REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholder of
Bainbridge Capital Securities, Inc. (Formerly Menke Capital Corporation)

Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of Bainbridge Capital Securities, Inc. (the “Company”) as of August 31, 2024, and the related notes to the statement of financial condition. In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of the Company as of August 31, 2024, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

We have served as the Company’s auditor since 2020.

1. Organization and Summary of Significant Accounting Policies

Description of Business

Menke Capital Corporation (the "Company") was incorporated on April 2, 2018 in the State of California. In September 2019, the Company registered with the Securities and Exchange Commission ("SEC") as a fully disclosed securities broker-dealer pursuant to Section 15 (b) of the Securities Exchange Act of 1934. In May 2020, the Company became a member of the Financial Industry Regulatory Authority, Inc. ("FINRA"). The Company is subject to various governmental rules and regulations including the Net Capital Rule set forth in Rule 15c3-1 of the Securities Exchange Act of 1934. The Company is a wholly-owned subsidiary of The Menke Group, Inc. (the "Parent"). The Company's primary business consists of providing investment banking and buy and sell side M&A services related to the structuring and financing of ESOP buyout transactions.

On April 1, 2023, the Parent signed a Stock Purchase Agreement with Bainbridge Securities Holdings, Inc. ("Bainbridge") to sell 100% of the shares of common stock of the Company to Bainbridge. The Company received approval from the regulatory authorities to transfer ownership on July 5, 2024 and subsequently changed its name to Bainbridge Capital Securities, Inc.

Cash

Cash consists of cash in deposit accounts that the Company maintains at one institution, which at times may exceed federally insured limits. Accounts at the institution are insured by the Federal Deposit Insurance Corporation ("FDIC") up to \$250,000. The Company has not experienced any losses in such accounts. At August 31, 2024, the Company's cash balance did not exceed the FDIC insured limit.

Basis of Presentation

The financial statements of the company have been prepared using accounting principles generally accepted in the United States of America ("U.S. GAAP").

Revenue from Contracts with Customers

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Codification 606, Revenue from Contracts with Customers ("ASC 606"). The new accounting standard, along with its related amendments, replaces the current rules-based GAAP governing revenue recognition with a principles-based approach.

1. Organization and Summary of Significant Accounting Policies (continued)

Revenue from Contracts with Customers (continued)

Revenue from contracts with customers is recognized when, or as, the Company satisfies its performance obligations by transferring the promised services to the customers. A service is transferred to a customer when, or as, the customer obtains control of that service. A performance obligation may be satisfied over time or at a point in time. Revenue from a performance obligation satisfied over time is recognized by measuring progress in satisfying the performance obligation in a manner that depicts the transfer of the services to the customer. Revenue from a performance obligation satisfied at a point in time is recognized when it is determined the customer obtains control over the promised service. The amount of revenue recognized reflects the consideration the Company expects to be entitled to in exchange for those promised services (i.e. the “transaction price”). In determining the transaction price, the Company considers multiple factors, including the effects of variable consideration. Variable consideration is included in the transaction price only to the extent it is probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the uncertainties with respect to the amount are resolved. In determining when to include variable consideration in the transaction price, the Company considers the range of possible outcomes, the predictive values of past experiences, the time period of when uncertainties expect to be resolved and the amount of consideration that is susceptible to factors outside of the Company’s influence, such as market volatility or the judgment and actions of third parties.

During the year ended August 31, 2024, the Company did not generate any revenue and did not have any contracts with customers.

Contract Balances

Income is recognized upon completion of the related performance obligation and when an unconditional right to payment exists. The timing of revenue recognition may differ from the timing of customer payments. Fees received prior to the completion of the performance obligation are recorded as deferred revenue on the statement of financial condition until such time when the performance obligation is met.

Contract Costs

Direct incremental costs to obtain a contract or fulfill a contract are evaluated under the criteria for capitalization on a contract by contract basis. There were no capitalized contract costs at August 31, 2024.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Accordingly, actual amounts may differ from estimated amounts.

Income Taxes

The Company is included with its Parent in a consolidated return for federal tax purposes, and combined tax returns for state and local purposes. The Company has adopted ASU 2019-12, Income Taxes (Topic 740) and as a result does not allocate the consolidated amount of current and deferred tax expenses to the Company.

2. Related Party Transactions

The Company is party to an expense sharing agreement with the Parent under which the Company is responsible for a portion of indirect costs incurred in the provision of support services. The Company pays the Parent \$500 per month for rent and \$250 for technology related expenses. This agreement ceased to be in effect once the Company received regulatory approval to transfer ownership.

3. Indemnification

The Company enters into contracts that contain a variety of indemnifications for which the maximum exposure is unknown. The Company has no current claims or losses pursuant such contracts.

4. Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At August 31, 2024, the Company had net capital of \$15,600, which was \$10,600 in excess of its required net capital of \$5,000. The Company's net capital ratio was .0192 to 1.

5. Litigation

In the normal course of business, the Company may be a party to litigation and regulatory matters. As of August 31, 2023, the Company was not involved in any litigation.

6. Operating Losses and Capital Contributions

The Company has generated no revenues and has recurring losses from operations. The Parent contributes capital, as necessary, so that the Company can meet its financial obligations. The Parent has currently evaluated the Company's ability to meet its obligations and has assessed that the Company will have sufficient cash to meet its obligations over the next year.

7. Commitments and Contingencies

The Company does not have any commitments, guarantees or contingencies, including arbitration or other litigation claims that may result in a loss or a future obligation. The Company is not aware of any threats or other circumstances that may lead to the assertion of a claim at a future date.

8. Subsequent Events

The Company has performed an evaluation of subsequent events through the date the financial statements were issued. The evaluation did not result in any subsequent events that required disclosures and/or adjustments.
