BnB Chat, Inc.
CEO/Founder
Las Vegas, USA
2015 - 2018

Accomplishments

Designed, created, and released the world's first global discount room rental App for the travel industry, which operates on all iOS & Android mobile devices. Travelers never pay any "booking fees!"

Developed a *global* partnership with PayPal for all credit card processing, and direct payment distribution, whereby Innkeepers, Real Estate Agents, Professional Property Managers, and Homeowners can receive Visa, Master Card, American Express, and Discover Card payments directly into their PayPal accounts without any third-party interference.

Designed a "direct chat" feature to assist Hosts and Travelers during the initial stages of the room rental "vetting process."

Implemented a "bid/offer" reservation system, whereby the Traveler can submit a lower rental "bid" price to the Host for consideration, prior to any booking commitment.
