## Offering Statement

Respond to each question in each paragraph of this part. Set forth each question and any notes, but not any instructions thereto, in their entirety. If disclosure in response to any question is responsive to one or more other questions, it is not necessary to repeat the disclosure. If a question or series of questions is inapplicable or the response is available elsewhere in the Form, either state that it is inapplicable, include a cross-reference to the responsive disclosure, or omit the question or series of questions.

Be very careful and precise in answering all questions. Give full and complete answers so that they are not misleading under the circumstances involved. Do not discuss any future performance or other anticipated event unless you have a reasonable basis to believe that it will actually occur within the foreseeable future. If any answer requiring significant information is materially inaccurate, incomplete or misleading, the Company, its management and principal shareholders may be liable to investors based on that information.

*INSTRUCTION TO QUESTION 6: The above information must be provided as of a date that is no more than 120 days prior to the date of filing of this offering statement.*

*To calculate total voting power, include all securities for which the person directly or indirectly has or shares the voting power, which includes the power to vote or to direct the voting of such securities. If the person has the right to acquire voting power of such securities within 60 days, including through the exercise of any option, warrant or right, the conversion of a security, or other arrangement, or if securities are held by a member of the family, through corporations or partnerships, or otherwise in a manner that would allow a person to direct or control the voting of the securities (or share in such direction or control – as, for example, a co-trustee) they should be included as being “beneficially owned.” You should include an explanation of these circumstances in a footnote to the “Number of and Class of Securities Now Held.” To calculate outstanding voting equity securities, assume all outstanding options are exercised and all outstanding convertible securities converted.*

**BUSINESS AND ANTICIPATED BUSINESS PLAN**

7. Describe in detail the business of the issuer and the anticipated business plan of the issuer.

**For a description of our business and our business plan, please refer to the attached [Appendix A, Business Description & Plan](#)**

*INSTRUCTION TO QUESTION 7: Wefunder will provide your company's Wefunder profile as an appendix (Appendix A) to the Form C in PDF format. The submission will include all Q&A items and “read more” links in an uncollapsed format. All videos will be transcribed.*

*This means that any information provided in your Wefunder profile will be provided to the SEC in response to this question. As a result, your company will be potentially liable for misstatements and omissions in your profile under the Securities Act of 1933, which requires you to provide material information related to your business and anticipated business plan. Please review your Wefunder profile carefully to ensure it provides all material information, is not false or misleading, and does not omit any information that would cause the information included to be false or misleading.*

**RISK FACTORS**

**The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.**

**These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.**

8. Discuss the material factors that make an investment in the issuer speculative or risky:

We are a relatively new company with minimal revenues and financial history. There can be no assurance that we will achieve the level of acceptance in the market as we project and as such our projected results could be materially different from actual results.
The Company is developing new technology to expand their services to include a dementia-friendly cell phone. There can be no assurance that the new technology will be effective or that users will adopt the new technology and buy our products.
The Company will require additional capital to achieve a cash flow positive position. There can be no assurance that capital will be available to us on acceptable terms, or at all.
The Company relies on third party vendors such as AT&T Cellular, Amazon Web Services, VoIP service providers and other vendors for our operations. Any interruption in the availability of these services could have material negative impact in our ability to deliver service to our subscribers, as well as the profitability of these operations.
The long term implications of the COVID-19 pandemic are unclear and may have an unknown effect on our ability to grow our customer base over time. While we have maintained month-over-month growth during the past six months of the pandemic, there is no assurance that future restrictions will not have a negative impact on growth.
Temporary Rule 201(z)(2) provides temporary relief from certain financial information requirements by allowing issuers to omit the financial statements required by Rule 201(t) in the initial Form C filed with the Commission. This offering has commenced in reliance of Temporary Rule 201(z)(2).
Our future success depends on the efforts of a small management team. The loss of services of the members of the management team may have an adverse effect on the company. There can be no assurance that we will be successful in attracting and retaining other personnel we require to successfully grow our business.

*INSTRUCTION TO QUESTION 8: Avoid generalized statements and include only those factors that are unique to the issuer. Discussion should be tailored to the issuer's business and the offering and should not repeat the factors addressed in the legends set forth above. No specific number of risk factors is required to be identified.*

## Management's Discussion and Analysis of Financial Condition and Results of Operations

Some of the information contained in this discussion and analysis, including information regarding the strategy and plans for our business, includes forward-looking statements that involve risks and uncertainties. You should review the "Risk Factors" section for a discussion of important factors that could cause actual results to differ materially from the results described in or implied by the forward-looking statements contained in the following discussion and analysis.

- *Assets.* As of December 31, 2021, the Company had total assets of \$142,488, including \$129,089 in cash. As of December 31, 2020, the Company had \$128,572 in total assets, including \$111,949 in cash.

- *Liabilities.* The Company's liabilities totaled \$974,497 for the fiscal year ended December 31, 2021 and \$841,718 for the fiscal year ended December 31, 2020.

### Liquidity & Capital Resources

To-date, the company has been financed with \$106,900 in debt and \$616,862 in convertibles.

After the conclusion of this Offering, should we hit our minimum funding target, our projected runway is 12 months before we need to raise further capital.

We plan to use the proceeds as set forth in this Form C under "Use of Funds". We don't have any other sources of capital in the immediate future.

We will likely require additional financing in excess of the proceeds from the Offering in order to perform operations over the lifetime of the Company. We plan to raise capital in 6-8 months. Except as otherwise described in this Form C, we do not have additional sources of capital other than the proceeds from the offering. Because of the complexities and uncertainties in establishing a new business strategy, it is not possible to adequately project whether the proceeds of this offering will be sufficient to enable us to implement our strategy. This complexity and uncertainty will be increased if less than the maximum amount of securities offered in this offering is sold. The Company intends to raise additional capital in the future from investors. Although capital may be available for early-stage companies, there is no guarantee that the Company will receive any investments from investors.

### Runway & Short/Mid Term Expenses

teleCalm, Inc. cash in hand is \$127,950, as of December 2021. Over the last three months, revenues have averaged \$48,661/month, cost of goods sold has averaged \$13,621/month, and operational expenses have averaged \$52,274/month, for an average burn rate of \$17,234 per month. Our intent is to be profitable within 19 months.

In April 2021, teleCalm closed the Wefunder crowdfunding round and received the remaining \$42,782 of investment funds (there was a rolling close in December 2021 of \$82,935).

In August 2021, teleCalm received an EIDL loan modification of \$28,700 for a total loan amount of \$106,900. The SBA deferred the 1st payment due date to December of 2022.

In September 2021, teleCalm closed a small round through a pilot fundraising platform called Fundr for \$12,412.

In December 2021, teleCalm closed a seed round for \$100,000.

teleCalm continued to grow in 2021 (avg 3.6% MoM), despite challenges presented due to COVID-19, including lockdowns in senior living communities during the first half of the year, followed by hardware shortages and logistics challenges in the last half of the year.

teleCalm continued development of teleCalm Mobile service to expand our offering from a landline-only solution, reaching the beta testing phase in late 2021.

Revenues: We anticipate slow MoM subscriber growth during the next 6 months

to an estimated \$50,000 MRR, with increased growth driven by additional landline service plus new teleCalm Mobile and Priority Response services.

Expenses: We anticipate a reduction in expenses over the next 6 months to average around \$40,000 per month.

With our forecasted growth, we anticipate (but cannot guarantee) to reach cash flow positive late 2022.

Except as otherwise described in this Form C, we do not have additional sources of capital other than the proceeds from the offering.

*INSTRUCTIONS TO QUESTION 28: The discussion must cover each year for which financial statements are provided. For issuers with no prior operating history, the discussion should focus on financial milestones and operational, liquidity and other challenges. For issuers with an operating history, the discussion should focus on whether historical results and cash flows are representative of what investors should expect in the future. Take into account the proceeds of the offering and any other known or pending sources of capital. Discuss how the proceeds from the offering will affect liquidity, whether receiving these funds and any other additional funds is necessary to the viability of the business, and how quickly the issuer anticipates using its available cash. Describe the other available sources of capital to the business, such as lines of credit or required contributions by shareholders. References to the issuer in this Question 28 and these instructions refer to the issuer and its predecessors, if any.*

## FINANCIAL INFORMATION

29. Include financial statements covering the two most recently completed fiscal years or the period(s) since inception, if shorter:

This offering is being conducted on an expedited basis due to circumstances relating to COVID-19 and pursuant to Reg. CF Temporary Rule 201(z)(3), which provides temporary relief from certain financial information requirements by allowing issuers to provide financial information certified by the principal executive officer of the issuer instead of financial statements reviewed by a public accountant that is independent of the issuer.>

Refer to [Appendix C, Financial Statements](#)

I, Tavis Schriefer, certify that:

- (1) the financial statements of teleCalm, Inc. included in this Form are true and complete in all material respects ; and
- (2) the tax return information of teleCalm, Inc. included in this Form reflects accurately the information reported on the tax return for teleCalm, Inc. filed for the most recently completed fiscal year.

*Tavis Schriefer*

## OTHER MATERIAL INFORMATION

31. In addition to the information expressly required to be included in this Form, include:

- (1) any other material information presented to investors; and
- (2) such further material information, if any, as may be necessary to make the required statements, in the light of the circumstances under which they are made, not misleading.

The Company is using the services of XX as part of its offering. XX is comprised of XX Investments, LLC, XX Team LLC, and the Lead Investors who provide services on behalf of XX Team LLC. The services of XX are available to companies that offer securities through Wefunder Portal LLC and to investors who invest in such companies through Wefunder Portal, but XX is not affiliated with Wefunder Portal or its affiliates.

XX Investments is the Company's transfer agent and also acts as custodian, paying agent, and proxy agent on behalf of all investors that enter into the Custodial and Voting Agreement with XX Investments through the Wefunder Portal website ("Investors"). XX Investments holds legal title to the securities the Company issues through Wefunder Portal (which are uncertificated) on behalf of Investors. Investors, in turn, hold the beneficial interests in the Company's securities. XX Investments keeps track of each investor's beneficial ownership interest and makes any distributions to the Investors (or other parties, as directed by the Investors).

In addition to the above services, at the direction of XX Team, XX Investments votes the securities and take any other actions in connection with such voting on behalf of the Investors. XX Investments acts at the direction of XX Team, because XX Team holds a power of attorney from each Investor that has entered into the Investor Agreement to make voting decisions on behalf of that Investor. XX Investments will not charge investors for its services. XX Investments does charge the Company \$1,000/year for services; however, those fees may be paid by Wefunder Inc. on behalf of the Company.

As noted, XX Team holds a power of attorney from each investor that has entered into the Investor Agreement to make voting decisions on behalf of that Investor. Pursuant to the power of attorney, XX Team will make voting decisions and then direct XX Investments to vote and take any other actions in connection with the voting on Investors' behalf. XX Team will act, with respect to the Company, through our Lead Investor, who is a representative of XX Team. As compensation for its voting services, each Investor authorizes XX Investments to distribute to XX Team 10% of any distributions the Investor would otherwise receive from the Company. XX Team will share its compensation with our Lead investor. XX Team, through our Lead Investor, may also provide consulting services to the Company and may be compensated for these services by the Company; although, fees owed by the Company may be paid by Wefunder Inc. XX Team will share its consulting compensation with our Lead Investor.

The Lead Investor is an experienced investor that we choose to act in the role of Lead investor, both on behalf of the Company and on behalf of investors. As noted, the Lead Investor will be a representative of XX Team and will share in compensation that XX Team receives from the Company (or Wefunder Inc. on the Company behalf) or from investors. The Lead Investor will be chosen by the Company and approved by Wefunder Inc., and the identity of the Lead Investor must be disclosed to investors before investors make a final investment decision to purchase the Company's securities. Investors will receive disclosure regarding all fees that may be received by the Lead Investor. In addition to the fees described above, the Lead Investor may receive compensation if, in the future, Wefunder Advisors LLC forms a special purpose vehicle ("SPV") for the purpose of investing in a non-Regulation Crowdfunding offering of the Company. In such a circumstance, the Lead Investor may act as a portfolio manager for that SPV (and as a supervised person of Wefunder Advisors) and may be compensated through that role. Although the Lead Investor may act in multiple roles and be compensated from multiple parties, the Lead Investor's goal is to maximize the value of the Company and therefore maximize the value of the Company's securities. As a result, the Lead Investor's interests should always be aligned with those of the investors.

Investors that wish to purchase the Company's securities through Wefunder Portal must agree to (1) hire XX Investments to serve as custodian, paying agent, and

proxy agent with respect to the Company's securities; (2) give a power of attorney to XX Team to make all voting decisions with respect to the Company's securities; and (3) direct XX Investments to share 10% of the investor's distribution from the Company with XX Team. The Company may waive these requirements for certain investors with whom the Company has a pre-existing relationship.

The XX arrangement described above is intended to benefit the Company by allowing the Company to reflect one investor of its capitalization table (XX Investments) and by simplifying the voting process with respect to the Company's securities by having one entity (XX Team), through one person (the Lead Investor), make all voting decisions and having one entity (XX Investments) carry out XX Team's voting instruments and any take any related actions. The XX arrangement also is intended to benefit Investors by providing the services of an experienced Lead Investor (acting on behalf of XX Team) who is expected to make value-maximizing decisions regarding Investors' securities. XX Team (acting through the Lead Investor) may further benefit both the Company and Investors by providing consulting services to the Company that are intended to maximize both the value of the Company's business and also the value of its securities.

*INSTRUCTIONS TO QUESTION 30: If information is presented to investors in a format, media or other means not able to be reflected in text or portable document format, the issuer should include:*  
(a) a description of the material content of such information;  
(b) a description of the format in which such disclosure is presented; and  
(c) in the case of disclosure in video, audio or other dynamic media or format, a transcript or description of such disclosure.

## ONGOING REPORTING

32. The issuer will file a report electronically with the Securities & Exchange Commission annually and post the report on its website, no later than:

120 days after the end of each fiscal year covered by the report.

33. Once posted, the annual report may be found on the issuer's website at:

<https://teleCalmProtects.com/invest>

The issuer must continue to comply with the ongoing reporting requirements until:

1. the issuer is required to file reports under Exchange Act Sections 13(a) or 15(d);
2. the issuer has filed at least one annual report and has fewer than 300 holders of record;
3. the issuer has filed at least three annual reports and has total assets that do not exceed \$10 million;
4. the issuer or another party purchases or repurchases all of the securities issued pursuant to Section 4(a)(6), including any payment in full of debt securities or any complete redemption of redeemable securities; or the issuer liquidates or dissolves in accordance with state law.
