Problem

Maintaining a Vegan Lifestyle is Challenging and Time-Consuming

Low Availability

Poor product variety,
especially online

Lack of Credibility

No vegan certification standard
- many acclaimed vegan
products are not truly vegan)

Inconsistency

Interaction with many sites for
discovery, purchase and service

Need

Unique and Unmet Preferences of Most Vegan Customers

Main reason for purchasing in a specific online store *

* Survey conducted among 500 potential vegan customers in the US

- 57% have vegan-specific preferences
- 37% would not buy on Amazon

Solution

growth
since 2014

20M
vegans

\$30B
annual online
shopping

Competitive Landscape

The First Online Marketplace for Vegans in The US

Competitors

First Mover Into A Blue Ocean

-
- Has only about 5,000 'vegan' products
 - Only a fraction of the products are vegan
 - No certification and curation
(many products are not really vegan)

-
- Has only about 1,500 products
 - An online store
 - Hasn't changed much over the last 10 years

Execution

Ready for a Large-Scale Growth

Launched November 2017

Focused mainly on reaching an inventory critical mass

- Already onboarded 4,500 products from over 200 sellers
- Onboarding more than 500 new products every month

Initial marketing campaigns yielding outstanding results

- Conversion > 1.5%
- Retention > 17%
