Disclaimer & Forward Looking

FORWARD-LOOKING STATEMENTS

This Presentation contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, which can be identified by the use of words such as “estimate,” “project,” “believe,” “intend,” “anticipate,” “plan,” “seek,” “expect” or words of similar meaning, or future or conditional verbs, such as “will,” “would,” “should,” “could,” or “may.” A forward-looking statement is neither a prediction nor a guarantee of future events. Forward-looking statements include the strategic rationale of LINKBANCORP, Inc. (the “Company”) for the proposed benefits of the Company’s sale of its New Jersey branches (the “Sale Transaction”), the Company’s ability to consummate the Sale Transaction on terms acceptable to the Company, the Company’s expected use of the proceeds from the Sale Transaction, and the Company’s business strategy following consummation of the Sale Transaction.

These forward-looking statements are based on current beliefs and expectations of our management and are inherently subject to significant business, economic and competitive uncertainties and contingencies, many of which are beyond our control and which may cause the Company’s actual results, performance, achievements or financial condition to be materially different from future results, performance, achievements or financial condition expressed or implied by such forward-looking statements. In addition, these forward-looking statements are subject to assumptions with respect to future business strategies and decisions that are subject to change. You should not rely on any forward-looking statements as predictions of future events. You should not expect us to update any forward-looking statements, except as required by law. All written or oral forward-looking statements attributable to us are expressly qualified in their entirety by this cautionary notice, together with those risks and uncertainties described in “Risk Factors” in our annual report on Form 10-K for the year ended December 31, 2023 filed on March 29, 2024 and in our other filings with the U.S. Securities and Exchange Commission (the “SEC”), which are available at the SEC’s website, www.sec.gov.

Non-GAAP Financial Measures

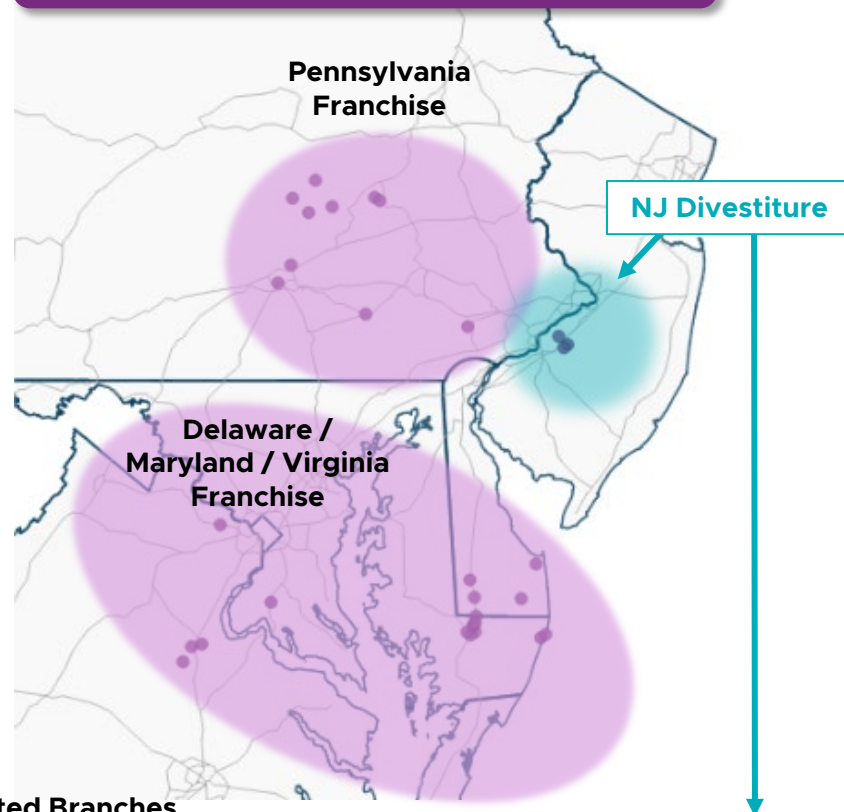

This presentation contains supplemental financial information determined by methods other than in accordance with accounting principles generally accepted in the United States of America (“GAAP”). Our management uses these non-GAAP measures in its analysis of our performance. These measures should not be considered a substitute for GAAP basis measures nor should they be viewed as a substitute for operating results determined in accordance with GAAP. Non-GAAP measures are not formally defined under GAAP, and other entities may use calculation methods that differ from those used by us. As a complement to GAAP financial measures, our management believes these non-GAAP financial measures assist investors in comparing the financial condition and results of operations of financial institutions due to the industry prevalence of such non-GAAP measures. See the appendix to this presentation for a reconciliation of these non-GAAP measures to the most directly comparable GAAP financial measures.
