SUMMARY

Business Overview

Throwback Family Fun, LLC, is a family operated entertainment venue that is dedicated to bringing a profitable business to the good people of Casa Grande, Arizona, by providing tried and true classic American pastimes: state-of-the-art bowling and classic roller skating! We will also have a family-friendly laser tag arena, arcade featuring classic games and early-1980's-to-mid-1990's pinball machines, as well as party facilities that will be the most desired location in town.

Target Market

According to the US Census Bureau, there are nearly 100,000 people within a 16-mile radius of Casa Grande. Because Throwback Family Fun will have multiple entertainment options appealing to people of all ages and abilities, we consider this entire population to be our target market. This would normally be an excessive travel area to consider, but the rural nature of central Pinal County merits the inclusion of communities surrounding Casa Grande. These are mostly middle-class families with some level of discretionary spending available for entertainment each month and virtually nowhere local they can go to spend it.

Competition

Casa Grande does have one open bowling alley, Cotton Bowl Lanes. They are located just over two miles from our proposed site. Their facility was built in 1958. It consists of 12 lanes and equipment that has not been updated in more than 20 years. The next closest competition for what Throwback Family Fun will offer is:

- UltraStar bowling, arcade, and laser tag – Maricopa, 26 miles/40 minutes away
- Skateland USA roller skating rink – Chandler, 45 miles/44 minutes away

Corporate chain entertainment companies, such as Dave & Buster's or Amazing Jake's, will not consider building with a local population of less than 250,000. We do not believe that they will be a threat to the viability of Throwback Family Fun for decades to come.

Management Team

Organized as a Limited Liability Company, Throwback Family Fun is sole-owned by **Kelsey Redwine**. This structure allows for many more small business startup grant applications for woman-owned businesses than other available business structures.

Kelsey successfully started her own direct-sales business under Premier Designs Jewelry. This involved regional & national travel, meticulous revenue & expense recordkeeping, inventory management, and client follow-up. She was completely responsible for every party hostess, attendee, purchaser, and downline distributor relationship. Within three years, she was recognized as a member of the President's Club, having attained the top 5% of sales in the company.

After five years and thousands of sales, as well as developing other distributors and managing business relationships with hundreds of clients, she elected to leave that business in favor of becoming a foster parent with Peter. Kelsey is a common-sense, level-headed woman of

impeccable character, respected in the community for the relationships she built through her Premier business, as well as through church, as an active member of the Christian Motorcyclists Association, and within the foster/adoptive parent community.

Ross Scanio is a retired Lieutenant Colonel with the U.S. Marine Corps. An F-18 fighter pilot, he has deployed all around the world, leading Marines on missions to defend and further American military interests, including as Battalion Commander of more than 1,000 troops in Iraq. He is a born leader. In retired life, he has carried over his innate leadership abilities to work with the Combat Veterans Motorcycle Association, the Casa Grande Post 1677 of the Veterans of Foreign Wars, and the Marine Corps Junior Reserve Officer Training Corps, among other things. Ross has agreed to serve as our General Manager as we incept this company and bring it to a stable, profitable pillar of the Casa Grande community. He is also a graduate of Grand Canyon University.

Peter Redwine has spent 20 years with the phone company, becoming a Broadband Technician in Casa Grande in 2007. Over that time, he has continued to develop skills through both work-based training and various college courses. Leveraging his intellect, common sense, professional background, and relationships built in the Casa Grande community over nine years, he ran for a City Council seat in 2016. This was an amazing learning experience and built additional relationships that he believes are vital to helping Throwback Family Fun become a reality. With the ability to forge meaningful rapport with most people and a dedication to providing true customer service, Peter will serve as Throwback's Relationship Manager.

Peter & Kelsey will attend the International Association of Amusement Parks & Attractions (IAAPA) annual expo in Orlando this November. They will attend the FEC 101: Rookies and Newcomers 2-day seminar that provides a plethora of information from industry experts in a number of areas specific to Family Entertainment Centers.

Revenue Model

Throwback Family Fun will follow a cash-and-carry retail/service model, as we will be requiring up-front payment for all goods and services.

Owner Participation

An endeavor of this magnitude obviously carries a significant capital expenditure to open. Throwback Family Fun is offering shares through the Registration Crowdfunding exempted investment model. After consulting with our contractor, Maco Construction, a firm in Scottsdale with over 30 years of experience developing projects in excess of \$100 million, we believe that a \$2.5 million capital expenditure will be required to get to doors-open. This includes remodeling the space, all bowling hardware and equipment, the roller skating rink, the laser tag arena & accessories, arcade games, lighting, sound systems, point-of-sale equipment, food & drink equipment, etc. Each share may be purchased for \$2,200.00 through our intermediary, FundMe.com, a FINRA-registered portal for SEC-exempted securities crowdfunding. A successful sale of 250-400 shares will allow Kelsey and Peter to apply for a Small Business Administration loan for the balance of the needed startup financing. The SBA loan process will allow us to sign a tentative lease on the space, which will in turn allow us to apply for a number of grants which can

be leveraged to reduce the amount of the loan needed.

While we expect to pay dividends of 6-8% to shareholders annually, you are also making an investment in the people and community of Casa Grande. We believe that Throwback Family Fun is in a unique position to fill a widespread need in the community, while operating at a profit for decades to come.

Risk Factors

These are the principal risks that relate to the company and its business:

- We have a limited operating history upon which you may evaluate us.
- We were formed in April 2017. The company was dormant from 2017 to 2018. We have a limited operating history upon which you may evaluate our business and prospects. Our business and prospects must be considered in light of the equipment expense to open and the lack of history of this kind of business operating in Casa Grande, Arizona.
- Investments in startups, including any investment in Throwback Family Fun, LLC, involve a high degree of risk. Financial and operating risks confronting startups are significant and we are not immune to such risks. Startups generally fail as the result of operational error in one, or a combination of the following areas: financing, management, product development and marketing. Startups generally exhaust their funding and are unable to find additional funding to sustain operations. While we will, of course, take every precaution to mitigate these risks, we cannot guarantee success.
- Throwback Family Fun, LLC, requires the proceeds from this offering to begin operations. Our ability to develop as a going concern is wholly dependent upon the completion of this and any subsequent Offering that may be deemed necessary. Taking into account the

proceeds from this Offering, and subsequent loan to be acquired by our founders, we expect to be open within twelve (12) months from the date of this Form C. We have no committed sources of additional capital. There is no assurance that additional equity or debt financing will be available to us if needed.

- We have not previously sold any other securities in pursuit of financing this project. Any and all funds to date have been invested by our founders, Peter Redwine & Kelsey Schultz-Redwine.
- The purpose of this offering is to build the capital necessary to leverage as equity for a Small Business Administration loan (or other loan vehicle, if necessary) to generate the entire estimated expenses of \$2,500,000.00 to purchase equipment, secure property, insure operations, and provide for initial operating expenses for a robust family entertainment center in Casa Grande, Arizona.
- We may be forced to cease operations or dissolve the company due to any number of reasons, including fluctuation in the disposable income of our target market. If we dissolve the company, Investors will likely lose all of their investment.
- Operational capital, when not in use, will be held in standard business-class bank accounts.
- Investors will be routinely communicated with through quarterly updates. We expect to make annual dividend payments of 6-8% within 60 days after the end of our fiscal year on December 31st. Depending on performance, the Company may choose, at its discretion, to change to quarterly dividend payments.
- Registration Crowdfunding exemptions create a restricted stock for which there is not a public market. The Company may, at some future date, offer a repurchase of shares sold through this offering.
- Investors may not easily resell their securities. There are SEC restrictions regarding the resale of your securities for one calendar year subsequent to the day you purchase the securities. More importantly, there is no market for these securities, and there might never be one. It is unlikely that the company will ever go public or get acquired by a larger company. The money you pay for these securities could be illiquid for an indefinite period or perpetually.
- Throwback Family Fun, LLC has limited ability to segregate duties as would be required by modern corporate governance best-practices. The Company is sole-owned by Kelsey Schultz-Redwine, who serves as president. No additional officers, directors, or board exist.
- The Company will sponsor education and training for key employees in management, law, risk mitigation, industry best practices, and any courses or seminars that may be deemed as beneficial to the ongoing operations of the Company. We expect these educational and training commitments to be intermittent.

- Neither Throwback Family Fun, LLC, our common stock, or any person, agent or entity affiliated with the Company has been "endorsed by," "approved by," or represents himself, herself or itself to act on behalf of, or as a representative or agent of the United States, or any other government.
- If a bank loan after a successful equity raise is denied, funds will be returned to investors minus any investor fees charged by FundMe.com Inc. and/or Prime Trust. The \$33 processing fee per investment charged by our escrow service cannot be refunded whether the offering is successful or not.

Risks Related to the Company's Business and Industry

Liabilities and Risk Analysis

Frivolous lawsuits became a bane of the roller skating industry in the 1990's. This caused a number of rinks to have to close, but also moved the industry toward requiring all skaters and/or parents to sign liability waivers prior to entering the rink. JBL Trinity Group has built a niche out of providing coverage to the majority of roller skating rinks nationally and also has the ability to underwrite our bowling & laser tag. We will be following the checklist they have developed to minimize liability exposure among rink owners.

We will have clearly posted signage that any activities engaged in by customers carry the risk of possible injury and that entering the premises constitutes their acceptance of liability for any such injury. Arizona's "assumption of risk" law provides a blanket waiver, but we will study the best ways to further limit our legal liabilities in all areas of our operation. As long as our facilities are maintained to industry standards, eliminating negligence as a liability to the company, our legal exposure will be minimized as much as possible.

We have strengths in customer service, with a combined 25+ years of experience in customer-facing positions. Keeping customers happy and returning repeatedly is a keystone of this type of business. We will also be strong in quality of service, options, and reliability because we will have new equipment, competitive pricing, and activities desired by the community in a prime location. We will have low risk exposure in the areas of technology, regulatory impediments, management ability, location, facilities, suppliers, interest rates, inflation, and competition/vulnerability to substitutes. Our bowling lanes will use the latest electronic scoring and interactive displays, as well as media screens to display advertising messages or high-interest events. The skating rink will have high-quality speakers and thousands of programmable LED lighting to keep skaters rolling and happy. Both sides of the business will have "glow" features that use blacklights to create a unique experience.

We perceive medium risk exposure in the areas of finance & planning, work force quality, pricing, and strategy. We will have a full-time employee who is experienced in both accounting and marketing to help mitigate our risk in finance & strategy. We will also have a full-time maintenance employee when we open, possibly adding a second full-time position as operations grow & increased equipment use requires more frequent servicing. A number of retired persons have expressed interest in working for us part-time, which we believe would be ideal. We will also see if working with the high schools to provide work experience for their challenged/disabled students is a possibility. This has been utilized in a number of other communities to great success, both for

the students and for the business.

Since we are new to the FEC industry, we accept that there is a high degree of risk in this area. It will take time to develop the business acumen specific to this type of operation, but we will have a General Manager that is experienced in the operation of a startup as well as all aspects of managing a customer-centric operation like Throwback. We will retain other specialists and continue education through IAAPA as necessary until we feel that we have a nuanced understanding of this business in this market. We believe that the Casa Grande “grapevine” that has developed through social media, the local newspaper, and the city’s own economic development efforts will minimize these risks by creating an instant awareness and excitement among the local population at little to no expense on the part of Throwback.

Risks Related to the Securities

The Class A Common Stock will not be freely tradable until one year from the initial purchase date. Although the Class A Common Stock may be tradable under federal securities law, state securities regulations may apply and each Purchaser should consult with his or her attorney.

You should be aware of the long-term nature of this investment. There is not now and will not likely be a public market for the Class A Common Stock. Because the Class A Common Stock has not been registered under the Securities Act or under the securities laws of any state or non-United States jurisdiction, the Class A Common Stock have transfer restrictions and cannot be resold in the United States except pursuant to Rule 501 of Regulation CF. It is not currently contemplated that registration under the Securities Act or other securities laws will be affected. Limitations on the transfer of the Class A Common Stock may also adversely affect the price that you might be able to obtain for the Class A Common Stock in a private sale. Purchasers should be aware of the long-term nature of their investment in the Company. Each Purchaser in this Offering will be required to represent that it is purchasing the Securities for its own account, for investment purposes and not with a view to resale or distribution thereof.

Neither the Offering nor the Securities have been registered under federal or state securities laws, leading to an absence of certain regulation applicable to the Company.

No governmental agency has reviewed or passed upon this Offering, the Company or any Securities of the Company. The Company also has relied on exemptions from securities registration requirements under applicable state securities laws. Investors in the Company, therefore, will not receive any of the benefits that such registration would otherwise provide. Prospective investors must therefore assess the adequacy of disclosure and the fairness of the terms of this Offering on their own or in conjunction with their personal advisors.

We have not prepared any 2018 audited financial statements.

Therefore, you have no audited financial information regarding the Company’s capitalization or assets or liabilities for 2018 on which to make your investment decision. If you feel the information provided is insufficient, you should not invest in the Company.

We are not subject to Sarbanes-Oxley regulations and lack the financial controls and safeguards required of public companies.

We do not have the internal infrastructure necessary, and are not required, to complete an attestation about our financial controls that would be required under Section 404 of the Sarbanes-Oxley Act of 2002. There can be no assurance that there are no significant deficiencies or material weaknesses in the quality of our financial controls. We expect to incur additional expenses and diversion of management's time if and when it becomes necessary to perform the system and process evaluation, testing and remediation required in order to comply with the management certification and auditor attestation requirements.

No Guarantee of Return on Investment.

There is no assurance that a Purchaser will realize a return on its investment or that it will not lose its entire investment. For this reason, each Purchaser should read the Form C and all Exhibits carefully and should consult with its own attorney and business advisor prior to making any investment decision.

No Representation of Investors.

Each of the Investors acknowledges and agrees that counsel for the Company does not represent and shall not be deemed under the applicable codes of professional responsibility to have represented or to be representing any or all of the Investors in any respect.

A majority of the Company is owned by a small number of owners.

100% of the Company is presently owned by Kelsey Schultz-Redwine. This owner may be able to exercise significant influence over matters requiring owner approval, including the election of directors or managers and approval of significant Company transactions, and will have significant control over the Company's management and policies. This person may have interests that are different from yours. For example, this owner may support proposals and actions with which you may disagree. The concentration of ownership could delay or prevent a change in control of the Company or otherwise discourage a potential acquirer from attempting to obtain control of the Company, which in turn could reduce the price potential investors are willing to pay for the Company. In addition, this owner could use their voting influence to maintain the Company's existing management, delay or prevent changes in control of the Company, or support or reject other proposals that are subject to owner approval.

The Company has the right to extend the Offering deadline.

The Company may extend the Offering deadline beyond what is currently stated herein. This means that your investment may continue to be held in escrow while the Company attempts to raise the Target Amount even after the Offering deadline stated herein is reached. Your investment will not be accruing interest during this time and will simply be held until such time as the new Offering deadline is reached without the Company receiving the Target Amount, at which time it will be returned to you without interest or deduction, or the Company receives the Target Amount, at which time it will be released to the Company to be used as set forth herein. Upon or shortly after release of such funds to the Company, the Securities will be issued and distributed to you.

Your ownership of the shares of stock will be subject to dilution.

Owners of Common Stock do not have preemptive rights. If the Company conducts subsequent Offerings of Securities, issues shares pursuant to a compensation or distribution reinvestment plan or otherwise issues additional shares, investors who purchase shares in this Offering who do not participate in those other stock issuances will experience dilution in their percentage ownership of the Company's outstanding shares. Furthermore, shareholders may experience a dilution in the value of their shares depending on the terms and pricing of any future share issuances (including the shares being sold in this Offering) and the value of the Company's assets at the time of issuance.

The Securities will be equity interests in the Company and will not constitute indebtedness.

The Securities will rank junior to all existing and future indebtedness and other non-equity claims on the Company with respect to assets available to satisfy claims on the Company, including in a liquidation of the Company. Additionally, unlike indebtedness, for which principal and interest would customarily be payable on specified due dates, there will be no specified payments of dividends with respect to the Securities and dividends are payable only if, when and as authorized and declared by the Company and depend on, among other matters, the Company's historical and projected results of operations, liquidity, cash flows, capital levels, financial condition, debt service requirements and other cash needs, financing covenants, applicable state law, federal and state regulatory prohibitions and other restrictions and any other factors the Company's president deems relevant at the time. In addition, the terms of the Securities will not limit the amount of debt or other obligations the Company may incur in the future. Accordingly, the Company may incur substantial amounts of additional debt and other obligations that will rank senior to the Securities.

There can be no assurance that we will ever provide liquidity to Purchasers through either a sale of the Company or a registration of the Securities.

There can be no assurance that any form of merger, combination, or sale of the Company will take place, or that any merger, combination, or sale would provide liquidity for Purchasers. Furthermore, we may be unable to register the Securities for resale by Purchasers for legal, commercial, regulatory, market-related or other reasons. In the event that we are unable to affect a registration, Purchasers could be unable to sell their Securities, unless an exemption from registration is available.

In addition to the risks listed above, businesses are often subject to risks not foreseen or fully appreciated by the management. It is not possible to foresee all risks that may affect us. Moreover, the Company cannot predict whether the Company will successfully effectuate the Company's current business plan. Each prospective Purchaser is encouraged to carefully analyze the risks and merits of an investment in the Securities and should take into consideration when making such analysis, among other, the Risk Factors discussed above.

THE SECURITIES OFFERED INVOLVE A HIGH DEGREE OF RISK AND MAY RESULT IN THE LOSS OF YOUR ENTIRE INVESTMENT. ANY PERSON CONSIDERING THE PURCHASE OF THESE SECURITIES SHOULD BE AWARE OF THESE AND OTHER FACTORS SET FORTH IN THIS FORM C AND SHOULD CONSULT WITH HIS OR HER LEGAL, TAX AND FINANCIAL ADVISORS PRIOR TO MAKING AN INVESTMENT IN THE SECURITIES. THE SECURITIES SHOULD ONLY BE PURCHASED BY PERSONS WHO CAN AFFORD TO LOSE ALL OF THEIR INVESTMENT.

USE OF PROCEEDS

Our threshold goal for this fundraising cycle is to sell 250 shares at \$2,200 each, the SEC limit for unaccredited investors to invest in Registration Crowdfunding. Meeting our threshold will generate \$522,500 after expenses. We have set an upper limit of 400 shares sold, which would generate \$836,000 in equity. The funds will be used to leverage a loan for the balance of our startup expenses.

The lease deposit of \$10,000 will be paid to Lamar Corporation of New Jersey and the remaining \$512,500 of the net proceeds (assuming no more than 250 shares are sold) will apply to the approximately \$1.2M cost for 24 lanes from U.S. Bowling Corporation, which includes the delivery and installation of the lanes, pinsetters, ball returns, scoring systems, rental shoes, house balls, and Point-Of-Sale (POS) system.

CAPITALIZATION AND OWNERSHIP

Classes of Securities

Common Stock Authorized: 2,400 shares

Voting Rights.

At any meeting of the stockholders of the Corporation each holder of Common Stock shall be entitled to one (1) vote for each share outstanding in the name of such holder on the books of the Corporation on the date fixed for determination of voting rights. Upon compliance with Arizona law, beneficial owners, rather than the actual Shareholder, may vote the shares.

Majority Vote.

A majority of the outstanding shares of the corporation entitled to vote, represented in person or by proxy, shall constitute a quorum at a meeting of Shareholders. If less than a majority of the outstanding shares are represented at a meeting, a majority of the shares so represented may adjourn the meeting from time to time without further notice. At such adjourned meeting at which a quorum shall be present or represented, any business may be transacted which might have been transacted at the meeting as originally notified. The Shareholders present at a duly organized meeting may continue to transact business until adjournment, notwithstanding the withdrawal of enough Shareholders to leave less than a quorum unless such presence was only for the sole purpose of objection to notice given.

Proxy Voting Rights.

At all meetings of Shareholders, a Shareholder may vote by proxy executed in writing or by electronic transmission by the Shareholder or by his duly authorized attorney in fact. No proxy shall be valid after eleven (11) months from the date of its execution, unless otherwise provided in the proxy.

Preemptive Rights.

No stockholder of the Corporation shall have preemptive rights to subscribe for any additional shares of stock, or for other securities of any class, or for rights, warrants or options to purchase stock for the scrip or for securities of any kind convertible into stock or carrying stock purchase warrants or privileges.

Restrictions on Sale or Disposition.

All lawful restrictions on the sale or other disposition of shares may be placed upon all or a portion or portions of the certificates evidencing the Corporation's shares.

Dividend Rights.

Dividends may be paid upon the common stock, as and when declared by the president, out of funds of the Corporation legally available there for.

Rights to Receive Liquidation Distributions.

Upon any liquidation, dissolution and termination of the Corporation, and after payment or setting aside of any amount sufficient to provide for payment in full of all debts and liabilities of, and other claims against the Corporation, the assets shall be distributed pro rata to the holders of the common stock.

What it means to be a Minority Holder.

As a minority holder of Common Stock, you will have limited ability, if at all, to influence our policies or any other corporate matter, including changes to the Company's governance documents, additional issuances of securities, company repurchases of securities, a sale of the Company or of assets of the company, or transactions with related parties.

Dilution.

Throwback Family Fun, LLC does not intend to or anticipate the need to issue additional shares in the future. However, we reserve the right to do so, and Investors should understand the potential for dilution. Each Investor's stake in the Company could be diluted due to the Company issuing additional shares. In the instance that the Company issues more shares, the percentage of the company that you own will decrease, despite a possible increase in the value of your shares; ultimately, you may own a smaller piece of a larger company. Dilution increases the number of shares outstanding and is generally, but not always, the result of an additional funding round or conversion of certain instruments (convertible notes, preferred shares or warrants into stock).

If we decide to issue more shares, an Investor could experience *value dilution*, with each share being worth less than before, and *control dilution*, with the total percentage an investor owns (and can therefore vote) being less than before. There may also be earnings dilution, with a reduction in the amount earned per share.

The type of dilution that hurts early-stage investors mostly occurs when the company sells more shares in a "down round," or, at a lower valuation than in earlier offerings.

If you are making an investment expecting to own a certain percentage of the Company or are expecting each share to hold a certain amount of value, it is important to realize how the value of those shares can decrease by actions taken by the Company. Dilution can make drastic changes to the value of each share, ownership percentage, voting control, and earnings per share.

The Offering

The Company must receive commitments from investors in an amount totaling the Target Amount by May 6, 2019 (the "Offering Deadline") in order to receive any funds. If the sum of the investment commitments does not equal or exceed the Target Amount by the Offering Deadline, no Securities will be sold in the Offering, investment commitments will be cancelled and committed funds will be returned to potential investors without interest or deductions. The Company has the right to extend the Offering Deadline at its discretion.

The price of the Securities does not necessarily bear any relationship to the Company's asset value, net worth, revenues or other established criteria of value, and should not be considered indicative of the actual value of the Securities.

In order to purchase the Securities you must make a commitment to purchase by completing the Subscription Agreement. Purchaser funds will be held in escrow until the Target Amount of investments is reached. Purchasers may cancel an investment commitment until forty eight (48) hours prior to the Offering Deadline or the Closing, whichever comes first, using the cancellation mechanism provided by the Intermediary. If any material change (other than reaching the Target Amount) occurs related to the Offering prior to the Offering Deadline, the Company will provide notice to Purchasers and receive reconfirmations from Purchasers who have already made commitments. If a Purchaser does not reconfirm his or her investment commitment after a material change is made to the terms of the Offering, the Purchaser's investment commitment will be cancelled, and the committed funds will be returned without interest or deductions. If a Purchaser does not cancel an investment commitment before the Target Amount is reached, the funds will be released to the Company, and the Purchaser will receive the Securities in exchange for his or her investment. Any Purchaser funds received after the initial closing will be released to the Company upon a subsequent closing and the Purchaser will receive Securities via Electronic Certificate/PDF in exchange for his or her investment as soon as practicable thereafter.

Subscription Agreements are not binding on the Company until accepted by the Company, which reserves the right to reject, in whole or in part, in its sole and absolute discretion, any subscription. If the Company rejects all, or a portion of any subscription, the applicable prospective Purchaser's funds will be returned without interest or deduction.

TRANSACTIONS WITH RELATED PERSONS AND CONFLICTS OF INTEREST

Related Person Transactions

From time to time the Company may engage in transactions with related persons. Related persons are defined as any director or officer of the Company; any person who is the beneficial owner of 10% or more of the Company's outstanding voting equity securities, calculated on the basis of voting power; any promoter of the Company; any immediate family member of any of the foregoing persons or an entity controlled by any such person or persons.

The Company has conducted the following transactions with related persons:

In June of 2018, Peter Redwine borrowed \$20,000 from his 401(k) plan for the purpose of funding the advance work needed to establish Throwback as a viable opportunity. Of this, approximately half was used to pay down personal debt, improving the Redwines' credit position for their anticipated small business loan application. The other half, approximately \$10,000, has been used as operating capital for developing the business, equipment and materials to attract investors, industry trade membership in the International Association of Amusement Parks & Attractions (IAAPA), legal filings, attorney fees, training, and relationship development. This equity investment, as well as the intellectual investment of the concept and the extensive work that has gone into developing the business plan, pitch deck, and relationships making this a viable opportunity, is the basis for the 2,000-share ownership stake held solely by Kelsey Schultz-Redwine and her recorded sole-ownership of the LLC with the Arizona Corporation Commission prior to the issuance of this Offer.

Issuers of securities intended for distribution in the United States are regulated by the SEC, whether or not the securities are qualified, registered, exempted from registration or otherwise. The United States Securities and Exchange Commission (SEC) has not "approved" any security issued by Throwback Family Fun, LLC; nor has Throwback Family Fun, LLC filed for registration of any securities with the SEC or any other regulatory body as of the filing date of this Form C.
