Amendment No. 2 to Offering Statement on Form 1-A

Plan of Operation

Equipment Costs, page 27

1. Given that you no longer plan to purchase and operate your own cryptocurrency miners, please provide a detailed description of the "hosting equipment" that you plan to purchase and explain how such equipment is different from the mining equipment that you previously intended to purchase. Additionally, describe in more detail the "cryptocurrency datacenter" you plan to build. For example, explain what differentiates such a "datacenter" from other facilities that have access to internet and electricity.
