2. We reissue, in part, prior comment 5 in our letter dated December 30, 2021. Please revise to disclose how you determined the fair value of the common stock underlying your stock options issued as compensation and restricted stock awards. For example, if true, disclose that you used the the value ascertained from the private placements completed during the period of issuance as noted in your response to prior comment 6.

Background and Overview, page 30

3. We note your response to prior comment 10 and that you believe the probable acquisition of Safegard is not expected to meet the definition of a business under ASC 805. The definition of a business for purposes of providing pro forma information and financial statements under Rule 3-05 is in Rule 11-01(d) of Regulation S-X. This definition of a business differs from ASC 805 and includes a presumption that a separate entity, subsidiary or division is a business. Please tell us how you analyzed the criteria in Rule 11-01(d). Explain in detail how the nature of the revenue producing activity of Safegard (i.e. production of syringes) compares to the activity associated with the acquired assets after the acquisition.

Intellectual Property, page 34

4. Please revise to include a more fulsome discussion of specific products, product groups, or technologies to be protected by corresponding nonprovisional patent applications filed after this provisional patent application. Please also discuss what a provisional patent application is and what rights flow from this type of application.

Management, page 35

5. We note your revised disclosure in response to prior comment 12. For the background disclosure of Paul K. Danner, please include a short description of the principal businesses of both PAY2DAY Solutions, Inc. and Alliance MMA, Inc. Refer to Regulation S-K Item 401(e)(1).

Policies and Procedures for Related Party Transactions, page 40

6. We note your revisions in response to prior comment 13. However, your revisions do not address the standards that will be applied in deciding whether to approve a related party transaction. For example, you do not state whether any related party transaction would only be approved if it was on the same basis as an arms' length transaction. Please further revise to provide such disclosure.
