## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Management, Member and Those Charged with Governance of  
Rede Partners (Americas) LLC:

### Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Rede Partners (Americas) LLC (the “Company”) as of March 31, 2022, and the related notes (collectively referred to as the “financial statement”). In our opinion, the financial statement presents fairly, in all material respects, the financial position of the Company as of March 31, 2022, in conformity with accounting principles generally accepted in the United States of America.

### Basis for Opinion

This financial statement is the responsibility of the Company’s management. Our responsibility is to express an opinion on this financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

*WithumSmith+Brown, PC*

We have served as the Company’s auditor since 2018.

**1. Organization and Nature of Business**

Rede Partners (Americas) LLC (“Rede Americas” or “Company”) was formed in June 2017 as a limited liability partnership in the state of Delaware and was converted into an limited liability company in December 2018. Rede Partners (Americas) LLC is wholly owned by Rede Partners (UK) limited which is directly controlled by Rede Partners LLP. Due to revenues being generated via income earned from transfer pricing from its affiliated entity (Rede Partners LLP (UK)) the Company’s operating results and financial condition could be significantly different from those that would have been obtained if the Company had been autonomous.

The Company is registered with the Securities and Exchange Commission (“SEC”) as a fully disclosed broker dealer pursuant to the Securities Exchange Act of 1934. The Company is a member of the Financial Industry Regulatory Authority (“FINRA”) which is the Company’s designated regulator. The Company conducts third-party marketing of private equity funds to institutional investors.

**2. Summary of Significant Accounting Policies**

**Basis of Presentation**

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America.

**Coronavirus**

The existence of a new coronavirus (COVID-19) was confirmed in early January 2020. Since then the coronavirus has spread to a significant number of countries including the United States of America, causing ongoing disruption to businesses and economic activity. The outbreak of the coronavirus has impacted the Company with management implementing contingency measures to ensure the business continues to operate as effectively as possible through these conditions. The Company continues to work closely with its affiliate in managing the associated impact to the Company and its affiliate. Due to the evolving nature of the coronavirus outbreak an estimate of its financial effect, cannot be made at the date of issue of the financial statements.

**Cash**

Cash held by financial institutions which exceed the Federal Deposit Insurance Corporation (“FDIC”) limits of \$250,000 expose the Company to concentrations of credit risk. Balances throughout the year usually exceed the maximum coverage provided by the FDIC on insured depositor accounts.

**Fixed Assets**

Fixed assets are stated at cost less accumulated depreciation. Depreciation is computed using the straight-line method over the estimated useful lives of the related assets. The estimated useful life for office equipment is three years. The estimated useful life of furniture and fixtures is five years. Leasehold improvements are generally amortized over the terms of their respective leases or ten years, whichever is shorter.

Expenditures for maintenance, repairs, and minor renewals and betterments are charged to operations as incurred; renewals and betterments of a major character are capitalized. When property is retired, sold or otherwise disposed of, the cost and accumulated depreciation are removed from the accounts and any gain or loss is recognized.

## Notes to Financial Statement

### March 31, 2022

---

## 2. Summary of significant accounting policies (cont.)

### Receivables and Contract Balances

Receivables arise when the Company has an unconditional right to receive payment under a contract with a customer and are derecognized when the cash is received. As of April 1, 2021 and March 31, 2022, the Company had receivable balances of \$335,935 and \$8,255,987, respectively.

Contract assets arise when the revenue associated with the contract is recognized prior to the Company's unconditional right to receive payment under a contract with a customer (i.e., unbilled receivable) and are derecognized when either it becomes a receivable or the cash is received.

Contract liabilities arise when customers remit contractual cash payments in advance of the Company satisfying its performance obligations under the contract and are derecognized when the revenue associated with the contract is recognized when the performance obligation is satisfied.

As of April 1, 2021 and March 31, 2022, the Company had \$40,000 and \$380,000 of contract liabilities, respectively and no contract assets.

### Allowance for credit losses

Effective April 1, 2020, the Company adopted ASC Topic 326, Financial Instruments – Credit Losses (“ASC 326”). ASC 326 impacts the impairment model for certain financial assets measured at amortized cost by requiring a current expected credit loss (“CECL”) methodology to estimate expected credit losses over the entire life of the financial asset, recorded at inception or purchase. Under the accounting update, the Company has the ability to determine there are no expected credit losses in certain circumstances.

The allowance for credit losses is based on the Company's expectation of the collectability of financial instruments carried at amortized cost utilizing the CECL framework. The Company considers factors such as historical experience, credit quality, age of balances and current and future economic conditions that may affect the Company's expectation of the collectability in determining the allowance for credit losses. Management does not believe that an allowance is required as of March 31, 2022.

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

### Leases

The Company recognizes and measures its leases in accordance with FASB ASC 842, Leases. The Company is a lessee in one noncancellable operating lease, for office space. This is explained further in Note 5. The lease liability for this lease is initially and subsequently recognized based on the present value of its future lease payments. The discount rate is the implicit rate if it is readily determinable or otherwise the Company uses its incremental borrowing rate. The implicit rates of our lease is not readily determinable and accordingly, the Company used its incremental borrowing rate based on the information available at the commencement date for all leases. The Company's incremental borrowing rate for a lease is the rate of interest it would have to pay on a collateralized basis to borrow an amount equal to the lease payments under similar terms and in a similar economic environment. The ROU asset is subsequently measured throughout the lease term at the amount of

**Leases (cont.)**

the remeasured lease liability (i.e., present value of the remaining lease payments), plus unamortized initial direct costs, plus (minus) any prepaid (accrued) lease payments, less the unamortized balance of lease incentives received, and any impairment recognized. Lease cost for lease payments is recognized on a straight-line basis over the lease term. The Company has elected, for all underlying classes of assets, to not recognize ROU assets and lease liabilities for short-term leases that have a lease term of 12 months or less at lease commencement, and do not include an option to purchase the underlying asset that the Company is reasonably certain to exercise. The Company recognizes the lease cost associated with its short-term leases on a straight-line basis over the lease term.

**Significant Credit Risk**

The preparation of financial statement in conformity with accounting principles generally accepted in the United States requires management of the Company to make estimates and assumptions that affect certain reported amounts and disclosures. Management believes that the estimates utilized in the preparation of financial statement in conformity with accounting principles generally accepted in the United States requires management of the Company to make estimates and assumptions that affect certain reported amounts and disclosures. Management believes that the estimates utilized in preparing its financial statements are reasonable and prudent; however, actual results could differ from those estimates.

**Income Taxes**

The Company has elected to be taxed as a corporation. The Company files its own federal, state and local tax returns and is not part of a group tax return.

Deferred taxes arise from temporary differences between the financial statement and tax bases of assets and liabilities and are measured using the enacted tax rates and laws which are expected to be in effect when the related temporary differences reverse.

Deferred tax assets are evaluated for realization based on available evidence of projected future reversals of existing taxable temporary differences and certain assumptions made regarding future events. A valuation allowance is provided when it is more likely than not that some portion of the deferred tax asset will not be realized.

The provision of ASC 740, Income Taxes ("ASC 740"), clarifies the accounting for uncertainty in income taxes recognized in financial statements and prescribes a recognition threshold and measurement attribute for uncertain tax positions taken or expected to be taken on a tax return. ASC 740 also requires that interest and penalties related to unrecognized tax benefits be recognized in the financial statements. There were no material interest or penalties for the year ended March 31, 2022.

As of March 31, 2022, the Company determined it has no uncertain tax positions as defined within ASC 740-10.

**3. Fixed Assets**

A summary of the cost and accumulated depreciation of fixed assets is as follows:

Furniture and Fixtures	\$ 277,762
Office Equipment	258,424
Leasehold Improvements	<u>288,651</u>
	824,837
Less: accumulated depreciated and amortization	<u>425,096</u>
<b>Fixed assets, net</b>	<u><u>\$ 399,741</u></u>

**4. Related Party Transactions**

The Company is paid a service fee by an affiliate based upon total expenses incurred by Rede Partners (UK).

The Company also pays a support service fee to an affiliate.

Receivable from affiliate, net includes \$382,349 in the ordinary course of business which is also reported on the statement of financial condition.

As of March 31, 2022 the Company had a payable of \$6,284,183 which is classified as due to affiliate on the Statement of Financial Condition for Rede Partners (UK).

**5. Commitments**

The Company has obligations as a lessee for office space in New York City, with initial noncancellable terms in excess of one year. The Company classified this lease as an operating lease. The Company's lease does not include termination options for either party to the lease or restrictive financial or other covenants. The lease is set to expire August 2023.

Amounts reported in the statement of financial condition as of March 31, 2022 were as follows:

Operating lease ROU asset \$ 442,194  
Operating lease liability \$ 442,194

The discount rate used to determine the lease liability and right of use asset was 3.25%.

Maturities of lease liabilities under the contingent operating lease as of March 31, 2022 are as follows:

<b>Year ending March 31,</b>	<b>Minimum Lease Commitments</b>
2023	392,181
2024	<u>268,472</u>
	<u><u>\$ 660,653</u></u>

In March 2022 the company signed an amendment to their NYC lease for additional office space. This new amendment is set to take effect July 2022.

**6. Income Taxes**

At March 31, 2022, the Company had a current income tax payable of \$470,491 in the accompanying statement of financial condition.

The effective tax rate differs from the statutory federal tax rate of 21% primarily due to state apportionment changes, state and local income taxes, and permanent book and tax differences. As of March 31, 2022, the deferred tax assets and liabilities included in the Statement of Financial Condition were as follows:

	<u><b>March 31, 2022</b></u>
Deferred tax assets	\$ 382,724
Deferred tax liabilities	<u>336,683</u>
Net deferred tax assets	<u><u>\$ 46,041</u></u>

**7. Concentrations**

At March 31, 2022, there was \$6,050,167 in fees receivable from two clients.

**8. Net Capital Requirements**

As a member of FINRA, the Company is subject to the SEC Uniform Net Capital Rule 15c3-1. This Rule requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1, and that equity capital may not be withdrawn if the resulting net capital ratio would exceed 10 to 1. At March 31, 2022, the Company's net capital was \$852,240 which was \$328,901 in excess of its minimum requirement of \$523,339.

**9. Subsequent Events**

The Company has evaluated events subsequent to March 31, 2022 for items requiring recording or disclosure in the financial statements. The evaluation was performed through June 24, 2022, which is the date the financial statements were available to be issued. Based upon this review, the Company has determined that there were no events which took place that would have a material impact on its financial statements or accompanying notes other than as noted below.

The Ukraine/Russia conflict which started on February 24, 2022 has disrupted markets and the full extent of any economic fallout is difficult to predict at this time. The Company's management currently does not expect any significant impact from these events to the Company's operations. The Company will continue to closely monitor the latest developments.
