

KPOP FOODS VIDEO TRANSCRIPTS

Video 1: KPOP Sauce - The Ultimate Korean Chili Sauce

Main Character (MC)

Grandma?

Grandma

Let's get the party started!

MC

Let me introduce you to KPOP Sauce, a Korean sauce based on my grandma's secret recipe. Just like my grandma, it's sweet, tangy, and has a kick! Can't find this party or anything like it at your local store, but don't my word for it.

Man #1

For me it's like...it's a good mix between like savory/hot

Man #2

It's like an explosion of flavor in my mouth

Man #3

Well done...well done!

Woman #1

It's like a slow spiciness

Man #4

It still got a little kick to it though

Woman #2

I'm a finnickier eater..so that's why I had to tell you guys yeah.
I like it!

Woman #3

There's definitely like a unique flavor.

Man #5

It's sweeter than I thought it was gonna be...which I think is really good but it's got a little kick to it as well. I think it's really good!

Man #6

That's really good. In fact, I think I'll add a little bit more now that I know I like it.

THE END.

Video 2: 3 Dates with KPOP Sauce

MC

Dude, so check it out. So, I went on these three dates last week.

MC

So what do you do?

GIRL #1

So, I started a non-profit organization that matches abandoned puppies with super lonely people.

MC

Awww...

GIRL #1

Do you want a puppy?

MC

Wait...

ROOMMATE

Sweet.

MC

Exactly! She was so sweet.
And then-

GIRL #2

Did I tell you about how I love to reenact
My favorite movie scenes with puppies?

MC

Huh? No-

GIRL #2

Let me show you! You're a wizard, Harry!

MC

She was so...She was so...

ROOMMATE
Tangy.

MC
Yeah, she was tangy! Oh and
then-

WAITER
Thief!

GIRL #3
Oh look it's a puppy!

ROOMMATE
oooo, a kick.

MC
Yeah, she had a kick alright... I
just don't know which girl to
choose...

ROOMMATE
Man, this has it all!

MC
You're a genius! I can't settle. I
need a girl that's sweet, tangy,
with a kick!

ROOMMATE
Hm? KPOP Sauce?

MC
Wha-?

ROOMMATE
Bro! Get your own.

THE END.

Video 3: Get weird with KPOP Sea Snacks

Narrator

Whoa, what was that?
