internet access to our services, the design and operation of websites, the characteristics and quality of products and services, and the commercial operation of unmanned aircraft systems. It is not clear how existing laws governing issues such as property ownership, libel, and personal privacy apply to the Internet, e-commerce, digital content, and web services. Jurisdictions may regulate consumer-to-consumer online businesses, including certain aspects of our seller programs. Unfavorable regulations and laws could diminish the demand for our products and services and increase our cost of doing business.

***Changes in federal, state or local laws and regulations could increase our expenses and adversely affect our results of operations.***

Our business is subject to a wide array of laws and regulations. The current political environment, financial reform legislation, the current high level of government intervention and activism and regulatory reform may result in substantial new regulations and disclosure obligations and/or changes in the interpretation of existing laws and regulations, which may lead to additional compliance costs as well as the diversion of our management's time and attention from strategic initiatives. If we fail to comply with applicable laws and regulations we could be

subject to legal risk, including government enforcement action and class action civil litigation that could disrupt our operations and increase our costs of doing business. Changes in the regulatory environment regarding topics such as privacy and information security, product safety or environmental protection, including regulations in response to concerns regarding climate change, collective bargaining activities, minimum wage laws and health care mandates, among others, could also cause our compliance costs to increase and adversely affect our business and results of operations.

***Our profitability is vulnerable to cost increases, inflation and energy prices.***

Future increases in our costs, such as the cost of merchandise, shipping rates, freight and fuel costs, and store occupancy costs, may reduce our profitability. The minimum wage has increased or is scheduled to increase in multiple states and local jurisdictions, and there is a possibility Congress will increase the federal minimum wage. These cost changes may be the result of inflationary pressures, which could further reduce our sales or profitability. Increases in other operating costs, including changes in energy prices, wage rates and lease and utility costs, may increase our costs of sales or operating expenses and reduce our profitability.

**Risks Related to the Securities**

***The shares of Series B Preferred Stock will not be freely tradable until one year from the initial purchase date. Although the shares of Series B Preferred Stock may be tradable under federal securities law, state securities regulations may apply and each Purchaser should consult with his or her attorney.***

You should be aware of the long-term nature of this investment. There is not now and likely will not be a public market for the shares of Series B Preferred Stock. Because the shares of Series B Preferred Stock have not been registered under the Securities Act or under the securities laws of any state or non-United States jurisdiction, the shares of Series B Preferred Stock have transfer restrictions and cannot be resold in the United States except pursuant to Rule 501 of Regulation CF. It is not currently contemplated that registration under the Securities Act or other securities laws will be effected. Limitations on the transfer of the shares of Series B Preferred Stock may also adversely affect the price that you might be able to obtain for the shares of Series B Preferred Stock in a private sale. Purchasers should be aware of the long-term nature of their investment in the Company. Each Purchaser in this Offering will be required to represent that it is purchasing the Securities for its own account, for investment purposes and not with a view to resale or distribution thereof.

***Neither the Offering nor the Securities have been registered under federal or state securities laws, leading to an absence of certain regulation applicable to the Company.***

No governmental agency has reviewed or passed upon this Offering, the Company or any Securities of the Company. The Company also has relied on exemptions from securities registration requirements under applicable state securities laws. Investors in the Company, therefore, will not receive any of the benefits that such registration would otherwise provide. Prospective investors must therefore assess the adequacy of disclosure and the fairness of the terms of this Offering on their own or in conjunction with their personal advisors.

***No Guarantee of Return on Investment***

There is no assurance that a Purchaser will realize a return on its investment or that it will not lose its entire investment. For this reason, each Purchaser should read the Form C and all Exhibits carefully and should consult with its own attorney and business advisor prior to making any investment decision.

***The Company has the right to extend the Offering deadline.***

The Company may extend the Offering deadline beyond what is currently stated herein. This means that your investment may continue to be held in escrow while the Company attempts to raise the Minimum Amount even after the Offering deadline stated herein is reached. Your investment will not be accruing interest during this time and will simply be held until such time as the new Offering deadline is reached without the Company receiving the Minimum Amount, at which time it will be returned to you without interest or deduction, or the Company receives the Minimum Amount, at which time it will be released to the Company to be used as set forth herein. Upon or shortly after release of such funds to the Company, the Securities will be issued and distributed to you.

***There is no present market for the Securities and we have arbitrarily set the price.***

We have arbitrarily set the price of the Securities with reference to the general status of the securities market and other relevant factors. The Offering price for the Securities should not be considered an indication of the actual value of the Securities and is not based on our net worth or prior earnings. We cannot assure you that the Securities could be resold by you at the Offering price or at any other price.

***Your ownership of the shares of preferred stock will be subject to dilution.***

Owners of preferred stock do not have preemptive rights. If the Company conducts subsequent Offerings of preferred stock or Securities convertible into preferred stock, issues shares pursuant to a compensation or distribution reinvestment plan or otherwise issues additional shares, investors who purchase shares in this Offering who do not participate in those other stock issuances will experience dilution in their percentage ownership of the Company's outstanding shares. Furthermore, shareholders may experience a dilution in the value of their shares depending on the terms and pricing of any future share issuances (including the shares being sold in this Offering) and the value of the Company's assets at the time of issuance.

***The Securities will be shares of Series B Preferred Stock in the Company and will not constitute indebtedness.***

The Securities will rank junior to all existing and future indebtedness and other non-equity claims on the Company with respect to assets available to satisfy claims on the Company, including in a liquidation of the Company. Additionally, unlike indebtedness, for which principal and interest would customarily be payable on specified due dates, there will be no specified payments of dividends with respect to the Securities and dividends are payable only if, when and as authorized and declared by the Company and depend on, among other matters, the Company's historical and projected results of operations, liquidity, cash flows, capital levels, financial condition, debt service requirements and other cash needs, financing covenants, applicable state law, federal and state regulatory prohibitions and other restrictions and any other factors the Company's board of directors deems relevant at the time. In addition, the terms of the Securities will not limit the amount of debt or other obligations the Company may incur in the future. Accordingly, the Company may incur substantial amounts of additional debt and other obligations that will rank senior to the Securities.

***There can be no assurance that we will ever provide liquidity to Purchasers through either a sale of the Company or a registration of the Securities.***

There can be no assurance that any form of merger, combination, or sale of the Company will take place, or that any merger, combination, or sale would provide liquidity for Purchasers. Furthermore, we may be unable to register the Securities for resale by Purchasers for legal, commercial, regulatory, market-related or other reasons. In the event that we are unable to effect

a registration, Purchasers could be unable to sell their Securities unless an exemption from registration is available.

***The Company does not anticipate paying any cash dividends for the foreseeable future.***

The Company currently intends to retain future earnings, if any, for the foreseeable future, to repay indebtedness and to support its business. The Company does not intend in the foreseeable future to pay any dividends to holders of its shares of preferred stock.

In addition to the risks listed above, businesses are often subject to risks not foreseen or fully appreciated by the management. It is not possible to foresee all risks that may affect us. Moreover, the Company cannot predict whether the Company will successfully effectuate the Company's current business plan. Each prospective Purchaser is encouraged to carefully analyze the risks and merits of an investment in the Securities and should take into consideration when making such analysis, among other, the Risk Factors discussed above.

THE SECURITIES OFFERED INVOLVE A HIGH DEGREE OF RISK AND MAY RESULT IN THE LOSS OF YOUR ENTIRE INVESTMENT. ANY PERSON CONSIDERING THE PURCHASE OF THESE SECURITIES SHOULD BE AWARE OF THESE AND OTHER FACTORS SET FORTH IN THIS FORM C AND SHOULD CONSULT WITH HIS OR HER LEGAL, TAX AND FINANCIAL ADVISORS PRIOR TO MAKING AN INVESTMENT IN THE SECURITIES. THE SECURITIES SHOULD ONLY BE PURCHASED BY PERSONS WHO CAN AFFORD TO LOSE ALL OF THEIR INVESTMENT.

## **BUSINESS**

### **Description of the Business**

The founders of Sweat are professional and Olympic athletes who rise to challenges on and off the field. They developed their beauty line to hold up through a 90 minute soccer game—and still look awesome in front of the cameras. Their products can stand up to anything your everyday throws at you.

### **Business Plan**

We design products that outperform, empowering women to do the same. The founders of Sweat Cosmetics are professional and Olympic athletes who rise to challenges on and off the field. They developed their beauty line to hold up through a 90-minute soccer game—and still look awesome in front of the cameras. Their products can stand up to anything your everyday throws at you. During the founders' careers as athletes, there was never a cosmetic line that they could trust to hold up against workouts nor was there an SPF available that wouldn't cause breakouts. As these same founders transitioned from athletes to working professionals, mothers, and everyday women one thing remained constant. They were still extremely active women and there still was not a brand for their crazy lifestyle. Until now. Although most women today do not consider themselves "athletes", they are however, more "active" than ever. Thanks to brands like Lululemon and hair products like dry shampoo, it is finally acceptable for a woman to transition her gym-look throughout her entire day. The one major sector missing this new reality was the cosmetic industry. No one was paying attention to the fact women were rushing from the office to a lunchtime yoga class and they needed a cosmetic line that was not only healthy for their skin but also strong enough to last. Until now. Time-pressed active females and other female consumers prefer daily-use skincare/makeup products that serve more than one purpose, and products that incorporate sunscreen and anti-aging. Sweat's products are designed and positioned as a natural, anti-aging, anti-acne, and a sunscreen solution for active women of all ages. Sweat combine's foundation, powder and sunscreen in one convenient and easy to use package. The

product contains naturally occurring mineral ingredients that offer multiple benefits for all women pursuing an active lifestyle. These benefits include: - Dermatology approved - Will not clog pores - Virtually no allergy risks - Broad-spectrum UVB and UVA protection - Anti-inflammatory, Helps to calm and soothe irritated skin - Water and sweat resistant - Provide complete coverage for skin conditions like acne, rosacea and redness - Bacteria free. Simply Formulas, Inc. ("SF") was chosen as the Head of Research and Development for all Sweat Cosmetics products. Founded in 2010, SF is a boutique research & development company in the personal care industry. The founder, Valerie Patton, calls upon her many years of experience and pedigree in cosmetic product development to co-design each Sweat product. This experience has allowed her to look at the vast number of packaging, color and product options in the market and narrow the options down to those that will be best suited for the conditions faced by active women. She also taps into her extensive and well-established network of packaging and manufacturing companies to guide production at competitive prices. The team is working with an experienced social media and advertising partnership to create a high-impact marketing campaign targeted to active females 18-34+ in age from high school and college athletes to the active lifestyles of career women and mothers. As part of the go-to-market strategy, management positions themselves as trusted experts and role models for proper use of makeup when exercising and playing sports. The success Sweat Cosmetics has achieved since inception proves the founding team is not only extremely competitive but also very goal oriented. In just over 2 years since the company has launched, they have raised over \$900,000, closed premium retail deals with Sephora, Anthropologie, Soft Surroundings, and Revolve, hit revenue goals of almost \$1 million, and developed/produced 6 various products.

### History of the Business

**Indemnification**

Indemnification is authorized by the Company to directors, officers or controlling persons acting in their professional capacity pursuant to Delaware law. Unaudited Financial Statements For The Years Ended December 31, 2017 and 2016

April 11, 2018

## **Independent Accountant's Review Report**

To Management  
Sweat Cosmetics, Inc.  
Denver, CO

We have reviewed the accompanying balance sheet of Sweat Cosmetics, Inc. as of December 31, 2017, and 2016, and the related statements of income, retained earnings, and cash flows for the years then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

### ***Accountant's Responsibility***

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance that there are no material modifications that should be made to the financial statements. We believe that the results of my procedures provide a reasonable basis for our report.

### ***Accountant's Conclusion***

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

SWEAT COSMETICS, INC.  
NOTES TO FINANCIAL STATEMENTS (UNAUDITED)  
DECEMBER 31, 2017 & 2016

---

NOTE A- ORGANIZATION AND NATURE OF ACTIVITIES

Sweat Cosmetics, Inc. ("the Company") is a corporation organized under the laws of the State of Delaware. The Company has developed sweat-resistant cosmetics designed for an active lifestyle.

The Company will conduct an equity crowdfund offering during 2018 for the purpose of raising operating capital. The Company's ability to continue as a going concern or to achieve management's objectives may be dependent on the outcome of the offering or management's other efforts to raise operating capital.

NOTE B- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include all cash balances, and highly liquid investments with maturities of three months or less when purchased.

Accounts Receivable

Management's experience suggests that losses on accounts receivable are likely to be infrequent. Thus, no amount has been recognized as an allowance for doubtful accounts.

Inventory

The Company uses FIFO to value inventory at cost.

Amortization

In 2015, the Company acquired an online domain name which it capitalized as an intangible asset. The domain name will be amortized on a straight-line basis over a three year period from the date of acquisition.

Equity Based Compensation

The Company accounts for stock options issued to employees under ASC 718 (Stock Compensation). Under ASC 718, share-based compensation cost to employees is measured at the grant date, based on the estimated fair value of the award, and is recognized as an item of expense ratably over the employee's requisite vesting period. The fair value of each stock option or warrant award is estimated on the date of the grant using the Black-Scholes option valuation model.

The Company measures compensation expense for its non-employee stock-based compensation under ASC 505 (Equity). The fair value of the option issued or committed to be issued is used to measure the transaction, as this is more reliable than the fair value of the services received. The fair value is measured at the value of the Company's common stock on the date that the commitment for performance by the counterparty has been reached or the counterparty's performance is complete. The fair value of the equity instrument is charged directly to expense and credited to additional paid-in capital.

Income Taxes

The Company applies ASC 740 Income Taxes ("ASC 740"). Deferred income taxes are recognized for the tax consequences in future years of differences between the tax bases of assets and liabilities and their financial statement reported amounts at each period end, based on enacted tax laws and statutory tax rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized. The provision for income taxes represents the tax expense for the period, if any and the change during the period in deferred tax assets and liabilities. ASC 740 also provides criteria for the recognition, measurement, presentation and disclosure of uncertain tax positions. A tax benefit from an uncertain position is recognized only if it is "more likely than not" that the position is sustainable upon examination by the relevant taxing authority based on its technical merit.

The Company is subject to tax filing requirements as a corporation in the federal jurisdiction of the United States, and in the State of Delaware. The Company incurred net operating losses during tax years 2017 and 2016. Net operating losses may be applied against income in future years to reduce taxes due. Due to management's uncertainty as to the timing and valuation of the benefits associated with net operating loss carryforwards, no allowance has been recognized in the financial statements to account for them. The Company's federal tax filings for 2017, and 2016 will be subject to review by the Internal Revenue Service until 2021, and 2020, respectively. The Company's Delaware 2017 and 2016 annual reports will be subject to review by that State until 2020, and 2021, respectively.

Sales Tax

Sales are presented net of sales taxes collected on the Company's sales.

Revenue

The Company recognizes revenue when persuasive evidence of an arrangement exists, delivery has occurred, or services have been rendered, the fee for the arrangement is fixed or determinable and collectability is reasonably assured.

Shipping and handling costs are included in cost of goods sold.

NOTE C- LOANS & RELATED PARTIES

The Company's short-term loan balance consists of two loans with an outstanding balance of approximately \$5,850 and \$15,386. The Company's PayPal Working Capital Loan has a carrying value of approximately \$5,850. This is a business loan offered by a bank for qualified business applicants who maintain qualified PayPal accounts through which Business PayPal Sales Proceeds are processed through PayPal. This loan has an original loan amount of \$15,500, a repayment percentage of 30% of collections, and a minimum required payment amount of \$1,772 that is required at least every 90 days. The loan has an effective interest rate of 14.34%. The repayment percentage is the percentage applied to all business PayPal sales proceeds in order to calculate each repayment amount. These repayments will continue to occur until the loan is repaid. The loan is expected to be repaid by the end of next year but has no set maturity date.

The Company classifies the rest of the outstanding balance of \$15,386 as a short-term loan with an original amount of \$16,000 received. This loan has an interest rate of 11.5%. This is repayable from proceeds of future collections on behalf of the company at a rate of 15% of net collections. Payments will continue until the loan is repaid. The loan is expected to be repaid by the end of next year but has no set maturity date.

As of December 31, 2017, the Company's had 3 long-term, convertible notes with a total balance of \$135,000 as shown below:

<u>Signed Date</u>	<u>Maturity Date</u>	<u>Amount</u>	<u>Interest</u>	<u>Total Interest to Date</u>
5/23/2016	5/23/2019	\$ 10,000	8%	\$ 1,287
5/18/2016	5/18/2019	\$ 25,000	8%	3,244
2/22/2017	2/22/2020	\$ 100,000	8%	6,838
				<u>\$ 11,369</u>

The loan of \$100,000 is a related party loan made by a family member of the Company's CEO, Courtney Jones. The principal and interest are due to the note holder at the earlier of their maturity date or in the event of default. If a "qualified financing round" (which raises over \$100,000) occurs prior to maturity, the note holder will get a 25% discount of the purchase price per share. Currently, the related price per unit is approximately \$0.416 per share, but this may be subject to change. The number of shares issued when converted and the related total value received for equity are yet to be determined. Management has a reasonable expectation from the lenders that the long-term loans will be converted into equity.

## COMPANY SUMMARY

### Opportunity

Sweat Cosmetics was designed by a group of professional athletes who wanted to create a product for women with an active lifestyle. The founders had been unable to find cosmetics on the market that had the right amount of coverage, didn't cause breakouts, and were strong enough to last through competitions and workouts. They also disliked wearing greasy sunscreen while being active because it left a white residue and ran into their eyes. Through research and development, Sweat Cosmetics tested numerous variations of makeup to create products that could survive their active lifestyle – that could last through a 90-minute soccer game, be applied seamlessly while walking out of the gym without needing a mirror, or even stay on through lunchtime yoga during a day at the office.

*Sweat Team*

Unlike traditional makeup, Sweat Cosmetics' products are all natural, hypoallergenic, and do not contain any toxic or harmful ingredients. The sunblock is water and sweat resistant and, because it is a powder, won't run or bleed into eyes or onto clothing during workouts. Sweat Cosmetics' breathable, dermatologist-approved formulation won't clog pores and is packed with skin-loving ingredients like antioxidants and vitamin E. The mineral foundation is water resistant and sweat resistant for up to 80 minutes. In clinical tests, after one hour of workout activity, 84% of women felt that the product was still intact. The makeup even comes in a convenient all-in-one compact Twist-Brush that can be used on the go.

## Product

Sweat Cosmetics has four different products: mineral foundation, translucent mineral powder, illuminator, and bronzer, which are all applied through a Twist-Brush. The company also sells refill jars of each product and has recently released a powder jar version of its mineral foundation for additional coverage.

The mineral foundation powder combines makeup, skincare, and sunscreen in a convenient, tactical-grip Twist-Brush for light to medium coverage that protects and repairs active skin. The synthetic, antibacterial, soft buffing brush head on the Twist-Brush is magnetic and detachable for easy cleaning.

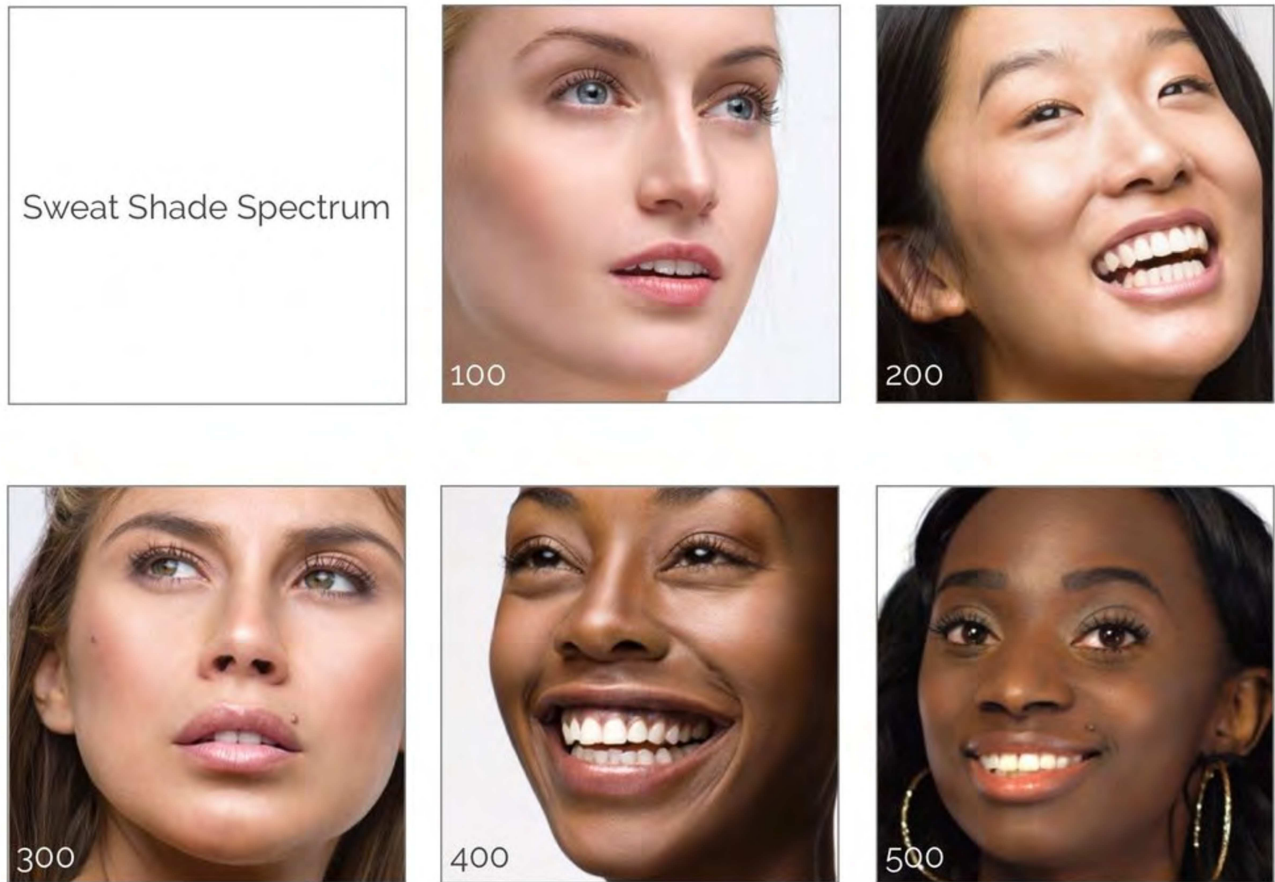

Sweat Cosmetics products are all natural, hypoallergenic, and do not contain any toxic or harmful ingredients that can be found in traditional makeup. The mineral powder is oil free and fragrance free; two big factors in clogged pores and breakouts. Sweat Cosmetics is also silicone free, which allows the skin to breathe and not trap any unwanted bacteria or sebum under makeup.

Further, Sweat Cosmetics' mineral foundation and translucent powder both offer broad-spectrum SPF 30 that protects against both UVB and UVA radiation. The illuminator and bronzer have SPF 25. By using the powdered form of titanium, Sweat Cosmetics also allows for strong sun protection without a thick and heavy cream that can clog pores and leave white residue on the skin.

The company does not test on animals and has vegan-friendly packaging.

The foundation comes in five different shades.

Key ingredients in the powder include:

- **Zinc Oxide:** All-natural sunscreen that is known to be one of the most broadly effective and safe sun blocking ingredients available.<sup>i</sup>
- **Vitamin E:** Super antioxidant that increases the efficacy of active sunscreen ingredients, retains moisture, and strengthens the skin's barrier.
- **Milk Thistle:** Anti-inflammatory and antioxidant that aids in DNA repair after skin has been exposed to the sun.
- **Rhodiola Rosea:** Antioxidant and anti-aging ingredient that helps skin resist stress and remain strong when faced with pollution, UV rays, and hot and cold weather. It also has the ability to assist with the production of elastin, which can help reduce the appearance of fine lines and wrinkles.

Sweat Cosmetics also has a vitamin- and mineral-enriched, cleansing and balancing towelette with coconut water for the face and body. These oil-free towelettes balance and hydrate the skin with all-natural coconut water, vitamin E, green tea extract, and provitamin B5. The individually wrapped towelettes can also be used as makeup remover or to cool down after a workout. These individually packaged towelettes are vegan, gluten free, and free of synthetic fragrances. The towelettes use natural extracts that provide a light, refreshing scent.

Key ingredients in the towelette include:

- **Coconut Water:** Packed with nutrients, minerals, amino acids, and enzymes to support hydration and skin health.
- **Green Tea Extract:** A strong anti-inflammatory that will naturally purify and detox the skin.
- **Vitamin E:** Antioxidant that increases effectiveness of sunscreen ingredients, retains moisture, and aids in skin strengthening
- **Provitamin B5:** Hydrates and calms skin.

### Use of Proceeds and Product Roadmap

If the minimum \$50,000 is raised, the majority of proceeds will be used launch of the new product (\$46,500). If the maximum \$800,000 is raised, the majority of proceeds will be used on the launch of the new product (\$400,000), general marketing (\$150,000), and direct-to-consumer (D2C) strategy (\$150,000).

Sweat Cosmetics plans to do the following:

1. **Launch new products and upgrade current products:** Offer customers an extended line of beauty necessities such as body-sized cleansing towelettes, lip balm with SPF in four shades, blush powder, mascara, concealer stick, dry shampoo, recovery sheet mask, and recovery skin care.
2. **Direct-to-consumer focus while still expanding retail relationships:** Add 1) a subscription/reorder option and 2) a customization option.
3. **Build a Sweat Cosmetics culture and establish the Sweat Cosmetics brand:** Increase digital marketing spend to raise brand awareness.

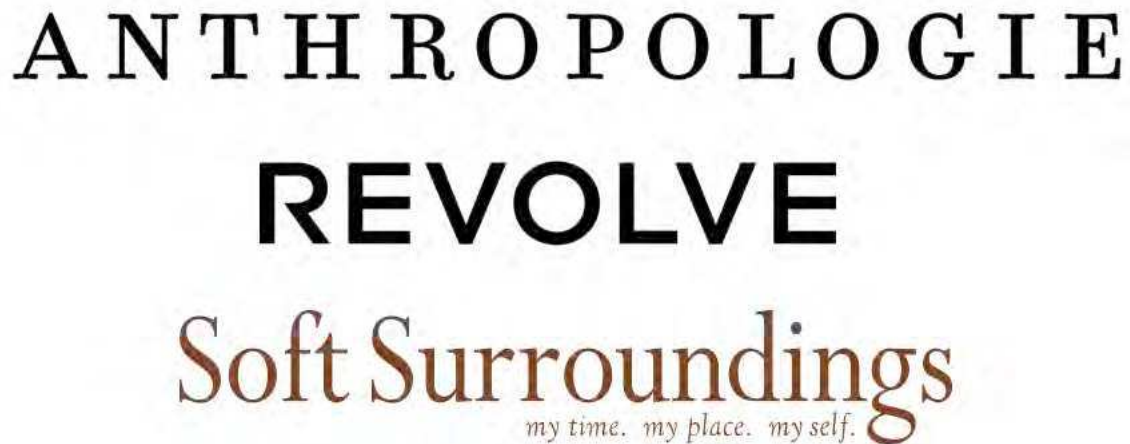

### Business Model

Sweat Cosmetics sells its makeup through its online website.

- **Twist-Brush:** The mineral foundation, translucent foundation, illuminator, and bronzer all sell for \$42 each and include a washable Twist-Brush and the pot of makeup. Makeup refills cost \$24.
- **Powder Jar:** The newly released powder jar for extra coverage costs \$48.
- **Towelettes:** The individually packaged towelettes sell for \$7 for a 10 pack.

TRACTION

Sweat Cosmetics' products are currently sold through Anthropologie, Revolve, and Soft Surroundings.

Sweat Cosmetics has held cross-promotional events with Lululemon and Soul Cycle, and has also partnered with Fabletics.

In 2016 and 2017, Sweat Cosmetics sold more than 25,000 twist brushes. The majority (14,000) were mineral foundation twist brushes, followed by translucent twist brushes (more than 5,600), illuminator twist brushes (more than 3,000), and bronzer twist brushes (more than 2,400). More than 10,100 refills were sold, the majority of which were mineral foundation refills (more than 6,600). The company also sold more than 4,800 skin-balancing towelettes in 10 or 30 packs.

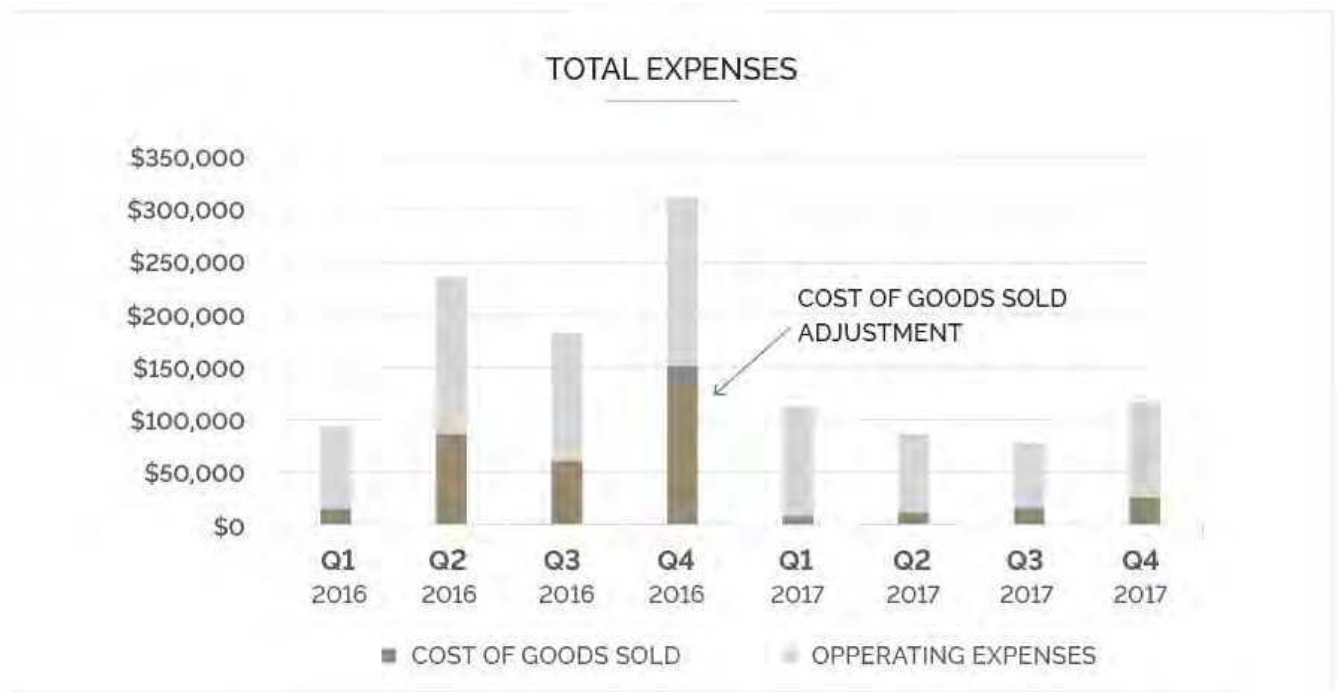

## HISTORICAL FINANCIALS

In 2017, Sweat Cosmetics generated over \$338,000 in revenue, compared to over \$488,000 in 2016. Revenue spiked in Q2 and Q3 2016 due to a large warehouse order from Sephora. Near the end of 2016, Sweat Cosmetics starting pulling away from Sephora to focus on its direct-to-consumer strategy.

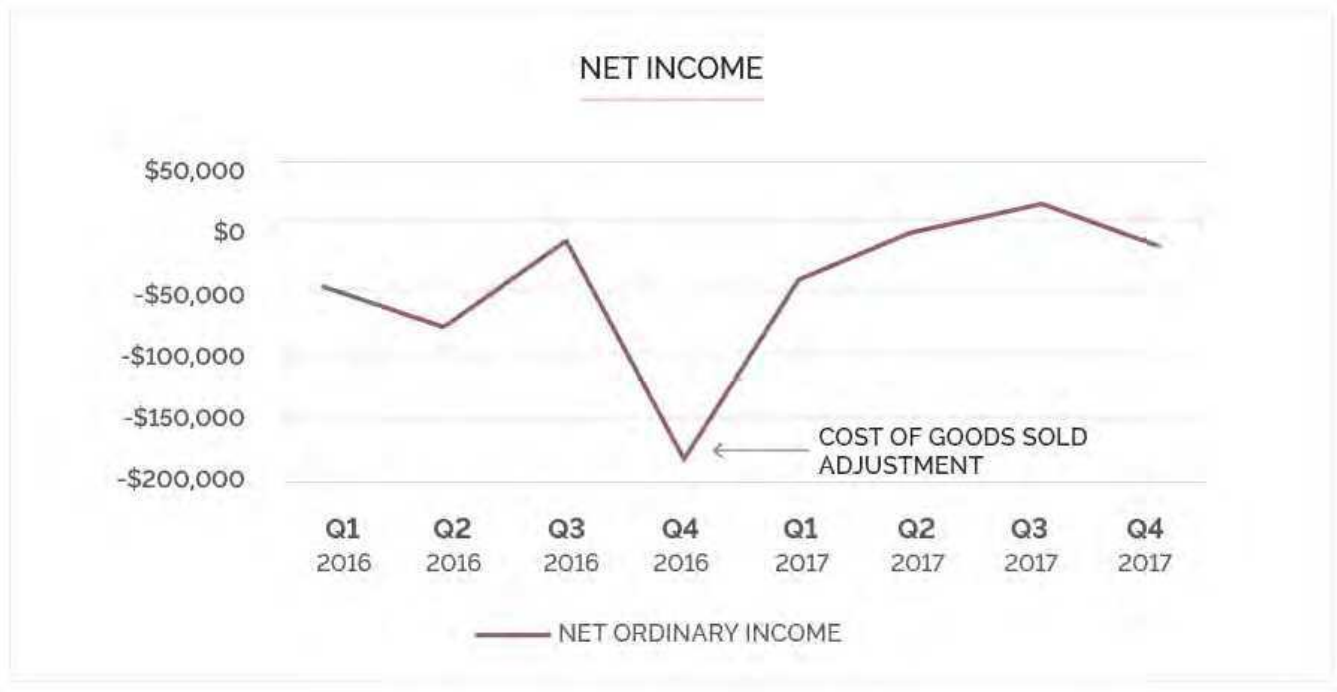

In 2017, Sweat Cosmetics' expenses totaled approximately \$400,000, about 51% lower than 2016's expenses, which totaled approximately \$808,000. Expenses decreased as in 2016 as the company focused on decreasing

operating expenses and bringing most of operations in-house. In 2017, operating expenses accounted for the 84% of total expenses, compared to 2016 when operating expenses accounted for 62% of total expenses. Cost of goods sold spiked in Q4 2016 as the company accounted for inventory sold throughout the year in December 2016.

In 2017, the company had a net loss of approximately \$62,000, compared to a net loss of approximately \$319,000 in 2016.

Consumers' desire for both comfort and style has driven growth in the athleisure movement over the last few years. Heavily driven by Millennials but appealing to all age groups, athleisure continues to rank as a top growing apparel segment, growing 11% in 2016, which made it a \$45.9 billion market.<sup>ii</sup> Activewear is not just exclusive to athletic apparel, as growth in key makeup segments coincides with the increasing popularity of makeup as a workout essential. U.S. prestige (higher-end) makeup sales increased by 11% year over year as of February 2017 to \$7.6 billion, driving more than 80% of industry gains, according to the NPD Group. The industry is experiencing increasing demand in foundation, primers, eye brow, and lip color products, along with makeup formulated to be long lasting and waterproof.<sup>iii</sup>

In today's society, there is increased focus on maintaining a perfected natural appearance at all times, which has driven the need for beauty products that can hold up to the rigors of active life – including looking good before, during, and after working out. Over the 12 months to February 2017, foundation sales increased 8%, driven by long-wear foundation sales, which grew 13%. Moreover, demand for products designed specifically to help makeup last longer increased, with primer sales for the face, eyes, and lips growing 16%, 6%, and 23%, respectively. Waterproof mascara and eyeliner increased 16% and 7%, respectively. Sales of dry shampoo, which can be used to help freshen up after a workout, increased 66%.<sup>iv</sup>

Eight in 10 U.S. beauty consumers purchase beauty products because they make them feel their best, according to the NPD Group.<sup>v</sup> The beauty industry has continued to achieve strong and consistent growth over the last few years. Prestige beauty sales in the U.S. reached \$17.7 billion in 2017, up 6% year over year according to the NPD Group. Skincare accounted for 45% of the growth with sales increasing 9%, followed by makeup, which grew 6%, and fragrance, which climbed 4%. Makeup is the largest category in the beauty industry, with sales reaching \$8.1 billion in 2017. This growth was driven by eye shadow, foundation, and other face products, including bronzers, highlighters, and glow products.<sup>vi</sup>

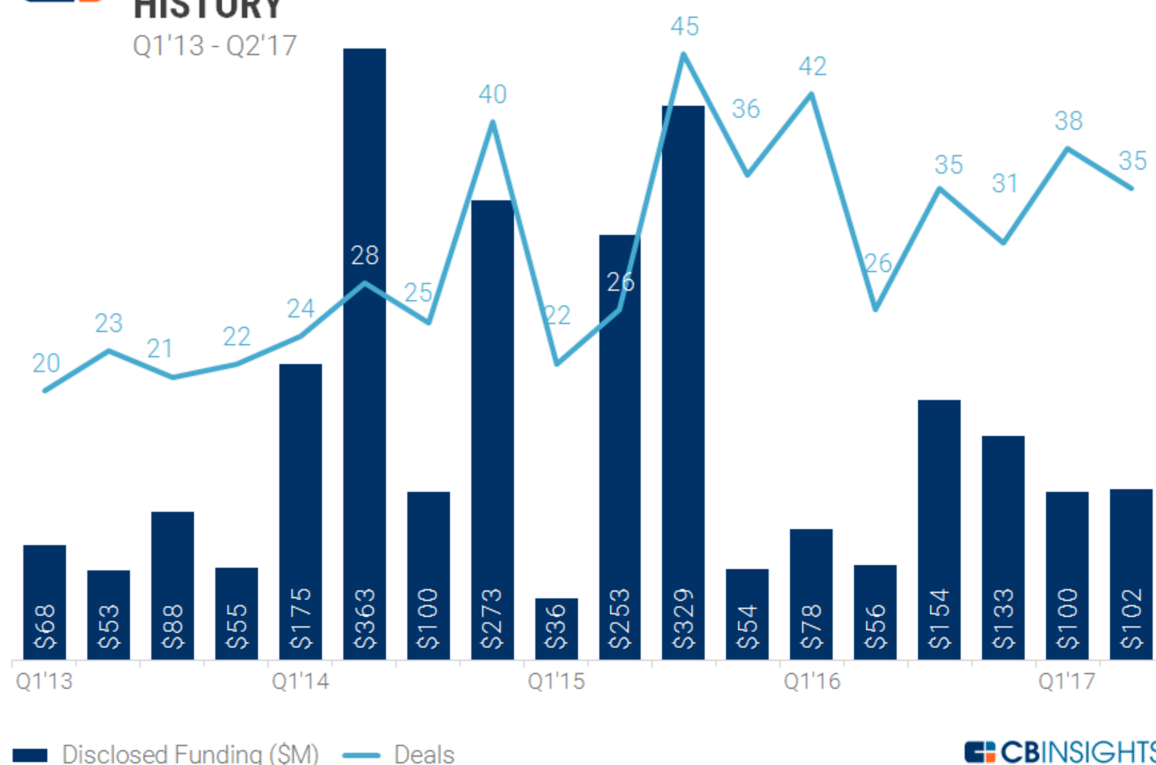

Women are also moving towards more natural ingredients in their skincare products while simultaneously using more products, more frequently. According to The NPD Group's Women's Facial Skincare Consumer Report 2017, U.S. women have become increasingly selective about the ingredients in their facial skincare products. Half of facial skincare users typically use skincare products that are hypoallergenic or formulated for sensitive skin and fragrance free; 48% usually search for products that are made from natural or organic ingredients; and 40% usually purchase products that are free of parabens, phthalates, sulfates, and/or gluten.<sup>vii</sup>

In 2017, there was a wave of mergers and acquisitions in the beauty industry.<sup>viii</sup> Further, financing deals for beauty and grooming startups have grown steadily since 2012. Deals for early-stage companies, in particular, are rising as trends toward plant-based ingredients and customized products drives growth in the industry. In the first half of 2017, there were 73 beauty and grooming deals valued at \$202 million, compared to 68 deals in the first half of 2016 that were valued at \$134 million.<sup>ix</sup>

## EXECUTIVE TEAM

**Taryn Hemmings, Co-founder and COO:** Taryn's career has meant a lot of sweat and even more time in the sun. As a professional soccer player for the Boston Breakers, the Chicago Red Stars, and teams abroad, Taryn dreamed of creating a product to answer the questions she had been asking since playing Division I soccer at the University of Denver: Why isn't there a makeup product designed to hold on through a workout? Why isn't there a quick, easy way to look good during and after a sweat session? Why does my makeup keep making a mess in my gym bag? And why do I keep getting sunburns? With Taryn's vision, Sweat Cosmetics was born. With her passion for product development and brand promotion, and a steady hand at the helm of its operations, the company continues to grow.

**Emily Hines, Co-founder and CFO:** Emily is a Certified Public Accountant with a degree from the University of Denver, where she played Division I college soccer with Co-founder Taryn Hemmings. In founding Sweat Cosmetics, Emily brought her financial acumen from the corporate accounting world to run Sweat Cosmetics' accounts, investments, and fulfillment. Emily also puts in work from the ground up: fulfilling orders, connecting with customers, and going all in for Team Sweat. When she isn't working, Emily stays committed to her active lifestyle, squeezing in workouts at odd hours, and, in so doing, providing a personal angle on how Sweat Cosmetics' products ease the lives of today's professional women.

**Courtney Jones, Co-founder and CEO:** Courtney is a former professional soccer player for the Boston Breakers and Kansas City Blues. She graduated in 2010 with a degree in Management and Society from the University of North Carolina (UNC) at Chapel Hill. Since her collegiate career as a four-year starter, captain, and two-time national champion, Courtney still breaks a daily sweat, whether grinding through an early SoulCycle class or hitting weights in the afternoon. A skincare and makeup enthusiast, she leads Sweat Cosmetics' operations with expertise in products, pricing, ingredients, and product performance.

**Leslie Osborne, Co-founder and Chief Communications Officer:** As a sponsored professional athlete for 10 years, as well as model, trainer, spokeswoman, and ambassador for Puma®, Co-founder Leslie has ample experience in the sports and lifestyle arenas. She made 62 international appearances during her seven years on the U.S. Women's National Soccer Team, including the 2007 Women's World Cup Team. A Hall of Famer for the West Coast Conference, Boston Breakers, and Santa Clara University, Leslie currently serves as a soccer commentator and analyst for Fox Sports. As Chief Communications Officer, she aims to solidify Sweat Cosmetics as the preferred cosmetic brand for professional female athletes and other influential women.

**Lindsay Tarpley, Chief Strategy Officer:** Sweat Cosmetics' most decorated athlete, Lindsay is a two-time Olympic gold medalist (Athens '04 and Beijing '08) and has 125 international appearances for the U.S. Women's National Soccer Team. A UNC graduate with a degree in Communications and a mom of two, Lindsay understands the value of clear communication to the everyday woman and provides valuable insights to ensure Sweat Cosmetics' products are tailored to the lives of busy women. As Chief Strategy Officer, she bridges the gap between beauty and fitness.

THERE ARE FURTHER RESTRICTIONS ON THE TRANSFERABILITY OF THE SECURITIES DESCRIBED HEREIN.

THE PURCHASE OF THE SECURITIES INVOLVES A HIGH DEGREE OF RISK AND SHOULD BE CONSIDERED ONLY BY PERSONS WHO CAN BEAR THE RISK OF THE LOSS OF THEIR ENTIRE INVESTMENT.

Sweat Cosmetics, Inc.  
1820 South Steele Street  
Denver, CO 80210

Ladies and Gentlemen:

The undersigned purchaser (the "Purchaser") understands that Sweat Cosmetics, Inc., a Corporation organized under the laws of Delaware (the "Company"), is offering up to 1,904,761 shares of Series B Preferred Stock (the "Securities") in a Regulation CF Offering at a price per share of \$0.42 for an aggregate capital raise of up to \$800,000.00. This Offering is made pursuant to the Form C, dated April 12, 2018 as the same may be amended or supplemented (the "Form C"). The Purchaser further understands that the Offering is being made pursuant to Section 4(a)(6) and Regulation CF of the Securities Act and Title III under the JOBS Act of 2012 and without registration of the Securities under the Securities Act of 1933, as amended (the "Securities Act").

1. **SUBSCRIPTION.** Subject to the terms and conditions hereof and the provisions of the Form C, the Purchaser hereby irrevocably subscribes for the Securities set forth on the signature page hereto for the aggregate purchase price set forth on the signature page hereto, which is payable as described in Section 4 hereof. The Purchaser acknowledges that the Securities will be subject to restrictions on transfer as set forth in this subscription agreement (the "Subscription Agreement").

2. **ACCEPTANCE OF SUBSCRIPTION AND ISSUANCE OF SECURITIES.** It is understood and agreed that the Company shall have the sole right, at its complete discretion, to accept or reject this subscription, in whole or in part, for any reason and that the same shall be deemed to be accepted by the Company only when it is signed by a duly authorized officer of the Company and delivered to the Purchaser at the Closing referred to in Section 3 hereof. Subscriptions need not be accepted in the order received, and the Securities may be allocated among subscribers.

3. **THE CLOSING.** The closing of the purchase and sale of the Securities (the "Closing") shall take place at 11:59 p.m. Pacific standard time on June 11, 2018, or at such other time and place as the Company may designate by notice to the Purchaser.

4. **PAYMENT FOR SECURITIES.** Payment for the Securities shall be received by Boston Private Bank and Trust Co. (the "Escrow Agent") from the Purchaser of immediately available funds or other means approved by the Company at least two (2) days prior to the Closing, in the amount as set forth on the signature page hereto. Upon the Closing, the Escrow Agent shall release such funds to the Company. The Purchaser shall receive notice and evidence of the entry of the number of the Securities owned by Purchaser reflected on the books and records of the Company, which shall bear a notation that the Securities were sold in reliance upon an exemption from registration under the Securities Act.

5. **REPRESENTATIONS AND WARRANTIES OF THE COMPANY.** As of the Closing, the Company represents and warrants that:

- a) The Company is duly formed and validly existing under the laws of Delaware, with full power and authority to conduct its business as it is currently being conducted and to own its assets; and has secured any other authorizations, approvals, permits and orders required by law for the conduct by the Company of its business as it is currently being conducted.
- b) The Securities have been duly authorized and, when issued, delivered and paid for in the manner set forth in this Subscription Agreement, will be validly issued, fully paid and nonassessable, and will conform in all material respects to the description thereof set forth in the Form C.

- c) The execution and delivery by the Company of this Subscription Agreement and the consummation of the transactions contemplated hereby (including the issuance, sale and delivery of the Securities) are within the Company's powers and have been duly authorized by all necessary corporate action on the part of the Company. Upon full execution hereof, this Subscription Agreement shall constitute a valid and binding agreement of the Company, enforceable against the Company in accordance with its terms, except (i) as limited by applicable bankruptcy, insolvency, reorganization, moratorium, and other laws of general application affecting enforcement of creditors' rights generally, (ii) as limited by laws relating to the availability of specific performance, injunctive relief, or other equitable remedies and (iii) with respect to provisions relating to indemnification and contribution, as limited by considerations of public policy and by federal or securities, "blue sky" or other similar laws of such jurisdiction (collectively referred to as the "State Securities Laws").
- d) Assuming the accuracy of the Purchaser's representations and warranties set forth in Section 6 hereof, no order, license, consent, authorization or approval of, or exemption by, or action by or in respect of, or notice to, or filing or registration with, any governmental body, agency or official is required by or with respect to the Company in connection with the execution, delivery and performance by the Company of this Subscription Agreement except (i) for such filings as may be required under Regulation CF promulgated under the Securities Act, or under any applicable State Securities Laws, (ii) for such other filings and approvals as have been made or obtained, or (iii) where the failure to obtain any such order, license, consent, authorization, approval or exemption or give any such notice or make any filing or registration would not have a material adverse effect on the ability of the Company to perform its obligations hereunder.

6. **REPRESENTATIONS AND WARRANTIES OF THE PURCHASER.** The Purchaser hereby represents and warrants to and covenants with the Company that:

- a) **General.**
  - i. The Purchaser has all requisite authority (and in the case of an individual, the capacity) to purchase the Securities, enter into this Subscription Agreement and to perform all the obligations required to be performed by the Purchaser hereunder, and such purchase will not contravene any law, rule or regulation binding on the Purchaser or any investment guideline or restriction applicable to the Purchaser.
  - ii. The Purchaser is a resident of the state set forth on the signature page hereto and is not acquiring the Securities as a nominee or agent or otherwise for any other person.
  - iii. The Purchaser will comply with all applicable laws and regulations in effect in any jurisdiction in which the Purchaser purchases or sells Securities and obtain any consent, approval or permission required for such purchases or sales under the laws and regulations of any jurisdiction to which the Purchaser is subject or in which the Purchaser makes such purchases or sales, and the Company shall have no responsibility therefor.
  - iv. Including the amount set forth on the signature page hereto, in the past twelve (12) month period, the Purchaser has not exceeded the investment limit as set forth in Rule 100(a)(2) of Regulation CF.
- b) **Information Concerning the Company.**
  - i. The Purchaser has received a copy of the Form C. With respect to information provided by the Company, the Purchaser has relied solely on the information contained in the Form C to make the decision to purchase the Securities.
  - ii. The Purchaser understands and accepts that the purchase of the Securities involves various risks, including the risks outlined in the Form C and in this Subscription Agreement. The Purchaser represents that it is able to bear any and all loss associated with an investment in the Securities.
  - iii. The Purchaser confirms that it is not relying and will not rely on any communication (written or oral) of the Company, First Democracy VC, or any of their respective affiliates, as investment advice or as a recommendation to purchase the Securities. It is understood that information and explanations related to the terms and conditions of the Securities provided in the Form C or

otherwise by the Company, First Democracy VC or any of their respective affiliates shall not be considered investment advice or a recommendation to purchase the Securities, and that neither the Company, First Democracy VC nor any of their respective affiliates is acting or has acted as an advisor to the Purchaser in deciding to invest in the Securities. The Purchaser acknowledges that neither the Company, First Democracy VC nor any of their respective affiliates have made any representation regarding the proper characterization of the Securities for purposes of determining the Purchaser's authority or suitability to invest in the Securities.

- iv. The Purchaser is familiar with the business and financial condition and operations of the Company, all as generally described in the Form C. The Purchaser has had access to such information concerning the Company and the Securities as it deems necessary to enable it to make an informed investment decision concerning the purchase of the Securities.
- v. The Purchaser understands that, unless the Purchaser notifies the Company in writing to the contrary at or before the Closing, each of the Purchaser's representations and warranties contained in this Subscription Agreement will be deemed to have been reaffirmed and confirmed as of the Closing, taking into account all information received by the Purchaser.
- vi. The Purchaser acknowledges that the Company has the right in its sole and absolute discretion to abandon this Offering at any time prior to the completion of the Offering. This Subscription Agreement shall thereafter have no force or effect and the Company shall return any previously paid subscription price of the Securities, without interest thereon, to the Purchaser.
- vii. The Purchaser understands that no federal or state agency has passed upon the merits or risks of an investment in the Securities or made any finding or determination concerning the fairness or advisability of this investment.

c) Risk Factors.

- i. **The beauty industry is highly competitive, and if the Company is unable to compete effectively it could have a material adverse effect on business, prospects, results of operations and financial condition.** The beauty industry is highly competitive and at times changes rapidly due to consumer preferences and industry trends. The Company competes primarily with global prestige beauty companies, some of whom have significantly greater resources than the Company. The Company's products compete for consumer recognition and shelf space with products that have achieved significant international, national and regional brand name recognition and consumer loyalty. The Company's products also compete with new products that often are accompanied by substantial promotional campaigns. In addition, the development of new products by the Company involves considerable costs and the Company cannot guarantee any new product will generate sufficient consumer interest and sales to become a profitable brand or to cover the costs of its development. These factors, as well as demographic trends, economic conditions, discount pricing strategies by competitors and direct sales by manufacturers to customers, could result in increased competition and could have a material adverse effect on the business, prospects, results of operations and financial condition of the Company.
- ii. **Consumers may reduce discretionary purchases of the Company's products as a result of a general economic downturn.** The Company believes that consumer spending on beauty products is influenced by general economic conditions and the availability of discretionary income. Accordingly, the Company may experience sustained periods of declines in sales during economic downturns, or in the event of terrorism or diseases affecting customers purchasing patterns. In addition, a general economic downturn may result in reduced traffic in cosmetic retail stores which may, in turn, result in reduced net sales to the Company. Any resulting material reduction in sales could have a material adverse effect on the business, prospects, results of operations and financial condition of the Company.
- iii. **If the Company is unable to predict or react to changes in consumer demand, sales may decline.** The Company's success depends upon the ability to anticipate and respond in a timely manner to changing consumer demand and preferences regarding beauty products. The Company's products must appeal to a broad range of consumers whose preferences cannot be predicted with certainty and are subject to change. Additionally, the Company often makes commitments to manufacture and purchase products from vendors several months in advance of the proposed delivery to customers. If we misjudge the market for Company products, loss in sales

or overstock in unpopular products may result, which may require the Company to take significant inventory returns or markdowns. In either case, this could have a material adverse effect on the business, prospects, or financial condition of the Company.

- iv. **The Company depends on third parties for the manufacture and delivery of products.** The Company does not own or operate any significant manufacturing facilities. The Company uses third-party manufacturers and suppliers to manufacture certain products. The Company currently obtains these products from a limited number of manufacturers and other suppliers. If the Company were to experience delays in the delivery of the finished products or the raw materials or components used to make such products or if these suppliers were unable to supply product, customer relationships, revenues and earnings could suffer.
- v. **The Company relies on information systems to operate the business, and if the information systems fail to adequately perform these functions, business and financial results could be adversely affected.** The efficient operation of the business is dependent on the successful operation of information systems. In particular, the Company relies on information systems to effectively manage sales, warehousing, distribution, merchandise planning and replenishment and to optimize overall inventory levels. The failure of information systems to perform as anticipated could have a material adverse effect on business, prospects, results of operations and financial condition.
- vi. **If the Company is unable to acquire or license additional brands, secure additional distribution arrangements or obtain the required financing for these agreements and arrangements, the growth of the business could be impaired.** The Company's business strategy contemplates the continued increase of its portfolio of owned or licensed brands and distributed brands. Future expansion through acquisitions or new product distribution arrangements, if any, will depend upon the capital resources and working capital available to the Company. The Company may be unsuccessful in identifying, negotiating, financing and consummating such acquisitions or arrangements on terms acceptable to it, or at all, which could hinder the Company's ability to increase revenues and build business.
- vii. **Growth may be hindered if the Company is unable to retain key executives and other personnel.** The Company's success largely depends on the performance of the Company's management team and other key personnel. Future operations could be harmed if any senior executives or other key personnel ceased working for the Company.

d) No Guaranty.

The Purchaser confirms that the Company has not (A) given any guarantee or representation as to the potential success, return, effect or benefit (either legal, regulatory, tax, financial, accounting or otherwise) an of investment in the Securities or (B) made any representation to the Purchaser regarding the legality of an investment in the Securities under applicable legal investment or similar laws or regulations. In deciding to purchase the Securities, the Purchaser is not relying on the advice or recommendations of the Company and the Purchaser has made its own independent decision that the investment in the Securities is suitable and appropriate for the Purchaser.

e) Status of Purchaser.

The Purchaser has such knowledge, skill and experience in business, financial and investment matters that the Purchaser is capable of evaluating the merits and risks of an investment in the Securities. With the assistance of the Purchaser's own professional advisors, to the extent that the Purchaser has deemed appropriate, the Purchaser has made its own legal, tax, accounting and financial evaluation of the merits and risks of an investment in the Securities and the consequences of this Subscription Agreement. The Purchaser has considered the suitability of the Securities as an investment in light of its own circumstances and financial condition and the Purchaser is able to bear the risks associated with an investment in the Securities and its authority to invest in the Securities.

f) Restrictions on Transfer or Sale of Securities.

- i. The Purchaser is acquiring the Securities solely for the Purchaser's own beneficial account, for investment purposes, and not with a view to, or for resale in connection with, any distribution of the Securities. The Purchaser understands that the Securities have not been registered under the Securities Act or any State Securities Laws by reason of specific exemptions under the provisions thereof which depend in part upon the investment intent of the Purchaser and of the other representations made by the Purchaser in this Subscription Agreement. The Purchaser understands that the Company is relying upon the representations and agreements contained in this Subscription Agreement (and any supplemental information) for the purpose of determining whether this transaction meets the requirements for such exemptions.
- ii. The Purchaser understands that the Securities are restricted from transfer for a period of time under applicable federal securities laws and that the Securities Act and the rules of the U.S. Securities and Exchange Commission (the "Commission") provide in substance that the Purchaser may dispose of the Securities only pursuant to an effective registration statement under the Securities Act, an exemption therefrom or as further described in Rule 501 of Regulation CF, after which certain state restrictions may apply. The Purchaser understands that the Company has no obligation or intention to register any of the Securities, or to take action so as to permit sales pursuant to the Securities Act. Even when the Securities become freely transferrable, a secondary market in the Securities may not develop. Consequently, the Purchaser understands that the Purchaser must bear the economic risks of the investment in the Securities for an indefinite period of time.
- iii. The Purchaser agrees that the Purchaser will not sell, assign, pledge, give, transfer or otherwise dispose of the Securities or any interest therein, or make any offer or attempt to do any of the foregoing, except pursuant to Rule 501 of Regulation CF.

7. CONDITIONS TO OBLIGATIONS OF THE PURCHASER AND THE COMPANY. The obligations of the Purchaser to purchase and pay for the Securities specified on the signature page hereto and of the Company to sell the Securities are subject to the satisfaction at or prior to the Closing of the following conditions precedent: the representations and warranties of the Company contained in Section 5 hereof and of the Purchaser contained in Section 6 hereof shall be true and correct as of the Closing in all respects with the same effect as though such representations and warranties had been made as of the Closing.

8. GRANT OF PROXY TO DEMOCRACY VC PARTNERS LLC. The undersigned Purchaser, and any successors or assigns of the Purchaser (the "**Grantor**") (to the fullest extent permitted by applicable law) appoints Democracy VC Partners LLC (such person, the "**Proxy**"), or any other designee of Proxy, as the sole and exclusive attorney and proxy of Grantor, with full power of substitution and resubstitution, to vote and exercise all voting and related rights (to the fullest extent that Grantor is entitled to do so) with respect to all of the Securities of the Company that now are or hereafter may be beneficially owned by Grantor, and any and all other shares or securities of the Company issued or issuable in respect thereof on or after the date hereof (collectively, the "**Proxy Shares**") in accordance with the terms of this Section 8. The Proxy Shares beneficially owned by Grantor as of the date hereof constitute the Securities being acquired under this Agreement. Upon Grantor's execution of this Agreement, any and all prior proxies (other than the proxy granted in this Section 8) given by Grantor with respect to the Proxy Shares are hereby revoked and Grantor agrees not to grant any subsequent proxies with respect to the Proxy Shares or enter into any agreement or understanding with any person to vote or give instructions with respect to such subject matter in any manner inconsistent with the terms of this Agreement as long as the Proxy Shares are outstanding. The proxy granted under this Section 8 is irrevocable (to the fullest extent permitted by applicable law), is coupled with an interest sufficient in law to support an irrevocable proxy, and is granted pursuant to this Agreement. The attorney and proxy named above is hereby authorized and empowered by Proxy, at any time, to act as Grantor's attorney and proxy to vote the Proxy Shares, and to exercise all voting and other rights of Grantor with respect to the Proxy Shares (including, without limitation, the power to execute and deliver written consents pursuant to the Delaware General Corporation Law and the right to consent to any actions constituting protective provisions or other veto rights in the Company's articles of incorporation or elsewhere), at every annual, special or adjourned meeting of the Members of the Company and in every written consent in lieu of such meeting. All authority herein conferred shall survive the death or incapacity of Grantor and any obligation of Grantor hereunder shall be binding upon the heirs, personal representatives, successors and assigns of Grantor. The proxy granted in this Section 8 is coupled with an interest as aforesaid and is irrevocable. This irrevocable proxy may not be amended or otherwise modified without the prior written consent of the Purchaser and the Proxy.

9. OBLIGATIONS IRREVOCABLE. Following the Closing, the obligations of the Purchaser shall be irrevocable.

10. **LEGEND.** The certificates, book entry or other form of notation representing the Securities sold pursuant to this Subscription Agreement will be notated with a legend or designation, which communicates in some manner that the Securities were issued pursuant to Section 4(a)(6) of the Securities Act and may only be resold pursuant to Rule 501 of Regulation CF.

11. **WAIVER, AMENDMENT.** Neither this Subscription Agreement nor any provisions hereof shall be modified, changed, discharged or terminated except by an instrument in writing, signed by the party against whom any waiver, change, discharge or termination is sought.

12. **ASSIGNABILITY.** Neither this Subscription Agreement nor any right, remedy, obligation or liability arising hereunder or by reason hereof shall be assignable by either the Company or the Purchaser without the prior written consent of the other party.

13. **WAIVER OF JURY TRIAL.** THE PURCHASER IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY WITH RESPECT TO ANY LEGAL PROCEEDING ARISING OUT OF THE TRANSACTIONS CONTEMPLATED BY THIS SUBSCRIPTION AGREEMENT.

14. **SUBMISSION TO JURISDICTION.** With respect to any suit, action or proceeding relating to any offers, purchases or sales of the Securities by the Purchaser ("Proceedings"), the Purchaser irrevocably submits to the jurisdiction of the federal or state courts located in Delaware, which submission shall be exclusive unless none of such courts has lawful jurisdiction over such Proceedings.

15. **GOVERNING LAW.** This Subscription Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without regard to conflict of law principles thereof.

16. **SECTION AND OTHER HEADINGS.** The section and other headings contained in this Subscription Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Subscription Agreement.

17. **COUNTERPARTS.** This Subscription Agreement may be executed in any number of counterparts, each of which when so executed and delivered shall be deemed to be an original and all of which together shall be deemed to be one and the same agreement.

18. **NOTICES.** All notices and other communications provided for herein shall be in writing and shall be deemed to have been duly given if delivered personally or sent by registered or certified mail, return receipt requested, postage prepaid or email to the following addresses (or such other address as either party shall have specified by notice in writing to the other):

19. **BINDING EFFECT.** The provisions of this Subscription Agreement shall be binding upon and accrue to the benefit of the parties hereto and their respective heirs, legal representatives, successors and assigns.

20. **SURVIVAL.** All representations, warranties and covenants contained in this Subscription Agreement shall survive (i) the acceptance of the subscription by the Company, (ii) changes in the transactions, documents and instruments described in the Form C which are not material or which are to the benefit of the Purchaser and (iii) the death or disability of the Purchaser.

21. **NOTIFICATION OF CHANGES.** The Purchaser hereby covenants and agrees to notify the Company upon the occurrence of any event prior to the closing of the purchase of the Securities pursuant to this Subscription

Agreement, which would cause any representation, warranty, or covenant of the Purchaser contained in this Subscription Agreement to be false or incorrect.

22. **SEVERABILITY**. **ARTICLE VI**

The terms and provisions of the Common Stock and Preferred Stock are as follows:

1. **Definitions.** For purposes of this ARTICLE VI, the following definitions shall apply:

(a) "*Conversion Price*" shall mean \$0.35 per share for the Series A Preferred Stock (subject to adjustment from time to time for Recapitalizations and as otherwise set forth elsewhere herein).

(b) "*Convertible Securities*" shall mean any evidences of indebtedness, shares or other securities convertible into or exchangeable for Common Stock.

(c) "*Corporation*" shall mean Sweat Cosmetics, Inc.

(d) “**Distribution**” shall mean the transfer of cash or other property without consideration whether by way of dividend or otherwise, other than dividends on Common Stock payable in Common Stock, or the purchase or redemption of shares of the Corporation by the Corporation for cash or property other than: (i) repurchases of Common Stock issued to or held by employees, officers, directors or consultants of the Corporation or its subsidiaries upon termination of their employment or services pursuant to agreements providing for the right of said repurchase, (ii) repurchases of Common Stock issued to or held by employees, officers, directors or consultants of the Corporation or its subsidiaries pursuant to rights of first refusal contained in agreements providing for such right, (iii) repurchase of capital stock of the Corporation in connection with the settlement of disputes with any stockholder, and (iv) any other repurchase or redemption of capital stock of the Corporation approved by the holders of the Common and Preferred Stock of the Corporation voting as separate classes.

(i) “**Preferred Stock**” shall mean the Series A Preferred Stock.

(j) “**Recapitalization**” shall mean any stock dividend, stock split, combination of shares, reorganization, recapitalization, reclassification or other similar event.

## 2. **Dividends.**

(a) **Preferred Stock.** In any calendar year, the holders of outstanding shares of Preferred Stock shall be entitled to receive dividends, when, as and if declared by the Board of Directors, out of any assets at the time legally available therefor, at the Dividend Rate specified for such shares of Preferred Stock payable in preference and priority to any declaration or payment of any Distribution on Common Stock of the Corporation in such calendar year. No Distributions shall be made with respect to the Common Stock unless dividends on the Preferred Stock have been declared in accordance with the preferences stated herein and all declared dividends on the Preferred Stock have been paid or set aside for payment to the Preferred Stock holders. The right to receive dividends on shares of Preferred Stock shall not be cumulative, and no right to dividends shall accrue to holders of Preferred Stock by reason of the fact that dividends on said shares are not declared or paid. Payment of any dividends to the holders of Preferred Stock shall be on a *pro rata, pari passu* basis in proportion to the Dividend Rates for each series of Preferred Stock.

(b) **Common Stock.** Dividends may be paid on the Common Stock when, as and if declared by the Board of Directors, subject to the prior dividend rights of the Preferred Stock and to Section 7.

(c) **Non-Cash Distributions.** Whenever a Distribution provided for in this Section 2 shall be payable in property other than cash, the value of such Distribution shall be deemed to be the fair market value of such property as determined in good faith by the Board of Directors.

### 3. **Liquidation Rights.**

(a) **Liquidation Preference.** In the event of any liquidation, dissolution or winding up of the Corporation, either voluntary or involuntary, the holders of the Preferred Stock shall be entitled to receive, prior and in preference to any Distribution of any of the assets of the Corporation to the holders of the Common Stock by reason of their ownership of such stock, an amount per share for each share of Preferred Stock held by them equal to the sum of (i) the Liquidation Preference specified for such share of Preferred Stock and (ii) all declared but unpaid dividends (if any) on such share of Preferred Stock, or such lesser amount as may be approved by the holders of the majority of the outstanding shares of Preferred Stock. If upon the liquidation, dissolution or winding up of the Corporation, the assets of the Corporation legally available for distribution to the holders of the Preferred Stock are insufficient to permit the payment to such holders of the full amounts specified in this Section 3(a), then the entire assets of the Corporation legally available for distribution shall be distributed with equal priority and *pro rata* among the holders of the Preferred Stock in proportion to the full amounts they would otherwise be entitled to receive pursuant to this Section 3(a).

(b) **Remaining Assets.** After the payment or setting aside for payment to the holders of Preferred Stock of the full amounts specified in Section 3(a), the entire remaining assets of the Corporation legally available for distribution shall be distributed *pro rata* to holders of the Common Stock of the Corporation in proportion to the number of shares of Common Stock held by them.

(c) **Shares not Treated as Both Preferred Stock and Common Stock in any Distribution.** Shares of Preferred Stock shall not be entitled to be converted into shares of Common Stock in order to participate in any Distribution, or series of Distributions, as shares of Common Stock, without first forgoing participation in the Distribution, or series of Distributions, as shares of Preferred Stock.

(d) **Reorganization.** For purposes of this Section 3, a liquidation, dissolution or winding up of the Corporation shall be deemed to be occasioned by, or to include, (i) the acquisition of the Corporation by another entity by means of any transaction or series of related transactions to which the Corporation is party (including, without limitation, any stock acquisition, reorganization, merger or consolidation but excluding any sale of stock for capital raising purposes) other than a transaction or series of related transactions in which the holders of the voting securities of the Corporation outstanding immediately prior to such transaction or series of related transactions retain, immediately after such transaction or series of related transactions, as a result of shares in the Corporation held by such holders prior to such transaction or series of related transactions, at least a majority of the total voting power represented by the outstanding voting securities of the Corporation or such other surviving or resulting entity (or if the Corporation or such other surviving or resulting entity is a wholly-owned subsidiary immediately following such acquisition, its parent); (ii) a sale, lease or other disposition of all or substantially all of the assets of the Corporation and its subsidiaries taken as a whole by means of any transaction or series of related transactions, except where such sale, lease or other disposition is to a wholly-owned subsidiary of the Corporation; or (iii) any liquidation, dissolution or winding up of the Corporation, whether voluntary or involuntary.

(e) **Valuation of Non-Cash Consideration.** If any assets of the Corporation distributed to stockholders in connection with any liquidation, dissolution, or winding up of the Corporation are other than cash, then the value of such assets shall be their fair market value as determined in good faith by the Board of Directors, *except that* any publicly-traded securities to be distributed to stockholders in a liquidation, dissolution, or winding up of the Corporation shall be valued as follows:

(i) if the securities are then traded on a national securities exchange, then the value of the securities shall be deemed to be the average of the closing prices of the securities on such exchange over the ten (10) trading day period ending five (5) trading days prior to the Distribution;

(ii) if the securities are actively traded over-the-counter, then the value of the securities shall be deemed to be the average of the closing bid prices of the securities over the ten (10) trading day period ending five (5) trading days prior to the Distribution.

In the event of a merger or other acquisition of the Corporation by another entity, the Distribution date shall be deemed to be the date such transaction closes.

4. **Conversion.** The holders of the Preferred Stock shall have conversion rights as follows:

(a) **Right to Convert.** Each share of Preferred Stock shall be convertible, at the option of the holder thereof, at any time after the date of issuance of such share at the office of the Corporation or any transfer agent for the Preferred Stock, into that number of fully-paid, nonassessable shares of Common Stock determined by dividing the Original Issue Price for the relevant series by the Conversion Price for such series. (The number of shares of Common Stock into which each share of Preferred Stock of a series may be converted is hereinafter referred to as the “**Conversion Rate**” for each such series.) Upon any decrease or increase in the Conversion Price for any series of Preferred Stock, as described in this Section 4, the Conversion Rate for such series shall be appropriately increased or decreased.

(b) **Automatic Conversion.** Each share of Preferred Stock shall automatically be converted into fully-paid, non-assessable shares of Common Stock at the then effective Conversion Rate for such share (i) immediately prior to the closing of a firm commitment underwritten initial public offering pursuant to an effective registration statement filed under the Securities Act of 1933, as amended (the “**Securities Act**”), covering the offer and sale of the Corporation’s Common Stock, *provided* that the offering price per share is not less \$1.05 (as adjusted for Recapitalizations) or (ii) upon the receipt by the Corporation of a written request for such conversion from the holders of a majority of the Preferred Stock then outstanding (voting as a single class and on an as-converted basis), or, if later, the effective date for conversion specified in such requests (each of the events referred to in (i) and (ii) are referred to herein as an “**Automatic Conversion Event**”).

(c) **Mechanics of Conversion.** No fractional shares of Common Stock shall be issued upon conversion of Preferred Stock. In lieu of any fractional shares to which the holder would otherwise be entitled, the Corporation shall pay cash equal to such fraction multiplied by the then fair market value of a share of Common Stock as determined by the Board of Directors. For such purpose, all shares of Preferred Stock held by each holder of Preferred Stock shall be aggregated, and any resulting fractional share of Common Stock shall be paid in cash. Before any holder of Preferred Stock shall be entitled to convert the same into full shares of Common Stock, and to receive certificates therefor, the holder shall either (A) surrender the certificate or certificates therefor, duly endorsed, at the office of the Corporation or of any transfer agent for the Preferred Stock or (B) notify the Corporation or its transfer agent that such certificates have been lost, stolen or destroyed and execute an agreement satisfactory to the Corporation to indemnify the Corporation from any loss incurred by it in connection with such certificates, and shall give written notice to the Corporation at such office that the holder elects to convert the same; *provided, however*, that on the date of an Automatic Conversion Event, the outstanding shares of Preferred Stock shall be converted automatically without any further action by the holders of such shares and whether or not the certificates representing such shares are surrendered to the Corporation or its transfer agent; *provided further*, however, that the Corporation shall not be obligated to issue certificates evidencing the shares of Common Stock issuable upon such Automatic Conversion Event unless either the certificates evidencing such shares of Preferred Stock are delivered to the Corporation or its transfer agent as provided above, or the holder notifies the Corporation or its transfer agent that such certificates have been lost, stolen or destroyed and executes an agreement satisfactory to the Corporation to indemnify the Corporation from any loss incurred by it in connection with such certificates. On the date of the occurrence of an Automatic Conversion Event, each holder of record of shares of Preferred Stock shall be deemed to be the holder of record of the Common Stock issuable upon such

conversion, notwithstanding that the certificates representing such shares of Preferred Stock shall not have been surrendered at the office of the Corporation, that notice from the Corporation shall not have been received by any holder of record of shares of Preferred Stock, or that the certificates evidencing such shares of Common Stock shall not then be actually delivered to such holder.

(d) *Adjustments to Conversion Price for Diluting Issues.*

(i) *Special Definition.* For purposes of this paragraph 4(d), “*Additional Shares of Common*” shall mean all shares of Common Stock issued (or, pursuant to paragraph 4(d)(iii), deemed to be issued) by the Corporation after the filing of this Certificate of Incorporation, other than issuances or deemed issuances of:

- (1) shares of Common Stock upon the conversion of the Preferred Stock;
- (2) shares of Common Stock and options, warrants or other rights to purchase Common Stock issued or issuable to employees, officers or directors of, or consultants or advisors to the Corporation or any subsidiary pursuant to stock grants, restricted stock purchase agreements, option plans, purchase plans, incentive programs or similar arrangements;
- (3) shares of Common Stock upon the exercise or conversion of Options or Convertible Securities;
- (4) shares of Common Stock issued or issuable as a dividend or distribution on Preferred Stock or pursuant to any event for which adjustment is made pursuant to paragraph 4(e), 4(f) or 4(g) hereof;
- (5) shares of Common Stock issued or issuable in a registered public offering under the Securities Act;
- (6) shares of Common Stock issued or issuable pursuant to the acquisition of another corporation by the Corporation by merger, purchase of substantially all of the assets or other reorganization or to a joint venture agreement, *provided*, that such issuances are approved by the Board of Directors;
- (7) shares of Common Stock issued or issuable to banks, equipment lessors, real property lessors, financial institutions or other persons engaged in the business of making loans pursuant to a debt financing, commercial leasing or real property leasing transaction approved by the Board of Directors;
- (8) shares of Common Stock issued or issuable in connection with any settlement of any action, suit, proceeding or litigation approved by the Board of Directors;
- (9) shares of Common Stock issued or issuable in connection with sponsored research, collaboration, technology license, development, OEM, marketing or other similar agreements or strategic partnerships approved by the Board of Directors; and
- (10) shares of Common Stock issued or issuable to suppliers or third party service providers in connection with the provision of goods or services pursuant to transactions approved by the Board of Directors.

(ii) ***No Adjustment of Conversion Price.*** No adjustment in the Conversion Price of a particular series of Preferred Stock shall be made in respect of the issuance of Additional Shares of Common unless the consideration per share (as determined pursuant to paragraph 4(d)(v)) for an Additional Share of Common issued or deemed to be issued by the Corporation is less than the Conversion Price in effect on the date of, and immediately prior to such issue, for such series of Preferred Stock.

(iii) ***Deemed Issue of Additional Shares of Common.*** In the event the Corporation at any time or from time to time after the date of the filing of this Certificate of Incorporation shall issue any Options or Convertible Securities or shall fix a record date for the determination of holders of any class of securities entitled to receive any such Options or Convertible Securities, then the maximum number of shares (as set forth in the instrument relating thereto without regard to any provisions contained therein for a subsequent adjustment of such number) of Common Stock issuable upon the exercise of such Options or, in the case of Convertible Securities, the conversion or exchange of such Convertible Securities or, in the case of Options for Convertible Securities, the exercise of such Options and the conversion or exchange of the underlying securities, shall be deemed to have been issued as of the time of such issue or, in case such a record date shall have been fixed, as of the close of business on such record date, *provided* that in any such case in which shares are deemed to be issued:

(1) no further adjustment in the Conversion Price of any series of Preferred Stock shall be made upon the subsequent issue of Convertible Securities or shares of Common Stock in connection with the exercise of such Options or conversion or exchange of such Convertible Securities;

(2) if such Options or Convertible Securities by their terms provide, with the passage of time or otherwise, for any change in the consideration payable to the Corporation or in the number of shares of Common Stock issuable upon the exercise, conversion or exchange thereof (other than a change pursuant to the anti-dilution provisions of such Options or Convertible Securities such as this Section 4(d) or pursuant to Recapitalization provisions of such Options or Convertible Securities such as Sections 4(e), 4(f) and 4(g) hereof), the Conversion Price of each series of Preferred Stock and any subsequent adjustments based thereon shall be recomputed to reflect such change as if such change had been in effect as of the original issue thereof (or upon the occurrence of the record date with respect thereto);

(3) no readjustment pursuant to clause (2) above shall have the effect of increasing the Conversion Price of a series of Preferred Stock to an amount above the Conversion Price that would have resulted from any other issuances of Additional Shares of Common and any other adjustments provided for herein between the original adjustment date and such readjustment date;

(4) upon the expiration of any such Options or any rights of conversion or exchange under such Convertible Securities which shall not have been exercised, the Conversion Price of each Series of Preferred Stock computed upon the original issue thereof (or upon the occurrence of a record date with respect thereto) and any subsequent adjustments based thereon shall, upon such expiration, be recomputed as if:

(a) in the case of Convertible Securities or Options for Common Stock, the only Additional Shares of Common issued were the shares of Common Stock, if any, actually issued upon the exercise of such Options or the conversion or exchange of such Convertible Securities and the consideration received therefor was the consideration actually received by the Corporation for the issue of such exercised Options plus the consideration actually received by the Corporation upon such exercise or for the issue of all such Convertible Securities which were actually converted or exchanged, plus the additional consideration, if any, actually received by the Corporation upon such conversion or exchange, and

(b) in the case of Options for Convertible Securities, only the Convertible Securities, if any, actually issued upon the exercise thereof were issued at the time of issue of such Options, and the consideration received by the Corporation for the Additional Shares of Common deemed to have been then issued was the consideration actually received by the Corporation for the issue of such exercised Options, plus the consideration deemed to have been received by the Corporation (determined pursuant to Section 4(d)(v)) upon the issue of the Convertible Securities with respect to which such Options were actually exercised; and

(5) if such record date shall have been fixed and such Options or Convertible Securities are not issued on the date fixed therefor, the adjustment previously made in the Conversion Price which became effective on such record date shall be canceled as of the close of business on such record date, and thereafter the Conversion Price shall be adjusted pursuant to this paragraph 4(d)(iii) as of the actual date of their issuance.

(iv) **Adjustment of Conversion Price Upon Issuance of Additional Shares of Common.** In the event this Corporation shall issue Additional Shares of Common (including Additional Shares of Common deemed to be issued pursuant to paragraph 4(d)(iii)) without consideration or for a consideration per share less than the applicable Conversion Price of a series of Preferred Stock in effect on the date of and immediately prior to such issue, then, the Conversion Price of the affected series of Preferred Stock shall be reduced, concurrently with such issue, to a price (calculated to the nearest cent) determined by multiplying such Conversion Price by a fraction, the numerator of which shall be the number of shares of Common Stock outstanding immediately prior to such issue plus the number of shares which the aggregate consideration received by the Corporation for the total number of Additional Shares of Common so issued would purchase at such Conversion Price, and the denominator of which shall be the number of shares of Common Stock outstanding immediately prior to such issue plus the number of such Additional Shares of Common so issued. Notwithstanding the foregoing, the Conversion Price shall not be reduced at such time if the amount of such reduction would be less than \$0.01, but any such amount shall be carried forward, and a reduction will be made with respect to such amount at the time of, and together with, any subsequent reduction which, together with such amount and any other amounts so carried forward, equal \$0.01 or more in the aggregate. For the purposes of this Subsection 4(d)(iv), all shares of Common Stock issuable upon conversion of all outstanding shares of Preferred Stock and the exercise and/or conversion of any other outstanding Convertible Securities and all outstanding Options shall be deemed to be outstanding.

(v) **Determination of Consideration.** For purposes of this subsection 4(d), the consideration received by the Corporation for the issue (or deemed issue) of any Additional Shares of Common shall be computed as follows:

(1) **Cash and Property.** Such consideration shall:

(a) insofar as it consists of cash, be computed at the aggregate amount of cash received by the Corporation before deducting any reasonable discounts, commissions or other expenses allowed, paid or incurred by the Corporation for any underwriting or otherwise in connection with such issuance;

(b) insofar as it consists of property other than cash, be computed at the fair market value thereof at the time of such issue, as determined in good faith by the Board of Directors; and

(c) in the event Additional Shares of Common are issued together with other shares or securities or other assets of the Corporation for consideration which covers both,

be the proportion of such consideration so received, computed as provided in clauses (a) and (b) above, as reasonably determined in good faith by the Board of Directors.

(2) ***Options and Convertible Securities.*** The consideration per share received by the Corporation for Additional Shares of Common deemed to have been issued pursuant to paragraph 4(d)(iii) shall be determined by dividing

(x) the total amount, if any, received or receivable by the Corporation as consideration for the issue of such Options or Convertible Securities, plus the minimum aggregate amount of additional consideration (as set forth in the instruments relating thereto, without regard to any provision contained therein for a subsequent adjustment of such consideration) payable to the Corporation upon the exercise of such Options or the conversion or exchange of such Convertible Securities, or in the case of Options for Convertible Securities, the exercise of such Options for Convertible Securities and the conversion or exchange of such Convertible Securities by

(y) the maximum number of shares of Common Stock (as set forth in the instruments relating thereto, without regard to any provision contained therein for a subsequent adjustment of such number) issuable upon the exercise of such Options or the conversion or exchange of such Convertible Securities.

(e) ***Adjustments for Subdivisions or Combinations of Common Stock.*** In the event the outstanding shares of Common Stock shall be subdivided (by stock split, by payment of a stock dividend or otherwise), into a greater number of shares of Common Stock, the Conversion Price of each series of Preferred Stock in effect immediately prior to such subdivision shall, concurrently with the effectiveness of such subdivision, be proportionately decreased. In the event the outstanding shares of Common Stock shall be combined (by reclassification or otherwise) into a lesser number of shares of Common Stock, the Conversion Prices in effect immediately prior to such combination shall, concurrently with the effectiveness of such combination, be proportionately increased.

(f) ***Adjustments for Subdivisions or Combinations of Preferred Stock.*** In the event the outstanding shares of Preferred Stock or a series of Preferred Stock shall be subdivided (by stock split, by payment of a stock dividend or otherwise), into a greater number of shares of Preferred Stock, the Dividend Rate, Original Issue Price and Liquidation Preference of the affected series of Preferred Stock in effect immediately prior to such subdivision shall, concurrently with the effectiveness of such subdivision, be proportionately decreased. In the event the outstanding shares of Preferred Stock or a series of Preferred Stock shall be combined (by reclassification or otherwise) into a lesser number of shares of Preferred Stock, the Dividend Rate, Original Issue Price and Liquidation Preference of the affected series of Preferred Stock in effect immediately prior to such combination shall, concurrently with the effectiveness of such combination, be proportionately increased.

(g) ***Adjustments for Reclassification, Exchange and Substitution.*** Subject to Section 3 (“***Liquidation Rights*”**), if the Common Stock issuable upon conversion of the Preferred Stock shall be changed into the same or a different number of shares of any other class or classes of stock, whether by capital reorganization, reclassification or otherwise (other than a subdivision or combination of shares provided for above), then, in any such event, in lieu of the number of shares of Common Stock which the holders would otherwise have been entitled to receive each holder of such Preferred Stock shall have the right thereafter to convert such shares of Preferred Stock into a number of shares of such other class or classes of stock which a holder of the number of shares of Common Stock deliverable upon conversion of such series of Preferred Stock immediately before that change would have been entitled to receive in such reorganization or reclassification, all subject to further adjustment as provided herein with respect to such other shares.

(h) ***Certificate as to Adjustments.*** Upon the occurrence of each adjustment or readjustment of the Conversion Price pursuant to this Section 4, the Corporation at its expense shall promptly compute such adjustment or readjustment in accordance with the terms hereof and furnish to each holder of Preferred Stock a certificate setting forth such adjustment or readjustment and showing in detail the facts upon which such adjustment or readjustment is based. The Corporation shall, upon the written request at any time of any holder of Preferred Stock, furnish or cause to be furnished to such holder a like certificate setting forth (i) such adjustments and readjustments, (ii) the Conversion Price at the time in effect and (iii) the number of shares of Common Stock and the amount, if any, of other property which at the time would be received upon the conversion of Preferred Stock.

(i) ***Waiver of Adjustment of Conversion Price.*** Notwithstanding anything herein to the contrary, any downward adjustment of the Conversion Price of any series of Preferred Stock may be waived by the consent or vote of the holders of the majority of the outstanding shares of such series either before or after the issuance causing the adjustment. Any such waiver shall bind all future holders of shares of such series of Preferred Stock.

(j) ***Notices of Record Date.*** In the event that this Corporation shall propose at any time:

(i) to declare any Distribution upon its Common Stock, whether in cash, property, stock or other securities, whether or not a regular cash dividend and whether or not out of earnings or earned surplus;

(ii) to effect any reclassification or recapitalization of its Common Stock outstanding involving a change in the Common Stock; or

(iii) to voluntarily liquidate or dissolve or to enter into any transaction deemed to be a liquidation, dissolution or winding up of the corporation pursuant to Section 3(d);

then, in connection with each such event, this Corporation shall send to the holders of the Preferred Stock prior written notice of the date on which a record shall be taken for such Distribution (and specifying the date on which the holders of Common Stock shall be entitled thereto and, if applicable, the amount and character of such Distribution ) or for determining rights to vote in respect of the matters referred to in (ii) and (iii) above.

Such written notice shall be given by first class mail (or express courier), postage prepaid, addressed to the holders of Preferred Stock at the address for each such holder as shown on the books of the Corporation and shall be deemed given on the date such notice is mailed.

The notice provisions set forth in this section may be shortened or waived prospectively or retrospectively by the consent or vote of the holders of a majority of the Preferred Stock, voting as a single class and on an as-converted basis.

(k) ***Reservation of Stock Issuable Upon Conversion.*** The Corporation shall at all times reserve and keep available out of its authorized but unissued shares of Common Stock solely for the purpose of effecting the conversion of the shares of the Preferred Stock, such number of its shares of Common Stock as shall from time to time be sufficient to effect the conversion of all then outstanding shares of the Preferred Stock; and if at any time the number of authorized but unissued shares of Common Stock shall not be sufficient to effect the conversion of all then outstanding shares of the Preferred Stock, the Corporation will take such corporate action as may, in the opinion of its counsel, be necessary to increase its authorized but unissued shares of Common Stock to such number of shares as shall be sufficient for such purpose.

5. **Voting.**

(a) ***Restricted Class Voting.*** Except as otherwise expressly provided herein or as required by law, the holders of Preferred Stock and the holders of Common Stock shall vote together and not as separate classes.

(b) ***No Series Voting.*** Other than as provided herein or required by law, there shall be no series voting.

(c) ***Preferred Stock.*** Each holder of Preferred Stock shall be entitled to the number of votes equal to the number of shares of Common Stock into which the shares of Preferred Stock held by such holder could be converted as of the record date. The holders of shares of the Preferred Stock shall be entitled to vote on all matters on which the Common Stock shall be entitled to vote. Holders of Preferred Stock shall be entitled to notice of any stockholders' meeting in accordance with the Bylaws of the Corporation. Fractional votes shall not, however, be permitted and any fractional voting rights resulting from the above formula (after aggregating all shares into which shares of Preferred Stock held by each holder could be converted), shall be disregarded.

(d) ***Election of Directors.*** The Board of Directors shall consist of four members. So long as at least 1,287,267 shares (as adjusted for Recapitalizations) of Preferred Stock remain outstanding, the holders of Preferred Stock, voting as a separate class, shall be entitled to elect one member of the Corporation's Board of Directors at each meeting or pursuant to each consent of the Corporation's stockholders for the election of directors. The holders of Common Stock, voting as a separate class, shall be entitled to elect two members of the Corporation's Board of Directors at each meeting or pursuant to each consent of the Corporation's stockholders for the election of directors. Any additional members of the Corporation's Board of Directors shall be elected by the holders of Common Stock and Preferred Stock, voting together as a single class.

(e) ***Adjustment in Authorized Common Stock.*** The number of authorized shares of Common Stock may be increased or decreased (but not below the number of shares of Common Stock then outstanding) by an affirmative vote of the holders of a majority of the stock of the Corporation.

(f) ***Common Stock.*** Each holder of shares of Common Stock shall be entitled to one vote for each share thereof held.

6. **Redemption.**

(a) At any time after July 24, 2020, and at the election of the holders of at least a majority of the then outstanding shares of Series A Preferred, this Corporation shall redeem, out of funds legally available therefor, all (but not less than all) outstanding shares of Series A Preferred which have not been converted into Common Stock pursuant to Section 4, in equal annual installments (each a "***Redemption Date***"). The Corporation shall redeem the shares of Series A Preferred by paying in cash an amount per share equal to the Original Issue Price for such Series A Preferred, plus an amount equal to all declared and unpaid dividends thereon, whether or not earned (the "***Redemption Price***"). The number of shares of Series A Preferred that the Corporation shall be required under this Section 6 to redeem on any one (1) Redemption Date shall be equal to the amount determined by dividing: (a) the aggregate number of shares of Series A Preferred outstanding immediately prior to the Redemption Date by; (b) the number of remaining Redemption Dates (including the Redemption Date to which such calculation applies). If the funds legally available for redemption of the Series A Preferred shall be insufficient to permit the payment to such holders of the full respective Redemption Prices, the Corporation shall effect such redemption *pro rata* among the holders of the Series A Preferred so that each holder of Series A Preferred shall receive a redemption payment equal to a

fraction of the aggregate amount available for redemption, the numerator of which is the number of shares of Series A Preferred held by such holder with each number multiplied by the Redemption Price of each share of Series A Preferred held by such holder, and the denominator of which is the number of shares of Series A Preferred outstanding multiplied by the Redemption Price of each such outstanding share of Series A Preferred.

(b) Any redemption effected pursuant to Section 6(a) shall be made on a *pro rata* basis among the holders of the Series A Preferred in proportion to the shares of Series A Preferred then held by them.

(c) At least fifteen (15), but no more than thirty (30) days prior to each Redemption Date, written notice shall be mailed, first class postage prepaid, to each holder of record (at the close of business on the business day next preceding the day on which notice is given) of the Preferred Stock to be redeemed, at the address last shown on the records of the Corporation for such holder, notifying such holder of the redemption to be effected, specifying the number of shares to be redeemed from such holder, the Redemption Date, the Redemption Price, the place at which payment may be obtained and calling upon such holder to surrender to the Corporation, in the manner and at the place designated, the holder's certificate or certificates representing the shares to be redeemed (the "**Redemption Notice**"). Except as provided herein, on or after the Redemption Date each holder of Preferred Stock to be redeemed shall surrender to this Corporation the certificate or certificates representing such shares, in the manner and at the place designated in the Redemption Notice, and thereupon the Redemption Price of such shares shall be payable to the order of the person whose name appears on such certificate or certificates as the owner thereof and each surrendered certificate shall be cancelled. In the event less than all the shares represented by any such certificate are redeemed, a new certificate shall be issued representing the unredeemed shares.

(d) From and after the applicable Redemption Date, unless there shall have been a default in payment of the Redemption Price, all rights of the holders of shares of Preferred Stock designated for redemption in the Redemption Notice as holders of Preferred Stock (except the right to receive the Redemption Price without interest upon surrender of their certificate or certificates) shall cease with respect to the shares designated for redemption on such date, and such shares shall not thereafter be transferred on the books of the Corporation or be deemed to be outstanding for any purpose whatsoever. If the funds of the Corporation legally available for redemption of shares of Preferred Stock on any Redemption Date are insufficient to redeem the total number of shares of Preferred Stock to be redeemed on such date, those funds which are legally available will be used to redeem the maximum possible number of such shares ratably among the holders of such shares to be redeemed based upon their holdings of Preferred Stock. The shares of Preferred Stock not redeemed shall remain outstanding and entitled to all the rights and preferences provided herein. At any time thereafter when additional funds of the Corporation are legally available for the redemption of shares of Preferred Stock such funds will immediately be used to redeem the balance of the shares which the Corporation has become obliged to redeem on any Redemption Date, but which it has not redeemed.

(e) On or prior to each Redemption Date, the Corporation may deposit the Redemption Price of all shares of Preferred Stock designated for redemption in the Redemption Notice and not yet redeemed with a bank or trust corporation having aggregate capital and surplus in excess of \$100,000,000, as a trust fund for the benefit of the respective holders of the shares designated for redemption and not yet redeemed, with irrevocable instructions and authority to the bank or trust corporation to pay the Redemption Price for such shares to their respective holders on or after the Redemption Date upon receipt of notification from the Corporation that such holder has surrendered a share certificate to the Corporation pursuant to Section 6(c). As of the Redemption Date, the deposit shall constitute full payment of the shares to their holders, and from and after the Redemption Date the shares so called for redemption shall be redeemed and shall be deemed to be no longer outstanding, and the holders thereof shall cease to be stockholders with

respect to such shares and shall have no rights with respect thereto except the right to receive from the bank or trust corporation payment of the Redemption Price of the shares, without interest, upon surrender of their certificates therefor. Such instructions shall also provide that any moneys deposited by the Corporation pursuant to this Section 6(e) for the redemption of shares thereafter converted into shares of the Corporation's Common Stock pursuant to Section 4 prior to the Redemption Date shall be returned to the Corporation forthwith upon such conversion. The balance of any moneys deposited by the Corporation pursuant to this Section 6(e) remaining unclaimed at the expiration of two (2) years following the Redemption Date shall thereafter be returned to the Corporation upon its request expressed in a resolution of its Board of Directors.

7. **Amendments and Changes.** As long as any of the Preferred Stock shall be issued and outstanding, the Corporation shall not, without first obtaining the approval (by vote or written consent as provided by law) of the holders of more than 50% of the outstanding shares of the Preferred Stock (in addition to any other vote required by law or the Certificate of Incorporation or bylaws):

(a) amend, alter or repeal any provision of the Certificate of Incorporation of the Corporation) if such action would adversely alter the rights, preferences, privileges or powers of, or restrictions provided for the benefit of the Preferred Stock or any series thereof;

(b) increase or decrease (other than for decreases resulting from conversion of the Preferred Stock) the authorized number of shares of Preferred Stock or any series thereof;

(c) authorize or create (by reclassification, merger or otherwise) any new class or series of equity security having rights, preferences or privileges with respect to dividends, redemption or payments upon liquidation senior to any series of Preferred Stock;

(d) enter into any transaction or series of related transactions deemed to be a liquidation, dissolution or winding up of the Corporation pursuant to Section 3(d);

(e) authorize a merger, acquisition or sale of substantially all of the assets of the Corporation or any of its subsidiaries (other than a merger exclusively to effect a change of domicile of the Corporation);

(f) voluntarily liquidate or dissolve;

(g) encumber or grant a security interest in all or substantially all of the assets of the Corporation in connection with an indebtedness of the Corporation;

(h) declare or pay any Distribution with respect to the Preferred Stock (other than as set forth in Section 6 or Common Stock of the Corporation);

(i) amend this Section 7.

8. **Reissuance of Preferred Stock.** In the event that any shares of Preferred Stock shall be converted pursuant to Section 4, redeemed pursuant to Section 6 or otherwise repurchased by the Corporation, the shares so converted, redeemed or repurchased shall be cancelled and shall not be issuable by this Corporation.

9. **Notices.** Any notice required by the provisions of this ARTICLE VI to be given to the holders of Preferred Stock shall be deemed given if deposited in the United States mail, postage prepaid, and addressed to each holder of record at such holder's address appearing on the books of the Corporation.

## ARTICLE VII

The Corporation is to have perpetual existence.

## ARTICLE VIII

Elections of directors need not be by written ballot unless the Bylaws of the Corporation shall so provide.

## ARTICLE IX

Unless otherwise set forth herein, the number of directors that constitute the Board of Directors of the Corporation shall be fixed by, or in the manner provided in, the Bylaws of the Corporation.

## ARTICLE X

In furtherance and not in limitation of the powers conferred by statute, the Board of Directors of the Corporation is expressly authorized to adopt, amend or repeal the Bylaws of the Corporation.

## ARTICLE XI

1. To the fullest extent permitted by the Delaware General Corporation Law as the same exists or as may hereafter be amended, a director of the Corporation shall not be personally liable to the Corporation or its stockholders for monetary damages for a breach of fiduciary duty as a director. If the Delaware General Corporation Law is amended to authorize corporate action further eliminating or limiting the personal liability of directors, then the liability of a director of the Corporation shall be eliminated or limited to the fullest extent permitted by the Delaware General Corporation Law, as so amended. Neither any amendment nor repeal of this Section 1, nor the adoption of any provision of this Corporation's Certificate of Incorporation inconsistent with this Section 1, shall eliminate or reduce the effect of this Section 1, in respect of any matter occurring, or any action or proceeding accruing or arising or that, but for this Section 1, would accrue or arise, prior to such amendment, repeal or adoption of an inconsistent provision.

2. The Corporation shall have the power to indemnify, to the extent permitted by the Delaware General Corporation Law, as it presently exists or may hereafter be amended from time to time, any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (a "***Proceeding***") by reason of the fact that he or she is or was a director, officer, employee or agent of the Corporation or is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, including service with respect to employee benefit plans, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with any such Proceeding. A right to indemnification or to advancement of expenses arising under a provision of this Certificate of Incorporation or a bylaw of the Corporation shall not be eliminated or impaired by an amendment to this Certificate of Incorporation or the Bylaws of the Corporation after the occurrence of the act or omission that is the subject of the civil, criminal, administrative or investigative action, suit or proceeding for which indemnification or advancement of expenses is sought, unless the provision in effect at the time of such act or omission explicitly authorizes such elimination or impairment after such action or omission has occurred.

## **ARTICLE XII**

Meetings of stockholders may be held within or without the State of Delaware, as the Bylaws may provide. The books of the Corporation may be kept (subject to any provision contained in the statutes) outside of the State of Delaware at such place or places as may be designated from time to time by the Board of Directors or in the Bylaws of the Corporation.

I, the undersigned, as the sole incorporator of the Company, have signed this Certificate of Incorporation on July 24, 2015.

### SERIES B PREFERRED STOCK PURCHASE AGREEMENT

This Series B Preferred Stock Purchase Agreement (this “**Agreement**”) is dated as of April \_\_, 2018, and is between Sweat Cosmetics, Inc., a Delaware corporation (the “**Company**”), and the persons and entities (each, an “**Investor**” and collectively, the “**Investors**”) listed on the Schedule of Investors attached as Exhibit A (the “**Schedule of Investors**”).

#### SECTION 1

##### AUTHORIZATION, SALE AND ISSUANCE

**1.1 Authorization.** The Company will, prior to the Initial Closing (as defined below), authorize (a) the sale and issuance of up to 1,904,761 shares (the “**Shares**”) of the Company’s Series B Preferred Stock, par value \$0.001 per share (the “**Series B Preferred**”), having the rights, privileges, preferences and restrictions set forth in the amended certificate of incorporation of the Company, in substantially the form of Exhibit B (the “**Amended Certificate**”); and (b) the reservation of shares of Common Stock for issuance upon conversion of the Shares (the “**Conversion Shares**”).

**1.2 Sale and Issuance of Shares.** Subject to the terms and conditions of this Agreement, each Investor agrees, severally and not jointly, to purchase, and the Company agrees to sell and issue to each Investor, the number of Shares set forth in the column designated “Number of Series B Shares” opposite such Investor’s name on the Schedule of Investors, at a cash purchase price of \$0.42 per share (the “**Purchase Price**”). The Company’s agreement with each Investor is a separate agreement, and the sale and issuance of the Shares to each Investor is a separate sale and issuance.

#### SECTION 2

##### CLOSING DATES AND DELIVERY

###### **2.1 Closing.**

(a) The purchase, sale and issuance of the Shares shall take place at one or more closings (each of which is referred to in this Agreement as a “**Closing**”). The initial Closing (the “**Initial Closing**”) shall take place at the offices of Husch Blackwell LLP, 1801 Wewatta Street, Suite 1000, Denver, Colorado 80202, at 10:00 a.m. local time on April \_\_, 2018, or such other date as the Company determines in its sole discretion.

(b) If less than all of the Shares are sold and issued at the Initial Closing, then, subject to the terms and conditions of this Agreement, the Company may sell and issue at one or more subsequent closings (each, a “**Subsequent Closing**”), within 120 days after the Initial Closing, (i) up to the balance of the unissued Shares to such persons or entities as may be approved by the Company in its sole discretion. Any such sale and issuance in a Subsequent Closing shall be on the same terms and conditions as those contained herein, and such persons or entities shall, upon execution and delivery of the relevant signature pages, become parties to, and be bound by, this Agreement, and the following agreements also entered into previously by the those shareholders who purchased Series A Preferred Shares including: the Investors’ Rights Agreement in substantially the form of Exhibit C (the “**Rights Agreement**”), and the Right of First Refusal and Co-Sale Agreement in substantially the form of Exhibit D (the “**Right of First Refusal and Co-Sale Agreement**,” and together with this Agreement, and the Rights Agreement, the “**Agreements**”), without the need for an

amendment to any of the Agreements except to add such person's or entity's name to the appropriate exhibit to such Agreements, and shall have the rights and obligations hereunder and thereunder, in each case as of the date of the applicable Subsequent Closing. Each Subsequent Closing shall take place at such date, time and place as shall be approved by the Company in its sole discretion.

(c) Immediately after each Closing, the Schedule of Investors will be amended to list the Investors purchasing Shares hereunder and the number of Shares issued to each Investor hereunder at each such Closing. The Company will furnish to each Investor copies of the amendments to the Schedule of Investors referred to in the preceding sentence.

**2.2 Delivery.** At each Closing, the Company will deliver to each Investor in such Closing a certificate registered in such Investor's name representing the number of Shares that such Investor is purchasing in such Closing against payment of the purchase price therefor as set forth in the column designated "Purchase Price" opposite such Investor's name on the Schedule of Investors, by (a) check payable to the Company, (b) wire transfer in accordance with the Company's instructions, (c) cancellation of indebtedness or (d) any combination of the foregoing. In the event that payment by an Investor is made, in whole or in part, by cancellation of indebtedness, then such Investor shall surrender to the Company for cancellation at the Closing any evidence of indebtedness or shall execute an instrument of cancellation in form and substance acceptable to the Company.

### SECTION 3

#### REPRESENTATIONS AND WARRANTIES OF THE COMPANY

A Schedule of Exceptions, attached as Exhibit E (each, a "*Schedule of Exceptions*"), shall be delivered to the Investors in connection with each Closing. Except as set forth on the Schedule of Exceptions delivered to the Investor at the applicable Closing, the Company hereby represents and warrants to the Investors as follows:

**3.1 Organization, Good Standing and Qualification.** The Company is a corporation duly organized, validly existing and in good standing under the laws of the State of Delaware. The Company has the requisite corporate power and authority to own and operate its properties and assets, to carry on its business as presently conducted, to execute and deliver the Agreements, to issue and sell the Shares and the Conversion Shares and to perform its obligations pursuant to the Agreements and the Amended Certificate. The Company is presently qualified to do business as a foreign corporation in each jurisdiction where the failure to be so qualified could reasonably be expected to have a material adverse effect on the Company's financial condition or business as now conducted (a "*Material Adverse Effect*").

**3.2 Subsidiaries.** The Company does not own or control, directly or indirectly, any interest in any corporation, partnership, limited liability company, association or other business entity.

**3.3 Capitalization.** Immediately prior to the Initial Closing, the authorized capital stock of the Company will consist of:

(a) 16,000,000 shares of Common Stock, of which 10,000,000 shares are issued and outstanding and 2,603,535 of which are authorized for issuance upon conversion of the Series A Preferred; and

(b) 2,603,535 shares of Preferred Stock, all of which are designated Series A Preferred and 2,603,306 of which are issued and outstanding.

(c) Up to 1,904,761 shares of Preferred Stock, all of which are designated Series B Preferred and none of which are issued and outstanding. The Common Stock, the Series A Preferred, and the Series B Preferred shall have the rights preferences privileges and restrictions set forth in the Amended Certificate.

(d) The outstanding shares have been duly authorized and validly issued in compliance with applicable laws, and are fully paid and nonassessable. The Company has a right of first refusal over transfers of all outstanding shares of Common Stock.

(e) The Company has reserved:

(i) the Shares for issuance pursuant to this Agreement;

(ii) shares of Common Stock (as may be adjusted in accordance with the provisions of the Amended Certificate) for issuance upon conversion of the Shares; and

(iii) 2,857,142 shares of Common Stock authorized for issuance to employees, consultants and directors pursuant to its 2015 Stock Plan and none of which are issued and outstanding as of the date of this Agreement.

(f) The Shares, when issued and delivered and paid for in compliance with the provisions of this Agreement, will be validly issued, fully paid and nonassessable. The Conversion Shares have been duly and validly reserved and, when issued in compliance with the provisions of this Agreement, the Amended Certificate and applicable law will be validly issued, fully paid and nonassessable. The Shares and the Conversion Shares will be free of any liens or encumbrances, other than any liens or encumbrances created by or imposed upon the Investors; *provided, however*, that the Shares and the Conversion Shares are subject to restrictions on transfer under U.S. state and/or federal securities laws and as set forth herein and in the Rights Agreement. Except as set forth in the Rights Agreement, the Shares and the Conversion Shares are not subject to any preemptive rights or rights of first refusal.

(g) Except for the conversion privileges of the Series B Preferred, the rights provided pursuant to the Rights Agreement and the Right of First Refusal and Co-Sale Agreement or as otherwise described in this Agreement including as set forth on the Schedule of Exceptions, there are no options, warrants or other rights to purchase any of the Company's authorized and unissued capital stock.

**3.4 Authorization.** All corporate action on the part of the Company and its directors, officers and stockholders necessary for the authorization, execution and delivery of the Agreements by the Company, the authorization, sale, issuance and delivery of the Shares and the Conversion Shares, and the performance of all of the Company's obligations under the Agreements has been taken or will be taken prior to the Initial Closing. The Agreements, when executed and delivered by the Company, shall constitute valid and binding obligations of the Company, enforceable in accordance with their terms, except (i) as limited by laws of general application relating to bankruptcy, insolvency and the relief of debtors, (ii) as limited by rules of law governing specific performance, injunctive relief or other equitable remedies and by general principles of equity, and (iii) to the extent the indemnification provisions contained in the Rights Agreement may further be limited by applicable laws and principles of public policy.

**3.5 Material Contracts.** All of the Company's agreements and contracts in effect as of the date of this Agreement with a value in excess of \$50,000 and all other contracts deemed material by the Company are as set forth in the Schedule of Exceptions (the "**Material Contracts**"). The Company is not in material breach of any of the Material Contracts. The Material Contracts are, to the Company's knowledge, valid, binding and in full force and effect in all material respects, subject to the laws of general application relating

to bankruptcy, insolvency and the relief of debtors and the rules of law governing specific performance, injunctive relief and other equitable remedies.

**3.6 Intellectual Property.** To the knowledge of the Company (without having conducted any special investigation or patent search), the Company owns or possesses or can obtain on commercially reasonable terms sufficient legal rights to all patents, trademarks, service marks, trade names, copyrights, trade secrets, licenses (software or otherwise), information, processes and similar proprietary rights (“*Intellectual Property*”) necessary to the business of the Company as presently conducted, the lack of which could reasonably be expected to have a material adverse effect on the Company’s financial condition or business as currently conducted (“*Material Adverse Effect*”). Except for agreements with its own employees or consultants, standard end-user license agreements, support/maintenance agreements and agreements entered in the ordinary course of the Company’s business, there are no outstanding options, licenses or agreements relating to the Intellectual Property, and the Company is not bound by or a party to any options, licenses or agreements with respect to the Intellectual Property of any other person or entity. The Company has not received any written communication alleging that the Company has violated any of the Intellectual Property of any other person or entity.

**3.7 Proprietary Information and Invention Assignment.** Each technical and senior managerial employee of the Company, including each founder identified in Exhibit B of the Right of First Refusal and Co-Sale Agreement, has executed a confidential information and invention assignment agreement. To the knowledge of the Company, no such person is in violation of such confidential information and invention assignment agreement.

**3.8 Title to Properties and Assets; Liens.** The Company has good and marketable title to its properties and assets, and has good title to all its leasehold interests, in each case subject to no material mortgage, pledge, lien, lease, encumbrance or charge, other than (i) liens for current taxes not yet due and payable, (ii) liens imposed by law and incurred in the ordinary course of business for obligations not past due, (iii) liens in respect of pledges or deposits under workers’ compensation laws or similar legislation, and (iv) liens, encumbrances and defects in title which do not in any case materially detract from the value of the property subject thereto or have a Material Adverse Effect, and which have not arisen otherwise than in the ordinary course of business.

**3.9 Compliance with Other Instruments.** The Company is not in violation of any material term of its Certificate of incorporation or bylaws, each as amended to date, or, to the Company’s knowledge, in any material respect of any term or provision of any material mortgage, indebtedness, indenture, contract, agreement, instrument, judgment, order or decree to which it is party or by which it is bound which would have a Material Adverse Effect. To the Company’s knowledge, the Company is not in violation of any federal or state statute, rule or regulation applicable to the Company the violation of which would have a Material Adverse Effect. The execution and delivery of the Agreements by the Company, the performance by the Company of its obligations pursuant to the Agreements, and the issuance of the Shares, and the Conversion Shares, will not result in any material violation of, or materially conflict with, or constitute a material default under, the Company’s Certificate of incorporation or bylaws, each as amended to date.

**3.10 Litigation.** There is no pending action, suit, proceeding, arbitration, mediation, complaint, claim, charge or investigation before any court, arbitrator, mediator or governmental body or, to the Company’s knowledge, currently threatened in writing (a) against the Company or (b) against any consultant, officer, director or key employee of the Company arising out of his or her consulting, employment or board relationship with the Company or that could otherwise materially impact the Company.

**3.11 Registration and Voting Rights.** Except as set forth in the Rights Agreement, the Company is presently not under any obligation and has not granted any rights to register under the Securities Act any of its presently outstanding securities or any of its securities that may hereafter be issued.

**3.12 Tax Returns and Payments.** The Company has timely filed all tax returns required to be filed by it with appropriate federal, state and local governmental agencies, except where the failure to do so would not have a Material Adverse Effect. These returns and reports are true and correct in all material respects. All taxes shown to be due and payable on such returns, any assessments imposed, and, to the Company's knowledge, all other taxes due and payable by the Company on or before the Initial Closing have been paid or will be paid prior to the time they become delinquent.

## SECTION 4

### REPRESENTATIONS AND WARRANTIES OF THE INVESTORS

Each Investor hereby, severally and not jointly, represents and warrants to the Company as follows:

**4.1 No Registration.** The Investor understands that the Shares and the Conversion Shares, have not been, and will not be, registered under the Securities Act by reason of a specific exemption from the registration provisions of the Securities Act, the availability of which depends upon, among other things, the bona fide nature of the investment intent and the accuracy of the Investor's representations as expressed herein or otherwise made pursuant hereto.

**4.2 Investment Intent.** The Investor is acquiring the Shares, and the Conversion Shares, for investment for its own account, not as a nominee or agent, and not with the view to, or for resale in connection with, any distribution thereof, and that the Investor has no present intention of selling, granting any participation in, or otherwise distributing the same. The Investor further represents that it does not have any contract, undertaking, agreement or arrangement with any person or entity to sell, transfer or grant participation to such person or entity or to any third person or entity with respect to any of the Shares or the Conversion Shares.

**4.3 Investment Experience.** The Investor has substantial experience in evaluating and investing in private placement transactions of securities in companies similar to the Company and acknowledges that the Investor can protect its own interests. The Investor has such knowledge and experience in financial and business matters so that the Investor is capable of evaluating the merits and risks of its investment in the Company.

**4.4 Speculative Nature of Investment.** The Investor understands and acknowledges that the Company has a limited financial and operating history and that an investment in the Company is highly speculative and involves substantial risks. The Investor can bear the economic risk of the Investor's investment and is able, without impairing the Investor's financial condition, to hold the Shares and the Conversion Shares for an indefinite period of time and to suffer a complete loss of the Investor's investment.

**4.5 Access to Data.** The Investor has had an opportunity to ask questions of, and receive answers from, the officers of the Company concerning the Agreements, the exhibits and schedules attached hereto and thereto and the transactions contemplated by the Agreements, as well as the Company's business, management and financial affairs, which questions were answered to its satisfaction. The Investor believes that it has received all the information the Investor considers necessary or appropriate for deciding whether to purchase the Shares and the Conversion Shares. The Investor understands that such discussions, as well as any information issued by the Company, were intended to describe certain aspects of the Company's business and prospects, but were not necessarily a thorough or exhaustive description. The Investor acknowledges that

any business plans prepared by the Company have been, and continue to be, subject to change and that any projections included in such business plans or otherwise are necessarily speculative in nature, and it can be expected that some or all of the assumptions underlying the projections will not materialize or will vary significantly from actual results. The Investor also acknowledges that it is relying solely on its own counsel and not on any statements or representations of the Company or its agents for legal advice with respect to this investment or the transactions contemplated by the Agreements.

**Restricted Securities.** The Investor understands that the shares of Series B Preferred Stock have not been, and will not be, registered under the Securities Act, by reason of a specific exemption from the registration provisions of the Securities Act which depends upon, among other things, the bona fide nature of the investment intent and the accuracy of the Investor's representations as expressed herein. The Investor understands that the shares of Series B Preferred Stock are "restricted securities" under applicable United States federal and state securities laws and that, pursuant to these laws, the Investor must hold the shares of Series B Preferred Stock indefinitely unless they are registered with the Securities and Exchange Commission and qualified by state authorities or an exemption from such registration and qualification requirements is available. The Investor acknowledges that the Company has no obligation to register or qualify the shares of Series B Preferred Stock, or the Common Stock into which it may be converted, for resale. The Investor further acknowledges that if an exemption from registration or qualification is available, it may be conditioned on various requirements including, but not limited to, the time and manner of sale, the holding period for the shares of Series B Preferred Stock, and on requirements relating to the Company which are outside of the Purchaser's control, and which the Company is under no obligation and may not be able to satisfy.

**4.7 Residency.** The residency of the Investor (or, in the case of a partnership or corporation, such entity's principal place of business) is correctly set forth on the Schedule of Investors.

**4.8 Rule 144.** The Investor acknowledges that the Shares and the Conversion Shares must be held indefinitely unless subsequently registered under the Securities Act or an exemption from such registration is available. The Investor is aware of the provisions of Rule 144 promulgated under the Securities Act which permit resale of shares purchased in a private placement subject to the satisfaction of certain conditions, which may include, among other things, the availability of certain current public information about the Company; the resale occurring not less than a specified period after a party has purchased and paid for the security to be sold; the number of shares being sold during any three-month period not exceeding specified limitations; the sale being effected through a "brokers' transaction," a transaction directly with a "market maker" or a "riskless principal transaction" (as those terms are defined in the Securities Act or the Securities Exchange Act of 1934, as amended, and the rules and regulations promulgated thereunder); and the filing of a Form 144 notice, if applicable. The Investor understands that the current public information referred to above is not now available and the Company has no present plans to make such information available. The Investor acknowledges and understands that notwithstanding any obligation under the Rights Agreement, the Company may not be satisfying the current public information requirement of Rule 144 at the time the Investor wishes to sell the Shares or the Conversion Shares, and that, in such event, the Investor may be precluded from selling such securities under Rule 144, even if the other applicable requirements of Rule 144 have been satisfied. The Investor acknowledges that, in the event the applicable requirements of Rule 144 are not met, registration under the Securities Act or an exemption from registration will be required for any disposition of the Shares or the underlying Common Stock. The Investor understands that, although Rule 144 is not exclusive, the Securities and Exchange Commission has expressed its opinion that persons proposing to sell restricted securities received in a private offering other than in a registered offering or pursuant to Rule 144 will have a substantial burden of proof in establishing that an exemption from registration is available for such offers or sales and that such persons and the brokers who participate in the transactions do so at their own risk.

**4.9 No Public Market.** The Investor understands and acknowledges that no public market now exists for any of the securities issued by the Company and that the Company has made no assurances that a public market will ever exist for the Company's securities.

**4.10 Authorization.**

(a) The Investor has all requisite power and authority to execute and deliver the Agreements, to purchase the Shares hereunder and to carry out and perform its obligations under the terms of the Agreements. All action on the part of the Investor necessary for the authorization, execution, delivery and performance of the Agreements, and the performance of all of the Investor's obligations under the Agreements, has been taken or will be taken prior to the Closing.

(b) The Agreements, when executed and delivered by the Investor, will constitute valid and legally binding obligations of the Investor, enforceable in accordance with their terms except: (i) to the extent that the indemnification provisions contained in the Rights Agreement may be limited by applicable law and principles of public policy, (ii) as limited by applicable bankruptcy, insolvency, reorganization, moratorium and other laws of general application affecting enforcement of creditors' rights generally, and (iii) as limited by laws relating to the availability of specific performance, injunctive relief or other equitable remedies or by general principles of equity.

(c) No consent, approval, authorization, order, filing, registration or qualification of or with any court, governmental authority or third person is required to be obtained by the Investor in connection with the execution and delivery of the Agreements by the Investor or the performance of the Investor's obligations hereunder or thereunder.

**4.11 Brokers or Finders.** The Investor has not engaged any brokers, finders or agents, and neither the Company nor any other Investor has, nor will, incur, directly or indirectly, as a result of any action taken by the Investor, any liability for brokerage or finders' fees or agents' commissions or any similar charges in connection with the Agreements.

**4.12 Tax Advisors.** The Investor has reviewed with its own tax advisors the U.S. federal, state, local and foreign tax consequences of this investment and the transactions contemplated by the Agreements. With respect to such matters, the Investor relies solely on such advisors and not on any statements or representations of the Company or any of its agents, written or oral. The Investor understands that it (and not the Company) shall be responsible for its own tax liability that may arise as a result of this investment or the transactions contemplated by the Agreements.

**4.13 Legends.** The Investor understands and agrees that the certificates evidencing the Shares or the Conversion Shares, or any other securities issued in respect of the Shares or the Conversion Shares upon any stock split, stock dividend, recapitalization, merger, consolidation or similar event, shall bear the following legend (in addition to any legend required by the Rights Agreement or under applicable state securities laws):

“THE SECURITIES REPRESENTED BY THIS CERTIFICATE HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR THE SECURITIES LAWS OF ANY STATE, AND MAY NOT BE SOLD, TRANSFERRED, ASSIGNED, PLEDGED OR HYPOTHECATED UNLESS AND UNTIL REGISTERED UNDER SUCH ACT AND/OR APPLICABLE STATE SECURITIES LAWS, OR UNLESS THE COMPANY HAS RECEIVED AN OPINION OF COUNSEL OR OTHER

EVIDENCE, REASONABLY SATISFACTORY TO THE COMPANY AND ITS COUNSEL, THAT SUCH REGISTRATION IS NOT REQUIRED.”

## SECTION 5

### MISCELLANEOUS

**7.1 Amendment.** Except as expressly provided herein, neither this Agreement nor any term hereof may be amended, waived, discharged or terminated other than by a written instrument referencing this Agreement and signed by the Company and the Investors holding a majority of the Common Stock issued or issuable upon conversion of the Shares issued pursuant to this Agreement (excluding any of such shares that have been sold to the public or pursuant to Rule 144); *provided, however*, that Investors purchasing shares in a Closing after the Initial Closing may become parties to this Agreement in accordance with Section 2.1 without any amendment of this Agreement pursuant to this paragraph or any consent or approval of any other Investor; and *provided, further*, that if any amendment, waiver, discharge or termination operates in a manner that treats any Investor different from other Investors, the consent of such Investor shall also be required for such amendment, waiver, discharge or termination. Any such amendment, waiver, discharge or termination effected in accordance with this paragraph shall be binding upon each holder of any securities purchased under this Agreement at the time outstanding (including securities into which such securities have been converted or exchanged or for which such securities have been exercised) and each future holder of all such securities. Each Investor acknowledges that by the operation of this paragraph, the holders of a majority of the Common Stock issued or issuable upon conversion of the Shares issued pursuant to this Agreement (excluding any of such shares that have been sold to the public or pursuant to Rule 144) will have the right and power to diminish or eliminate all rights of such Investor under this Agreement.

**7.2 Notices.** All notices and other communications required or permitted hereunder shall be in writing and shall be mailed by registered or certified mail, postage prepaid, sent by facsimile or electronic mail or otherwise delivered by hand, messenger or courier service addressed:

(c) if to the Company, to the attention of the Chief Executive Officer or Chief Financial Officer of the Company at 1260 South Steele Street, Denver, Colorado 80210, or at such other current address as the Company shall have furnished to the Investors, with a copy (which shall not constitute notice) to Charles S. Gass, 1801 Wewatta Street, Suite 1000, Denver, Colorado 80202.

No party shall be liable or bound to any other party in any manner with regard to the subjects hereof or thereof by any warranties, representations or covenants except as specifically set forth herein or therein.

**7.7 Delays or Omissions.** Except as expressly provided herein, no delay or omission to exercise any right, power or remedy accruing to any party to this Agreement upon any breach or default of any other party under this Agreement shall impair any such right, power or remedy of such non-defaulting party, nor shall it be construed to be a waiver of any such breach or default, or an acquiescence therein, or of or in any similar breach or default thereafter occurring, nor shall any waiver of any single breach or default be deemed a waiver of any other breach or default theretofore or thereafter occurring. Any waiver, permit, consent or approval of any kind or character on the part of any party of any breach or default under this Agreement, or any waiver on the part of any party of any provisions or conditions of this Agreement, must be in writing and

shall be effective only to the extent specifically set forth in such writing. All remedies, either under this Agreement or by law or otherwise afforded to any party to this Agreement, shall be cumulative and not alternative.

The balance of this Agreement shall be enforceable in accordance with its terms.

**7.11 Telecopy Execution and Delivery.** A facsimile, telecopy or other reproduction of this Agreement may be executed by one or more parties hereto and delivered by such party by facsimile or any similar electronic transmission device pursuant to which the signature of or on behalf of such party can be seen. Such execution and delivery shall be considered valid, binding and effective for all purposes. At the request of any party hereto, all parties hereto agree to execute and deliver an original of this Agreement as well as any facsimile, telecopy or other reproduction hereof.

and

(ii) as soon as practicable, file and use its commercially reasonable efforts to effect such registration (including, without limitation, filing post-effective amendments, appropriate qualifications under applicable blue sky or other state securities laws, and appropriate compliance with the Securities Act) and to permit or facilitate the sale and distribution of all or such portion of such Registrable Securities as are specified in such request, together with all or such portion of the Registrable Securities of any Holder or Holders joining in such request as are specified in a written request received by the Company within twenty (20) days after such written notice from the Company is mailed or delivered.

(b) **Limitations on Requested Registration.** The Company shall not be obligated to effect, or to take any action to effect, any such registration pursuant to this Section 2.1:

(i) Prior to the earlier of (A) the five (5) year anniversary of the date of this Agreement or (B) one hundred eighty (180) days following the effective date of the first registration statement filed by the Company covering an underwritten offering of any of its securities to the general public (or the subsequent date on which all market stand-off agreements applicable to the offering have terminated);

(ii) If the Initiating Holders, together with the holders of any other securities of the Company entitled to inclusion in such registration statement, propose to sell Registrable Securities and such other securities (if any) at an aggregate offering price, net of underwriters’ discounts and expenses, of less than \$10.00 per share of Common Stock (as adjusted for any stock dividends, combinations or splits with

respect to such shares) and the aggregate proceeds of which (after deduction for underwriter's discounts and expenses related to the issuance) are less than \$20,000,000;

(iii) In any particular jurisdiction in which the Company would be required to execute a general consent to service of process in effecting such registration, qualification, or compliance, unless the Company is already subject to service in such jurisdiction and except as may be required by the Securities Act;

(iv) After the Company has initiated two such registrations pursuant to this Section 2.1;

(v) During the period starting with the date sixty (60) days prior to the Company's good faith estimate of the date of filing of, and ending on a date one hundred eighty (180) days after the effective date of, a Company-initiated registration (or ending on the subsequent date on which all market stand-off agreements applicable to the offering have terminated); *provided* that the Company is actively employing in good faith commercially reasonable efforts to cause such registration statement to become effective; or

(vi) If the Initiating Holders propose to dispose of shares of Registrable Securities that may be registered on Form S-3 pursuant to a request made under Section 2.3.

(c) **Deferral.** If (i) in the good faith judgment of the board of directors of the Company, the filing of a registration statement covering the Registrable Securities would be detrimental to the Company and the board of directors of the Company concludes, as a result, that it is in the best interests of the Company to defer the filing of such registration statement at such time, and (ii) the Company shall furnish to such Holders a certificate signed by the President of the Company stating that in the good faith judgment of the board of directors of the Company, it would be detrimental to the Company for such registration statement to be filed in the near future and that it is, therefore, in the best interests of the Company to defer the filing of such registration statement, then (in addition to the limitations set forth in Section 2.1(b)(v) above) the Company shall have the right to defer such filing for a period of not more than one hundred eighty (180) days after receipt of the request of the Initiating Holders, and, provided further, that the Company shall not defer its obligation in this manner more than twice in any twelve-month period.

(d) **Underwriting.** If the Initiating Holders intend to distribute the Registrable Securities covered by their request by means of an underwriting, they shall so advise the Company as a part of their request made pursuant to this Section 2.1 and the Company shall include such information in the written notice given pursuant to Section 2.1(a)(i). In such event, the right of any Holder to include all or any portion of its Registrable Securities in a registration pursuant to this Section 2.1 shall be conditioned upon such Holder's participation in an underwriting and the inclusion of such Holder's Registrable Securities to the extent provided herein. If the Company shall request inclusion in any registration pursuant to Section 2.1 of securities being sold for its own account, or if other persons shall request inclusion in any registration pursuant to Section 2.1, the Initiating Holders shall, on behalf of all Holders, offer to include such securities in the underwriting and such offer shall be conditioned upon the participation of the Company or such other persons in such underwriting and the inclusion of the Company's and such person's other securities of the Company and their acceptance of the further applicable provisions of this Section 2 (including Section 2.10). The Company shall (together with all Holders proposing to distribute their securities through such underwriting) enter into an underwriting agreement in customary form with the representative of the underwriter or underwriters selected for such underwriting by the Company, which underwriters are reasonably acceptable to a majority-in-interest of the Initiating Holders.

Notwithstanding any other provision of this Section 2.1, if the underwriters advise the Initiating Holders in writing that marketing factors require a limitation on the number of shares to be underwritten, the number of Registrable Securities that may be so included shall be allocated as follows: (i) first, among all Holders requesting to include Registrable Securities in such registration statement based on the *pro rata* percentage of Registrable Securities held by such Holders, assuming conversion; and (ii) second, to the Company, which the Company may allocate, at its discretion, for its own account, or for the account of other holders or employees of the Company.

If a person who has requested inclusion in such registration as provided above does not agree to the terms of any such underwriting, such person shall be excluded therefrom by written notice from the Company, the underwriter or the Initiating Holders. The securities so excluded shall also be withdrawn from registration. Any Registrable Securities or other securities excluded or withdrawn from such underwriting shall also be withdrawn from such registration. If shares are so withdrawn from the registration and if the number of shares to be included in such registration was previously reduced as a result of marketing factors pursuant to this Section 2.1(d), then the Company shall then offer to all Holders who have retained rights to include securities in the registration the right to include additional Registrable Securities in the registration in an aggregate amount equal to the number of shares so withdrawn, with such shares to be allocated among such Holders requesting additional inclusion, as set forth above.

## **2.2 Company Registration.**

(a) **Company Registration.** If the Company shall determine to register any of its securities either for its own account or the account of a security holder or holders, other than a registration pursuant to Section 2.1 or 2.3, a registration relating solely to employee benefit plans, a registration relating to the offer and sale of debt securities, a registration relating to a corporate reorganization or other Rule 145 transaction, or a registration on any registration form that does not permit secondary sales, the Company will:

- (i) promptly give written notice of the proposed registration to all Holders; and
- (ii) use its commercially reasonable efforts to include in such registration (and any related qualification under blue sky laws or other compliance), except as set forth in Section 2.2(b) below, and in any underwriting involved therein, all of such Registrable Securities as are specified in a written request or requests made by any Holder or Holders received by the Company within ten (10) days after such written notice from the Company is mailed or delivered. Such written request may specify all or a part of a Holder's Registrable Securities.

(b) **Underwriting.** If the registration of which the Company gives notice is for a registered public offering involving an underwriting, the Company shall so advise the Holders as a part of the written notice given pursuant to Section 2.2(a)(i). In such event, the right of any Holder to registration pursuant to this Section 2.2 shall be conditioned upon such Holder's participation in such underwriting and the inclusion of such Holder's Registrable Securities in the underwriting to the extent provided herein. All Holders proposing to distribute their securities through such underwriting shall (together with the Company and other holders of securities of the Company with registration rights to participate therein distributing their securities through such underwriting) enter into an underwriting agreement in customary form with the representative of the underwriter or underwriters selected by the Company.

Notwithstanding any other provision of this Section 2.2, if the underwriters advise the Company in writing that marketing factors require a limitation on the number of shares to be underwritten, the underwriters may (subject to the limitations set forth below) exclude all Registrable Securities from, or limit the number of Registrable Securities to be included in, the registration and underwriting. The Company shall

so advise all holders of securities requesting registration, and the number of shares of securities that are entitled to be included in the registration and underwriting shall be allocated, as follows: (i) first, to the Company for securities being sold for its own account, and (ii) second, to the Holders requesting to include Registrable Securities in such registration statement based on the *pro rata* percentage of Registrable Securities held by such Holders, assuming conversion.

If a person who has requested inclusion in such registration as provided above does not agree to the terms of any such underwriting, such person shall also be excluded therefrom by written notice from the Company or the underwriter. The Registrable Securities or other securities so excluded shall also be withdrawn from such registration. Any Registrable Securities or other securities excluded or withdrawn from such underwriting shall be withdrawn from such registration.

(c) ***Right to Terminate Registration.*** The Company shall have the right to terminate or withdraw any registration initiated by it under this Section 2.2 prior to the effectiveness of such registration whether or not any Holder has elected to include securities in such registration.

### **2.3 Registration on Form S-3.**

(a) ***Request for Form S-3 Registration.*** After its initial public offering, the Company shall use its commercially reasonable efforts to qualify for registration on Form S-3 or any comparable or successor form or forms. After the Company has qualified for the use of Form S-3, in addition to the rights contained in the foregoing provisions of this Section 2 and subject to the conditions set forth in this Section 2.3, if the Company shall receive from a Holder or Holders of Registrable Securities a written request that the Company effect any registration on Form S-3 or any similar short form registration statement with respect to all or part of the Registrable Securities (such request shall state the number of shares of Registrable Securities to be disposed of and the intended methods of disposition of such shares by such Holder or Holders), the Company will take all such action with respect to such Registrable Securities as required by Section 2.1(a)(i) and 2.1(a)(ii).

(b) ***Limitations on Form S-3 Registration.*** The Company shall not be obligated to effect, or take any action to effect, any such registration pursuant to this Section 2.3:

(i) In the circumstances described in either Sections 2.1(b)(i), 2.1(b)(iii) or 2.1(b)(v);

(ii) If the Holders, together with the holders of any other securities of the Company entitled to inclusion in such registration, propose to sell Registrable Securities and such other securities (if any) on Form S-3 at an aggregate price to the public of less than \$1,000,000; or

(iii) If, in a given twelve-month period, the Company has effected one (1) such registration in such period.

(c) ***Deferral.*** The provisions of Section 2.1(c) shall apply to any registration pursuant to this Section 2.3.

(d) ***Underwriting.*** If the Holders of Registrable Securities requesting registration under this Section 2.3 intend to distribute the Registrable Securities covered by their request by means of an underwriting, the provisions of Section 2.1(d) shall apply to such registration. Notwithstanding anything contained herein to the contrary, registrations effected pursuant to this Section 2.3 shall not be counted as requests for registration or registrations effected pursuant to Section 2.1.

**2.4 Expenses of Registration.** All Registration Expenses incurred in connection with registrations pursuant to Sections 2.1, 2.2 and 2.3 shall be borne by the Company; *provided, however*, that the Company shall not be required to pay for any expenses of any registration proceeding begun pursuant to Sections 2.1 and 2.3 if the registration request is subsequently withdrawn at the request of the Holders of a majority of the Registrable Securities to be registered or because a sufficient number of Holders shall have withdrawn so that the minimum offering conditions set forth in Sections 2.1 and 2.3 are no longer satisfied (in which case all participating Holders shall bear such expenses *pro rata* among each other based on the number of Registrable Securities requested to be so registered), unless the Holders of a majority of the Registrable Securities agree to forfeit their right to a demand registration pursuant to Section 2.1. All Selling Expenses relating to securities registered on behalf of the Holders shall be borne by the holders of securities included in such registration *pro rata* among each other on the basis of the number of Registrable Securities so registered.

**2.5 Registration Procedures.** In the case of each registration effected by the Company pursuant to Section 2, the Company will keep each Holder advised in writing as to the initiation of each registration and as to the completion thereof. At its expense, the Company will use its commercially reasonable efforts to:

(a) Keep such registration effective for a period ending on the earlier of the date which is sixty (60) days from the effective date of the registration statement or such time as the Holder or Holders have completed the distribution described in the registration statement relating thereto;

(b) Prepare and file with the Commission such amendments and supplements to such registration statement and the prospectus used in connection with such registration statement as may be necessary to comply with the provisions of the Securities Act with respect to the disposition of all securities covered by such registration statement for the period set forth in subsection (a) above;

(c) Furnish such number of prospectuses, including any preliminary prospectuses, and other documents incident thereto, including any amendment of or supplement to the prospectus, as a Holder from time to time may reasonably request;

(d) Use its reasonable best efforts to register and qualify the securities covered by such registration statement under such other securities or Blue Sky laws of such jurisdiction as shall be reasonably requested by the Holders; *provided*, that the Company shall not be required in connection therewith or as a condition thereto to qualify to do business or to file a general consent to service of process in any such states or jurisdictions;

(e) Notify each seller of Registrable Securities covered by such registration statement at any time when a prospectus relating thereto is required to be delivered under the Securities Act of the happening of any event as a result of which the prospectus included in such registration statement, as then in effect, includes an untrue statement of a material fact or omits to state a material fact required to be stated therein or necessary to make the statements therein not misleading or incomplete in light of the circumstances then existing, and following such notification promptly prepare and furnish to such seller a reasonable number of copies of a supplement to or an amendment of such prospectus as may be necessary so that, as thereafter delivered to the purchasers of such shares, such prospectus shall not include an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein not misleading or incomplete in light of the circumstances then existing;

(f) Provide a transfer agent and registrar for all Registrable Securities registered pursuant to such registration statement and a CUSIP number for all such Registrable Securities, in each case not later than the effective date of such registration;

(g) Cause all such Registrable Securities registered pursuant hereunder to be listed on each securities exchange on which similar securities issued by the Company are then listed; and

(h) In connection with any underwritten offering pursuant to a registration statement filed pursuant to Section 2.1, enter into an underwriting agreement in form reasonably necessary to effect the offer and sale of Common Stock, provided such underwriting agreement contains reasonable and customary provisions, and provided further, that each Holder participating in such underwriting shall also enter into and perform its obligations under such an agreement.

## **2.6 Indemnification.**

(a) To the extent permitted by law, the Company will indemnify and hold harmless each Holder, each of its officers, directors and partners, legal counsel and accountants and each person controlling such Holder within the meaning of Section 15 of the Securities Act, with respect to which registration, qualification or compliance has been effected pursuant to this Section 2, and each underwriter, if any, and each person who controls within the meaning of Section 15 of the Securities Act any underwriter, against all expenses, claims, losses, damages and liabilities (or actions, proceedings or settlements in respect thereof) arising out of or based on: (i) any untrue statement (or alleged untrue statement) of a material fact contained or incorporated by reference in any prospectus, offering circular or other document (including any related registration statement, notification or the like) incident to any such registration, qualification or compliance, (ii) any omission (or alleged omission) to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, or (iii) any violation (or alleged violation) by the Company of the Securities Act, any state securities laws or any rule or regulation thereunder applicable to the Company and relating to action or inaction required of the Company in connection with any offering covered by such registration, qualification or compliance, and the Company will reimburse each such Holder, each of its officers, directors, partners, legal counsel and accountants and each person controlling such Holder, each such underwriter and each person who controls any such underwriter, for any legal and any other expenses reasonably incurred in connection with investigating and defending or settling any such claim, loss, damage, liability or action; *provided* that the Company will not be liable in any such case to the extent that any such claim, loss, damage, liability, or action arises out of or is based on any untrue statement or omission based upon written information furnished to the Company by such Holder, any of such Holder's officers, directors, partners, legal counsel or accountants, any person controlling such Holder, such underwriter or any person who controls any such underwriter, and stated to be specifically for use therein; and *provided, further* that, the indemnity agreement contained in this Section 2.6(a) shall not apply to amounts paid in settlement of any such loss, claim, damage, liability or action if such settlement is effected without the consent of the Company (which consent shall not be unreasonably withheld).

(b) To the extent permitted by law, each Holder will, if Registrable Securities held by such Holder are included in the securities as to which such registration, qualification or compliance is being effected, indemnify and hold harmless the Company, each of its directors, officers, partners, legal counsel and accountants and each underwriter, if any, of the Company's securities covered by such a registration statement, each person who controls the Company or such underwriter within the meaning of Section 15 of the Securities Act, each other such Holder, and each of their officers, directors and partners, and each person controlling each other such Holder, against all claims, losses, damages and liabilities (or actions in respect thereof) arising out of or based on: (i) any untrue statement (or alleged untrue statement) of a material fact contained or incorporated by reference in any prospectus, offering circular or other document (including any related registration statement, notification, or the like) incident to any such registration, qualification or compliance, or (ii) any omission (or alleged omission) to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, and will reimburse the Company and such Holders, directors, officers, partners, legal counsel and accountants, persons, underwriters, or control persons

for any legal or any other expenses reasonably incurred in connection with investigating or defending any such claim, loss, damage, liability or action, in each case to the extent, but only to the extent, that such untrue statement (or alleged untrue statement) or omission (or alleged omission) is made in such registration statement, prospectus, offering circular or other document in reliance upon and in conformity with written information furnished to the Company by such Holder and stated to be specifically for use therein; *provided, however*, that the obligations of such Holder hereunder shall not apply to amounts paid in settlement of any such claims, losses, damages or liabilities (or actions in respect thereof) if such settlement is effected without the consent of such Holder (which consent shall not be unreasonably withheld); and *provided* that in no event shall any indemnity under this Section 2.6 exceed the gross proceeds from the offering received by such Holder, except in the case of fraud or willful misconduct by such Holder.

(c) Each party entitled to indemnification under this Section 2.6 (the “**Indemnified Party**”) shall give notice to the party required to provide indemnification (the “**Indemnifying Party**”) promptly after such Indemnified Party has actual knowledge of any claim as to which indemnity may be sought, and shall permit the Indemnifying Party to assume the defense of such claim or any litigation resulting therefrom; *provided* that counsel for the Indemnifying Party, who shall conduct the defense of such claim or any litigation resulting therefrom, shall be approved by the Indemnified Party (whose approval shall not be unreasonably withheld), and the Indemnified Party may participate in such defense at such party’s expense; and *provided further* that the failure of any Indemnified Party to give notice as provided herein shall not relieve the Indemnifying Party of its obligations under this Section 2.6, to the extent such failure is not prejudicial. No Indemnifying Party, in the defense of any such claim or litigation, shall, except with the consent of each Indemnified Party, consent to entry of any judgment or enter into any settlement that does not include as an unconditional term thereof the giving by the claimant or plaintiff to such Indemnified Party of a release from all liability in respect to such claim or litigation. Each Indemnified Party shall furnish such information regarding itself or the claim in question as an Indemnifying Party may reasonably request in writing and as shall be reasonably required in connection with defense of such claim and litigation resulting therefrom.

(d) If the indemnification provided for in this Section 2.6 is held by a court of competent jurisdiction to be unavailable to an Indemnified Party with respect to any loss, liability, claim, damage, or expense referred to herein, then the Indemnifying Party, in lieu of indemnifying such Indemnified Party hereunder, shall contribute to the amount paid or payable by such Indemnified Party as a result of such loss, liability, claim, damage, or expense in such proportion as is appropriate to reflect the relative fault of the Indemnifying Party on the one hand and of the Indemnified Party on the other in connection with the statements or omissions that resulted in such loss, liability, claim, damage, or expense as well as any other relevant equitable considerations. The relative fault of the Indemnifying Party and of the Indemnified Party shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission to state a material fact relates to information supplied by the Indemnifying Party or by the Indemnified Party and the parties’ relative intent, knowledge, access to information, and opportunity to correct or prevent such statement or omission. No person or entity guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) will be entitled to contribution from any person or entity who was not guilty of such fraudulent misrepresentation.

(e) Notwithstanding the foregoing, to the extent that the provisions on indemnification and contribution contained in the underwriting agreement entered into in connection with the underwritten public offering are in conflict with the foregoing provisions, the provisions in the underwriting agreement shall control.

**2.7 Information by Holder.** Each Holder of Registrable Securities shall furnish to the Company such information regarding such Holder and the distribution proposed by such Holder as the Company may

reasonably request in writing and as shall be reasonably required in connection with any registration, qualification, or compliance referred to in this Section 2.

## **2.8 Restrictions on Transfer.**

(a) The holder of each certificate representing Registrable Securities by acceptance thereof agrees to comply in all respects with the provisions of this Section 2.8. Each Holder agrees not to make any sale, assignment, transfer, pledge or other disposition of all or any portion of the Restricted Securities, or any beneficial interest therein, unless and until the transferee thereof has agreed in writing for the benefit of the Company to take and hold such Restricted Securities subject to, and to be bound by, the terms and conditions set forth in this Agreement, including, without limitation, this Section 2.8 and Section 2.10, and:

(i) There is then in effect a registration statement under the Securities Act covering such proposed disposition and the disposition is made in accordance with the registration statement; or

(ii) The Holder shall have given prior written notice to the Company of the Holder's intention to make such disposition and shall have furnished the Company with a detailed description of the manner and circumstances of the proposed disposition, and, if requested by the Company, the Holder shall have furnished the Company, at the Holder's expense, with an opinion of counsel reasonably satisfactory to the Company to the effect that such disposition will not require registration of such Restricted Securities under the Securities Act whereupon the holder of such Restricted Securities shall be entitled to transfer such Restricted Securities in accordance with the terms of the notice delivered by the Holder to the Company. It is agreed that the Company will not require opinions of counsel for transactions made pursuant to Rule 144 except in unusual circumstances.

(b) Notwithstanding the provisions of Section 2.8(a), no such registration statement or opinion of counsel shall be necessary for (i) a transfer not involving a change in beneficial ownership, or (ii) transactions involving the distribution without consideration of Restricted Securities by any Holder to (x) a parent, subsidiary or other affiliate of the Holder, if the Holder is a corporation, (y) any of the Holder's partners, members or other equity owners, or retired partners, retired members or other equity owners, or to the estate of any of the Holder's partners, members or other equity owners or retired partners, retired members or other equity owners, or (z) a venture capital fund that is controlled by or under common control with one or more general partners or managing members of, or shares the same management company with, the Holder; *provided*, in each case, that the Holder shall give written notice to the Company of the Holder's intention to effect such disposition and shall have furnished the Company with a detailed description of the manner and circumstances of the proposed disposition.

(c) Each certificate representing Registrable Securities shall (unless otherwise permitted by the provisions of this Agreement) be stamped or otherwise imprinted with a legend substantially similar to the following (in addition to any legend required under applicable state securities laws):

THE SECURITIES REPRESENTED HEREBY HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED (THE "ACT"), OR UNDER THE SECURITIES LAWS OF CERTAIN STATES. THESE SECURITIES MAY NOT BE OFFERED, SOLD OR OTHERWISE TRANSFERRED, PLEDGED OR HYPOTHECATED EXCEPT AS PERMITTED UNDER THE ACT AND APPLICABLE STATE SECURITIES LAWS PURSUANT TO REGISTRATION OR AN EXEMPTION THEREFROM. THE ISSUER OF THESE SECURITIES

MAY REQUIRE AN OPINION OF COUNSEL REASONABLY SATISFACTORY TO THE ISSUER THAT SUCH OFFER, SALE OR TRANSFER, PLEDGE OR HYPOTHECATION OTHERWISE COMPLIES WITH THE ACT AND ANY APPLICABLE STATE SECURITIES LAWS.

THE SHARES REPRESENTED BY THIS CERTIFICATE ARE SUBJECT TO RESTRICTIONS ON TRANSFERABILITY AND RESALE, INCLUDING A LOCK-UP PERIOD IN THE EVENT OF A PUBLIC OFFERING, AS SET FORTH IN AN INVESTORS' RIGHTS AGREEMENT A COPY OF WHICH MAY BE OBTAINED AT THE PRINCIPAL OFFICE OF THE COMPANY.

(d) The first legend referring to federal and state securities laws identified in Section 2.8(c) stamped on a certificate evidencing the Restricted Securities and the stock transfer instructions and record notations with respect to the Restricted Securities shall be removed and the Company shall issue a certificate without such legend to the holder of Restricted Securities if (i) those securities are registered under the Securities Act, or (ii) the holder provides the Company with an opinion of counsel reasonably acceptable to the Company to the effect that a sale or transfer of those securities may be made without registration or qualification.

(e) Each Investor agrees not to make any sale, assignment, transfer, pledge or other disposition of any securities of the Company, or any beneficial interest therein, to any person other than the Company unless and until the proposed transferee confirms to the reasonable satisfaction of the Company that neither the proposed transferee nor any of its directors, executive officers, other officers that may serve as a director or officer of any company in which it invests, general partners or managing members nor any person that would be deemed a beneficial owner of those securities (in accordance with Rule 506(d) of the Securities Act) is subject to any Bad Actor Disqualification, except as set forth in Rule 506(d)(2)(ii) or (iii) or (d)(3) under the Securities Act and disclosed, reasonably in advance of the transfer, in writing in reasonable detail to the Company.

(f) The Company shall not be obligated to recognize any attempted sale, assignment, transfer, pledge or other disposition of all or any portion of the Restricted Securities, or any beneficial interest therein, made other than in compliance with the terms and conditions of this Agreement. The Holders consent to the Company making a notation on its records and giving instructions to any transfer agent of the Restricted Securities in order to implement the restrictions on transfer established in this Agreement.

**2.9 Rule 144 Reporting.** With a view to making available the benefits of certain rules and regulations of the Commission that may permit the sale of the Restricted Securities to the public without registration, the Company agrees to use its commercially reasonable efforts to:

(a) Make and keep adequate current public information with respect to the Company available in accordance with Rule 144 under the Securities Act, at all times from and after ninety (90) days following the effective date of the first registration under the Securities Act filed by the Company for an offering of its securities to the general public;

(b) File with the Commission in a timely manner all reports and other documents required of the Company under the Securities Act and the Exchange Act at any time after it has become subject to such reporting requirements; and

(c) So long as a Holder owns any Restricted Securities, furnish to the Holder forthwith upon written request a written statement by the Company as to its compliance with the reporting requirements

of Rule 144 (at any time from and after ninety (90) days following the effective date of the first registration statement filed by the Company for an offering of its securities to the general public), and of the Securities Act and the Exchange Act (at any time after it has become subject to such reporting requirements), a copy of the most recent annual or quarterly report of the Company, and such other reports and documents so filed as a Holder may reasonably request in availing itself of any rule or regulation of the Commission allowing a Holder to sell any such securities without registration.

**2.10 Market Stand-Off Agreement.** Each Holder shall not sell or otherwise transfer, make any short sale of, grant any option for the purchase of, or enter into any hedging or similar transaction with the same economic effect as a sale, of any Common Stock (or other securities) of the Company held by such Holder (other than those included in the registration) during the period from the filing of the registration statement for the Company's Initial Public Offering filed under the Securities Act that includes securities to be sold on behalf of the Company to the public in an underwritten public offering under the Securities Act through the end of the 180-day period following the effective date of the registration statement (or such other period as may be requested by the Company or an underwriter to accommodate regulatory restrictions on (i) the publication or other distribution of research reports and (ii) analyst recommendations and opinions, including, but not limited to, the restrictions contained in NASD Rule 2711(f)(4) or NYSE Rule 472(f)(4), or any successor provisions or amendments thereto). The obligations described in this Section 2.10 shall not apply to a registration relating solely to employee benefit plans on Form S-1 or Form S-8 or similar forms that may be promulgated in the future, or a registration relating solely to a transaction on Form S-4 or similar forms that may be promulgated in the future. The Company may impose stop-transfer instructions and may stamp each such certificate with the second legend set forth in Section 2.8(c) with respect to the shares of Common Stock (or other securities) subject to the foregoing restriction until the end of such one hundred eighty (180) day (or other) period. Each Holder agrees to execute a market standoff agreement with said underwriters in customary form consistent with the provisions of this Section 2.10.

**2.11 Delay of Registration.** No Holder shall have any right to take any action to restrain, enjoin, or otherwise delay any registration as the result of any controversy that might arise with respect to the interpretation or implementation of this Section 2.

**2.12 Transfer or Assignment of Registration Rights.** The rights to cause the Company to register securities granted to a Holder by the Company under this Section 2 may be transferred or assigned by a Holder only to a transferee or assignee of not less than 100,000 shares of Registrable Securities (as presently constituted and subject to subsequent adjustments for stock splits, stock dividends, reverse stock splits, and the like); *provided* that (i) such transfer or assignment of Registrable Securities is effected in accordance with the terms of Section 2.8, the Right of First Refusal and Co-Sale Agreement, and applicable securities laws, (ii) the Company is given written notice prior to said transfer or assignment, stating the name and address of the transferee or assignee and identifying the securities with respect to which such registration rights are intended to be transferred or assigned and (iii) the transferee or assignee of such rights assumes in writing the obligations of such Holder under this Agreement, including without limitation the obligations set forth in Section 2.10.

**2.13 Limitations on Subsequent Registration Rights.** From and after the date of this Agreement, the Company shall not, without the prior written consent of Holders holding a majority of the Registrable Securities (excluding any of such shares held by any Holders whose rights to request registration or inclusion in any registration pursuant to this Section 2 have terminated in accordance with Section 2.14), enter into any agreement with any holder or prospective holder of any securities of the Company giving such holder or prospective holder any registration rights the terms of which are senior to the registration rights granted to the Holders hereunder.

**2.14 Termination of Registration Rights.** The right of any Holder to request registration or inclusion in any registration pursuant to Sections 2.1, 2.2 or 2.3 shall terminate on the earlier of (i) such date, on or after the closing of the Company's first registered public offering of Common Stock, on which all shares of Registrable Securities held or entitled to be held upon conversion by such Holder may immediately be sold under Rule 144 during any ninety (90) day period, and (ii) three (3) years after the closing of the Company's Initial Public Offering.

## SECTION 3

### INFORMATION COVENANTS

#### 3.1 Basic Financial Information and Inspection Rights.

(a) **Basic Financial Information.** The Company will furnish the following reports to each Holder who owns at least 250,000 Shares and/or Conversion Stock (as presently constituted and subject to subsequent adjustments for stock splits, stock dividends, reverse stock splits, and the like):

(i) As soon as practicable after the end of each fiscal year of the Company, and in any event within one hundred twenty (120) days after the end of each fiscal year of the Company, a consolidated balance sheet of the Company and its subsidiaries, if any, as at the end of such fiscal year, and consolidated statements of income and cash flows of the Company and its subsidiaries, if any, for such year, prepared in accordance with U.S. generally accepted accounting principles consistently applied, certified by the Chief Financial Officer of the Company.

## SECTION 4

### RIGHT OF FIRST REFUSAL

**4.1 Right of First Refusal to Significant Holders.** The Company hereby grants to each Holder who owns at least 250,000 Shares or Conversion Stock (as presently constituted and subject to subsequent adjustments for stock splits, stock dividends, reverse stock splits and the like) (the “**Significant Holders**”), the right of first refusal to purchase its *pro rata* share of New Securities (as defined in this Section 4.1(a)) which the Company may, from time to time, propose to sell and issue after the date of this Agreement. A Significant Holder’s *pro rata* share, for purposes of this right of first refusal, is equal to the ratio of (a) the number of shares of Common Stock owned by such Significant Holder immediately prior to the issuance of New Securities (assuming full conversion of the Shares and full conversion or exercise of all outstanding convertible securities, rights, options and warrants held by said Significant Holder) to (b) the total number of shares of Common Stock outstanding immediately prior to the issuance of New Securities (assuming full conversion of the Shares and full conversion or exercise of all outstanding convertible securities, rights, options and warrants).

(a) “**New Securities**” shall mean any capital stock (including Common Stock and/or Preferred Stock) of the Company whether now authorized or not, and rights, convertible securities, options or warrants to purchase such capital stock, and securities of any type whatsoever that are, or may become, exercisable or convertible into capital stock; *provided* that the term “**New Securities**” does not include:

- (i) the Shares and the Conversion Stock;
- (ii) securities issued or issuable to officers, employees, directors, consultants, placement agents, and other service providers of the Company (or any subsidiary) pursuant to stock grants, option plans, purchase plans, agreements or other employee stock incentive programs or arrangements approved by the board of directors of the Company;
- (iii) securities issued pursuant to the conversion or exercise of any outstanding convertible or exercisable securities as of this date of this Agreement;
- (iv) securities issued or issuable as a dividend or distribution on Preferred Stock of the Company or pursuant to any event for which adjustment is made pursuant to paragraph 4(e), 4(f) or 4(g) of the certificate of incorporation of the Company;
- (v) securities offered pursuant to a bona fide, firmly underwritten public offering pursuant to a registration statement filed under the Securities Act;
- (vi) securities issued or issuable pursuant to the acquisition of another corporation by the Company by merger, purchase of substantially all of the assets or other reorganization or to a joint venture agreement, *provided*, that such issuances are approved by the board of directors of the Company;
- (vii) securities issued or issuable to banks, equipment lessors, real property lessors, financial institutions or other persons engaged in the business of making loans pursuant to a debt financing, commercial leasing or real property leasing transaction approved by the board of directors of the Company;

(viii) securities issued or issuable in connection with sponsored research, collaboration, technology license, development, OEM, marketing or other similar agreements or strategic partnerships approved by the board of directors of the Company;

(ix) securities issued to suppliers or third party service providers in connection with the provision of goods or services pursuant to transactions approved by the board of directors of the Company;

(x) securities of the Company which are otherwise excluded by the affirmative vote or consent of the holders of a majority of the shares of Preferred Stock of the Company then outstanding; and

(xi) any right, option or warrant to acquire any security convertible into the securities excluded from the definition of New Securities pursuant to subsections (i) through (x) above.

(b) In the event the Company proposes to undertake an issuance of New Securities, it shall give each Significant Holder written notice of its intention, describing the type of New Securities, and their price and the general terms upon which the Company proposes to issue the same. Each Significant Holder shall have ten (10) days after any such notice is mailed or delivered to agree to purchase such Holder's *pro rata* share of such New Securities for the price and upon the terms specified in the notice by giving written notice to the Company, in substantially the form attached as Schedule 1, and stating therein the quantity of New Securities to be purchased.

(c) In the event the Holders fail to exercise fully the right of first refusal within said ten (10) day period (the "***Election Period***"), the Company shall have ninety (90) days thereafter to sell or enter into an agreement (pursuant to which the sale of New Securities covered thereby shall be closed, if at all, within ninety (90) days from the date of said agreement) to sell that portion of the New Securities with respect to which the Significant Holders' right of first refusal option set forth in this Section 4.1 was not exercised, at a price and upon terms no more favorable to the purchasers thereof than specified in the Company's notice to Significant Holders delivered pursuant to Section 4.1(b). In the event the Company has not sold within such ninety (90) day period following the Election Period, or such ninety (90) day period following the date of said agreement, the Company shall not thereafter issue or sell any New Securities, without first again offering such securities to the Significant Holders in the manner provided in this Section 4.1.

(d) The right of first refusal granted under this Agreement shall expire upon, and shall not be applicable to, the Company's Initial Public Offering.

(e) A Holder will not have a right of first refusal to purchase a *pro rata* share of New Securities in accordance with this Section 4 and will not be a Significant Holder for purposes of the right of first refusal granted under this Section 4 if, and for so long as, the Holder, any of its directors, executive officers, other officers that may serve as a director or officer of any company in which it invests, general partners or managing members or any person that would be deemed a beneficial owner of the securities of the Company held by the Holder (in accordance with Rule 506(d) of the Securities Act) is subject to any Bad Actor Disqualification, except as set forth in Rule 506(d)(2)(ii) or (iii) or (d)(3) under the Securities Act.

## SECTION 5

Any such amendment, waiver, discharge or termination effected in accordance with this paragraph shall be binding upon each Holder and each future holder of all such securities of Holder. 2.1 **General.** Before a Seller may Transfer any Seller Shares, Seller must comply with the provisions of Section 2.2, Section 3 and Section 4. Each Founder represents and warrants that it is the sole legal and beneficial owner of its Seller Shares and, subject to any restrictions imposed under the Company's certificate of incorporation or bylaws, or under any restricted stock purchase agreement with the Company, that no other person or entity has any interest (other than a community property interest) in such shares.

### RIGHT OF FIRST REFUSAL

#### 3.1 **Exercise by the Company.**

Eligible Investors, the Company shall have the right to purchase all or any part of the Offered Shares on the terms and conditions set forth in this Section 3. In order to exercise its right hereunder, the Company must deliver written notice to Seller within the Initial Exercise Period.

(b) Upon the earlier to occur of (i) the expiration of the Initial Exercise Period or (ii) the time when Seller has received written confirmation from the Company regarding its exercise of its Right of First Refusal, the Company shall be deemed to have made its election with respect to the Offered Shares, and the shares for which the Eligible Investors may exercise their Rights of First Refusal (as described below) shall be correspondingly reduced, if appropriate.

### 3.2 Exercise by the Eligible Investors.

(c) Within five (5) days after the expiration of the Initial Exercise Period, Seller will give written notice to the Company and each Eligible Investor specifying the number of Offered Shares to be purchased by the Company and each Eligible Investor exercising its Right of First Refusal (the “**ROFR Confirmation Notice**”).

3.3 **Purchase Price.** The purchase price for the Offered Shares to be purchased by the Company or by an Eligible Investor exercising its Right of First Refusal under this Agreement will be the Offered Price, and will be payable as set forth in Section 3.4. If the Offered Price includes consideration other than cash, the cash equivalent value of the non-cash consideration will be determined by the Board of Directors of the Company in good faith, which determination will be binding upon the Company, each Eligible Investor and Seller, absent fraud or error.

If a Selling Investor exercised the Right of Co-Sale in accordance with this Section 4, then such Selling Investor shall deliver to Seller at or before the Co-Sale Closing, one or more certificates, properly endorsed for Transfer, representing the number of Residual Shares to which the Selling Investor is entitled to sell pursuant to this Section 4. At

the Co-Sale Closing, Seller shall cause such certificates or other instruments to be Transferred and delivered to the Transferee pursuant to the terms and conditions specified in the Transfer Notice, and Seller will remit, or will cause to be remitted, to each Selling Investor, at the Co-Sale Closing, that portion of the proceeds of the Transfer to which each Selling Investor is entitled by reason of each Selling Investor's participation in such Transfer pursuant to the Right of Co-Sale.

OUR STORY

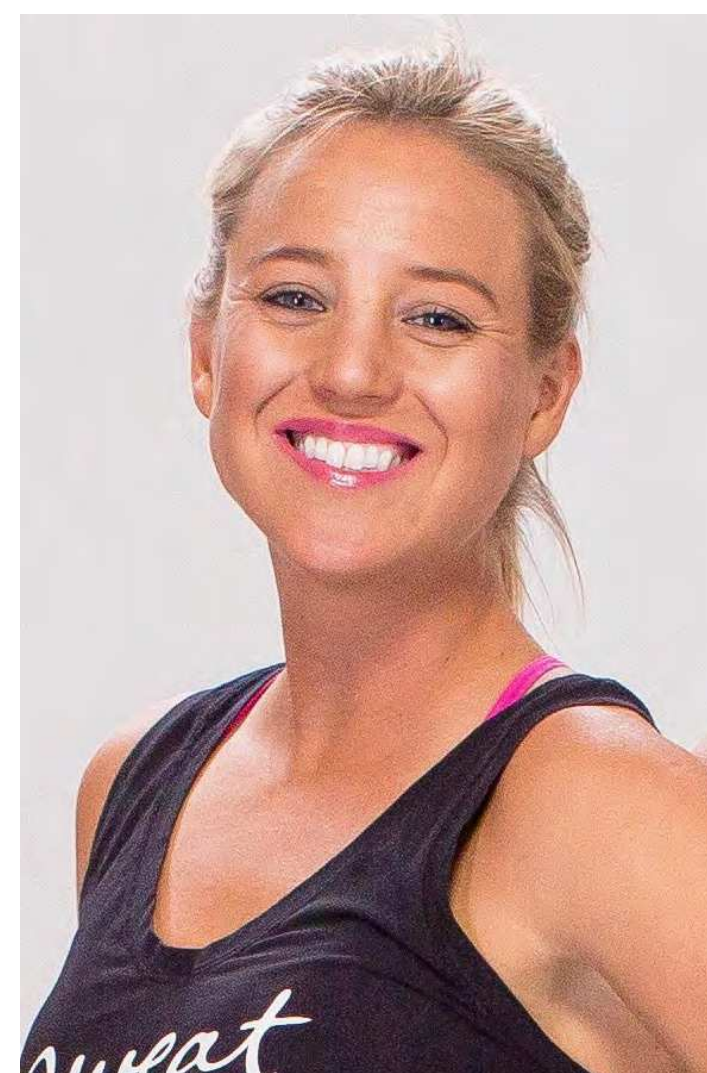

COURTNEY

TARYN

"Sweat is made for competitors — for women who want to change the world and inspire. We built this brand to help women feel confident, healthy, and strong."

EMILY

"Sweat is all about embracing and empowering the everyday woman. I need products that are low maintenance, easy functioning, and as resilient as I am."

LINDSAY

"As an Olympic Gold Medalist, I was more concerned about my performance than my skin — which I regret now. Sweat helps me protect my skin throughout the day."

LESLIE

"My life as a professional athlete had me running everywhere all the time. Our products keep up with my crazy lifestyle. They're what I've wanted my whole career."

## WHO IS THE SWEAT WOMAN?

**Beauty has not evolved  
to match the needs of the  
21st century woman.**

This modern woman needs convenient, multitasking products to keep up with her daily routine and demanding schedule.

Whether she's running marathons, running the boardroom, or running the household, our products are designed around the needs of active women — not the conventional beauty verticals.

“Health and fitness has never been bigger than today. How women dressed yesterday was denim. How women dress today is yoga pants, whether they’re sweating or not.”

— Adrienne Lofton, SVP of Nike Global Brand Marketing

\*U.S. MARKET VALUES

Different products are made for different routines.

Running Shoes vs Stilettos

Yoga Pants vs Pencil Skirts

Morning Moisturizer vs Night Cream

This same concept *should* be applied to cosmetics.

OUR MISSION

There is an opportunity to change the way women think about their beauty routine and, therefore, change their consumer behavior. Women shouldn't be wearing the same kinds of makeup from day to night. Their cosmetics should be made to fit their daily lifestyle.

OUR POSITIONING

## WHAT HAPPENS TO YOUR SKIN WHEN YOU SWEAT?

---

Every day, your pores fill with bacteria, dirt, oils, and toxins. Sweat is your body's natural way of cleansing from the inside out. Sweat is made of 95% water, along with ammonia, urea, salt, sugar, and, of course, the bacteria it picks up along the way. Problems arise when these impurities sit and get trapped on our skin.

## WHAT “EXPERTS” SAY ABOUT MAKEUP + SWEAT?

---

“When you work out, your pores and sweat glands open up in order to cool down your body — wearing a full face of makeup can block your pores and glands, hindering your skin’s ability to breathe, which in turn can result in breakouts, blackheads, and skin irritation,” says Whitney Bowe, MD for InStyle Magazine

## HOW IS SWEAT DIFFERENT?

---

Sweat was created to be used whenever, wherever, and however YOU want. After two years of formulation and testing, we have developed products that are made with quality hand-picked, natural ingredients. Sweat products are mineral based and extremely breathable, giving your skin the chance to sweat without clogging pores or causing harm. In addition, all Sweat products are created to withstand the lifestyle of active women and to be used quickly, efficiently, and on-the-go.

**EXHIBIT I**  
**Video Transcript**

Emily Hines: We decided to start Sweat, because there never seemed to be a product that was for us, active women who are playing soccer, sweating, needed the SPF protection, and wasn't causing breakouts.

Courtney Jones: I use it because I have extremely sensitive skin, I react to a lot of things.

Taryn Hemmings: Every ingredient in Sweat was really important to us, we wanted it to be a natural product. We didn't want any chemicals in it, nothing that would be harmful to the skin. We picked three main ingredients with the help of a chemist. One is Vitamin E, one's Milk Thistle, and the third is Rhodiola rosea. They're antioxidants, they're anti-inflammatories, they're moisturizers. So, everything about them was something that an athlete would need in their daily lives.
