Who can invest in these offerings?

If you are not an accredited investor, you are still able to invest in the Yieldstreet Prism Fund. If you are looking to unlock the full Yieldstreet experience and invest in our single asset class offerings, you must be accredited.

There are three methods you can use to verify your accreditation status:

- You can submit a verification request through the Yieldstreet system to a third party such as your CPA or lawyer who will validate your status on your behalf.
- If you qualify based on income (the requirement is \$200K/yr for the past two years as an individual, or \$300K/yr if joint, and reasonably expect the same for current year), you can upload your W2 documents for the two most recent tax years.
- If you qualify based on net worth either alone or with a spouse (you're required to have a net worth that exceeds \$1M, excluding the value of your primary residence), you can upload bank/brokerage statements that show assets, as well as a credit report to show liabilities.
