Notes to Statement of Financial Condition

December 31, 2023

1. Nature of operations

Sand Capital LLC (the “Company”) is a limited liability company formed under the laws of the state of Delaware. The Company is a wholly-owned subsidiary of Related Fund Management, LLC (the “Parent”). The Company is a broker-dealer registered with the Securities and Exchange Commission (the “SEC”) and a member of the Financial Industry Regulatory Authority (“FINRA”).

The primary business of the Company is to act as a broker-dealer providing financial and strategic advice on mergers and acquisitions, divestitures, restructurings, financings, capital raising and other similar transactions.

2. Summary of significant accounting policies

Basis of presentation

This financial statement was prepared in conformity with accounting principles generally accepted in the United States of America which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement. Actual results could differ from these estimates.

Contract assets and liabilities

Contract assets represent the Company’s right to consideration in exchange for goods or services that the Company has transferred to a customer, excluding unconditional rights to consideration that are presented as receivables. Contract liabilities represent the Company’s obligation to deliver products or provide data to customers in the future for which cash has already been received.

Cash

All cash deposits are held by one financial institution. The Company has not experienced any losses in such accounts and does not believe there to be any significant credit risk with respect to these deposits.

Income taxes

The Company is a single member limited liability company and is therefore treated as a disregarded entity for income tax reporting purposes. The Internal Revenue Code provides that any income or loss is passed through to the ultimate beneficial individual member for federal, and state income taxes. Accordingly, the Company has not provided for federal state and local income taxes.

At December 31, 2023, management has determined that the Company had no uncertain tax positions that would require financial statement recognition. This determination will be subject to ongoing re-evaluation as facts and circumstances may require. Interest and penalties assessed, if any, are recorded as income tax expense.

Notes to Statement of Financial Condition

2. Summary of significant accounting policies (continued)

Allowance for Credit Losses

The Company follows ASC Topic 326, Financial Instruments – Credit Losses (“ASC 326”). ASC 326 impacts the impairment model for certain financial assets by requiring a current expected credit loss (“CECL”) methodology to estimate expected credit losses over the entire life of the financial asset.

The Company did not have any accounts receivable impacted by the guidance. An allowance for credit losses may be based on the Company's expectation of the collectability of its receivables utilizing the CECL framework.

The Company considers factors such as historical experience, credit quality, age of balances and current and future economic conditions that may affect the Company's expectation of the collectability in determining the allowance for credit losses.

3. Transactions with related parties

The Parent provides to the Company payroll, pension, and employee benefit administrative services for the Company's associated persons and office and administrative services for the Company to operate its business pursuant to an administrative services agreement (the “Expense Sharing Agreement”). The Company incurred costs of \$4,800 to the Parent for these services and owes the Parent \$21,618 at December 31, 2023. The Parent also pays for various expenses of the Company without seeking reimbursement.

All transactions with related parties are settled in the normal course of business. The terms of any of these arrangements may not be the same as those that would otherwise exist or result from agreements and transactions among unrelated parties.

4. Regulatory requirements

The Company is subject to SEC Uniform Net Capital Rule 15c3-1 under the Securities Exchange Act of 1934, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2023, the Company had net capital of \$112,086 which exceeded the required net capital by \$107,086. The ratio of aggregate indebtedness to net capital, at December 31, 2023 was 0.29 to 1.

The Company does not hold customers' cash or securities and, has no requirements under SEC Rule 15c3-3 and therefore does not claim an exemption under paragraph (k).
