Hotels By Day

Mar 2016 – Present • 2 yrs 4 mos

With HotelsByDay, guests can make daytime reservations at top hotels around the country. Matching day guests with available hotels, we fill the gap in daytime lodging options for travelers and help our hotel partners maximize their unused idle/turned-over inventory with a created technology.

With FlexBook.co, travelers can book overnight hotel rooms with guaranteed early check-in and late check-out. By providing hoteliers with technology and easy protocols to set-up different rules of check-in/check-out, hotels can now seamlessly monetize idle day-inventory, boost BAR, better manage their check-in flows, and increase brand exposure to business and leisure travelers.
