c. A Sale of the Issuer or of Assets of the Issuer

Although as membership unit holders the Purchasers would be entitled to a share of any proceeds from a sale of the entire business, the Purchasers may not veto the sale even though the price of sale is below its fair valuation. 28. Describe the financial condition of the issuer, including, to the extent material, liquidity, capital resources and historical results of operations.

The following discussion and analysis of our financial condition and results of operations should be read in conjunction with our consolidated financial statements and related notes that appear in this Form C. In addition to historical consolidated financial information, the following discussion contains forward-looking statements that reflect our plans, estimates, and beliefs. Our actual results could differ materially from those discussed in the forward-looking statements. Factors that could cause or contribute to these differences include those discussed below and elsewhere in this Form C, particularly in "Risk Factors."

IMPORTANT: THE FOLLOWING FINANCIAL FIGURES ARE UNAUDITED.

Status of the Company

The predecessor of the issuer is Terri Arthur dba Fragrance of Heaven, a sole proprietorship. On June 14, 2018, Terri Arthur dba Fragrance of Heaven was reorganized under the laws of the State of Texas as Fragrance of Heaven LLC. The LLC assumed the assets and liabilities of the sole proprietorship. The change in the legal structure of the entity does not alter the Independent Accountant's Review Report with respect to the entity.

The following discussion is referring to the financials of Terri Arthur dba Fragrance of Heaven.

Revenue

The sales of Fragrance of Heaven has consistently grown the last several years. Revenue in 2017 was \$59,995, which increased \$22,096, or 58.3% compared to \$37,899 in 2016. The increase was primarily due to increased sales of our products and the consistent growth of the business.

Cost of goods sold and Operating Expenses

Cost of goods sold

Our cost of goods sold is primarily composed of the direct costs of raw materials, labor and related overhead in selling our products and services.

Cost of good sold in 2017 was \$21,632, increased \$5,109, or 30.9% compared to \$16,523 in 2016. The increase was primarily due to increased sales of our products and therefore increasing in the raw materials, labor and related overhead in selling our products and services.

Operating Expenses

Operating expenses are the selling and administrative expenses, including rent, utilities, office related cost, and advertising. Property, plant and equipment are recorded at cost and its depreciation is provided on the straight-line method over the estimated useful lives of the respective assets while ordinary maintenance and repair, and minor replacements are expensed.

Our total operating expenses in 2017 was \$46,892, increased \$10,644, or 29.4% compared to \$36,248 in 2016. The increase was primarily due to higher advertising fees, alarm system, office related expenses, and repairs and maintenance expenses.

Advertising and Marketing

Advertising costs, which are charged against operations when incurred, amount to \$3,614 in fiscal year 2017 and \$2,527 in the prior year. The increase was primarily due to increased effort in promoting our business and products as well as in preparation for our latest product, our own white labeled essential oil line, launched in May, 2018.

Net Loss

Net Loss for the 12 months ended December 31, 2017 was \$8,529.

Net Loss for the 12 months ended December 31, 2016 was \$14,872.

The decrease in net loss was primarily due to an increase in revenue despite increased operating expenses occurred in fiscal year 2017.

Cash flows

In 2017, the cash used by operating activities was \$7,512, versus \$12,263 in 2016. The cash used by investing activities was \$200 in 2017, versus \$21,444 in 2016, which was due to a significant decrease in acquisition of property plant and equipment. Cash flow from financing activities was \$7,829 in 2017, versus \$30,392 in 2016, due to a lower contribution of owner capital.

Our historical results and cash flows are not representative of what investors should expect in the future.

Assets, Inventories and Liabilities

Our total assets were \$28,753 as of December 31, 2017 and \$30,963 as of December 31, 2016

Inventories

Inventories are generally stated at the lower of cost or market value. Market is considered as the net realizable value.

Inventories consisted of the following:

	2017	2016
Scented candles and other merchandise	\$ 2,625	\$ 2,355

Liabilities

Our total liabilities were \$4,603 as of December 31, 2017 and \$6,113 as of December 31, 2016, the decrease is primarily due to a decrease in notes payable, as mentioned in our Financial Statements:

CURRENT LIABILITIES		
Sales Tax Payable	\$ 629	\$ 422
Notes Payable	3,974	5,691
TOTAL CURRENT LIABILITIES	<u>4,603</u>	<u>6,113</u>

Stockholders' equity

The Company's total stockholders' equity was \$24,150 as of December 31, 2017 and \$24,850 as of December 31, 2016.

Liquidity and Capital Resources

Our principal sources of liquidity are our cash and cash equivalents and cash generated from operations. Cash and cash equivalents consist primarily of cash on deposit with banks. Cash and cash equivalents totaled \$2,926 as of December 31, 2017, and \$2,809 as of December 31, 2016.

Subsequent to December 31, 2017, Fragrance of Heaven borrowed \$10,000 from Peoples Bank to purchase inventory and expand business opportunities.

The Company are seeking a minimum of \$150,000 in this offering, which would improve the Company's liquidity and balance sheet. In the absence of unexpected factors which significantly and adversely affect the business of the Company, whether or not receiving these funds and any other additional funds is not necessary to the viability of the business in the next 12 months. We expect that the Company's available cash together with the proceeds of the offering would be enough to finance its operation, business development and marketing plan in the next 12 months.

New business developments or other unforeseen events may occur, resulting in the need to raise additional funds. There can be no assurances regarding the business prospects with respect to any other opportunity. Any other development would require us to obtain additional financing.

Future Plans

With the help of this equity crowdfunding offering, we are seeking to scaling up our business and achieve growth in the coming years, especially by adding our own white labeled essential oil line, Fragrance of Heaven Essential Oils.

If this offering is successful and raised \$150,000 or above, the Company will hire two full-time employees to do the wicking, labeling, and packing for shipping. The Company will also plan to scale up marketing effort.

Appendix A - BUSINESS AND ANTICIPATED BUSINESS PLAN

Mission Statement

To bring joy and comfort through fragrances, uplifting our customers as well as bringing back their most special memories, as smell is most closely related to memories, with Terri's personally designed fragrances which are as strong at the end as it was at the beginning. We have and will continue to provide the highest quality product that has no carcinogens, nor triggers for headaches and allergies that is so common in this industry today.

Description of the business:

Candles and Tarts

Consistent slow growth since 2009 due to demand on trigger free from headache and allergy fragrances, as well as free of soy and zinc free which are carcinogens, enabling ones to use tarts (cube melts for warmers) and candles that one's may have never been able to before.

Customers can bring or ship to us anything with a fragrance (example: other candles or an idea of a fragrance) and we will design it for them.

In comparison, industry standards use soy or mixtures thereof and zinc in their wicks, as well as stretching of their oils. Our candles do not, and therefore burn loud and long all the way through, another separation from industry in quality.

Have grown from the home residence to 400 sf to 800 sf, to now a 3,000 sf for brick and mortar. This has grown by word of mouth, Facebook, radio and television interviews (3/year) and expo booths (1 per year during holidays) and now acquiring another 3,500 sq. ft. in addition for manufacturing. Both local in Lubbock.

We have brought in vendors which raise awareness as to location of brick and mortar, and which also covers the cost of the lease for the store and manufacturing facility. We have Super Saturday events, doing facebook lives hourly to show who won what door prize and from which vendor. This is helping the location to become more known in the community.

We will be hiring 2 employees to do the wicking, labeling, and packing for shipping (most likely by special needs persons and seniors that need repetitious work). The creation of scents and pouring will still be done by the owner, Terri Arthur, scent designer and quality control.

The sales of Fragrance of Heaven has consistently grown the last several years. With the help of Equity Crowdfunding, we are seeking to scaling up our business and achieve growth in the coming years, especially by adding our own white labeled essential oil line, Fragrance of Heaven Essential Oils.

Fragrance of Heaven Essential Oils

May 2018 Terri started her own white labeled essential oil line. This is 1) an extraordinary quality essential oil, also known as 100% pure 2) at a reduced cost. We do not have to pay commissioned sales reps, passing the savings on to our customers.

As of now, we have been selling out of my brick and mortar location the essential oils. Our daily sales on average, half come from the essential oil line. Once marketing this online and having an e-commerce site, it is anticipated to sell more in the essential oil line, yet attain new customers to for the candles as it will be the same demographic.

Planned Use of Proceeds from crowdfunding:

- Online Marketing of E-Commerce Site/Social media
- E-commerce website being built, including a CRM
- Marketing with Social Media Expert on Retainer
- Use other social media platforms
- Taking on additional 3,500 sq ft for manufacturing
- Pallet Jack
- Racking System
- Commercial Grade Vat and Pouring unit
- Workstation Tables
- Payroll for 2 full time employees. (Will start with 1 employee)
- CPA Services

Appendix B - RISK FACTORS

RISKS RELATING TO OUR BUSINESS

We are operating in a very competitive industry

The business is in a competitive industry with companies with much more financial and physical resources.

We rely on continuing efforts of Terri Arthur, the CEO and Founder of Fragrance of Heaven LLC

The business relies mainly on the efforts of Terri Arthur to design and manufacture products, as well as oversee the operations of the company. If something happened to her the business may not be able to continue.

Our business involves inherent industrial risks and occupational hazards

Our business involves inherent industrial risks and occupational hazards, which may not be eliminated through implementing safety measures and thus we are exposed to risks related to such activities, such as equipment failure, industrial accidents and fire. We cannot ensure that such risks will not cause a material and adverse impact to us in the future. The materialisation of any of the risks mentioned above in the worst case scenario may disrupt our business and damage our reputation, which may also affect the validity of our relevant qualifications, business operations and results of operations.

The costs of raw materials account for a significant portion of our cost of sales and any fluctuations in their prices may affect our profitability

The prices of raw materials, which are petroleum related, may be subject to fluctuations as a result of various factors beyond our control, such as global economic condition, crude oil and petroleum prices.

We manufacture some of our products on a made-to-stock basis with reference to our sales forecast, which may not be accurate

We manufacture some of our candle products on a made-to-stock basis (i.e. we manufacture before our customers place orders with us) with reference to our sales forecast prepared in light of our customers' historical buying pattern. If our sales forecast turns out to be inaccurate and our customers do not place orders with us in the volumes expected by us, the products produced may not be absorbed by other customers, and our business, results of operations and financial condition may be adversely affected.

Our revenue is mainly derived from the sale scented candles, which may be adversely affected by the market demand

If we fail to identify new business opportunities or otherwise react to any significant drop in demand for scented candles, our business, financial condition and results of operations may be materially and adversely affected.

Our operations and financial performance may be materially and adversely affected if we experience any major disruptions, damage or destruction at our production facilities

Our business is dependent on the proper functioning of our manufacturing facilities which are located at Lubbock, Texas. Our manufacturing facilities are subject to operating risks and disruptions, such as the breakdown or failure of equipment, shortages, natural disasters and industrial accidents. If any of our manufacturing facilities experience any of these disruptions, damage or destruction, we may not be able to manufacture our products and meet our delivery obligations to our customers in a timely manner or at all, in which case our business, results of operations and financial condition would be materially and adversely impacted.

Any problems with product quality or performance could result in a loss of customers and sales and may subject us to product liability claims, which could result in significant costs or negatively affect our reputation

The success of our business depends on our ability to consistently deliver products with high quality. If the quality of any of our products deteriorates for any reason, we may be faced with returns or cancellations of orders and customer complaints. Moreover, as our products contain chemical and petroleum substances, any defects or improper performance of our products may directly or indirectly result in harm to the environment and human health, safety and daily lives.

We may not be able to maintain and increase the sales and profitability of products and services

We cannot guarantee that we will be able to maintain our sales and achieve our targeted sales growth and profitability for our products, which include the offering of scented tarts and candles to retail customers, fragrance designing for customers, and our e-commerce sales.

Our historical financial and operating results are not indicative of future performance.

Our revenue, operating expenses and results of operations may vary from period to period and from year to year in response to a variety of factors beyond our control, including general business and economic conditions, employment rates, inflation and interest rates, and consumer discretionary income. Therefore our historical results may not be indicative of our future performance.

We may not be able to adequately protect our intellectual property, which could harm the value of our brands and adversely affect our business and operation.

We may face claims of infringement that could interfere with the use of our proprietary know-how, concepts, technologies, or trade secrets. Defending against such claims may be costly and, if we are unsuccessful, we may be prohibited from continuing to use such proprietary information in the future or be forced to pay damages, royalties or other fees for using such proprietary information, any of which could negatively affect our sales, profitability and prospects.

Our insurance coverage may not be sufficient to cover all losses or potential claims from our customers

We may become subject to liabilities against which we are not insured adequately or at all or liabilities against which cannot be insured. Should any significant property damage or personal injury occur in our facilities or to our employees due to accidents, natural disasters, or similar

events which are not covered or inadequately covered by our insurance, our business may be adversely affected, potentially leading to a loss of assets, lawsuits, employee compensation obligations, or other form of economic loss. In addition, we have not maintained insurance policies against losses arising from our environmental liabilities, business interruption, industrial accidents, work stoppages, civil unrest or other activities.

Any losses that we may incur which we are not insured against may adversely affect our business, financial condition and results of operations.

We may need additional capital, and our ability to obtain additional capital is subject to uncertainties.

We believe that our current cash and cash equivalents, anticipated cash flow from operations and the proceeds from this offering will be sufficient to meet our anticipated cash needs, including our cash needs for working capital and capital expenditures, for at least the next 12 months. We may, however, require additional cash resources to finance our continued growth or other future developments, including any investments we may decide to pursue. The amount and timing of such additional financing needs will vary depending on investments in new facilities, decorations and the amount of cash flow from our operations. If our resources are insufficient to satisfy our cash requirements, we may seek additional financing by selling additional equity or debt securities or obtaining a credit facility.

RISKS RELATED TO THE OFFERING

Offering price of the Securities is not an accurate reflection of their value

We cannot assure that the offering price of the Membership Units of Fragrance of Heaven LLC (the "Securities") will be an accurate reflection of their value. The offering price of the Securities is arbitrarily determined by us taking into account our prospects, all as assessed by our management. The offering price should not be regarded as an indication of any future price of the Securities, and bears no relationship to our assets, earnings, net tangible book value, or any other traditional criteria of value.

There has been no representation of investors in the preparation of this offering. We have not obtained an independent opinion on behalf of prospective investors regarding the fairness of the terms on which the Securities are offered hereby. Prospective investors will be relying on the disclosures set forth herein and the additional materials it refers to directly, and on the business and investment background and experience of themselves and any advisors engaged by them, as the basis for their investment decision.

We have the right to, and expect to, issue additional shares or sell stock in isolated transactions

We have the right to, and expect to, issue additional shares or sell stock in isolated transactions. Our board of directors has authority, without action or vote of our shareholders. Any such issuance will dilute the percentage of return to Investors.

Restrictions on transferability of securities

Restrictions on transferability of securities will limit the ability of purchasers to transfer their Securities. Specially, the Securities being offered may not be transferred by any purchaser of such Securities during the one year period beginning when the Securities were issued, unless certain conditions are met, as described in ***Restrictions on Transfer of the Securities Being Offered*** on this Form C.

The Securities offered hereby will be “restricted securities” within the meaning of the Securities Act and, consequently, will be subject to the restrictions on transfer set forth in the Securities Act and the rules and regulations promulgated thereunder. In addition, the Securities are subject to restrictions on transfer under applicable state securities laws under which such securities are sold in reliance on certain exemptions or under the provisions of certain qualifications. As restricted securities, the securities may not be sold in the absence of registration or the availability of an exemption from such registration requirements.

We cannot assure that we will pay dividends.

We do not currently anticipate declaring and paying dividends to our shareholders in the near future. It is our current intention to apply net earnings, if any, in the foreseeable future to increasing its capital base and marketing. Prospective investors seeking or needing dividend income or liquidity should therefore not purchase shares of our Membership Units. We cannot assure that we will ever have sufficient earnings to declare and pay dividends to the holders of our Membership Units, and in any event, a decision to declare and pay dividends is at the sole discretion of our board of directors.

You can’t easily resell the securities.

There are restrictions on how you can resell your securities. More importantly, there is no market for these securities, and there might never be one. It’s unlikely that the company will ever go public or get acquired by a bigger company. That means the money you paid for these securities could be tied up for a long time.

Our failure to maintain effective internal controls over financial reporting could have an adverse impact on us.

We are required to establish and maintain appropriate internal controls over financial reporting. Failure to establish those controls, or any failure of those controls once established, could adversely impact our public disclosures regarding our business, financial condition or results of operations. In addition, management’s assessment of internal controls over financial reporting may identify weaknesses and conditions that need to be addressed in our internal controls over financial reporting or other matters that may raise concerns for investors. Any actual or perceived weaknesses and conditions that need to be addressed in our internal control over financial reporting, disclosure of management’s assessment of our internal controls over financial reporting or disclosure of our public accounting firm’s attestation to or report on management’s assessment of our internal controls over financial reporting may have an adverse impact on the price of our Membership Units.

INDEPENDENT ACCOUNTANT'S REVIEW REPORT

To the Owner
Fragrance of Heaven
Lubbock, Texas

I have reviewed the accompanying financial statements of Fragrance of Heaven (a sole proprietorship), which comprise the balance sheets as of December 31, 2017 and 2016, and the related statements of income and owner's equity and cash flows for the years then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, I do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

My responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require me to perform procedures to obtain limited assurance as to a basis for reporting whether I am aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. I believe that the results of my procedures provide a reasonable basis for my conclusion.

Accountant's Conclusion

Based on my review, I am not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.
