## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member and Management of  
TigerBridge Capital LLC

### Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of TigerBridge Capital LLC (the "Company"), as of September 30, 2019, and the related notes (collectively referred to as the "financial statement"). In our opinion, the financial statement presents fairly, in all material respects, the financial position of the Company as of September 30, 2019, in conformity with accounting principles generally accepted in the United States of America.

### Basis for Opinion

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

*WithumSmith+Brown, PC*

New York, New York

We have served as the Company's auditor since 2018.

## **TIGERBRIDGE CAPITAL LLC**

### **NOTES TO FINANCIAL STATEMENT**

**September 30, 2019**

Note 1

#### **Organization and nature of business**

TigerBridge Capital LLC (the “Company”) was formed on June 14, 2015 and is a Delaware limited liability company. The Company is a wholly-owned subsidiary of TigerBridge Holdings LLC (the “Parent”). The Company provides placement agent and referral services for capital raising, in accordance with its membership agreement with the Financial Industry Regulatory Authority (“FINRA”). The Company is a registered broker under the Securities Exchange Act of 1934 as of September 28, 2018 and is a member of FINRA and the Securities Investor Protection Corporation (“SIPC”).

Note 2

#### **Summary of significant accounting policies**

##### **Basis of presentation**

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

##### **Accounts receivable**

The Company carries its accounts receivable at costs less an allowance for doubtful accounts. On a periodic basis, the Company evaluates its receivables and establishes an allowance for doubtful accounts based on history of past write-offs, collections and current credit conditions. As of September 30, 2019, no allowance for doubtful accounts was necessary.

##### **Recently adopted accounting guidance**

Effective September 28, 2018, the Company adopted ASU 2014-09, which provides guidance on the recognition of revenues from contracts and requires gross presentation of certain contract costs.

In February 2016, the FASB issued a new accounting pronouncement regarding lease accounting for reporting periods beginning after December 15, 2019. A lessee will be required to recognize on the balance sheet the assets and liabilities for lease terms of more than 12 months. The Company evaluated ASU 2014-09 and determined there was no impact to the financial statements and related disclosures.

##### **Income taxes**

The member of the Company has elected to have the Company taxed as a partnership for income tax purposes. Accordingly, the Company is not subject to federal or state income taxes. All taxable income/loss and tax credits are reflected on the income tax return of the member. However, the Company is subject to New York City Unincorporated Business Tax and records a provision for unincorporated business taxes for the portion of the income tax attributable to the Company’s income which is reported in the Parent’s tax returns. For the period from September 28, 2018 (date of registration) through September 30, 2019, the Company recorded current income tax expense and deferred income tax benefit of \$16,561 and \$2,201, respectively.

## **TIGERBRIDGE CAPITAL LLC**

### **NOTES TO FINANCIAL STATEMENT**

**September 30, 2019**

Note 2

#### **Summary of significant accounting policies (continued)**

##### **Income tax positions**

The Financial Accounting Standards Board (“FASB”) has issued a standard that clarifies the accounting and recognition of income tax positions taken or expected to be taken in the Company’s income tax returns. The Company has analyzed tax positions taken for filing with the IRS and all state jurisdictions where it operates. The Company believes that income tax positions will be sustained upon examination and does not anticipate any adjustments that would result in a material adverse affect on the Company’s financial condition, results of operations or cash flows. Accordingly, the Company has not recorded any reserves or related accruals for interest and penalties for uncertain income tax positions. If the Company incurs interest or penalties as a result of unrecognized tax positions the policy is to classify interest accrued with interest expense and penalties thereon with operating expenses. The Company is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

##### **Cash and cash equivalents**

The Company considers all money market accounts, time deposits and certificates of deposit purchased with original maturities of three months or less to be cash equivalents. At September 30, 2019, there were no cash equivalents.

##### **Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Note 3

#### **Revenue recognition**

Effective October 1, 2018, the Company adopted ASC Topic 606, *Revenue from Contracts with Customers* (“ASC Topic 606”). The new revenue recognition guidance requires that an entity recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The guidance requires an entity to follow a five-step model to (a) identify the contract(s) with a customer, (b) identify the performance obligations in the contract, (c) determine the transaction price, (d) allocate the transaction price to the performance obligations in the contract, and (e) recognize revenue when (or as) the entity satisfies a performance obligation. In determining the transaction price, an entity may include variable consideration only to the extent that it is probable that a significant reversal in the amount of cumulative revenue recognized would not occur when the uncertainty associated with the variable consideration is resolved.

## **TIGERBRIDGE CAPITAL LLC**

### **NOTES TO FINANCIAL STATEMENT**

**September 30, 2019**

Note 3

#### **Revenue recognition (continued)**

Revenue from contracts with customers includes fees earned for referral capital raising. The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgement is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measure of the Company's progress under the contract; and whether constraints on variable consideration should be applied due to uncertain future events.

The Company enters into arrangements with private funds to refer investors. The Company believes that its performance obligation is the sale of securities to the referred investors and as such this is fulfilled on the trade date. Any fixed amounts are recognized on the trade date and variable amounts are recognized to the extent it is probable that a significant revenue reversal will not occur once the uncertainty is resolved. For variable amounts, as the uncertainty is dependent on the investor remaining in the fund, which are highly susceptible to factors outside the Company's influence, the Company does not believe that it can overcome this constraint until the value of assets under management of the fund and the investor activities are known, which are usually quarterly.

#### **Accounts receivable and contract balances**

Accounts receivable arise when the Company has an unconditional right to receive payment under a contract with a customer and are derecognized when the cash is received. At September 30, 2019, there were accounts receivable of \$4,375 reported in the statement of financial condition.

Contract assets arise when the revenue associated with the contract is recognized prior to the Company's unconditional right to receive payment under a contract with a customer (i.e., unbilled receivable) and are derecognized when either it becomes a receivable or the cash is received. Contract liabilities arise when customers remit contractual cash payments in advance of the Company satisfying its performance obligations under the contract and are derecognized when the revenue associated with the contract is recognized when the performance obligation is satisfied. There were no contract assets or contract liabilities at the beginning of the period or as of September 30, 2019.

Note 4

#### **Commitments and contingencies**

The Company does not have any commitments, guarantees or contingencies including arbitration or other litigation claims that may result in a loss or future obligation. The Company is not aware of any threats or other circumstances that may lead to the assertion of a claim at a future date.

## **TIGERBRIDGE CAPITAL LLC**

### **NOTES TO FINANCIAL STATEMENT**

**September 30, 2019**

Note 5      **Related party transactions**

As of September 30, 2019, the Company had accounts receivable from two related parties in the amount of \$545, which is shown on the statement of financial condition as due from related parties.

Note 6      **Net capital requirements**

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of a minimum net capital balance and requires that the Company's aggregate indebtedness to net capital, as defined, shall not exceed 15 to 1. At September 30, 2019 the Company's net capital was \$12,909 which was \$7,909 in excess of its required net capital of \$5,000. The Company's ratio of aggregate indebtedness to net capital was 1.85 to 1.

Note 7      **Concentrations**

The Company maintains its cash at financial institutions in bank deposits, which may exceed federally-insured limits. The Company has not experienced any losses in such accounts and the Company believes it is not exposed to any significant risk with respect to cash.

The Company earned 100% of its revenue from two customers during the period from September 28, 2018 (date of registration) through September 30, 2019.

Note 8      **Exemption from Rule 15c3-3**

The Company had no obligations under SEC Rule 15c3-3, as the Company does not handle cash or securities on behalf of customers.
