IIFL Capital Inc.
(a wholly owned subsidiary of IIFL Securities Limited)
Notes to Statement of Financial Condition
Year Ended March 31, 2023

1. Organization

IIFL Capital Inc. (the Company) is a wholly owned subsidiary of IIFL Securities Limited, Mumbai, India (Parent). The Company provides brokerage and research services to institutional investors in the United States investing in securities of companies principally headquartered in India. The Company is registered with the Securities and Exchange Commission (the SEC) as a broker-dealer and is a member of the Financial Industry Regulatory Authority (FINRA).

The Company's customers transact their business on a delivery versus payment basis. The settlement of the customer securities transactions is facilitated by its Parent in India for securities traded in the Indian stock markets. Accordingly, the Company operates under the exemptive provisions of Rule 15c3-3(k)(2)(i) of the Securities Exchange Act of 1934, and it is also subject to Rule 15c3-1, the Uniform Net Capital Rule.

2. Significant Accounting Policies

a) Cash and cash segregated under federal regulations

The Company maintains cash at federally insured banking institutions. Cash includes \$89,739 in a special account segregated in compliance with federal regulations to cover commission rebate liabilities amounting to \$26,452 included in accounts payable and other accrued liabilities. Total expense paid for such commission rebates was \$292,534 and is recorded as commission expense on the statement of operations.

b) Fixed Assets

Fixed assets are carried at cost less accumulated depreciation. Depreciation is computed using the straight-line method over the estimated useful lives of the assets.

c) Income Taxes

The Company accounts for income taxes under the asset and liability method, which requires the recognition of deferred tax assets and liabilities for expected future tax consequences of events that have been included in the statement of financial condition. Under this method deferred tax assets and liabilities are determined based on the differences between the financial statements and tax basis of assets and liabilities using enacted tax rates in effect for the year the differences are expected to reverse. The effect of the change in tax rates on deferred tax assets and liabilities is recognized in income in the period that includes the enactment date. Deferred tax assets and liabilities are recognized subject to management's judgment that realization is more likely than not.

d) Basis of Presentation and Use of Estimates

This statement of financial condition was prepared in conformity with accounting principles generally accepted in the United States of America ("US GAAP") which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the statement of financial condition. Actual results could differ from those estimates.

2. Significant Accounting Policies (continued)

e) Allowance for Credit Losses

The Company follows Accounting Standards Codification ("ASC") Topic 326, *Financial Instruments – Credit Losses* ("ASC 326"). ASC 326 impacts the impairment model for certain financial assets by requiring a current expected credit loss ("CECL") methodology to estimate expected credit losses over the entire life of the financial asset.

The Company did not have any accounts receivable impacted by the guidance.

An allowance for credit losses may be based on the Company's expectation of the collectability of its receivables utilizing the CECL framework. The Company considers factors such as historical experience, credit quality, age of balances and current and future economic conditions that may affect the Company's expectation of collectability in determining the allowance for credit losses. Since the Company had no accounts receivable, there is no credit risk; therefore, the Company has not provided an allowance for credit losses at March 31, 2023.

f) Contract Assets and Liabilities

The Company had no customer receivables as of April 1, 2022, or March 31, 2023. The Company had no contract assets or liabilities as of April 1, 2022, or March 31, 2023.

3. Related Party Transactions

An affiliated company paid \$584 for expenses on behalf of the Company. As of March 31, 2023, the Company owed the affiliate \$2,928.

For the year ended March 31, 2023, the Company earned transfer pricing revenue from its Parent. At March 31, 2023, \$400,000 remained unpaid.

The accompanying financial statements have been prepared from the separate records maintained by the Company and, due to certain transactions and agreements with affiliated entities, such financial statements may not necessarily be indicative of the financial condition that would have existed or the results that would have been obtained from operations had the Company operated as an unaffiliated entity.

4. Net Capital Requirement

The Company is subject to the SEC Uniform Net Capital Rule 15c3-1 under the Securities Exchange Act of 1934, which requires the maintenance of minimum net capital, as defined. The Company has elected to use the alternative method of computing its net capital. Under this method, net capital, as defined, shall not be less than \$250,000. At March 31, 2023, the Company had net capital of approximately \$833,000 which exceeded requirements by approximately \$583,000.

5. Off-Balance-Sheet Risk, Concentration Risk and Credit Risk

The Company's policy is to continuously monitor its exposure to market and counterparty risk by using a variety of financial, position and credit exposure reporting and control procedures. In addition, the Company has a policy of reviewing the credit standing of each customer and/or other counterparty with which it conducts business.

6. Income Taxes

At March 31, 2023, the Company's deferred tax assets are \$59,220. The Company's deferred tax assets were primarily related to the non-deductible portions of the accrued incentive compensation. The value of the deferred tax asset was calculated based on the estimated accrued incentive compensation as of March 31, 2023. The Company recognizes accrued interest and penalties related to uncertain tax positions in income tax expense (benefit) within the statement of operations; however, there are none for the year ended March 31, 2023. At this time, the Company does not expect any material change in the unrecognized tax benefits amount over the next twelve months.

The Company does not have any uncertain tax positions or any material unrecognized tax benefits or tax liabilities at March 31, 2023. The difference between the statutory federal rate of 21% and the effective tax rate of (25.6%) is due to the deductibility of certain expenses.

7. 401(k) Plan

The Company sponsors a qualified defined contribution salary reduction 401(k) plan covering all eligible employees. The maximum contribution payable under the plan is equal to a defined percentage of the eligible employee's salary subject to Internal Revenue Service ("IRS") limits. Employee contributions may be matched at the discretion of the Company subject to IRS limits.

8. Concentrations

The Company is dependent on its Parent for all of its operating revenue.

Most of the Company's assets are held in the form of cash in accounts at major commercial banks.

The Company has significant cash balances at financial institutions which throughout the year regularly exceed the federally insured limit of \$250,000. Any loss incurred or lack of access to such funds could have a significant adverse impact on the Company's financial condition, results of operations, and such cash flows.

9. Commitments and Contingent Liabilities

The Company rents office space under an operating lease with a term of three (3) months. The lease automatically renews for three months unless 60 days' notice to terminate the lease is given. The quarterly amount under this arrangement is \$3,600. Under the terms of the operating lease, there are scheduled escalations that will bring the quarterly amount to \$3,816.
