## **The Company and its Business**

### *Company Overview*

#### *Background*

ONE ROQ Spirits LLC which operates in the distilled spirits market vertical, as premium distiller and supplier of ONE ROQ Vodka, actively restarted operation in Q3 2018 after almost two years of dormancy. The Company’s re-emergence into the market is the result of a new business and marketing strategy emphasizing consumer participation in the brand’s ownership, marketing and development including the benefits associated with membership in the exclusive ONE ROQ Club which offers events and additional benefits to members. The ONE ROQ Club program also allows members to purchase ONE ROQ products online for convenient delivery at exclusive member pricing through an approved 3rd party as required by the 3-Tier System. The Company maintains a "first-mover" position with its unique marketing approach and is raising funding to scale and materialize the Company's market value for investors.

#### *Company, Product & Operating Model*

ONE ROQ Spirits LLC (the "Company") was formed in the State of New York on March 12, 2012. The Company is an adult beverage manufacturer that primarily produces vodka under its ONE ROQ® brand name. Its principal products include ONE ROQ Vodka (plain), ONE ROQ Loganberry (flavored), ONE ROQ Dark Chocolate Truffle (flavored), and ONE ROQ Raspberry (flavored). The Company utilizes a satellite network of bottling facilities located throughout the US which produce the signature ONE ROQ Vodka recipe. Self production is a potential tenant of its future business plans.

### *Competitors and Industry*

#### **Industry**

The \$74 Billion global beverage alcohol market has been undergoing two macro trends

over the last 10 years: enormous industry consolidation into five international major suppliers and an explosion of small, premium craft brands driven by skilled marketing and demand by consumers for more "local" and "transparent" brands. Vodka accounts for approximately 32% of the distilled spirits market, with the premium, high-end category growing at 11% per annum.

The alcohol beverage market is driven by an increasing shift away from beer and wine towards spirits and in particular premium spirit brands as part of an overall movement towards "high-end" consumption. This macro industry trend has led to the creation of numerous start-up "craft" brands over the last ten years seeking to establish themselves as credible niche players to position themselves as acquisition targets for major industry giants. Highly profitable acquisition opportunities have resulted from industry majors focusing their marketing and distribution prowess to sell larger volumes of portfolio brands, rather than harness resources to internally develop. This market environment has led to on-going demand by these majors to acquire successful niche brands with scalable marketing strategies. Acquisition multiples ranging from 8x to 30x sales with acquisitions triggered over the 30-100k cases (\$10M) per annum in gross sales can be referenced in the "Historical Acquisitions" exhibit and diagram found on the Offering page. *(The diagram has been compiled by the Company using public research and industry contacts which it deems credible.)*

### **Market Segmentation & Pricing**

The five major categories of the spirits industry include vodka, rum, scotch whiskey, tequila and gin.

Within vodka there are four segments (or classes) of products, generally determined by their price. These include: "Value" (\$5-\$12 per 750mL); "Premium" (\$10-\$25 per 750mL); "Premium, High-end" (\$27-\$34 per 750mL) and "Ultra Premium" (\$35+ per 750mL). ONE ROQ Vodka is price positioned between \$27 and \$30 per 750mL (premium, high-end).

### **Major Suppliers**

Approximately 20 global suppliers control 90% of the sales volume throughout the five main categories of spirits. Examples of the suppliers include Diageo, Bacardi Global, Pernot Ricard, Suntory Beam, Brown Forman, Constellation Wine, Luxco, Sazerac, and Moet Hennessy Group.

### **Major Brands**

Dominant sales of vodka in the US market in 2019 are held by Titos and Smirnoff brands. Other brands that comprise the market share of vodka include Grey Goose (France), Smirnoff (Russia), Stolichnaya (Russia), Ciroc (France), Absolut (Sweden), Skyy (Italy), Belvedere (Holland), Chopin (Holland), and New Amsterdam (US).

### **Strategies and Tactics of Competitors**

Premium Vodka is considered a branded commodity; a common product on the inside

which is designed to appear differently on the outside. Methods for product differentiation are highly limited with brands constrained to the use of "times distilled or filtered" to separate the advertising of their respective products. Further differentiation in processing is limited where storytelling or lifestyle advertising become primary methods for generating desire in the consuming market. The increasing use of celebrities have become commonplace but remains an unreliable formula.

ONE ROQ has learned the challenges of competing under these traditional marketing models the hard way. Over time, it has chosen to evolve its model to incorporate the end-user in the growth and long-term value of its products through equity-based partnership, immersive brand experience and collaborative innovation and processes.

### **The Problem/Solution**

In short, each of today's current market competitors operates on a traditional business model where profits from sales and value from the equity of the brands roll up to a small group of private owners -- vs. end-users. ONE ROQ believes this is an opportunity to differentiate itself from 99% of the current market through a Membership platform that permits end-users to become valued shareholders and more.

### *Current Stage and Roadmap*

#### **Historical**

The Company discloses its operating history beginning in 2012, where the Founder made initial investments to develop and test market the products, study the industry, and develop strategies to overcome industry barriers. Initial testing by the Company ran from 2012 and concluded in 2015. A period of dormancy was observed for two years where the Company serviced minimum purchase orders from a single customer wholesaler in New York, using the downtime to plan its reemergence in 2018.

#### **Current Development Stage**

Successfully relaunched in Oct of 2018, the Company spent the last year raising funding to develop the vision of the ONEROQClub.com membership and marketing platform, testing it through a series of initiatives on and offline marketing activities throughout the country.

From 2018 through December 31, 2019, the Company's Founder and team directed all focus on the successful preparation and launch of the Company's Regulation CF Offering "I" as part of its plan to commercialize a new and differentiated business model and brand platform, ONE ROQ Vodka Club (ONEROQClub.com)

These activities included the research of all new applicable securities and beverage alcohol laws; the production of new inventory; the conception and development of marketing assets such as the Company's website, ONEROQClub.com, custom technology programming for its envisioned membership platform, extensive on and

off-line campaigning; labor; and minimum general operating expenses including warehousing and office leases. Notably, the Founder/Manager personally reinvested for the necessary preparations.

With a proof of concept on its differentiating marketing platform, it is now pursuing a second round of funding to begin scaling its platform and materializing its growth plan for investors.

### **Future Roadmap**

The Company is seeking further funding to: build inventory; hire staff; launch expanded on and offline marketing and advertising activities; create national distribution agreements and continue to create major media, hospitality and strategic partnerships to further expand the brand's first-mover position.

The Company plans to build sales through two primary revenue channels: direct to wholesaler-distributors who service bars, restaurants and retailers, and direct-to-consumers utilizing compliant 3rd party, e-commerce platforms who work with retailers to ship products directly by mail-in states where mail order it permitted.

Currently, due to the 2020 Coronavirus Pandemic, the company anticipates e-commerce sales to be a significant contributor to growth in the coming years. However, as US restrictions ease on retailers who were affected by shutdowns in the US, the Company will also be focused on returning to its aims of building a nationwide network of wholesale distributors to materialize its growth plan. Notably, the recent debut of the Company on the cover of Food & Beverage Magazine has attracted the attention of major distribution players in the market which it hopes to capitalize on as soon as distributors resume comfort in the direction of US on-premise markets.

Looking further into the future, the Company's long term vision is to achieve material growth over the next 3-4.5 years. Again, these are plans and the success of these plans will be based on many variables including the success from our current and future fundraising, the growth of the product and the brand through the growth of our membership and subsequent customers.

## Risk Factors

The SEC requires the company to identify risks that are specific to its business and its financial condition. The company is still subject to all the same risks that all companies in its business, and all companies in the economy, are exposed to. These include risks relating to economic downturns, political and economic events and technological developments (such as hacking and the ability to prevent hacking).

Additionally, early-stage companies are inherently more risky than more developed companies. You should consider general risks as well as specific risks when deciding whether to invest.

These are the risks that relate to the Company:

***Uncertain Risk***

An investment in the Company (also referred to as “we”, “us”, “our”, or “Company”) involves a high degree of risk and should only be considered by those who can afford the loss of their entire investment. Furthermore, the purchase of any of the Company stock should only be undertaken by persons whose financial resources are sufficient to enable them to indefinitely retain an illiquid investment. Each investor in the Company should consider all of the information provided to such potential investor regarding the Company as well as the following risk factors, in addition to the other information listed in the Company’s Form C. The following risk factors are not intended, and shall not be deemed to be, a complete description of the commercial and other risks inherent in the investment in the Company.

***Our business projections are only projections***

There can be no assurance that the Company will meet our projections. There can be no assurance that the Company will be able to find sufficient demand for our product, that people think it’s a better option than a competing product, or that we will be able to provide the service at a level that allows the Company to make a profit and still attract business.

***Any valuation at this stage is difficult to assess***

The valuation for the offering was established by the Company. Unlike listed companies that are valued publicly through market-driven stock prices, the valuation of private companies, especially startups, are often valued on other factors including: market size, historical exit valuations, projections and growth potential.

***The transferability of the Securities you are buying is limited***

Any Membership Unit (stock) purchased through this crowdfunding campaign is subject to SEC limitations of transfer. This means that the stock/note that you purchase cannot be resold for a period of one year. The exception to this rule is if you are transferring the stock back to the Company, to an “accredited investor,” as part of an offering registered with the Commission, to a member of your family, trust created for the benefit of your family, or in connection with your death or divorce.

***Your investment could be illiquid for a long time***

You should be prepared to hold this investment for several years or longer. For the 12 months following your investment there will be restrictions on how you can resell the securities you receive. More importantly, there is no established market for these securities and there may never be one. As a result, if you decide to sell these securities in the future, you may not be able to find a buyer. The Company may be acquired by an existing player in the educational software development industry. However, that may never happen or it may happen at a price that results in you losing money on this investment.

***If the Company cannot raise sufficient funds it will not succeed***

The Company, is offering Common Stock in the amount of up to \$1.07M in this offering, and may close on any investments that are made. Even if the maximum amount is raised, the Company is likely to need additional funds in the future in order to grow, and if it cannot raise those funds for whatever reason, including reasons relating to the Company itself or the broader economy, it may not survive. If the Company manages to raise only the minimum amount of funds, sought, it will have to find other sources of funding for some of the plans outlined in “Use of Proceeds.”

***We may not have enough capital as needed and may be required to raise more capital.***

We anticipate needing access to credit in order to support our working capital requirements as we grow. Although interest rates are low, it is still a difficult environment for obtaining credit on favorable terms. If we cannot obtain credit when we need it, we could be forced to raise additional equity capital, modify our growth plans, or take some other action. Issuing more equity may require bringing on additional investors. Securing these additional investors could require pricing our equity below its current price. If so, your investment could lose value as a result of this additional dilution. In addition, even if the equity is not priced lower, your ownership percentage would be decreased with the addition of more investors. If we are unable to find additional investors willing to provide capital, then it is possible that we will choose to cease our sales activity. In that case, the only asset remaining to generate a return on your investment could be our intellectual property. Even if we are not forced to cease our sales activity, the unavailability of credit could result in the Company performing below expectations, which could adversely impact the value of your investment.

***Terms of subsequent financings may adversely impact your investment***

We will likely need to engage in common equity, debt, or other preferred stock vehicles in the future, which may reduce the value of your investment in the Common Stock. Interest on debt securities could increase costs and negatively impact operating results. Preferred stock could be issued in series from time to time with such designation, rights, preferences, and limitations as needed to raise capital. The terms of preferred stock could be more advantageous to those investors than to the holders of Common Stock. In addition, if we need to raise more equity capital from the sale of Common Stock, institutional or other investors may negotiate terms that are likely to be more favorable than the terms of your investment, and possibly a lower purchase price per share.

***Management Discretion as to Use of Proceeds***

Our success will be substantially dependent upon the discretion and judgment of our management team with respect to the application and allocation of the proceeds of this Offering. The use of proceeds described below is an estimate based on our current business plan. We, however, may find it necessary or advisable to re-allocate portions of the net proceeds reserved for one category to another, and we will have broad discretion in doing so.

***Projections: Forward Looking Information***

Any projections or forward looking statements regarding our anticipated financial or operational performance are hypothetical and are based on management's best estimate of the probable results of our operations and will not have been reviewed by our independent accountants. These projections will be based on assumptions which management believes are reasonable. Some assumptions invariably will not materialize due to unanticipated events and circumstances beyond management's control. Therefore, actual results of operations will vary from such projections, and such variances may be material. Any projected results cannot be guaranteed.

***Some of our products are still in prototype phase and might never be operational products***

It is possible that there may never be operational product or service extensions, or that the product may never be used to engage in transactions. It is possible that the failure to release the product is the result of a change in business model upon the Company's making a determination that the business model, or some other factor, will not be in the best interest of the Company and its stockholders.

***Minority Holder; Securities with Voting Rights***

The Common Stock that an investor is buying has voting rights attached to them. However, you will be part of the minority shareholders of the Company and therefore will have a limited ability to influence management's decisions on how to run the business. You are trusting in management discretion in making good business decisions that will grow your investments. Furthermore, in the event of a liquidation of our company, you will only be paid out if there is any cash remaining after all of the creditors of our company have been paid out.

***You are trusting that management will make the best decision for the company***

You are trusting in management discretion. You are buying securities as a minority holder, and therefore must trust the management of the Company to make good business decisions that grow your investment.

***Insufficient Funds***

The company might not sell enough securities in this offering to meet its operating needs and fulfill its plans, in which case it will cease operating and you will get nothing. Even if we sell all the common stock we are offering now, the Company will (possibly) need to raise more funds in the future, and if it can't get them, we will fail. Even if we do make a successful offering in the future, the terms of that offering might result in your investment in the company being worth less, because later investors might get better terms.

***This offering involves "rolling closings," which may mean that earlier investors may not have the benefit of information that later investors have.***

Once we meet our target amount for this offering, we may request that StartEngine instruct the escrow agent to disburse offering funds to us. At that point, investors whose subscription agreements have been accepted will become our investors. All early-stage companies are subject to a number of risks and uncertainties, and it is not uncommon for material changes to be made to the offering terms, or to companies'

businesses, plans or prospects, sometimes on short notice. When such changes happen during the course of an offering, we must file an amended to our Form C with the SEC, and investors whose subscriptions have not yet been accepted will have the right to withdraw their subscriptions and get their money back. Investors whose subscriptions have already been accepted, however, will already be our investors and will have no such right.

***Our new product could fail to achieve the sales projections we expected***

Our growth projections are based on an assumption that with an increased advertising and marketing budget our products will be able to gain traction in the marketplace at a faster rate than our current products have. It is possible that our new products will fail to gain market acceptance for any number of reasons. If the new products fail to achieve significant sales and acceptance in the marketplace, this could materially and adversely impact the value of your investment.

***We face significant market competition***

We will compete with larger, established companies who currently have products on the market and/or various respective product development programs. They may have much better financial means and marketing/sales and human resources than us. They may succeed in developing and marketing competing equivalent products earlier than us, or superior products than those developed by us. There can be no assurance that competitors will render our technology or products obsolete or that the products developed by us will be preferred to any existing or newly developed technologies. It should further be assumed that competition will intensify.

***We are an early stage company and have not yet generated any profits***

ONE ROQ Spirits is in the early stages of achieving operating history upon which an evaluation of its performance and future prospects can be made. Our current and proposed operations are subject to all business risks associated with new enterprises. These include likely fluctuations in operating results as the Company reacts to developments in its market, managing its growth and the entry of competitors into the market. We will only be able to pay dividends on any shares once our directors determine that we are financially able to do so. ONE ROQ Spirits, LLC has incurred a net loss and has had limited revenues generated since inception. There is no assurance that we will be profitable in the next 3-4 years or generate sufficient revenues to pay dividends to the holders of the shares. There is no guarantee that the Company will be able to drive its projected enterprise value and conduct the target exit event through IPO or brand sale.

***We are an early stage company and have limited revenue and operating history***

The Company has a short history, few customers, and effectively no revenue. If you are investing in this company, it's because you think that ONE ROQ and ONEROQClub.com is a good idea, that the team will be able to successfully market, and sell the product or service, that we can price them right and sell them to enough peoples so that the Company will succeed. Further, we have never turned a profit and there is no assurance that we will ever be profitable.

***The cost of enforcing our trademarks and copyrights could prevent us from enforcing them***

Trademark and copyright litigation has become extremely expensive. Even if we believe that a competitor is infringing on one or more of our trademarks or copyrights, we might choose not to file suit because we lack the cash to successfully prosecute a multi-year litigation with an uncertain outcome; or because we believe that the cost of enforcing our trademark(s) or copyright(s) outweighs the value of winning the suit in light of the risks and consequences of losing it; or for some other reason. Choosing not to enforce our trademark(s) or copyright(s) could have adverse consequences for the Company, including undermining the credibility of our intellectual property, reducing our ability to enter into sublicenses, and weakening our attempts to prevent competitors from entering the market. As a result, if we are unable to enforce our trademark(s) or copyright(s) because of the cost of enforcement, your investment in the Company could be significantly and adversely affected.

***The loss of one or more of our key personnel, or our failure to attract and retain other highly qualified personnel in the future, could harm our business***

To be successful, the Company requires capable people to run its day to day operations. As the Company grows, it will need to attract and hire additional employees in sales, marketing, design, development, operations, finance, legal, human resources and other areas. Depending on the economic environment and the Company's performance, we may not be able to locate or attract qualified individuals for such positions when we need them. We may also make hiring mistakes, which can be costly in terms of resources spent in recruiting, hiring and investing in the incorrect individual and in the time delay in locating the right employee fit. If we are unable to attract, hire and retain the right talent or make too many hiring mistakes, it is likely our business will suffer from not having the right employees in the right positions at the right time. This would likely adversely impact the value of your investment.

***Our ability to sell our product or service is dependent on outside government regulation which can be subject to change at any time***

Our ability to sell product is dependent on the outside government regulation such as the FDA (Food and Drug Administration), FTC (Federal Trade Commission), TTB (The Alcohol and Tobacco Tax and Trade Bureau), and other relevant government laws and regulations. The laws and regulations concerning the selling of product may be subject to change and if they do then the selling of product may no longer be in the best interest of the Company. At such point the Company may no longer want to sell product and therefore your investment in the Company may be affected.

***We rely on third parties to provide services essential to the success of our business***

We rely on third parties to provide a variety of essential business functions for us, including manufacturing, shipping, accounting, legal work, public relations, advertising, retailing, and distribution. It is possible that some of these third parties will fail to perform their services or will perform them in an unacceptable manner. It is possible that we will experience delays, defects, errors, or other problems with their work that will materially impact our operations and we may have little or no recourse

to recover damages for these losses. A disruption in these key or other suppliers' operations could materially and adversely affect our business. As a result, your investment could be adversely impacted by our reliance on third parties and their performance.

***The Company is vulnerable to hackers and cyber-attacks***

As an internet-based business, we may be vulnerable to hackers who may access the data of our investors and the issuer companies that utilize our platform. Further, any significant disruption in service to ONE ROQ Spirits, LLC; ONEROQClub.com or in its computer systems could reduce the attractiveness of the platform and result in a loss of investors and companies interested in using our platform. Further, we rely on a third-party technology provider to provide some of our back-up technology. Any disruptions of services or cyber-attacks either on our technology provider or on ONE ROQ Spirits; ONEROQClub.com could harm our reputation and materially negatively impact our financial condition and business.

***Industry Barriers***

The beverage alcohol market operates on a federally regulated supply chain where 100% of the distribution has become consolidated among a hand full of dominate distributors who largely serve the interests of 20 or so major global suppliers. Without Partnerships with major distributors, an alternative supply chain, or a robust direct-to-home platform, the Company may not achieve its growth targets on the time-horizon offered.

***Non-Participation***

The market is heavily influenced by a small number of major distributors who seek to limit the number of new brands in the market as a strategy to protect the interests of established brands. Investors in ONE ROQ may risk not realizing the full potential of their investment if they do not participate in helping to create demand by asking for the Company's products in their own local markets through their preferred retailers and/or establishments.

***Advertised Special Projects and Initiatives May Not Launch During this Offering***

The Company may not be able to commercialize aspects of its offering that fall under future or special projects or initiatives without adequate funding. In addition, the Company reserves the right to invest in these initiatives with future potential financings.

#### *Material Rights*

### Membership Interests

Each Member shall own Membership Units in the amounts set forth for such Member in Schedule A of the Operating Agreement; and shall have a Percentage Interest in the Company based upon their purchase of interests, as set forth in Schedule A of the Operating agreement.

### Distributions/Dividends

Distributions shall be made at such times and in such amounts as may be determined solely by the Board of Managers, to the Members, pro rata in accordance with their Percentage Interests, as per the Operating Agreement.

### Transfers of Membership

The Company will be provided 45 days notice of any intent to transfer for their consideration to purchase units from transferee, as per the Operating Agreement

### Drag Along Rights

Holders of more than 50% of the Company's Membership Units have the right to sell his/her Membership Units or the Company's Membership Units to a buyer, as per the Operating Agreement.

## **What it means to be a minority holder**

As a minority holder of Membership Units of the company, you will have limited rights in regards to the corporate actions of the company, including additional issuances of securities, company repurchases of securities, a sale of the company or its significant assets, or company transactions with related parties. Further, investors in this offering may have rights less than those of other investors, and will have limited influence on the corporate actions of the company.

## **Dilution**

The Company is planning for subsequent equity financings, and Investors should understand the potential for minor dilution. The investor's stake in a company could be diluted due to the company issuing additional membership units (also referred to here as "shares"). In other words, when the company issues more shares, the percentage of the company that you own will go down, even though the value of the company may go up. You will own a smaller piece of a larger company. This increase in number of shares outstanding could result from a stock offering (such as an initial public offering, another crowdfunding round, a venture capital round, angel investment), employees exercising stock options, or by conversion of certain instruments (e.g. convertible bonds, preferred shares or warrants) into stock. If the company decides to issue more shares, an investor could experience value dilution, with each share being worth less than before, and control dilution, with the total percentage an investor owns being less than before. (Though the Company has planned to limit these potential dilutions.) There may also be earnings dilution, with a reduction in the amount earned per share (though this typically occurs only if the company offers dividends, and most early stage companies are unlikely to offer dividends, preferring to invest any earnings into the company).

## **Transferability of securities**

For a year, the securities can only be resold:

- In an IPO;
- To the company;
- To an accredited investor; and
- To a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance.

## Financial Condition and Results of Operations

### Financial Condition

*You should read the following discussion and analysis of our financial condition and results of our operations together with our financial statements and related notes appearing at the end of this Offering Memorandum. This discussion contains forward-looking statements reflecting our current expectations that involve risks and uncertainties. Actual results and the timing of events may differ materially from those contained in these forward-looking statements due to a number of factors, including those discussed in the section entitled “Risk Factors” and elsewhere in this Offering Memorandum.*

### Results of Operations

Circumstances which led to the performance of financial statements:

From 2018 through December 31, 2019, the Company’s Founder directed all focus on

the successful preparation and launch of the Company's Regulation CF Offering as part of its plan to commercialize a new and differentiated business model, ONE ROQ Vodka Club.

These activities included the research of all new applicable securities and beverage alcohol laws; the production of new inventory; the conception and development of marketing assets such as the Company's website, ONEROQClub.com and cultural ad campaign "Own Your Spirit;" and minimum general operating expenses including warehousing and office leases. Notably, the Founder/Manager personally reinvested for the necessary preparations.

ONE ROQ Spirits LLC which operates in the distilled spirits market vertical, as premium distiller and supplier of ONE ROQ Vodka, actively restarted operation in Q3 2018 after almost two years of dormancy. The Company's re-emergence into the market is the result of a new business and marketing strategy emphasizing consumer participation in the brand's ownership, marketing and development including the benefits associated with membership in the exclusive ONE ROQ Club which offers events and benefits to members. The ONE ROQ Club program also allows members to purchase ONE ROQ products online for convenient delivery at exclusive member pricing through an approved 3rd party as required by the 3-Tier System.

### **Revenue**

Sales in 2018 were generated by a single wholesale-distributor the Company chose to maintain in its local market resulting from its original test launch period. In 2019, the Company began testing its new e-commerce and retail marketing platforms in California. Both years sales from this customer were organic in nature and not driven by any direct marketing or advertising investments. In addition, the Company does not consider the 2018 – 2019 variance in sales to be of material importance in light of the fact it had been focusing its efforts solely into redevelopment of its business model for the intended re-launch into the National market.

### **Cost of Goods Sold**

ONE ROQ Vodka Sales volume was \$16,441 up from \$9,992 as reported for 2018. Cost of goods sold for 2019 was \$45,401 as compared to \$15,982 in 2018. The increase in Cost of Goods sold was attributable to one-time period costs of \$28,000 with the balance reflective of sales volume increases. During 2019 ONE ROQ produced 1,422 units and sold 316 cases as compared to 0 units produced and 23 cases sold in 2018. Importantly, the Company does not consider sales to be of material importance during this period as focus for the Company was on development of its technology/business model, team building, and capital raise.

### **Gross margins**

In 2019 gross margin improved from \$(5,990) to \$(960) after adjusting for the one-time period costs as noted in the preceding section. While margins continue to be negative they show and improvement over the prior, despite the Company's primary

focus its energies on platform development and fundraising activities during 2019.

### **Expenses**

Operating expenses were \$489,207 during 2019, compared to \$72,351 in 2018. As part of ONE ROQ's strategy to aggressively pursue consumers in the online web market, the company increased advertising and marketing in this area by approximately \$330,958 from \$33,299 in 2018 to \$364,257 in 2019. Legal and professional costs associated with ONE ROQ's crowdfunding campaign resulted in legal and professional costs increasing from \$11,881 in 2018 to \$18,540 in 2019. Information technology represents the Company's technology expenditures required to support its growing customer and investor base. As a result, expenditures in this category increased by 625% to \$31,059 in 2019 from \$4,125 in the prior year. Travel and Entertainment expenses grew to \$26,811 from \$3,046 in 2018 as promotional events increased, development of distribution channels and customer relationship building required additional travel nationwide. All other operating expenditures grew proportionately to support essential organizational growth as described below:

### **Historical results and cash flows:**

Management believes historical financial results of the Company are not indicative of future performance, as the Company has concentrated its energy and efforts primarily in the areas of research, product enhancement, platform and process technology development which is consistent with the Company's strategic plan to discover and redevelop and prove a new differentiated marketing strategy and raise the initial financing to commercialize said strategy. Notwithstanding the effects of the global Pandemic and the completion of its prior equity financing, the Company is now entering its second strategic phase of growing Company sales with its unique web and member-enabled strategies.

### **Liquidity and Capital Resources**

**What capital resources are currently available to the Company? (Cash on hand, existing lines of credit, shareholder loans, etc...)**

The Company is currently utilizing cash on hand raised from its prior offering and proceeds from sales of inventories as its primary capital resources. Despite the company having alternative, viable debt financing options, management prefers to utilize equity investment to fund growth, staying true to its belief that members' should "Own their own spirit".

**How do the funds of this campaign factor into your financial resources? (Are these funds critical to your company operations? Or do you have other funds or capital resources available?)**

The funding from the current offering is crucial to growing the Company's sales distribution network and promoting the product to increase both enterprise and

member value. Failure to obtain funding from the current offering would likely result in pursuing alternative financing solutions which could result in slowing the growth curve and diminishing existing investor valuation.

**Are the funds from this campaign necessary to the viability of the company? (Of the total funds that your company has, how much of that will be made up of funds raised from the crowdfunding campaign?)**

Due to the early-stages of the Company, the viability of the Company's plan is reliant upon a successful funding from this offering campaign.

**How long will you be able to operate the company if you raise your minimum? What expenses is this estimate based on?**

It is estimated the Company is will be able to sustain operations for 60 to 90 days should the Company meet only its minimum funding targets. This is based on a monthly burn rate of approximately \$35,000.

**How long will you be able to operate the company if you raise your maximum funding goal?**

The Company will be able to comfortably operate for 9 months should it raise its maximum funding goal of approximately over \$350,000. This assumes a burn rate of \$35,000 monthly.

**Are there any additional future sources of capital available to your company? (Required capital contributions, lines of credit, contemplated future capital raises, etc...)**

Additional, future capital sources include potential equity and debt financing vehicles including, but not limed to, Reg CF, RegA+, Reg D, and debt-based lending options.

## Valuation

**Pre-Money Valuation:** \$23,179,352.53

### Valuation Details:

Valuation method, set internally, utilizes a variety of factors including but not limited to: historical investments, company stage, technology developed from historical investment, value of IP, size of market, trending brand acquisition values of like-products, and validation on business model and methodology to be scaled from proceeds.

### Cash Investments & Sales

Approximately \$2,099,000 has been invested since inception. \$1,029,000 by Founder

into product development and industry trial; and an additional \$1,070,000 by outside investor-members for redevelopment and innovation pursuits. Over this time period, the Company has sold over 6,000 cases with minimal efforts.

### **Market Method - Valuing Based on Historical Exit Cases**

Historical acquisition value trends look at a brand's total sales at the time of acquisition, time in the market prior to acquisition, and the purchase price at acquisition. The company, which uses data it has collected on over 8 brand acquisitions in the industry, suggests that spirit brands able to cross 30,000 cases a year in sales, demonstrate a defensible and scalable marketing strategy, have year over year positive sales trajectories, and fill unique innovation gaps, are able to multiply their total annual cases by two and place that number into millions to arrive at a reasonable exit value to a potential acquirer.

While ONE ROQ is still operating well under the recognized 30,000 cases sold annually threshold, the company believes it has a clear roadmap to achieve the target annual sales within a 3-4 year time frame provided the company is able to raise funding and the appropriate broadline distributors enter into franchise.

### **Technology, Methods and Processes**

From investments made through its most recent funding, the Company has successfully developed robust and comprehensive programming unique to the processes, strategies and methods of the ONE ROQ Vodka Club Membership and brand experience platform. ONE ROQ is utilizing its technology to drive data sets and marketing successes in a way that is completely novel to how the market currently operates. For example, ONE ROQ is able to pin point specific geographic areas, and create predictable outcomes for product trial and long-term adoption in a way that the company believes current brands cannot consistently accomplish or predict.

ONE ROQ is trail blazing a new web-enabled brand experience and marketing paradigm inside the beverage alcohol market. In the company's view, there has not been a precedent for technology used in this way inside the beverage alcohol market and the Company believes this creates an additional driver of value while it continues to develop. However, the Company believes that similar early stage technology companies such as those in Silicon Valley can be utilized to create additional basis for greater valuation.

### **Summary**

In summary the Company is taking its historical investments and sales of 6,000 cases, arriving at an approximate \$12M (before technology) value using established value models from prior brand sales over the 30,000 cases threshold, and then adding an approximate \$8M in novel technology and process value. Given the trend of exit values in our market, the confidence the Company has on achieving the sales threshold, and the novelty of the technology which provides a model to base predictable growth, (and that up to 10% of investor proceeds are given back via

shopping credits in the company's online store), the Company determined its current valuation internally without the formal evaluation of an independent third party.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Emphasis of Matter Regarding Going Concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As described in Note 3 to the financial statements, the Company has sustained net losses of \$489,207 and \$72,351 and has negative cash flows from operations for the years ended December 31, 2019 and 2018, respectively. The Company has limited liquid assets with \$64,455 as of December 31, 2019 to satisfy its obligations as they come due. These factors, among others, raise substantial doubt about the Company's ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 3. The financial statements do not include any adjustments that might result from the outcome of this uncertainty. Our opinion is not modified with respect to this matter.

# ONE ROQ SPIRITS LLC

## NOTES TO FINANCIAL STATEMENTS

As of December 31, 2019 and 2018 and for the years ended

---

### NOTE 1: NATURE OF OPERATIONS

ONE ROQ Spirits LLC (the “Company”), is a corporation organized March 12, 2012 under the laws of New York. The Company is an adult beverage manufacturer which primarily produces proprietary vodka recipes under its ONE ROQ® brand name. Its principal products include: ONE ROQ Vodka (plain flavored/flagship), ONE ROQ Loganberry (flavored), ONE ROQ Dark Chocolate Truffle (flavored), and ONE ROQ Raspberry (flavored). The Company currently produces its products utilizing contract bottlers of the ONE ROQ recipes that are currently located in Colorado, Oregon, and South Florida, with self-production as an important tenet of its future business plans.

### NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Basis of Presentation

The accounting and reporting policies of the Company conform to accounting principles generally accepted in the United States of America (GAAP).

The Company adopted the calendar year as its basis of reporting.

#### Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### Cash Equivalents and Concentration of Cash Balance

The Company considers all highly liquid securities with an original maturity of less than three months to be cash equivalents. The Company’s cash and cash equivalents in bank deposit accounts, at times, may exceed federally insured limits.

#### Accounts Receivable and Allowance for Doubtful Accounts

The Company assesses its receivables based on historical loss patterns, aging of the receivables, and assessments of specific identifiable customer accounts considered at risk or uncollectible. The Company also considers any changes to the financial condition of its customers and any other external market factors that could impact the collectability of the receivables in the determination of the allowance for doubtful accounts. The Company has recorded no allowances against its accounts receivable balances as of December 31, 2019 and 2018.

#### Deferred Offering Costs

The Company complies with the requirements of FASB ASC 340-10-S99-1 with regards to offering costs. Prior to the completion of an offering, offering costs are capitalized. The deferred offering costs are charged to members’ equity upon the completion of an offering or to expense if the offering is not completed.

See accompanying Independent Auditor’s Report

# ONE ROQ SPIRITS LLC

## NOTES TO FINANCIAL STATEMENTS

As of December 31, 2019 and 2018 and for the years ended

---

### Inventory

Inventory is stated at the lower of cost or market and accounted for using the specific identification method. The inventory balances as of December 31, 2019 and 2018 consist of finished goods and raw materials. The Company has outsourced manufacturing to a third party. Management reviews its inventory for obsolescence and impairment annually and records a reserve for obsolete inventory against cost of goods sold as impairments are identified.

### Property and Equipment

Property and equipment are recorded at cost. Depreciation is recorded for property and equipment using the straight-line method over the estimated useful lives of assets, which is currently 5 years for its capitalized assets. The management reviews the recoverability of all long-lived assets, including the related useful lives, whenever events or changes in circumstances indicate that the carrying amount of a long-lived asset might not be recoverable. Property and equipment of \$19,260 was held as fully depreciated for a net carrying balance of \$0 as of both December 31, 2019 and 2018.

### Fair Value of Financial Instruments

Financial Accounting Standards Board ("FASB") guidance specifies a hierarchy of valuation techniques based on whether the inputs to those valuation techniques are observable or unobservable. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect market assumptions. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are as follows:

Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. Level 1 primarily consists of financial instruments whose value is based on quoted market prices such as exchange-traded instruments and listed equities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly (e.g., quoted prices of similar assets or liabilities in inactive markets, or quoted prices for identical or similar assets or liabilities in markets that are not active).

Level 3 - Unobservable inputs for the asset or liability. Financial instruments are considered Level 3 when their fair values are determined using pricing models, discounted cash flows or similar techniques and at least one significant model assumption or input is unobservable.

The carrying amounts reported in the balance sheets approximate their fair value.

### Revenue Recognition

Prior to the adoption of ASC 606, in 2018 the Company recognized revenue when it was realized or realizable and earned. The Company considers revenue realized or realizable and earned when all of the following criteria are met: (i) persuasive evidence of an arrangement exists, (ii) the product has

## NOTES TO FINANCIAL STATEMENTS

As of December 31, 2019 and 2018 and for the years ended

---

been shipped or the services have been rendered to the customer, (iii) the sales price is fixed or determinable, and (iv) collectability is reasonably assured.

The Company adopted ASU 2014-09, *Revenue from Contracts with Customers*, and its related amendments (collectively known as “ASC 606”), effective January 1, 2019 using the modified retrospective transition approach applied to all contracts. Therefore, the reported results for the years ended December 31, 2019 and 2018 reflect the application of ASC 606. Management determined that there were no retroactive adjustments necessary to revenue recognition upon the adoption of the ASU 2014-09. The Company determines revenue recognition through the following steps:

- Identification of a contract with a customer;
- Identification of the performance obligations in the contract;
- Determination of the transaction price;
- Allocation of the transaction price to the performance obligations in the contract; and
- Recognition of revenue when or as the performance obligations are satisfied.

Revenue is recognized when control of the promised goods or services is transferred to customers, in an amount that reflects the consideration the Company expects to be entitled to in exchange for those goods or services. As a practical expedient, the Company does not adjust the transaction price for the effects of a significant financing component if, at contract inception, the period between customer payment and the transfer of goods or services is expected to be one year or less.

The Company derives its revenue from the sale of its alcohol and merchandise products. Each product sold to a customer typically represents a distinct performance obligation. The Company satisfies its performance obligation and revenue is recorded at the point in time when products are delivered as the Company has determined that this is the point that control transfers to the customer. The Company invoices customers upon delivery of the product, and payments from such customers are due upon invoicing.

### Costs of Goods Sold

Costs of net revenues include the cost of products, supplies, shipping expense, and other direct expenses to its sales.

### Income Taxes

The Company is a limited liability company treated as a partnership for federal and state income tax purposes with all income tax liabilities and/or benefits of the Company being passed through to the members. As such, no recognition of federal or state income taxes for the Company have been provided for in the accompanying financial statements.

The Company complies with FASB ASC 740 for accounting for uncertainty in income taxes recognized in an enterprise's financial statements, which prescribes a recognition threshold and measurement process for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. FASB ASC 740 also

provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. Based on the Company's evaluation, it has been concluded that there are no significant uncertain tax positions requiring recognition in the Company's financial statements. The Company believes that its income tax positions would be sustained on audit and does not anticipate any adjustments that would result in a material change to its financial position.

The Company may in the future become subject to federal, state and local income taxation though it has not been since its inception. The Company is not presently subject to any income tax audit in any taxing jurisdiction.

### NOTE 3: GOING CONCERN

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company has sustained net losses of \$489,207 and \$72,351 and has negative cash flows from operations for the years ended December 31, 2019 and 2018, respectively. The Company has limited liquid assets with \$64,455 as of December 31, 2019 to satisfy its obligations as they come due. These factors, among others, raise substantial doubt about the ability of the Company to continue as a going concern for a reasonable period of time, without continued financing.

The Company's ability to continue as a going concern in the next twelve months following the date the financial statements were available to be issued is dependent upon its ability to produce revenues and/or obtain financing sufficient to meet current and future obligations and deploy such to produce profitable operating results. Management has evaluated these conditions and plans to generate revenues and raise capital as needed to satisfy its capital needs. No assurance can be given that the Company will be successful in these efforts. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

### NOTE 4: MEMBERS' EQUITY/(DEFICIT)

#### Membership Units

The Company has authorized 55,000,000 units. As of December 31, 2019 and 2018, the Company has 53,982,702 and 50,487,371 membership units issued and outstanding, respectively.

# OWN YOUR SPIRIT

The slogan "Own Your Spirit" is a registered US trademark of the Company.

*ONE ROQ Spirits is the maker of ONE ROQ Vodka Club ([ONEROQClub.com](http://ONEROQClub.com)), a next-generation lifestyle adult beverage brand, concierge, and membership community leveraging technology, law, and brand strategy within the **384 billion distilled spirits market**. **Our Offering II builds on the momentum of the Company's initial, over-subscribed round of SEC-Regulated Crowdfunding where it raised over \$1.07M in commitments from 2,700+ Founding Member-investors from around the world, allowing us to launch one of the market's first, consumer-owned lifestyle adult beverage brands.***

## STORY

When award-winning product developer and serial entrepreneur, Garrett Green, entered the spirits market in 2012, he knew he wasn't going to be able to beat the giant brands at their own game. So, for three years, he invested to learn the industry, refine his spirit, and develop an innovative business model designed to break through their barriers. Today, you can join our journey to expand our pioneering business model to capitalize on the potential of building a globally recognized, lifestyle adult beverage brand. Invest now to join our family and become a privileged Member of the Club ([ONEROQClub.com](http://ONEROQClub.com)).

## OUR BEGINNINGS

In the mid 2000s, Garrett became inspired by the success of French luxury vodka brand Grey Goose Vodka after selling to Bacardi Ltd. for \$2 billion, and wondered why the market didn't have

an iconic American luxury brand equivalent? Engaging his entrepreneurial spirit, he saw the once-in-a-lifetime opportunity to create a new category inside the global distilled spirits market.

Garrett began his process by scouring US farms and distillers in search of the perfect ingredients to create an iconic, American recipe. Eventually, he chose a blend of artisanal mountain water from the Colorado Rockies and sweet corn from the American Midwest, and discovered a proprietary resting process that resulted in its signature taste and mouthfeel. From there, he let envisioned brand values inform the design and name.

## NAME

Garrett knows that success requires immense physical and emotional strength to overcome the constant challenges of life. With this, the idea of being reliant upon one self to consistently find strength led to the notion of "a rock" and "ONE ROQ" was born.

## PRODUCT VALIDATION

With a finished product, Garrett launched ONE ROQ's initial market test and within 120 days of its introduction, it won the first-place gold medal for taste and design in the 2012 International SIP Awards In San Francisco - the world's largest, consumer-judged tasting competition - validating ONE ROQ's superior quality, taste, and diverse consumer appeal.

## THE BARRIERS

Over the course of three years, the Company invested the foundational capital to refine ONE ROQ's packaging, learn about traditional distribution networks, and gain first-hand exposure to several industry barriers that routinely blindside new brands. From this initial investment, Garrett concluded that to be successful in the industry, a brand cannot stand on award-winning credentials alone. The industry's 3-Tier System, pay-to-play culture, and exhaustive use of lifestyle advertising schemes deployed by establishment brands are key barriers that will need to be surmounted with strategy of a new realm."

### THE PROBLEM

"Lifestyle Marketing" is a widely used practice wherein large companies conceptually place their brands inside the advertisements of successful or attractive lifestyles. This method is used in an attempt to have us believe that if we buy those brands, we in turn acquire the status or success we see in those advertisements. ONE ROQ believes this is deceptive because it knows that real lifestyle and financial rewards are enjoyed by - and only by - the owners of brands.

### OUR SOLUTION

Jaded by inferior lifestyle promises made by virtually all other luxury brands, ONE ROQ abandoned the industry marketing mold, transformed its brand values, and redeveloped its business model through the ONE ROQ Vodka Club, an industry-first, membership platform redefining brand experience through equity, lifestyle and reward.

### THE FOUNDATION IS READY

We've invested heavily to develop an award-winning product, establish deep expertise in the market, and innovate a working strategy that we believe is already positioning the company for an exciting and promising future.

### THE OPPORTUNITY

By investing today, investors have the outstanding opportunity of acquiring equity at the earliest stage of the Company's life cycle, enjoy highly unique Club Privileges, and impart real influence over the destiny of their investment simply by aligning with the brand and sharing their spirit with others.

## ETHOS

Let ONE ROQ inspire you to escape the ordinary,  
and Own Your Spirit.

## ACCOMPLISHMENTS

*The above video depicts company performance resulting from the Company's previous offering.*

**Foundational Investments by the Founder (2012 to 2015) were critical to developing a differentiated strategy.** The Founder invested \$1M into comprehensive market analysis and development. Through this investment, we were able to develop an award-winning product for taste and design, establish an academic understanding of the industry, become the beneficiary of several accolades from renowned international organizations verifying the outstanding quality and potential of our brand. Some of these organizations include: Robb Report Magazine, the International SIP Awards, Bentley Motors, Elite Traveler Magazine, Black Book Magazine, BIN Magazine.

Over this period, we leveraged the initial capital investment to improve our knowledge of the barriers and develop an overall marketing strategy that would provide a means to overcome them. Candidly, we endured numerous industry lessons which routinely defeat the most promising of brands.

Instead, ONE ROQ methodically paused, reflected on its learnings, and redeveloped its model with a paradigm-shifting marketing approach. From 2016 through 2017, we vetted and prepared the new plan, and in October of 2018, we partnered with StartEngine to begin and capitalize. The results after our first year are showing exceptional promise, and we are so excited for the future of ONE ROQ and our Members.

### The Marketing Innovation

- Brand-positioning that will capitalize on the yet-to-be-established 'Super-premium American' vodka category.
- Innovative Marketing Platform & Membership Club is allowing the brand to distinguish itself from every major brand in the market as the first lifestyle brand owned and guided by the end-user.

### Direct-to-Consumer Communication

- Traditionally, distilled spirits companies believe they must work with wholesalers to communicate their brand's unique value propositions to the end users. However, the use of the wholesaler under traditional practices brings significant communication and cost challenges to new brands, as the model promotes three degrees of separation between producers and their end users (i.e., supplier --> wholesaler --> retailer--> end-user), as well as a 'diffusion of responsibility' on behalf of wholesalers and retailers who sell hundreds, if not thousands of other brands owned by "more important" suppliers.
- So, we asked the logical question: How can we truly rely upon a wholesaler to accurately and passionately communicate the unique selling features of our brand to retailers, who then would turn around and accurately represent that same messaging to consumers? The answer we realized: we can't.
- Instead, we deploy direct-to-consumer methods using proven digital marketing and face-to-face activation via tastings and events to reach and communicate with our end-users who are invited to join the Club and Own Their Spirit. Through this approach, ONE ROQ is controlling its destiny.

*Legal : ONE ROQ is required to sell through a federally regulated supply chain, known as the three-tier system, and lawfully uses this system to carry out the retail availability and home delivery of its products.*

### CREATIVE EXCELLENCE

### LAUNCH PLAN

With its proven marketing and technology platform built, the Company is seeking to aggressively scale its model and establish broadline distribution agreements to open all 50 US states by 2022.

### PRODUCTION LINE

## Future Plans We Look Forward To

New and exciting marketing initiatives are poised to take ONE ROQ where no lifestyle  
brand has gone before.

Formal development schedules on these projects are to be announced...

# THE MARKET

The 384 billion global beverage alcohol market has been undergoing two macro trends: enormous industry consolidation into five international majors and an explosion of small, premium craft brands driven by skilled marketing and consumer demand. As a category, Vodka accounts for approximately 31% of total distilled spirits volume, with the high-end premium vodka growing at just under 11% per annum. The alcohol beverage market is driven by an increasing shift away from beer and wine towards spirits and in particular premium spirit brands as part of an overall movement towards “high-end” consumption. This macro industry trend has led to the creation of numerous start-up brands over the last ten years seeking to establish themselves as credible niche players to position themselves as acquisition targets for major industry giants. This market environment has led to consistent demand by major suppliers to acquire successful niche brands that are able to breakthrough with unique and scalable marketing strategies. Acquisition multiples are observed ranging from 5x to 20x sales with acquisition candidacy triggered at the 30-100k cases per annum in gross sales, which can be referenced in the “Historical Acquisitions” exhibit and diagram.

For more information, refer to the Financial section (Financial Milestones) of this offering.

The Historical Industry Acquisition trend illustrates that ONE ROQ needs to establish 30-50,000 cases to enter salable territory. Here are some averages we researched below:

- Common denominator of break-through brands: 30,000 cases per year
- Avg. Acquisition Multiples: 5-20x cases sales
- Avg. Years in operation at sale date: 3.5-4 years
- Avg. Topline Sales: \$10-20 million

ONE ROQ will aim to generate 30,000 cases in sales within 4.5 years, and case sales of 50,000-100,000 cases thereafter.

The Initial 12 months of operating history have established an internal Member Acquisition Cost (MAC) of \$77 and an annual Average Member Purchase (AMP) trend of 3 1L bottles per annum per Member (where 1 Member = 1/2 case per year), for the Company's direct to home business only. Therefore, through its online sales (in home) business solely, the Company is projecting to spend approximately \$4,620,000 to enroll 60,000 Members and generate 30,000 in case sales; \$7,700,000 to enroll 100,000 Members and generate 50,000 in cases sales; and \$15,400,000 to enroll 200,000 Members and generate 100,000 in cases sales. Once again, this model uses the Company's digital channel solely and does NOT account for contract sales that are expected to be

generated through distributors to service “out of home” (bars & restaurants), which represents another 50% of the overall market. For this reason, the Company has conservatively added 3 additional bottles per member to account for these anticipated sales. Finally, as the Company expands its marketing and becomes more well-known in the market, the Company expects its MAC to decrease and AMP to increase.

**MAC(Member Acquisition Cost):** total ad spend divided by total Members enrolled

**AMP (Average Member Purchase):** total sales divided by total Members

*The above projections are only projections and are not a guarantee of future success. These projections assumes the Company will be able to raise the required funding to support the corresponding yearly operating and selling expenditures it needs to generate the required sales velocity (specifically 30,000 + cases annually) through its marketing to achieve a target valuation where investors could expect a return on investment through a brand sale or other liquidity event in the future. These Projections are not a guarantee of future success and projections may change based on factors out of the Company's control. Even if these projections are reached, there is no guarantee that a strategic exit will occur. Achieving sales velocity will depend on the performance of distribution contracts, online sales campaigns, and Member-contributed sales and promotions to support company goals. Due to the 3-tier system and the unique business model, the Company reserves the right to measure and define performance of distributors and members as potential factors for future sales. Potential growth rates and future corresponding valuation ranges for potential liquidity events are estimated using industry case studies over the last ten years and are not a guarantee of future valuation. Potential Investors should be aware of the corresponding Yearly Expenditures that accompany meeting these projections. The Company's historical sales and Member Acquisition Costs are used to establish a reasonable basis for generating the target projections if the company is able to meet current and future financing hurdles. For more information, refer to the Financial section of this offering and the Forward Looking Legend in the Terms section.*

**Is investing in ONE ROQ legal?**

Yes, ONE ROQ Spirits LLC is conducting a Regulation Crowdfunding offering with StartEngine, a FINRA regulated funding portal. Regulation Crowdfunding lets private companies raise up to \$1.07m annually by selling securities such as membership units, as in this offering, to the public online. Please note that as a liquor business we are also regulated by State and Federal Tied House laws, please be aware of these when reviewing our offering and making an investment decision.

**How much can I invest?**

These offerings are open to any investor over 18 years of age. With Regulation Crowdfunding, non-accredited investors with an annual income or net worth less than \$107,000, are limited to invest the greater of \$2,200 or 5% of the lesser of their annual income or net worth. For those with an annual income or net worth greater than \$107,000, he/she is limited to investing 10% of the lesser of the two amounts. Accredited investors do not have restrictions. Please review StartEngine's resource [here](#) regarding investments.

**Where can I try ONE ROQ?**

ONE ROQ can be purchased through our website for home-delivery at: [ONEROQClub.com](http://ONEROQClub.com). In the future, the product will be made available in select retailers of your selection by using the "Carry Request" app tool. The availability of this feature is determined by the status of our distribution in your market.

**Can I buy ONE ROQ in markets, too, or just online?**

If ONE ROQ is not available at your desired retailer already, we have designed an app that allows you to submit Carry Requests to place ONE ROQ in preferred retailers and venues of your choosing. Once you've submitted the request, we work to place the product in that location within 7-30 days on your behalf. Note, if Requests are made inside a market that we have yet to set up an agent network, Carry Requests can take as long as 120 days+. Again, this feature is currently in development and not available Nationwide. (Patience will be required in our early development stages.)

**I ordered product online. When will I receive my first bottle?**

Deliveries take 3-7 business days from the time you order (delivery restrictions may apply based on location). Orders fulfilled by 3rd party platform by law.

**Can I cancel my Membership?**

Investors are able to cancel at any point throughout the campaign up until 48 hours before an issuer conducts a rolling close ("Notice of Disbursement" is sent with deadline to cancel). If the issuer does not close on your funds during the campaign, you will be able to cancel your investment up until 48 hours before the closing of the offering. Please refer to StartEngine's investor information center on their website for further details. Once the live offering has closed, you may choose how to handle your shares. Investors will be introduced to the company's selected transfer agent, or cap table management service, who will be responsible for the transfer of your shares after the close of the offering. There is not currently an established

asked us, it's our unwavering belief that an authentic lifestyle spirit should offer authentic lifestyle reward.

### **Is ONE ROQ better than Titos Vodka?**

ONE ROQ and Titos have a lot in common. We both are made from corn. We both have won first place gold medals in large competitions. We both promote our American-made values. We both come from small beginnings. And we both represent an underlying resistance to foreign-owned brands. However, ONE ROQ and Titos differ in that we invite our drinkers to become more intimately connected with our spirit; to own our brand; to guide its direction; and benefit beyond the glass.

### **What kind of events will ONE ROQ sponsor / produce?**

ONE ROQ will focus on sponsoring and producing events for its members that include social mixers, concerts, sporting events, creative events and even galas. Members will be given VIP access to all events which may include complimentary food and drink. Covid-19 is currently affecting Company event schedules in 2020 but we look forward to evolving this platform in the "Post-Covid" era.

### **What laws govern alcohol businesses in the US?**

The two important laws governing our operation include the securities law, Regulation Crowdfunding (this is how we are able to accept money in exchange for equity in our company direct from the public); Tied House, which seeks to prevent intermingling between suppliers, wholesalers and retail operators, and the Three-Tier System, which governs the flow of our goods through the supply chain.

The Three-Tier System is a federally regulated supply chain requiring that all alcoholic producers sell their products to a licensed wholesaler, who in turn must sell to a licensed retailer, who in turn are able to sell to you. Because it could jeopardize our operations, it is important we state that ONE ROQ does not sell its products direct to its members, as this would be in violation of the Three-Tier System. In lieu, the company partners with industry approved, online fulfillment portals that work with your local retailers to deliver our products to you. Currently, our partner is 1-877-Spirits, a trusted online delivery service of alcoholic beverage for over 30 years - otherwise known as our Online Concierge.

*For more information, please refer to our Risk Factors which discuss these laws.*

### **Do I need to invest to buy ONE ROQ?**

No, you do not need to invest in ONE ROQ Spirits LLC to buy ONE ROQ Vodka. However, Investing in ONE ROQ Spirits LLC provides you access to all our unique Club Privileges, described above.

### **What are the benefits of joining?**

See Club Privileges above or by visiting us at [ONEROQClub.com](https://ONEROQClub.com).

### **Do I need to invest to join the club?**

Yes, when you become an investor you are also becoming a member of the Club.

**What is ONE ROQ's valuation?**

Please refer to the terms of our Offering located in our Offering Memorandum and on our Campaign Page below.

**What if my store/bar doesn't carry ONE ROQ?**

In the future, you can use the ONE ROQ app to submit a Carry Request. Our aim is to place ONE ROQ within 14 days in the retailer of your choice, provided we have active distribution in your market, there is retailer acceptance and Covid-19 is not disrupting the business of your desired retail establishment, bar or restaurant. This app feature is currently in development and available with limited coverage.

**Do I get a discount buying ONE ROQ if I invest?**

Yes, as an investor you will receive an Owner/Membership discount of up to 40% product when ordered through ONEROQClub.com. Discount codes are posted to your Member dashboard monthly. Note, due to Federal and State laws, ONE ROQ cannot guarantee pricing or discounts in the market (i.e., in liquor stores, bars, etc). However, it is acceptable to ask your retailer if they would consider applying an Owner's discount, should they carry the product.

**How do I buy ONE ROQ right now?**

You can buy ONE ROQ through our Online Concierge and have ONE ROQ home delivered to you. All orders are fulfilled through 1-877 Spirits.com. To buy, head to ONEROQClub.com and click "Taste." Alternatively, you can also check local retailers. If the product is not available in local retailers, once this feature is available, in your area, you can submit a Carry Request using your app and request it with the store owners or manager. (Note, fulfillment delays may apply based on your location and the status of our distribution in your market.)

**Can I get a free sample before I join?**

Due to the cost of our product, as well as liquor laws prohibiting free alcoholic goods to consumers, we currently do not offer free samples.

**Will the cost of ONE ROQ come down over time?**

The company cannot guarantee any cost changes but our hope is to be able to continue to improve our margins and pricing.

**What is the corporate structure of ONE ROQ and what is the difference between a Membership "Unit" and a "Share" of Stock ?**

ONE ROQ Spirits is currently structured as an LLC and you are purchasing Membership Units in this offering. "Units" are used to describe the measure of ownership when a company's legal structure is a LLC. "Shares" are used to describe the measure of ownership in a C-Corp or an S-Corp. The company will evaluate the advantages of converting to a C-Corp but this is not planned at this time.

**For more information, please refer to the [SEC guidance](#) in relation to Regulation**

Founder: If you don't own the companies that make the products that you use in everyday life you're not taking advantage of your power in fact the companies that you don't own are taking advantage of you.

Founder: my name is Garrett green I'm the founder and director of one roq spirits the makers of one Roq vodka and the one roq vodka Club. I've been in the consumer goods venture space for 14 years. I got an early start I was 20 years old in college and took a fascination to the initially the beverage space we ended up developing and launching somewhere around six or seven products over five or six years. Over time honed in on a series of skills and processes that are unique in order to be effective and proficient in the space.

Founder: The problem with the alcohol industry is that the market is propped up by what we refer to as lifestyle advertising, which is a method of placing a brand inside the image of an attractive lifestyle, sending the message to the consumer that if you buy or associate yourself with that brand you somehow acquire that lifestyle. What we said was how can we create that actual benefit, how can we create the real thing, an authentic value proposition because the idea of it surely is attractive wouldn't it be something if we could actually align ourselves with a brand and then attain some measure of that status or potential success so that became the basis for how we decided to redevelop our story and redevelop our platform again all driven by authenticity not pretend.

This is completely reinventing the way that brands are brought to market,

introduced to retailers, and validation is given or demonstrated to that retailer who has to make the decision whether your brand is worthy or not. This is a completely new experience that one roq is innovating in distilled spirits industry we are the first company in this industry to bring this experience to consumers and that is opportunity. ### **Video 4 Transcript: Founder Interview at Fall Luxury Review**

ONE ROQ is the first super-premium American Vodka ever to be introduced in the spirits industry. We produce our product with one of the rarest forms of pure spirit distillation in the country, which is Glass Column Distillation. We have three expressions, a Mixing Black Label, a Silver Sipping Label, and a Red Dessert Label. We wanted a brand that conveyed national identity, because we're trying to become America's Premium Vodka. So we actually started with ONE ROCK. R-O-C-K. Always thought that was too generic. Let's change the C-K to a Q for a little flair in differentiation.

I was a sophomore in college pursuing a political science degree, and I developed an extreme appreciation for America, our identity, our position in the world. And simultaneously, I also became enamored with the beverage space, and no, not because I was drinking a lot. And I found that it was startling that the greatest country in the world did not have any skin in the game when it came to the largest, oldest, and most prestigious category in alcohol beverage. If you look at all other brands of premium vodkas, we can sit back and collectively agree that America is without its own national brands, like Ricard is to France, or Smirnoff is to Russia, or Absolut is to Sweden.

Where is America's super premium brand? It's absent. Now, it's here. We are available in 24 states. However, if you're a resident of New York, Florida, California, Texas, or Nevada, you can secure our product online at oneroq.com and have it home-delivered to you. So we're headquartered in Buffalo, New York. That's my hometown. We operate the business from there, but we actually produce in Indianapolis and Denver, Colorado. The reason for that is because we draw on a natural aquifer in the Rocky Mountains. The water is actually so important to our recipe that we ship it to Indianapolis.

So we're about a year and a half old effectively. We've had some extremely impressive milestones, including authorizations in the largest liquor store chain in the country, accolades in Robb Report magazine, partnerships with the largest online retailer of spirits. And recently

the National Enquirer spotted Catherine Zeta-Jones purchasing vials of ONE ROQ and Grey Goose outside of their home in Bedford, New York. And I might add, that was completely unpaid. It just happened organically. Yeah. Super premium luxury vodka. However, it's not out of reach to Americans. We're an American product. So we are not priced out of reach. In fact, quite the opposite. Will be priced at \$1 less than Grey Goose on the market. They can go to [oneroq O-N-E R-O-Q .com](http://oneroq.com) to learn more information and to also purchase and sample the product, and have it home delivered.'

## STARTENGINE SUBSCRIPTION PROCESS (Exhibit E)

### Platform Compensation

- As compensation for the services provided by StartEngine Capital, the issuer is required to pay to StartEngine Capital a fee consisting of a 6-8% (six to eight percent) commission based on the dollar amount of securities sold in the Offering and paid upon disbursement of funds from escrow at the time of a closing. The commission is paid in cash and in securities of the Issuer identical to those offered to the public in the Offering at the sole discretion of StartEngine Capital. Additionally, the issuer must reimburse certain expenses related to the Offering. The securities issued to StartEngine Capital, if any, will be of the same class and have the same terms, conditions and rights as the securities being offered and sold by the issuer on StartEngine Capital's website.

### Information Regarding Length of Time of Offering

- Investment Cancellations: Investors will have up to 48 hours prior to the end of the offering period to change their minds and cancel their investment commitments for any reason. Once within 48 hours of ending, investors will not be able to cancel for any reason, even if they make a commitment during this period.
- Material Changes: Material changes to an offering include but are not limited to: A change in minimum offering amount, change in security price, change in management, material change to financial information, etc. If an issuer makes a material change to the offering terms or other information disclosed, including a change to the offering deadline, investors will be given five business days to reconfirm their investment commitment. If investors do not reconfirm, their investment will be cancelled and the funds will be returned.

### Hitting The Target Goal Early & Oversubscriptions

- StartEngine Capital will notify investors by email when the target offering amount has hit 25%, 50% and 100% of the funding goal. If the issuer hits its goal early, the issuer can create a new target deadline at least 5 business days out. Investors will be notified of the new target deadline via email and will then have the opportunity to cancel up to 48 hours before new deadline.
- Oversubscriptions: We require all issuers to accept oversubscriptions. This may not be possible if: 1) it vaults an issuer into a different category for financial statement requirements (and they do not have the requisite financial statements); or 2) they reach \$1.07M in investments. In the event of an oversubscription, shares will be allocated at the discretion of the issuer.
- If the sum of the investment commitments does not equal or exceed the target offering amount at the offering deadline, no securities will be sold in the offering, investment commitments will be cancelled and committed funds will be returned.
- If a StartEngine issuer reaches its target offering amount prior to the deadline, it may conduct an initial closing of the offering early if they provide notice of the new offering deadline at least five business days prior to the new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment). StartEngine will notify investors when the issuer meets its

target offering amount. Thereafter, the issuer may conduct additional closings until the offering deadline.

#### Minimum and Maximum Investment Amounts

- In order to invest, to commit to an investment or to communicate on our platform, users must open an account on StartEngine Capital and provide certain personal and non-personal information including information related to income, net worth, and other investments.
- Investor Limitations: Investors are limited in how much they can invest on all crowdfunding offerings during any 12-month period. The limitation on how much they can invest depends on their net worth (excluding the value of their primary residence) and annual income. If either their annual income or net worth is less than \$107,000, then during any 12-month period, they can invest up to the greater of either \$2,200 or 5% of the lesser of their annual income or net worth. If both their annual income and net worth are equal to or more than \$107,000, then during any 12-month period, they can invest up to 10% of annual income or net worth, whichever is less, but their investments cannot exceed \$107,000.

(b)     Exercise of Right of First Refusal. The Company shall have ten (10) days from receipt of the Offer Notice to accept the Available Units offered in the Offer Notice in full or in part. To the extent that the Company has not agreed to purchase all of the Available Units, the Company shall notify each Member that such Member is entitled to purchase a portion of the remaining Available Units by delivering written notice (the “Available Unit Purchase Notice”) to the Members and the Transferring Holder within fifteen (15) days following delivery of the Offer Notice setting forth the maximum number of the remaining Available Units which such Members may purchase. The Members shall have thirty (30) days after delivery of the Available Unit Purchase Notice to elect, in writing, to purchase remaining Available Units. Remaining Available Units shall first be allocated to each such Member in an amount equal to the lesser of (A) the maximum amount specified by each such Member in such Members Available Unit Purchase Notice response and (B) such Member’s pro rata share of all Membership Units held by all such Members. If all of the remaining Available Units offered to such Members are not fully subscribed by such Members, the un-subscribed Available Units shall be allocated to the Members purchasing their pro rata share and indicating in their response to the Available Unit Purchase Notice a desire to acquire any Available Units that are available because of under-subscription and if such Members collectively indicate an interest in acquiring additional Available Units in an amount in excess of the aggregate amount of Available Units remaining, such remaining Available Units will be allocated among such Members pro rata in accordance with their respective holdings of Membership Units.

(c)     Closing of Transfer to Company and/or Members. If the Company and the Members have elected to purchase all of the remaining Available Units hereunder, the Transfer of such Available Units to the Company and the accepting Members shall be consummated as soon as practical after the delivery of the election notice(s) to the Transferring Holder, but in any event within fifteen (15) days after the Authorization Date.

(d)     Transferring Holder’s Right to Transfer. If the Company and the Members do not elect, in the aggregate, to purchase all of the Available Units offered in the

Offered Notice from the Transferring Holder, the Transferring Holder shall have the right, within the ninety (90) days following the Authorization Date, to Transfer all of such Available Units to the transferee(s) specified in the Offer Notice in the amounts specified in the Offer Notice at a price not less than the price per unit specified in the Offer Notice and on other terms no more favorable to the transferee(s) thereof than specified in the Offer Notice.

(e) Re-offer. Any Available Units not so Transferred within such 90-day period shall be reoffered to the Company and the Members pursuant to this Section 7.2 prior to any subsequent Transfer.

(f) Non-applicability. The provisions of this Section 7.2 shall not apply to a Transfer made to a Permitted Transferee or a Transfer where the consideration is not entirely cash.

**7.3** *Drag-Along Rights*. Notwithstanding anything to the contrary herein, the holders of more than 50% of the Company's Membership Units (the "**Triggering Holder**") may sell all of their Membership Units to an unaffiliated third party as part of a sale of all equity of the Company to the third party. If the Triggering Holder proposes to sell all of his, her or its Membership Units to an unaffiliated third party pursuant to a bona fide sale in a single transaction or series of related transactions, the Triggering Holder shall have the right to include the other Members' Membership Units in the sale (the "**Drag-Along**") by providing the other Members with written notice containing the terms of the Drag-Along (the "**Drag-Along Notice**"). Upon receipt of the Drag-Along Notice, the other Members shall take all necessary and desirable actions in connection with the consummation of the Drag-Along in order to effectively vest good title, right and interest, free and clear of all liens, claims, encumbrances and restrictions of any kind, in such third party on the same terms and conditions and for the same consideration per Membership Unit as is applicable to the Triggering Holder within not more than thirty (30) days following the Drag-Along Notice. Each other Member will bear his pro rata share of the costs and expenses incurred in connection with such sale to the extent such costs and expenses are not paid by the third party.

**7.4** *Effect of Assignment*.

(a) *Termination of Rights*. Any Member who shall assign any Membership Units or other interest in the Company shall cease to be a Member with respect to such Membership Units or other interest and shall no longer have any rights or privileges of a Member with respect to such Membership Units or other interest. A Transfer shall not otherwise eliminate the Member's entitlement to any rights associated with the Member's remaining interest and shall not cause the Member to be released from any liability to the Company or any other Person solely as a result of the Transfer.

(b) *Deemed Agreement*. Any Person who acquires in any manner whatsoever any Membership Units or other interest in the Company, irrespective of whether such Person has accepted and adopted in writing the terms and provisions of this Agreement, shall be deemed by the acceptance of the benefits of the acquisition thereof and any agreement pursuant to which the

Membership Units were acquired, as applicable, to have agreed to be subject to and bound by all of the terms and conditions of this Agreement that any predecessor in such Membership Units or other interest in the Company of such Person was subject to or by which such predecessor was bound.

(c) *Assignee's Rights.* A Transfer of Membership Units permitted hereunder shall be effective as of the date of assignment and compliance with the conditions to such Transfer and such Transfer shall be shown on the books and records of the Company. Unless and until an assignee becomes a Substituted Member pursuant to Section 7.6, the Assignee shall not be entitled to any of the rights or privileges granted to a Member hereunder or under applicable law, other than the rights and privileges specifically granted to Assignees pursuant to this Agreement.

#### 7.5 *Additional Restrictions on Transfer.*

(a) *Restrictions.* Membership Units are transferable only pursuant to (i) public offerings registered under the Securities Act, (ii) Rule 144 or Rule 144A of the Securities and Exchange Commission (or any similar rules then in force) if such rule is available, (iii) an exemption under applicable securities law, and (iv) other legally available means of transfer permitted by this Agreement.

(b) *Execution of Counterpart.* Each transferee of Membership Units or other interests in the Company shall, as a condition prior to such Transfer, execute and deliver to the Company an Adoption Agreement in the form of Exhibit B pursuant to which such Transferee shall agree to be bound by the provisions of this Agreement.

(c) *Notice.* In connection with the Transfer of any Membership Units, the holder of such Membership Units will deliver written notice to the Company describing in reasonable detail the Transfer or proposed Transfer.

(d) *Legal Opinion.* No Transfer of Membership Units or any other interest in the Company may be made unless in the opinion of counsel, satisfactory in form and substance to the Board of Managers (which opinion may be waived by the Board of Managers), such Transfer would not violate any federal securities laws or any state or provincial securities or "blue sky" laws (including any investor suitability standards) applicable to the Company or the interest to be Transferred, or cause the Company to be required to register as an "Investment Company" under the U.S. Investment Company Act of 1940, as amended. Such opinion of counsel shall be delivered in writing to the Company prior to the date of the Transfer.

#### 7.6 *Assignees; Substituted Members.*

(a) Unless the assignee of any Membership Unit is admitted as a Substituted Member as provided in Section 7.6(b) (or is the Company or another Member), (i) the assignee shall only have only the rights of the transferring Member in the Company income, gain, loss, deductions and distributions rights, (ii) the assignee shall have no right to vote on Company

matters, inspect Company books and records or otherwise participate in Company affairs, and (iii) the interest of the assignee shall be disregarded for purposes of determining whether Members owning the required Membership Units have voted on any matter requiring a vote of the Members.

(b) An assignee of the whole or any portion of the transferring Member's Membership Units, validly assigned pursuant to this Article VII, may become a "Substituted Member" in the place of the transferring Member, to the extent of the Membership Units validly transferred, if all of the following conditions are satisfied:

(i) A fully executed and acknowledged written instrument of assignment has been filed with the Company which sets forth the intention of the transferring Member that the assignee become a Substituted Member in its place, to the extent of the Membership Units assigned;

(ii) The assignee executes and acknowledges an Adoption Agreement and such other instruments, in form and substance reasonably satisfactory to the Board of Managers, as are reasonably necessary or desirable to effectuate the admission and to confirm the agreement of the assignee to be bound by all the terms and provisions of this Agreement with respect to the Membership Units acquired; and

(iii) The Board of Managers approves the admission of the assignee as a Substituted Member, provided, that no such approval shall be required to admit any assignee or transferee of any Person that acquired Membership Units pursuant to a transfer permitted by Article VII.

(c) Notwithstanding anything to the contrary in this Agreement, both the Company and the Board of Managers will be entitled to treat the transferring Member as its absolute owner in all respects, and will incur no liability for Distributions made in good faith to that Member, until a written assignment that conforms to the requirements of this Article VII has been received by the Company and accepted by the Board of Managers.

**7.7** *Amendment of Schedule.* As soon as reasonably practicable following a transaction described in this Article VII, the Board of Managers will, without the need for the consent of the Members, amend Schedule A to reflect the names of the Members, the number of Membership Units held and the Percentage Interests of the Members immediately after the transaction. Such revised Schedule A shall replace in its entirety the Schedule A in effect immediately prior to the transaction. Upon the request of a Member, the Board of Managers will distribute the then-current Schedule A to the requesting Member.

**7.8** *Involuntary Transfer.*

(a) Any Person who becomes the holder or possessor of any Membership Unit of the Company by virtue of any judicial process, attachment, bankruptcy, receivership, execution, or judicial sale, including, without limitation, any person to whom such Membership

Unit shall have been transferred pursuant to a court order in a matrimonial action (regardless of whether such Membership Unit be deemed a voluntary or involuntary transfer), shall immediately offer all of such Membership Units to the Company whenever requested by the Company, at a purchase price equal to the then book value per Membership Unit as shown on the financial statements of the Company multiplied by the total number of Membership Units held by such Person.

(b) Any sale under this Section 7.8 shall be closed at the office of the Company at 10:00 a.m. on the thirtieth (30th) day following the date of the Company's request described above in Section 7.8(a), or at such other time and place as shall be mutually agreeable to the parties to such closing. At such closing, the purchase price shall be paid in full in cash or by certified check.

#### **7.9** *Legend.*

In the event that certificated Membership Units are issued, such certificated Membership Units will bear the following legend:

“THE UNITS REPRESENTED BY THIS CERTIFICATE HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED (THE “**ACT**”), OR APPLICABLE STATE SECURITIES LAWS (“**STATE ACTS**”) AND MAY NOT BE SOLD, ASSIGNED, PLEDGED, TRANSFERRED OR OTHERWISE DISPOSED OF IN THE ABSENCE OF AN EFFECTIVE REGISTRATION STATEMENT UNDER THE ACT OR STATE ACTS OR AN EXEMPTION FROM REGISTRATION THEREUNDER. THE TRANSFER OF THE UNITS REPRESENTED BY THIS CERTIFICATE IS SUBJECT TO THE CONDITIONS SPECIFIED IN AN OPERATING AGREEMENT AS AMENDED AND MODIFIED FROM TIME TO TIME, GOVERNING THE ISSUER (THE “**COMPANY**”), BY AND AMONG ITS MEMBERS (THE “**LLC AGREEMENT**”), A COPY OF WHICH SHALL BE FURNISHED UPON REQUEST.”

To the extent applicable, certificated Membership Units may also bear a legend in substantially the following form:

“THE UNITS REPRESENTED BY THIS CERTIFICATE MAY ALSO BE SUBJECT TO CERTAIN RESTRICTIONS SET FORTH IN THE LLC AGREEMENT AND/OR A SEPARATE AGREEMENT WITH THE INITIAL HOLDER, A COPY OF WHICH SHALL BE FURNISHED BY THE COMPANY UPON WRITTEN REQUEST AND WITHOUT CHARGE.”

If a Member holding certificated Membership Units delivers to the Company an opinion of counsel, satisfactory in form and substance to the Board of Managers (which opinion may be

waived by the Board of Managers), that no subsequent Transfer of such Membership Units will require registration under the Securities Act, the Company will promptly upon such contemplated Transfer deliver new certificated Membership Units which do not bear the portion of the restrictive legend relating to the Securities Act set forth in this Section 7.10.

**7.10** *Transfer Fees and Expenses.* The transferor and transferee of any Membership Units or other interest in the Company shall be jointly and severally obligated to reimburse the Company for all reasonable expenses (including attorneys' fees and expenses) of any Transfer or proposed Transfer, whether or not consummated.

**7.11** *Resignation; Void Assignment.* No Members shall have the right to resign or withdraw as a Member. In the event of any Transfer in contravention of this Agreement, the purported transferee shall have no right to any profits, losses or Distributions of the Company or any other rights of a holder.

## **ARTICLE VIII**

### **DISSOLUTION**

#### **8.1** *Dissolution.*

(a) The Company shall be dissolved and its affairs shall be wound up upon the affirmative vote of the Members in accordance with Section 3.7.

(b) In the event of the bankruptcy, death, dissolution, or incapacity of any Member or the occurrence of any other event that terminates the continued membership of any Member, the remaining Members shall have the right to continue the Company and the Company shall continue, unless within ninety (90) days after such event, the remaining Members vote in accordance with Section 3.7 to dissolve the Company.

#### **8.2** *Winding Up and Liquidation.*

(a) Upon the occurrence of an event set forth in Section 8.1(a) (a "Liquidating Event"), the Company shall continue solely for the purposes of winding up its affairs in an orderly manner, liquidating its assets, and satisfying the claims of its creditors and Members. No Member shall take any action that is inconsistent with, or not necessary to, or appropriate for, the winding up of the Company's business and affairs. The Managers or, in the event there are no remaining Managers, any Person elected by a majority in interest of the Members (the Managers or such other Person being referred to herein as the "Liquidator"), shall be responsible for overseeing the winding up and dissolution of the Company and shall take full account of the Company's liabilities and property and the Company property shall be liquidated as promptly as is consistent with obtaining the fair value thereof, and the proceeds therefrom shall be applied and distributed in the following order:

(i) First, to the payment and discharge of all of the Company's debts and liabilities to its creditors, including Members who are creditors;

(ii) Second, to Members and former Members in satisfaction of liabilities for distributions under Section 507 or 509 of the Act; and

(iii) The balance, if any, to the Members in accordance with their Percentage Interests.

(b) Notwithstanding the provisions of Section 8.2(a) hereof which require liquidation of the assets of the Company, but subject to the order of priorities set forth therein, if prior to or upon dissolution of the Company, the Liquidator determines that an immediate sale of part or all of the Company's assets would be impractical or would cause undue loss to the Members, the Liquidator may, in its sole and absolute discretion, defer for a reasonable time the liquidation of any assets except those necessary to satisfy liabilities of the Company (including those to Members as creditors) and/or distribute to the Members, in lieu of cash, as tenants in common and in accordance with the provisions of Section 8.2(a) hereof, undivided interests in such Company assets as the Liquidator deems not suitable for liquidation. Any such distributions in kind shall be made only if, in the good faith judgment of the Liquidator, such distributions in kind are in the best interest of the Members, and shall be subject to such conditions relating to the disposition and management of such properties as the Liquidator deems reasonable and equitable and to any agreements governing the operation of such properties at such time. The Liquidator shall determine the fair market value of any property distributed in kind using such reasonable method of valuation as it may adopt.

(c) In the discretion of the Liquidator, a pro-rata portion of the distributions that would otherwise be made to the Members pursuant to this Article VIII may be:

(i) distributed to a trust established for the benefit of the Members for the purposes of liquidating Company assets, collecting amounts owed to the Company, and paying any contingent or unforeseen liabilities or obligations of the Company or the Members arising out of or in connection with the Company. The assets of any such trust shall be distributed to the Members from time to time, in the reasonable discretion of the Liquidator, in the same proportions as the amount distributed to such trust by the Company would otherwise have been distributed to the Members pursuant to this Agreement; or

(ii) withheld or escrowed to provide a reasonable reserve for Company liabilities (contingent or otherwise) and to reflect the unrealized portion of any installment obligations owed to the Company, provided, that such withheld or escrowed amounts shall be distributed to the Members in the manner and order of priority set forth in Section 8.2(a) as soon as practicable.

**8.3** *Articles of Dissolution.* Within ninety (90) days following the dissolution and the commencement of winding up of the Company, or at any other time there are no Members, articles of dissolution shall be filed with the New York Department of State pursuant to the Act.

**8.4** *Rights of Members.* Except as otherwise provided in this Agreement, each Member shall look solely to the assets of the Company and shall have no right or power to demand or receive property other than cash from the Company. Except as otherwise provided in this Agreement, no Member shall have priority over any other Member as to the distribution upon liquidation of the Company.

## **ARTICLE IX**

### **INDEMNIFICATION**

**9.1** *Limitation of Liability.* Except as otherwise required by the Act, no Manager or officer, if any, shall be liable to the Company or any other Member for any loss or damage sustained by the Company or any Member unless such Manager or officer has failed to comply with Section 4.2 or 4.10, as the case may be, with respect to the actions or occurrences giving rise to such loss or damage.

**9.2** *Indemnification.* To the maximum extent permitted under the Act, the Company shall indemnify and hold harmless each Manager and officer, if any, from and against all claims and demands unless such Manager and officer, if any, has acted (a) in bad faith, (b) with deliberate dishonesty or (c) for personal financial profit or other advantage to which he or she is not legally entitled, with respect to the actions or occurrences giving rise to such claims and demands.

**9.3** *Reimbursement.* The Company shall promptly reimburse (and/or advance to the extent reasonably required) each Manager and officer, if any, for reasonable legal or other expenses (as incurred) of such Manager or officer, in connection with investigating, preparing to defend or defending any claim, lawsuit or other proceeding relating to any claim or demand for which such person may be indemnified pursuant to Section 9.2, provided, that if it is finally judicially determined that such person is not entitled to the indemnification provided by Section 9.2, then such person shall promptly reimburse the Company for any reimbursed or advanced expense.

## **ARTICLE X**

### **GENERAL PROVISIONS**

**10.1** *Notices.* Except as otherwise provided in this Agreement or required by law, any notice, demand or other communication required or permitted to be given pursuant to this Agreement shall have been sufficiently given for all purposes if (a) delivered personally to the Person or to an executive officer of the Person to whom such notice, demand or other communication is directed or (b) sent by first-class mail, postage prepaid, addressed to the Person at his, her or its address set forth in this Agreement. Except as otherwise provided in this Agreement, any such notice shall be deemed to be given three business days after it was mailed.

**10.2** *Entire Agreement/Amendments.* This Agreement and the Articles of Organization contain the entire agreement among the Members with respect to the subject matter hereof. No amendment of this Agreement or the Articles of Organization shall be effective unless made in accordance with Section 4.12 hereof.

**10.3** *Waiver.* No failure of a Member to exercise, and no delay by a Member in exercising, any right or remedy under this Agreement shall constitute a waiver of such right or remedy. No waiver by a Member of any such right or remedy under this Agreement shall be effective unless made in a writing duly executed by all Members and specifically referring to each such right or remedy being waived.

**10.4** *Severability.* If any of the terms of this Agreement are declared to be illegal or unenforceable by any court or tribunal of competent jurisdiction, such term or terms shall be null and void and shall be deemed deleted from this Agreement with respect to the jurisdiction of that court or tribunal; provided, however, that all the remaining terms hereof shall remain in full force and effect.

**10.5** *Binding Effect and Benefit.* This Agreement shall be binding upon and inure to the benefit of all Members, and each of the permitted successors and assignees of the Members. No party may assign rights or delegate obligations hereunder except pursuant to the provisions hereof. Nothing in this Agreement is intended to benefit any person not a party hereto.

**10.6** *Counterparts.* This Agreement may be executed in one or more counterparts, each of which shall be deemed an original and all of which shall constitute one and the same instrument.

**10.7** *Governing Law.* This Agreement shall be governed by, and interpreted and construed in accordance with, the laws of the State of New York, without regard to principles of conflict of laws.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the date first written above.

The notice shall state the purpose or purposes of the meeting, the place, date and hour of the meeting and, shall indicate that it is being issued by or at the direction of the Person or Persons calling the meeting.

Section 3. Waiver of Notice. Notice of a Members' meeting need not be given to any Member who submits a signed waiver of notice, in person or by proxy, whether before or after the meeting. Section 4. Quorum. At every meeting of the Members, except as otherwise provided by law or these operating procedures, a quorum must be present for the transaction of business and a quorum shall consist of the Members holding not less than 80% of all Membership Units entitled to vote present either in person or by proxy. When a quorum is once present to organize a meeting, it is not broken by the subsequent withdrawal of any Members.

Section 5. Adjournments. The Members who are present in person or by proxy at any meeting of Members, whether or not they constitute a quorum, shall have the power by a vote of not less than a majority of all Membership Units entitled to vote to adjourn the meeting

from time to time. Subject to any notice required by law, at any adjourned meeting at which a quorum is present any business may be transacted which might have been transacted on the original date of the meeting. Notice of an adjourned meeting need not be given if the time and place of the adjourned meeting are announced at the original meeting.

Section 6. Proxies. All questions that shall come before a meeting shall be decided by the vote of the Members required by Section 3.7 of the Agreement. A Member may vote either in person or by written proxy signed by the Member or by a duly authorized attorney-in-fact and delivered to the Company. No proxy shall be valid after the expiration of eleven (11) months from the date thereof unless otherwise provided in the proxy. Every proxy shall be revocable at the pleasure of the Member executing it or the Member's personal representatives, unless it is entitled "irrevocable proxy", in which event its revocability shall be determined by the law of the State of New York in effect at the time.

Section 7. Meetings by Conference Telephone. Any one or more Members may participate in a meeting of such Members by means of a conference telephone or similar communications equipment by means of which all persons participate in the meeting can hear each other. Participation by such means shall constitute presence in person at the meeting.

Section 8. Action By Members Without A Meeting.

(a) Whenever Members are required or permitted to take any action by vote, such action may be taken without a meeting, without prior notice and without a vote, if a consent or consents in writing, setting forth the action so taken, shall be signed by the Members who hold the voting interests having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all of the Members entitled to vote therein were present and voted and shall be delivered to the Company.

(b) Every written consent shall bear the date of signature of each Member who signs the consent, and no written consent shall be effective to take the action referred to therein unless written consents signed by a sufficient number of Members to take the action are delivered to the office of the Company, its principal place of business or a Manager, employee or agent of the Company having custody of the records of the Company. Delivery made to such office, principal place of business or Manager, employee or agent shall be by hand or by certified or registered mail, return receipt requested.

(c) Prompt notice of the taking of any action without a meeting by less than unanimous written consent shall be given to those Members who have not consented in writing but who would have been entitled to vote thereon had such action been taken at a meeting.
