6. We note your disclosure that the retail price of your selected models sold in China was increased in 2016 and 2017. Also, we note your disclosure on page 78 that net revenues per scooter decreased from 2016 to 2017. Please balance your disclosure on page 70, and elsewhere as appropriate, by disclosing trends in your net revenue per scooter when you discuss changes in retail prices of your products.

Results of Operations, page 76

7. Please quantify the effects of changes in both price and volume on revenues and expense categories, where appropriate. Refer to Item 5 of Form 20-F.

Business
Our Competitive Strengths, page 102

8. Please balance your disclosure concerning your strengths and prospects by discussing the material negative factors affecting your business, such as strong competition, low barriers to entry and significant research and development costs.
