Kevin worked with Kevin in the
same group

Kevin is an exceptional program manager. He does an excellent job managing and coordinating the complexities of very large projects, but what sets him apart is his strong leadership, deep cross-discipline knowledge, and drive to get things done. I'm happy to have had an opportunity to work with Kevin.

Soi Ty Kevin is a phenomenal program manager. He is a strong leader, who is proactive, detail-oriented and on top of things. It was his attention to detail that saved the company from some potentially contentious negotiations regarding maintenance work after delivery. Due to his exceptional leadership, his project team successful delivered a very large, high risk, multi-million dollar project that met and exceed expectations. He is one of the best program managers that I have ever worked with and I hope to have the please again one day.
