### Experience

#### CEO

Trustwire

May 2016 – Present · 2 yrs 8 mos  
Gaithersburg, Maryland

All Internet user deserves the best security but, up until now, only the tech-savvy ones had access to true security when it comes to sharing important files online. That was why Hugh and other founders invested hundreds of thousands of dollars and spent countless hours to create Trustwire, a truly secure and incredibly simple tool for you to share your most important files.

While other cloud storage and file sharing services have full access to your files and can analyze the contents to learn a lot about you or your business, Trustwire brings strong end-to-end encryptions to all users so that ONLY YOU can access your files. The f... See more
