Draft Registration Statement on Form S-1

Prospectus Summary

Our Pipeline, page 3

1. We note your disclosure in the first paragraph on page 4 that "CD8+ T cell levels achieved in [y]our trial were in the range of, or higher than, the therapeutic levels those published by third parties, in separately designed and conducted clinical trials, using adoptive T cell transfer approaches for the same antigen." Please tell us whether you conducted studies of HB-101 on a head to head basis. If not, please remove this comparison from your disclosure or tell us why you believe this comparison is appropriate.

2. Please tell us why you believe it is material to investors to include the "next gen antigen" compound in your pipeline. In this regard, we note your disclosure on page 120 about your next generation product candidates, all of which appear to be at the most preliminary states of development.

Implications of Being an Emerging Growth Company, page 6

3. Please provide us with copies of all written communications, as defined in Rule 405 under the Securities Act, that you, or anyone authorized to do so on your behalf, present to potential investors in reliance on Section 5(d) of the Securities Act, whether or not they retain copies of the communications.

Business, page 96

6. We note your references to "low-double digit percentage" on pages 89, 90, 126, 127, and 128. Please revise your disclosure on each of the referenced pages to narrow the royalty range to no more than ten percentage points (for example between twenty and thirty percent).

HB-101 Preclinical Results, page 110

7. Please disclose and quantify all adverse events. In addition, please expand your disclosure to clarify what you mean when you state on page 111 that "[t]here were no treatment-related adverse events that resulted in early withdrawal from the trial," as this suggests that there were other adverse events.

Exclusive Jurisdiction for Certain Actions, page 173

8. We note that your forum selection provision identifies the Court of Chancery of the State of Delaware as the exclusive forum for certain litigation, including any "derivative action." Please disclose whether this provision applies solely to state law claims. If it

does not apply solely to state law claims, then please note that Section 27 of the Exchange Act creates exclusive federal jurisdiction over all suits brought to enforce any duty or liability created by the Exchange Act or the rules and regulations thereunder. If this provision is intended to apply solely to state law claims, please also ensure that the exclusive forum provision in the governing documents states this clearly.

9. We note your references throughout the prospectus to funding agreements with agencies of the Austrian government. Please file these agreements as exhibits to the registration statement or tell us why believe they are not required to be filed.
